CERTIFICATION OF CITY AND VILLAGE PLATS
Act 222 of 1943

AN ACT enabling the planning commissions of cities and villages, after adoption of a master plan, to certify plats of precised portions thereof to the legislative body, and enabling cities and villages by ordinance to adopt such certified plats showing the future outside lines of streets, ways, places, parks, playgrounds and other public grounds, and to regulate buildings within such lines.

History: 1943, Act 222, Eff. July 30, 1943.

The People of the State of Michigan enact:

125.51 Municipal planning commission; authorization to certify plats; estimate of time period for land acquisitions.

Sec. 1. After the planning commission of any city or village shall have lawfully adopted a master plan for the physical development of the municipality or of 1 or more major sections or divisions thereof, it shall have the power to make or cause to be made and certify to the legislative body of such municipality, from time to time, detailed and precised plats, each showing the exact location of the proposed future outside lines of 1 or more new, extended or widened streets, avenues, places or other public ways, or of 1 or more parks, playgrounds or other public grounds or extensions thereof shown on such adopted master plan. At the time of each such certification to the legislative body, the commission shall transmit an estimate of the time period within which the land acquisitions for public use indicated on the certified plat should be accomplished. The making or certifying of such a plat by the commission shall not in and of itself constitute or be deemed to constitute the opening and establishment of any street or the taking or acceptance of any land for any of the aforesaid purposes.

History: 1943, Act 222, Eff. July 30, 1943;—CL 1948, 125.51.

125.52 Adoption by legislative body; notice before consideration; modifications; disapproval; failure to report within 30 days deemed approval.

Sec. 2. The legislative body of any city or village may by ordinance adopt any such precised plat certified to it by the planning commission as provided in section 1: Provided, That notice of time and place when and where it shall be considered for final passage shall be sent by mail to the record owners of land located within or abutting on the new lines of such proposed streets, ways, places, parks, playgrounds or other public grounds or extensions thereof designated on the plat. Any modification of such certified plat before passage of the adopting ordinance, and any amending ordinance originating in the legislative body shall be submitted to the planning commission for its approval: Provided, That in case of disapproval the commission shall communicate its reasons therefor to the legislative body which shall thereafter have the power to overrule such disapproval by a recorded vote of not less than 2/3 of its entire membership. Failure of the planning commission to report on any such modification or amendment within 30 days shall be deemed to constitute an approval thereof. The adoption of any such certified plat by ordinance, or by amending ordinance, shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for any of the aforesaid purposes.

History: 1943, Act 222, Eff. July 30, 1943;—CL 1948, 125.52.

Amendments or modifications to such certified plats, in conformity with lawfully adopted changes, or additions to the adopted master plan may be made and certified by the commission to the legislative body, and ordinances embodying amendments to or changes in such certified plats may be adopted by the legislative body, in accordance with the procedure prescribed by law for the enactment of municipal ordinances: Provided, That notice of the time and place when and where it shall be considered by final passage shall be sent by mail to the record owners of land located within or abutting on the lines of proposed streets, ways, places, parks, playgrounds, or other public grounds. Any such proposed amendment or change shall be submitted to and approved by the planning commission: Provided, That in case of disapproval the commission shall communicate its reasons to the legislative body which shall have the power to overrule such disapproval by a recorded vote of not less than 2/3 of its entire membership. Any plat of a street, park, playground, or public ground certified by the planning commission to the legislative body under this act shall be deemed approved by the commission without further submission thereof to said commission.

History: 1943, Act 222, Eff. July 30, 1943;—CL 1948, 125.53.

Sec. 4. For the purpose of accomplishing a coordinated, adjusted, and harmonious development of the municipality and its environs which will, in accordance with present and future needs, best promote health, safety, morals, order, convenience, prosperity, and general welfare, as well as efficiency and economy in the process of development; including, among other things, adequate provision for traffic, the promotion of safety from fire and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the promotion of good civic design and arrangement, wise and efficient expenditure of public funds, and the adequate provision of public utilities and other public requirements, the legislative body of any city or village may provide by ordinance that no permit shall be issued for, and no building or structure or part thereof shall be erected on any land located within the proposed future outside lines of any new, extended or widened street, avenue, place or other public way, or of any park, playground or other public grounds or extension thereof shown on any such certified and adopted plat. Any such ordinance shall provide that the zoning board of appeals, if the municipality has such a board, or if not, that a board of appeals created for the purpose in such ordinance, shall have the power on appeal filed with it by the owner of such land to authorize the granting of a permit for and the erection of a building, or structure, or part thereof, within the lines of any such mapped street, park, playground, or other public ground in any case in which such board finds, upon the evidence and arguments presented to it on such appeal, (a) that the entire property of the appellant located in whole, or in part, within the lines of such mapped street, park, playground, or other public ground cannot yield a reasonable return to the owner unless such permit be granted, and (b) that, balancing the interest of the municipality in preserving the integrity of the adopted map, and the interest of the owner of the property in the use and benefits of his property, the granting of such permit is required by considerations of justice and equity. Before taking any such action, the board of appeals shall hold a public hearing thereon, at least 10 days' notice of the time and place of which shall be given to the appellant by mail at the address specified by the appellant in his appeal petition. In the event that the board of appeals decides to authorize a building permit and erection, it shall have the power to specify the exact location, ground area, height, and other details and conditions of size, character and construction, and also the duration of the building, structure, or part thereof to be permitted.

125.55 Outside lines shown by appropriate symbols on maps.

Sec. 5. The proposed future outside lines of streets, parks, playgrounds and other public grounds shown on any plat certified and adopted as hereinbefore provided, may for convenience be shown, wholly or in part, by appropriate symbols on any official map or other map of the city or village: Provided, That showing such lines on any map shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for any of the aforesaid purposes.

BLIGHTED AREA REHABILITATION
Act 344 of 1945

AN ACT to authorize counties, cities, villages and townships of this state to adopt plans to prevent blight and to adopt plans for the rehabilitation of blighted areas; to authorize assistance in carrying out such plans by the acquisition of real property, the improvement of such real property and the disposal of real property in such areas; to prescribe the methods of financing the exercise of these powers; and to declare the effect of this act.

History: 1945, Act 344, Imd. Eff. May 31, 1945;—Am. 1986, Act 320, Imd. Eff. Dec. 26, 1986.

The People of the State of Michigan enact:

125.71 Legislative findings and declaration.

Sec. 1. The legislature finds and declares that large areas in the municipalities of the state have become blighted and significant areas in the municipalities of the state are deteriorating in a manner which leads to severe blight, with the consequent impairment of taxable values upon which, in large part, municipal revenues depend; that those blighted areas are detrimental or inimical to the health, safety, morals, and general welfare of the citizens, and to the economic welfare of the municipality; that in order to improve and maintain the general character of the municipality, it is necessary to rehabilitate those blighted areas; that the conditions found in blighted areas cannot be remedied by the ordinary operations of private enterprise, with due regard to the general welfare of the public, without public participation in the planning, property acquisition or disposition, and related implementation and financing of the remedies; that the purposes of this act are to rehabilitate those areas by improving or acquiring and developing properties within the areas for the protection of the health, safety, morals and general welfare of the municipality, to preserve existing values of other properties within or adjacent to the areas, and to preserve the taxable value of the property within the areas; and that the necessity in the public interest for provisions enacted in this act is hereby declared as a matter of legislative determination to be a public purpose and a public use.

History: 1945, Act 344, Imd. Eff. May 31, 1945;—CL 1948, 125.71;—Am. 1986, Act 320, Imd. Eff. Dec. 26, 1986.

125.72 Definitions.

Sec. 2. As used in this act:

(a) "Blighted area" means a portion of a municipality, developed or undeveloped, improved or unimproved, with business or residential uses, marked by a demonstrated pattern of deterioration in physical, economic, or social conditions, and characterized by such conditions as functional or economic obsolescense of buildings or the area as a whole, physical deterioration of structures, substandard building or facility conditions, improper or inefficient division or arrangement of lots and ownerships and streets and other open spaces, inappropriate mixed character and uses of the structures, deterioration in the condition of public facilities or services, or any other similar characteristics which endanger the health, safety, morals, or general welfare of the municipality, and which may include any buildings or improvements not in themselves obsolescent, and any real property, residential or nonresidential, whether improved or unimproved, the acquisition of which is considered necessary for rehabilitation of the area. It is expressly recognized that blight is observable at different stages of severity, and that moderate blight unremedied creates a strong probability that severe blight will follow. Therefore, the conditions that constitute blight are to be broadly construed to permit a municipality to make an early identification of problems and to take early remedial action to correct a demonstrated pattern of deterioration and to prevent worsening of blight conditions.

(b) "Blighted property" means property that meets any of the following criteria:

(*i*) The property has been declared a public nuisance in accordance with a local housing, building, plumbing, fire, or other related code or ordinance.

(*ii*) The property is an attractive nuisance because of physical condition or use.

(*iii*) The property is a fire hazard or is otherwise dangerous to the safety of persons or property.

(*iv*) The property has had the utilities, plumbing, heating, or sewerage disconnected, destroyed, removed, or rendered ineffective for a period of 1 year or more so that the property is unfit for its intended use.

(*v*) The property is tax reverted property owned by a municipality, by a county, or by this state. The sale, lease, or transfer of tax reverted property by a municipality, a county, or this state shall not result in the loss to the property of eligibility for any project authorized under this act for the rehabilitation of a blighted area, platting authorized under this act, or tax relief or assistance, including financial assistance, authorized under this act or any other act.

(*vi*) The property is owned or is under the control of a land bank fast track authority under the land bank

fast track act, 2003 PA 258, MCL 124.751 to 124.774. The sale, lease, or transfer of the property by a land bank fast track authority shall not result in the loss to the property of eligibility for any project authorized under this act for the rehabilitation of a blighted area, platting authorized under this act, or tax relief or assistance, including financial assistance, authorized under this act or any other act.

(*vii*) The property is improved real property that has remained vacant for 5 consecutive years and that is not maintained in accordance with applicable local housing or property maintenance codes or ordinances.

(*viii*) The property has code violations posing a severe and immediate health or safety threat and has not been substantially rehabilitated within 1 year after the receipt of notice to rehabilitate from the appropriate code enforcement agency or final determination of any appeal, whichever is later.

(c) "Municipality" means a county, city, village, or township in the state.

(d) "Development plan" means a plan for the rehabilitation of all or any part of a blighted area.

(e) "Development area" means that portion of a blighted area to which a development plan is applicable.

(f) "Real property" means land, buildings, improvements, land under water, waterfront property, and any and all easements, franchises and hereditaments, corporeal or incorporeal, and every estate, interest, privilege, easement, franchise and right therein, or appurtenant thereto, legal or equitable, including rights of way, terms for years, and liens, charges, or incumbrances by mortgage, judgment, or otherwise.

(g) "Local taxes" means state, county, city, village, township and school taxes, any special district taxes, and any other tax on real property, but does not include special assessment for local benefit improvements.

(h) "Public use" when used with reference to land reserved for public use means only such uses as are for the general use and benefit of the public as a whole, such as schools, libraries, public institutions, administration buildings, parks, boulevards, playgrounds, streets, alleys, or easements for sewers, public lighting, water, gas, or other similar utilities.

(i) "Project" means all of the undertakings authorized in this act for the rehabilitation of a blighted area.

History: 1945, Act 344, Imd. Eff. May 31, 1945;—Am. 1947, Act 237, Eff. Oct. 11, 1947;—CL 1948, 125.72;—Am. 1952, Act 222, Imd. Eff. May 2, 1952;—Am. 1957, Act 296, Eff. Sept. 27, 1957;—Am. 1965, Act 227, Imd. Eff. July 16, 1965;—Am. 1986, Act 320, Imd. Eff. Dec. 26, 1986;—Am. 2006, Act 677, Imd. Eff. Jan. 10, 2007.

Sec. 3. A municipality may bring about the rehabilitation of blighted areas and the prevention, reduction, or elimination of blight, blighting factors, or causes of blight, and for that purpose may do any of the following:

(a) Acquire real property by purchase, gift, or exchange.

(b) Acquire under this act blighted property by condemnation.

(c) Lease, sell, renovate, improve, or exchange blighted property or other real property acquired by other means in accordance with the state constitution of 1963 and this act.

Sec. 4. (1) As used in this section:

(a) “District area” means a portion of a municipality consisting of 1 or more adjacent or nearby development areas and any surrounding territory that will be significantly affected by the plan for the development area or areas, where a majority of residents in the district area reside in the development area or areas.

sale, or lease of real property for the carrying out of a development plan in a development area.

(3) The following plans shall be adopted by the local legislative body of the municipality in which the development area is located:

(a) A master plan of the municipality or a master plan which is sufficiently advanced to designate areas in need of rehabilitation or in need of measures to prevent blight.

(b) A plan of the general features of development of the district within which the development area lies and of other districts adjacent to the development area, of such extent, content, and particularity as is necessary to the coordination of the development area plan with the future development of the territory surrounding the development area, or, if no future development is planned, then in coordination with the present development.

(4) District areas shall be designated for all development areas that have been approved by a local legislative body and subject to the terms of this act as of January 1, 1968, and all subsequent development areas that are so approved. A district area shall not be designated unless the local legislative body first holds a public hearing on the designation. The legislative body shall give notice of the public hearing not less than 20 nor more than 30 days before the date for the public hearing.

(5) Citizens' district councils are governed by the following:

(a) Except as otherwise provided in this subdivision, for each district area, a citizens' district council of not less than 12 nor more than 25 members shall be selected in a manner that ensures that the citizens' district council is to the maximum extent possible representative of the residents of the area and of other persons with a demonstrable and substantial interest in the area. The majority of the citizens' district council shall be composed of citizens living in the development area.

(b) The term of office on the councils shall be 3 years. If terms of council members are not staggered, then, upon the expiration of the terms of the members of the citizens' district council, 1/3 shall be elected or appointed for 3 years, 1/3 for 2 years and 1/3 for 1 year.

(c) Members of the council may be selected by direct election by the residents of the area and other persons with a demonstrable and substantial interest in the area, or may be appointed by the chief executive officer of the municipality after consultation with local community groups and residents of the area, or by a combination of appointment and election. The method of selection of the citizens' district council, and any appointments to the council by the chief executive officer, shall be determined with the approval of the local legislative body after a public hearing has been held, with public notice of such hearing distributed throughout the district area at least 20 days before the date of the hearing. Citizens' district councils shall be established within 45 days of any initial designation of a development area by any local planning agency or local legislative body.

(d) In a city of over 1,000,000, the local legislative body shall adopt an ordinance governing the composition and method of selecting the members of the citizens' district councils, with the limitation that such an ordinance shall provide for a majority of the citizens' district council to be composed of citizens living in a development area or areas.

(6) The local official responsible for preparation of the development plan within the district area shall periodically consult with and advise the citizens' district council regarding all aspects of the plan, including the development of new housing for relocation purposes located either inside or outside of the development area. The consultation shall begin before any final decisions by any local planning agency or local legislative body regarding the development plan other than the designation of the development area. The consultation shall continue throughout the various stages of the development plan, including the final implementation of the plan. The local officials responsible for the development of the plan shall incorporate into the development plan the desires and suggestions of the citizens' district council to the extent feasible. A local commission, public agency, or local legislative body of any municipality shall not approve any development plan for a development area unless there has previously been consultation between the citizens' district council and the local officials responsible for the development plan. A record of the meetings, including information and data presented, shall be maintained and included in official presentation of the proposed development plan to the local legislative body.

(7) The chief executive officer of the municipality shall give the citizens' district council written notice of any contemplated zoning change, hearing, or condemnation proceedings within the district area. The notice shall be given at least 20 days before the effective date of the change or the date of the hearing or proceedings. Upon receiving a request from the citizens' district council, the local legislative body shall hold a public hearing on the proposed zoning change or condemnation proceedings. Each citizens' district council may call upon any city department for information.

(8) In a municipality with 2 or more district areas, each citizens' district council shall elect 4 of its members who shall compose the entire membership of the coordinating council on community redevelopment. The committee shall advise local units of government on proposed policy on urban renewal,

make recommendations for new projects, and promote better relations between local units of government and residents of urban renewal areas. Notwithstanding any other provisions of this act, the formation of a coordinating council on community redevelopment shall not be a requisite for or condition of the exercise of the powers granted by this act for the acquisition, sale, or lease of real property, or the carrying out of a development plan in a development area.

(9) The local legislative body shall adopt a development plan after consultation with a citizens' district council, if required, and a public hearing on the development plan as provided in subsection (11), for the development area in which the land proposed to be acquired is located or for the effectuation or protection of which development the proposed land acquisition is deemed necessary. A development plan shall comply with the following:

(a) The plan shall designate the location and extent of streets and other public facilities within the area and shall designate the location, character, and extent of the categories of public and private land uses proposed for and within the area, such as residential, recreation, business, industry, schools, open spaces, and others, and shall also include a feasible method for the relocation of families who will be displaced from the area in decent, safe, and sanitary dwelling accommodations and without undue hardship to those families, and such other general features of the proposed rehabilitation as may be determined by the local legislative body. A feasible method for relocation of displaced families shall demonstrate that standard housing units are or will be available to the displaced families and individuals at rents or prices within their financial means, in reasonably convenient locations not less desirable than the development area with respect to utilities and facilities.

(b) The plan shall designate the location, extent, character, and estimated cost of the improvements contemplated for the area and may include any or all of the following improvements:

(*i*) Partial or total vacation of plats, or replatting.

(*ii*) Opening, widening, straightening, extending, vacating, or closing streets, alleys, or walkways.

(*iii*) Locating or relocating water mains, sewers, or other public or private utilities.

(*iv*) Paving of streets, alleys, or sidewalks in special situations.

(*v*) Acquiring parks, playgrounds, or other recreational areas or facilities.

(*vi*) Street tree planting, green belts, or buffer strips.

(*vii*) Property renovation in accordance with this act.

(*viii*) Parking facilities.

(*ix*) Commercial area promotion.

(*x*) Economic restructuring of commercial areas.

(*xi*) Recruiting of new businesses.

(*xii*) Other appropriate public improvements and activities which address rehabilitation or blight prevention in accordance with this act.

(c) The plan shall include estimates of the number of persons residing in the development area and the number of families and individuals to be displaced; a survey of their income and racial composition; a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the annual rate of turnover of the various types of housing, and the range of rents and sale prices; an estimate of the total demand for housing in the community; and the estimated capacity of private and public housing available to displaced families and individuals.

(10) A local administrative agency shall be designated to provide information concerning private and public housing available to displaced families and individuals and to advise and assist in their relocation.

(11) Before the determination of a blighted area and a determination that there is a feasible method for relocation of families and individuals who will be displaced from the area, and before adoption of a development plan, the local legislative body shall hold a public hearing, which hearing shall comply with the following:

(a) Notice of the time and place of the hearing shall be given by publication in a newspaper of general circulation not less than 30 days before the date set for the hearing. Notice of the hearing shall be distributed in the blighted area at least 25 days before the hearing. Notice of the hearing shall be mailed at least 25 days before the hearing to the last known owner of each parcel of land in the blighted area at the last known address of that owner as shown by the records of the assessor. The notice shall contain a description of the development area. For purposes of this notice it shall be sufficient to describe the boundaries of the development area by its location in relation to highways, streets, streams, or otherwise. The notice shall further contain a statement that maps, plats, and a particular description of the development plan, including the method of relocating families and individuals who will be displaced from the area, are available for public inspection at a place to be designated in the notice, and that all aspects of the development plan will be open for discussion at the public hearing.

(b) At the time set for hearing the local legislative body shall provide an opportunity for all persons interested to be heard and shall receive and consider communications in writing with reference to the development plan. The hearing shall provide the fullest opportunity for expression of opinion, for argument on the merits of the development plan, and for introduction of documentary evidence pertinent to the development plan.

(c) The local legislative body shall make and preserve a record of the public hearing, including specific findings of fact with respect to its determination of the blighted area and its determination that there is a feasible method for relocation of families and individuals who will be displaced from the area, all data presented at the public hearing and all other data which the legislative body considered in making its determinations. If no individuals reside in the development area, the legislative body is not required to determine a feasible method for relocating residents.

(12) Within 10 days after the completion of the public hearing as provided in subsection (11), the citizens' district council for the district within which the proposed development area is located shall notify the local legislative body in writing of its approval or disapproval of the development plan. If the citizens' district council approves the plan or fails to notify the local legislative body of its approval or disapproval of the plan, the local legislative body is free to act on the plan. If the citizens' district council disapproves the plan and so notifies in writing the local legislative body, the local legislative body shall not adopt the plan for at least 30 days after receipt of the notice and during that period shall consult with the citizens' district council concerning its objections.

Sec. 4a. No action taken under this act shall have the effect of promoting or perpetuating racial segregation in housing. 125.75 Rehabilitation of blighted areas; acquisition of property; proceedings under power of eminent domain; condemnation; dispossession.

Sec. 5. (1) For the accomplishment of the purposes of this act, the municipality shall acquire fee simple title in real property by purchase, gift, or exchange, and may acquire under this act title to blighted property by condemnation. The municipality shall then apply that blighted property acquired by condemnation under this act and other real property acquired by other means to the expressed purposes of this act.

(2) By authority of this act for blighted property, or by authority of other state law authorizing the condemnation of property for other public uses, the local legislative body may institute and prosecute proceedings under the power of eminent domain in accordance with the state constitution of 1963 and the laws of the state or provisions of any local charter relative to condemnation. A resident owner in a development area may not be dispossessed after condemnation under the provisions of this act until other adequate housing accommodations are available, to the people displaced.

125.75a Rehabilitation of blighted areas; urban renewal plat.

Sec. 5a. Where, pursuant to the development of a project, disposition of acquired lands in accordance with the development plan is hampered by reason of the size or character of the lots or tracts of land within the development area, and where diversification of ownership within the development area prohibits redesign by means of a proprietor's plat, the municipality, by action of its governing body, may authorize a plat or replat of the area or any part thereof to be made by a registered civil engineer or a registered land surveyor.

The plat shall be prepared, approved and recorded as provided in Act No. 172 of the Public Acts of 1929, as amended, being sections 560.1 to 560.80 of the Compiled Laws of 1948, except that the certificate of the county and city treasurer relating to tax titles and tax liens shall not be required, and in lieu of the signature of the proprietor of the land the dedication shall be signed by the director of urban renewal or by the administrative officer of the municipality and shall refer to this act as the authority for certification. There shall be set forth in the title of the plat the words “urban renewal plat” or “urban renewal replat”. Unplatted

and previously platted lands may be included in the same plat, and such plat shall supersede all previously recorded plats in the area covered by the urban renewal plat or urban renewal replat.

All lands within the development area, whether publicly or privately owned, may be included in the urban renewal plat or urban renewal replat, and all land so platted shall be divided into lots and be numbered in accordance with the development plan, except that no lot shall include property in both public and private ownership, nor in 2 or more individual private ownerships, unless such division is of a lot in a recorded subdivision which was so divided prior to the making of the urban renewal plat or urban renewal replat.

The plat or replat shall state in the dedication that necessary rights to all highways, streets, alleys and public places, including parks, green belts and buffer strips, have been acquired by the municipality by purchase, dedication, condemnation or adverse possession for public use, prior to the making of the urban renewal plat or urban renewal replat.

All easements retained by the municipality for the development of the project shall be designated on the urban renewal plat or urban renewal replat and become a part thereof.

An urban renewal plat or urban renewal replat shall conform in all respects to the urban renewal project plan for the area in which said plat or replat may be located. An urban renewal plat or urban renewal replat, when approved by the governing body where the lands are located, shall not be rejected for the reason that any lot shown thereon fails to meet minimum requirements as to width as prescribed by Act No. 172 of the Public Acts of 1929, as amended.

An urban renewal plat or urban renewal replat, when recorded and filed, shall be treated in respect to assessment, return of taxes and sale of lands for delinquent taxes and for all other purposes, the same as if made by the proprietor under the general provisions of Act No. 172 of the Public Acts of 1929, as amended.

History: Add. 1959, Act 244, Imd. Eff. Aug. 13, 1959.

125.76 Acquisition of property; jurisdiction of public agencies.

Sec. 6. After the acquisition of the real property, such property as will be used by public agencies shall be transferred to or placed under the jurisdiction of the appropriate public agencies for public use as defined in this act. The remainder of the land which, in accordance with the development plan, is to be devoted to private uses shall be sold, leased or exchanged to corporations, companies or individuals, or to urban redevelopment corporations whose use of such property shall be in accordance with the limitations and conditions provided in the development plan.

Any such sale, lease or exchange may be made without public bidding but only after public hearing by the local legislative body upon the proposed sale, lease or exchange and the provisions thereof. The sale, lease or exchange shall be under terms and conditions fixed by the local legislative body and shall contain provisions that the development plan for the property shall be carried out.

125.77 Repealed. 1957, Act 296, Eff. Sept. 27, 1957.

Compiler's note: The repealed sections authorized municipalities to finance rehabilitation of blighted areas by taxation, bonds, or assessment to a special district.

125.77a Municipal bonds or notes.

Sec. 7a. A municipality may issue bonds or notes from time to time in its discretion to finance the undertaking of any project authorized by this act including, but not limited to, the payment of principal and interest on advances or loans made for surveys and plans for projects authorized by this act. The bonds or notes shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of projects under this act. Payment of the bonds or notes both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution due or to become due from the federal government or other source in aid of projects of the municipality under this act. Bonds or notes issued under this section shall not constitute an indebtedness within the meaning of constitutional, statutory, or charter debt limitations or restrictions, and may be issued without vote of the electors of the municipality. Bonds or notes issued under this section are declared to be issued for an essential public and, governmental purpose, and, together with interest thereon and income therefrom, shall be exempted from all taxes. Bonds or notes issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality. Bonds and notes issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

History: Add. 1957, Act 296, Eff. Sept. 27, 1957;—Am. 1974, Act 65, Imd. Eff. Apr. 1, 1974;—Am. 1983, Act 32, Imd. Eff. May 6, 1983;—Am. 2002, Act 202, Imd. Eff. Apr. 29, 2002.

125.77b General obligation bonds of municipality; purpose; resolution; pledge of full faith and credit; "cost of any project" and "net project cost" defined; issuance and sale of bonds; maximum amount; designation and approval of bonds; legislative determination; assessed value of real and personal property; validation of actions and bonds; limitation on time of sale; provisions governing bonds.

Sec. 7b. (1) For the purpose of providing funds to pay all or part of the cost of any project undertaken under this act or the net project cost of any project undertaken under this act with federal financial assistance, a municipality may provide by resolution duly adopted by its legislative body and without vote of the electors of the municipality for borrowing money and issuing general obligation bonds of the municipality, which bonds shall pledge the full faith and credit of the municipality.

(2) As used in this section:

(a) "Cost of any project" means any or all of the following items: Cost of land acquisition, demolition of buildings, land and site improvements, plans, surveys, appraisals, and all other costs relating to the acquisition, rehabilitation, financing, and disposal of any project or any part of a project under the terms of this act.

(b) "Net project cost" means that term as defined in former section 110 of the housing act of 1949, 42 U.S.C. 1460.

(3) The bonds may be issued and sold from time to time during the progress of any project undertaken under this act, in which event the maximum amount of bonds issued shall not exceed the estimated cost of any project undertaken under this act or the estimated net cost of any project undertaken under this act with federal assistance. The legislative body in the resolution authorizing issuance of the bonds shall set forth the estimate or the bonds may be issued when any project has been completed. Bonds issued under this section shall be designated "rehabilitation bonds". All bonds issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. It being the determination of this legislature that urban blight constitutes a serious menace to public health, welfare, and safety of municipalities and their inhabitants and that the financing of projects designed to prevent or eliminate urban blight is necessary for the public health, welfare, and safety, the bonds authorized to be issued under this section are declared to be issued for an essential public and governmental purpose. The maximum principal amount of bonds that may be authorized under this section in any year shall not exceed an amount equal to 5% of the assessed value of the real and personal property in the municipality less the taxes actually levied for the year exclusive of debt service tax levies and taxes levied under other laws, and less budget bonds authorized for the year issued or authorized to be issued and less any bonds authorized in the year to be issued under sections 6a and 6b of 1949 PA 208, MCL 125.946a and 125.946b. For the purposes of this section, the assessed value of real and personal property in the municipality shall include the assessed value equivalent of money received during the municipality's fiscal year under the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921. All actions previously taken by a municipality authorizing the issuance of bonds and all bonds previously issued by a municipality are validated. Any bonds authorized to be issued under this section shall be sold not later than 3 full fiscal years from the end of the fiscal year in which the bonds are authorized to be issued. The maximum amount of bonds issued under this section that may be outstanding at any one time shall not, together with other outstanding indebtedness of the municipality, exceed the maximum limitations on bonded indebtedness of the municipality imposed by law.

(4) Except as otherwise provided in this act, the bonds shall not be subject to the provisions of any other law or charter provision relating to their issuance or sale.

(5) The legislative body of any municipality issuing bonds under this section in the resolution authorizing issuance of the bonds shall estimate the period of usefulness of the planned improvements to be installed in the development area after the project is completed.

A municipality, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government for a project as defined in this act such conditions imposed pursuant to federal law, to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law, in the undertaking or carrying out of a project as defined in this act as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of this act, and to include in any contract let in connection with such a project provisions to fulfill such of said conditions as it may deem reasonable and appropriate, including the payment of prevailing salaries and wages and compliance with federal labor standards.

125.79 Modification of plan; hearing.

Sec. 9. If previous to the lease, sale or exchange of any real property in the development area, the local legislative body desires to modify the development plan, it shall hold a public hearing thereon, notice of such hearing to be given as provided in section 4 of this act. If the modification be approved by the local legislative body, it shall become a part of the approved development plan.

Before taking any such action, the board shall hold a public hearing thereon, at least 10 days' notice of the time and place of which shall be given by public notice in a newspaper published or circulated generally in the municipality and by notice to all property owners within 200 feet of the property in question, such notice to be by mail addressed to the respective owners at the address given in the last assessment roll.

125.84 Urban renewal projects.

Sec. 14. For any urban renewal project initiated under this act:

(a) Where the project was initiated prior to June 22, 1968, the local legislative body by resolution may exempt the project from the provisions of section 4, as amended, relating to district areas, citizens' district councils and coordinating councils on community redevelopment if on that date, of the persons residing in the project area at the time of project initiation and requiring relocation, 50% of such persons had relocated in accordance with law, or if on June 22, 1968, there were fewer than 100 such persons remaining to be relocated. The provisions of this subsection do not apply to a city of over 500,000 population.

(b) Where the number of business establishments in the project area exceeds the number of occupied dwelling units in the area, the majority of the citizens' district council need not be composed of citizens living in the development area.

(c) Where a citizens' district council is established pursuant to this act, it shall serve in lieu of and shall be deemed to satisfy all requirements relating to an urban renewal neighborhood advisory council required to be appointed pursuant to section 3 of Act No. 323 of the Public Acts of 1966, being section 125.963 of the Compiled Laws of 1948.

(d) Where a hearing is required to be held prior to the adoption of a development plan, in the case of a neighborhood development program to be carried out under applicable regulations and guidelines of the United States department of housing and urban development, notwithstanding the notice requirements of section 4, notice of the hearing shall be deemed sufficient if such notice is distributed door-to-door and mailed to known property owners only in the specific area or areas where property is to be acquired or rehabilitated and mailed to all community organizations known to be interested in the project and posted in appropriate public buildings and appropriate other places of public gathering.

(e) The boundaries of the district area may be revised by the local legislative body if the existing citizens' district council is notified in writing by the local legislative body at least 10 days prior to final action on the revised boundaries. If new area is included in the revised district area, persons residing in or having a demonstrable and substantial interest in the newly included area may be elected or appointed to the revised citizens' district council in the same manner of selection as the original citizens' district council. Notwithstanding the maximum size prescribed for citizens' district councils, the number of persons to be selected to represent the newly included area shall be determined by the local legislative body. If the existing citizens' district council disapproves the revised boundaries or number of persons to be elected or appointed to the revised citizens' district council and so notifies the local legislative body in writing within the 10-day period, final action on the revised boundaries or the number of persons to be elected or appointed to the revised citizens' district council shall not be taken by the local legislative body for at least 30 days after receipt of the disapproval notice, during which time the local legislative body shall consult with the citizens' district council concerning its objections. Where a district area is revised persons serving on the citizens' district council as residents of the district area who no longer reside in the revised district area shall not thereafter serve on the citizens' district council for the revised area unless they are reappointed or reelected as persons with a demonstrable and substantial interest in the revised area.

(f) Vacancies on the citizens' district council may be filled by appointment of the chief executive officer of the municipality.

(g) The time provisions of section 4 are directory and not mandatory and any development plan adopted after consultation with a citizens' district council as provided in section 4 shall not be invalid because such time provisions were not strictly complied with.

(h) All citizens' district councils established as of the effective date of this section are validated notwithstanding noncompliance with the provisions of section 4 and all development plans heretofore adopted

and all other actions heretofore taken by a municipality after consultation as required in section 4 with a citizens' district council shall not be invalid for any irregularities in the establishment, appointment or selection of such citizens' district council.

Sec. 2. Definitions. Certain words in this act are defined for the purposes thereof as follows: Words used in the present tense include the future; words in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word “person” includes a corporation as well as a natural person.

(1) Dwelling. A “dwelling” is any house, building, structure, tent, shelter, trailer or vehicle, or portion thereof, (except railroad cars, on tracks or rights-of-way) which is occupied in whole or in part as the home, residence, living or sleeping place of 1 or more human beings, either permanently or transiently. A house trailer or other vehicle, when occupied or used as a dwelling, shall be subject to all the provisions of this act, except that house trailers or other vehicles, duly licensed as vehicles, may be occupied or used as a dwelling for reasonable periods or lengths of time, without being otherwise subject to the provisions of this act for dwellings, when located in a park or place designated or licensed for the purpose by the corporate community within which they are located: Provided, That such parking sites are equipped with adequate safety and sanitary facilities.

(1a). “Sub-standard dwelling” is a dwelling of any class which is not so equipped as to have each of the following items: running water, inside toilets; or a dwelling which has either inadequate cellar drainage, defective plumbing, and inside room having no windows therein, improper exits or defective stairways so as to make such dwelling a fire hazard.

(2) Classes of dwellings. For the purposes of this act dwellings are divided into the following classes: (a) “private dwellings,” (b) “2 family dwellings,” and (c) “multiple dwellings.”

(a) A “private dwelling” is a dwelling occupied by but 1 family, and so designed and arranged as to provide cooking and kitchen accommodations for 1 family only.

(b) A "2 family dwelling" is a dwelling occupied by but 2 families, and so designed and arranged as to provide cooking and kitchen accommodations for 2 families only.

(c) A "multiple dwelling" is a dwelling occupied otherwise than as a private dwelling or 2 family dwelling.

(3) Classes of multiple dwellings. All multiple dwellings are dwellings and for the purpose of this act are divided into 2 classes, viz.: class a and class b.

Class a. Multiple dwellings of class a are dwellings which are occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups, in which each combination of rooms is so arranged and designed as to provide for cooking accommodations and toilet and kitchen sink accommodations within the separate units. This class includes tenement houses, flats, apartment houses, apartment hotels, bachelor apartments, studio apartments, duplex apartments, kitchenette apartments, and all other dwellings similarly occupied whether specifically enumerated herein or not.

Class b. Multiple dwellings of class b are dwellings which are occupied, as a rule transiently, as the more or less temporary abiding place of individuals who are lodged, with or without meals, and in which as a rule the rooms are occupied singly and without any attempt to provide therein or therewith cooking or kitchen accommodations for the individual occupants. This class includes hotels, lodging houses, boarding houses, furnished room houses, club houses, convents, asylums, hospitals, jails and all other dwellings similarly occupied, whether specifically enumerated herein or not.

(3a) Rooming house. A "rooming house" under this act shall be construed to mean any dwelling occupied in such a manner that certain rooms, in excess of those used by the members of the immediate family and occupied as a home or family unit, are leased or rented to persons outside of the family, without any attempt to provide therein or therewith, cooking or kitchen accommodations for individuals leasing or renting rooms. In the case of single and 2 family dwellings the number of such bedrooms leased or rented to roomers shall not exceed 3, unless such dwellings be made to comply in all respects with the provisions of this act relating to multiple dwellings.

(4) Hotel. A "hotel" is a multiple-dwelling of class b in which persons are lodged for hire and in which there are more than 50 sleeping rooms, a public dining room for the accommodation of at least 50 guests, and a general kitchen.

(5) Mixed occupancy. In cases of mixed occupancy where a building is occupied in part as a dwelling, the part so occupied shall be deemed a dwelling for the purposes of this act and shall comply with the provisions thereof relative to dwellings.

(6) Yards. A "rear yard" is an unoccupied space on the same lot with a dwelling, between the extreme rear line of the dwelling and the rear lot line and extending from 1 side lot line to the other side lot line. A "side yard" is an unoccupied space on the same lot with a dwelling between the side lot line and the nearest side line of the dwelling and extending from the extreme rear line of the dwelling to the front lot line. A "front yard" is an unoccupied space on the same lot with a dwelling between the extreme front line of the house and the front lot line and extending from 1 side yard to the other side yard.

(7) Courts. A "court" is an open unoccupied space on the same lot with a dwelling and bounded on 2 or more sides with the walls of the dwelling. A court not extending to the street or front or rear yard is an "inner court". A court extending to the street or front or rear yard is an "outer court".

(8) Corner and interior lots. A "corner lot" is a lot of which at least 2 adjacent sides abut for their full length upon a street. A lot other than a corner lot is an "interior lot."

(9) Front, rear and depth of lot. The front of a lot is that boundary line which borders on the street. In case of a corner lot the owner may elect by statement on his plans either street boundary line as the front. The rear of a lot is the side opposite to the front. In the case of a triangular or gore lot the rear is the boundary line not bordering on a street. The depth of a lot is the dimension measured from the front of the lot to the extreme rear line of the lot. In the case of irregular shaped lots the mean depth shall be taken.

(10) Public hall. A "public hall" is a hall, corridor or passageway not within the exclusive control of 1 family.

(11) Stair hall. A "stair hall" is a public hall and includes the stairs, stair landings and those portions of the building through which it is necessary to pass in going between the entrance floor and the roof.

(12) Basement, cellar, attic, penthouses.

(a) A "basement" is that portion of a building partly below grade but so located that the vertical distance from grade to the floor is not greater than the vertical distance from the grade to the ceiling: Provided, however, That if the vertical distance from the grade to the ceiling is 5 feet or more such basement shall be counted as a story.

(b) A "cellar" is that portion of a building partly below grade but so located that the vertical distance from the grade to the floor is greater than the vertical distance from the grade to the ceiling: Provided, however, That if the vertical distance from the grade to the ceiling is 5 feet or more such cellar shall be counted as a

story. A cellar, except as provided above, shall not be counted as a story. If any portion of a building is in that part the equivalent of a basement or cellar, the provisions of this act relative to basements and cellars shall apply to such portion of the building.

(c) An attic is a portion of a building situated partly or wholly in the roof space. An attic which is used only as a portion of a single or 2 family dwelling shall be not counted as a story, unless there are more than 2 rooms suitable for living purposes on this floor. For the purpose of this paragraph, rooms of 160 square feet or more will be regarded as 2 or more rooms based on each 80 square feet being considered 1 room. Any attic which is occupied by a separate family shall be counted as a story. Any attic used for living purposes in a multiple dwelling shall be counted as a story.

(d) Penthouses. Penthouses are those portions of a building situated above the roof and housing mechanical equipment, service or recreational facilities or used for living purposes. A penthouse shall not be counted as a story if it houses only mechanical equipment or stairways and does not have an area in excess of 200 square feet; nor shall it be counted as a story, when occupied otherwise or when it has an area in excess of 200 square feet, if it complies with the following requirements:

(1) The building and penthouse shall be of fireproof construction if the penthouse houses other than mechanical equipment or stairways.

(2) The penthouse shall be not over 1 story in height.

(3) The exterior walls of the penthouse shall be set back from the exterior walls of the story immediately below by a distance not less than 2/3 of the height of the penthouse above the roof. However, it shall not be necessary to set back the exterior walls of a penthouse if the dimensions of yards and courts are sufficient to meet the requirements of this act for a building if the penthouse is counted as a story.

(4) There shall be access to 2 stairways leading from the roof to grade where penthouses are used for the purposes other than to house mechanical equipment.

(5) The combined area of all penthouses on a building shall not exceed 25 per cent of the gross area of the floor immediately below.

(13) Height. The “height” of a dwelling is the perpendicular distance measured in a straight line from grade to the highest point of the roof beams in the case of flat roofs, and to the average of the height of the gable in the case of pitched roofs.

(14) Grade. “Grade”, for buildings adjoining 1 street only, shall be the elevation of the sidewalk at the center of that wall which adjoins the street, except that in case the average elevation of the ground (finished surface) adjacent to the exterior walls of the building is lower than the elevation of the sidewalk, “grade” shall be the average elevation of the ground.

“Grade”, for buildings adjoining more than 1 street, shall be the elevation of the sidewalk at the center of the wall adjoining the street having the lowest sidewalk elevation.

“Grade”, for buildings having no wall adjoining the street, shall be the average level of the ground (finished surface) adjacent to the exterior walls of the building.

All walls approximately parallel to and not more than 5 feet from a street line shall be considered as adjoining the street. In alleys the surface of the paving shall be considered to be the sidewalk elevation. Where the elevation of the sidewalk or alley paving has not been established the city engineer shall determine such elevation for the purpose of this act.

(15) Occupied spaces. Outside stairways, fire escapes, fire towers, porches, platforms, balconies, boiler flues and other projections shall be considered as part of the building and not as a part of the yards or courts or unoccupied spaces. This provision shall not apply to 1 fireplace or 1 chimney projecting not more than 12 inches into side yard space and not more than 8 feet in length, nor to uninclosed outside porches not exceeding 1 story in height which do not extend into the front or rear yard a greater distance than 12 feet from the front or rear walls of the building, nor to 1 such porch which does not extend into the sideyard a greater distance than 6 feet from the side wall of the building nor exceed 12 feet in its other horizontal dimension, or to cornices not exceeding 16 inches in width including the gutter.

(16) Fireproof dwelling. A “fireproof dwelling” is one the exterior walls of which are constructed of brick, stone, concrete, iron or other hard incombustible material not less than 8 inches thick, and in which there are no wood beams or lintels and in which the floors, roofs, stair halls and public halls are built entirely of brick, stone, concrete, iron or other hard incombustible material, and in which no woodwork or other inflammable material is used in any of the partitions, furrings or ceilings. But this definition shall not be construed as prohibiting elsewhere than in the public halls the use of wooden flooring on top of the fireproof floors or the use of wooden sleepers, nor as prohibiting the use of wood, or any other material not more combustible or inflammable than wood, for handrails, doors, windows, and decorative treatment on incombustible surfaces.

All metallic structural members, except lintels unattached to structural frame work and less than 6 feet in span, shall be protected with not less than 2 inches of brick, concrete, gypsum, terra cotta, or any other

material that has equivalent properties to resist the action of flame and heat. Steel in reinforced concrete construction shall be protected with a minimum of 3/4 of an inch of concrete unless additional protection is required by the enforcing official.

In dwellings not over 8 stories in height, steel joists may be used for roof and floor construction if protected on the underside with 3/4 of an inch of gypsum or portland cement plaster on metal lath, thickness of said plaster to be measured from the back of the metal lath, and protected on top with a slab of at least 2 inches of concrete in which wood sleepers may be embedded if there is at least 1 and 1/2 inches of concrete under the sleepers.

(17) Wooden buildings. "Wooden building" is a building of which the exterior walls or a portion thereof are of wood. Court walls are exterior walls.

(18) Nuisance. Immediately thereafter and while the door is still hot, it shall be subjected to the impact of a stream of water under a nozzle pressure of 30 pounds per square inch through a 2 and 1/2 inch fire hose with a 1 and 1/8 inch smooth bore nozzle placed 20 feet from the door and played uniformly over surface of same for a period of at least 45 seconds. To pass this test, a fire door shall maintain its shape and integrity reasonably well so as to be capable of resisting the further application of flame and shall not develop serious structural weakness.

The enforcing officer may require that the ability of all fire doors to pass these tests be demonstrated in a recognized testing laboratory, or that satisfactory evidence in the form of a label or certificate of test and inspection be submitted showing that the fire doors in question have successfully complied with these requirements.

All fire doors, except those on dumbwaiters and elevators, shall be of the swinging type and shall not be double acting and shall be equipped with an approved device capable of completely and effectually closing the door under all conditions.

The property owner may establish that the property is decontaminated by submitting a written assessment of the property before decontamination and a written assessment of the property after decontamination, enumerating the steps taken to render the property decontaminated, and a certification that the property has been decontaminated and that the risk of likely contamination no longer exists to the enforcing agency. The property or dwelling shall remain vacated until the enforcing agency has reviewed and concurred in the certification.

(4) The department of community health shall promulgate rules and procedures necessary to implement this section.

(5) Nothing in this section precludes a local health department from exercising its powers or duties under this act or the public health code, 1978 PA 368, MCL 333.1101 to 333.25211. The certificate shall be issued within 15 days after written application therefor if the dwelling at the date of the application is entitled thereto.

(2) A violation of this act shall not prevent the issuance of a certificate, but the enforcing agency shall not issue a certificate when the existing conditions constitute a hazard to the health or safety of those who may occupy the premises.

(3) Inspections shall be made prior to first occupancy of multiple dwellings and rooming houses, if the construction or alteration is completed and first occupancy will occur after the effective date of this article. (4) Rents due for the period during which rent is suspended shall be paid into an escrow account established by the enforcing officer or agency, to be paid thereafter to the landlord or any other party authorized to make repairs, to defray the cost of correcting the violations. The enforcing agency shall return any unexpended part of sums paid under this section, attributable to the unexpired portion of the rental period, where the occupant terminates his tenancy or right to occupy prior to the undertaking to repair.

(5) When the certificate of compliance has been suspended, or has not been issued, and the rents thereafter withheld are not paid into the escrow account, actions for rent and for possession of the premises for nonpayment of rent may be maintained, subject to such defenses as the tenant or occupant may have upon the lease or contract.

125.531 Certificate; application; temporary certificates; fee.

Sec. 131. (1) An owner shall apply for a certificate of compliance. Inspection and issuance of certificates shall be in accordance with the requirements of this act and with procedures established by the enforcing agency. The enforcing agency may authorize the issuance of temporary certificates without inspection for those premises in which there are no violations of record as of the effective date of this article, and shall issue such temporary certificates upon application in cases where inspections are not conducted within a reasonable time. Temporary certificates shall also be issued for premises with violations of record, whether existing before or after the effective date of this article, when the owner can show proof of having undertaken to correct such conditions, or when the municipality has been authorized to make repairs, or when a receiver has been appointed, or when an owner rehabilitation plan has been accepted by the court.

(2) An application for a certificate shall be made when the owners, or any of them, enroll in the registry of owners and premises. If the owner fails to register, any occupant of unregistered or uncertified premises may make application.

(3) A fee of $10.00 shall be paid by the applicant at the time the certificate is issued.

125.532 Violations; recording; notice; order to correct, reasonable time; reinspection; notice to family independence agency.

Sec. 132. (1) If, upon inspection, the premises or any part of the premises are found to be in violation of any provision of this act, the enforcing agency shall record the violation in the registry of owners and premises.

(2) The owner, and, in the enforcing agency's discretion, the occupant, shall be notified in writing of the violation. The notice shall state the date of the inspection, the name of the inspector, the nature of the violation, and the time within which the correction shall be completed.

(3) If an inspector determines that a violation constitutes a hazard to the occupant's health or safety, under circumstances where the premises cannot be vacated, the enforcing agency shall order the violation corrected within the shortest reasonable time. The owner shall notify the enforcing agency of having begun compliance within 3 days. All other violations shall be corrected within a reasonable time.

(4) The enforcing agency shall reinspect after a reasonable time to ascertain whether the violation has been corrected.

(5) If an inspector determines that a violation constitutes a hazard to the health or safety of the occupants, the enforcing agency shall notify the family independence agency within 48 hours. The notice shall state the date of the inspection, the name of the inspector, the nature of the violation, and the time within which the correction shall be completed. The family independence agency shall check the address of the premises against the list of rent-vendored family independence program recipients.

125.533 Compliance by owner and occupant.

Sec. 133. (1) The owner of premises regulated by this act shall comply with all applicable provisions of the act.

(2) The occupant of premises regulated by this act shall comply with provisions of the act specifically applicable to him.

History: Add. 1968, Act 286, Eff. Nov. 15, 1968.

125.534 Noncompliance with notice of violation; actions; parties; motion for temporary relief; service of complaint and summons; filing notice of pendency of action; orders and determinations; repair or removal of structure; exception; costs; order approving expenses; lien; authority of municipality; "urban core cities" defined.

Sec. 134. (1) If the owner or occupant fails to comply with the order contained in the notice of violation, the enforcing agency may bring an action to enforce this act and to abate or enjoin the violation.

(2) An owner or occupant of the premises upon which a violation exists may bring an action to enforce this act in his or her own name. Upon application by the enforcing agency, or upon motion of the party filing the complaint, the local enforcing agency may be substituted for, or joined with, the complainant in the discretion of the court.

(3) If the violation is uncorrected and creates an imminent danger to the health and safety of the occupants of the premises, or if there are no occupants and the violation creates an imminent danger to the health and safety of the public, the enforcing agency shall file a motion for a preliminary injunction or other temporary relief appropriate to remove the danger during the pendency of the action.

(4) Owners and lienholders of record or owners and lienholders ascertained by the complainant with the exercise of reasonable diligence shall be served with a copy of the complaint and a summons. The complainant shall also file a notice of the pendency of the action with the appropriate county register of deeds office where the premises are located.

(5) The court of jurisdiction shall make orders and determinations consistent with the objectives of this act. The court may enjoin the maintenance of unsafe, unhealthy, or unsanitary conditions, or violations of this act, and may order the defendant to make repairs or corrections necessary to abate the conditions. The court may authorize the enforcing agency to repair or to remove the building or structure. If an occupant is not the cause of an unsafe, unhealthy, or unsanitary condition, or a violation of this act, and is the complainant, the court may authorize the occupant to correct the violation and deduct the cost from the rent upon terms the court determines just. If the court finds that the occupant is the cause of an unsafe, unhealthy, or unsanitary condition, or a violation of this act, the court may authorize the owner to correct the violation and assess the cost against the occupant or the occupant's security deposit.

(6) A building or structure shall not be removed unless the cost of repair of the building or structure will be greater than the state equalized value of the building or structure except in urban core cities or local units of government that are adjacent to or contiguous to an urban core city that have adopted stricter standards to expedite the rehabilitation or removal of a boarded or abandoned building or structure that remains either vacant or boarded, or both, and a significant attempt has not been made to rehabilitate the building or structure for a period of 24 consecutive months.

(7) If the expense of repair or removal is not provided for, the court may enter an order approving the expense and placing a lien on the real property for the payment of the expense. The order may establish and provide for the priority of the lien as a senior lien, except as to tax and assessment liens, and except as to a recorded mortgage of first priority, recorded prior to all other liens of record if, at the time of recording of that mortgage or at a time subsequent, a certificate of compliance as provided for in this act is in effect on the subject property. The order may also specify the time and manner for foreclosure of the lien if the lien is not satisfied. A true copy of the order shall be filed with the appropriate county register of deeds office where the real property is located within 10 days after entry of the order to perfect the lien granted in the order.

(8) This act does not preempt, preclude, or interfere with the authority of a municipality to protect the health, safety, and general welfare of the public through ordinance, charter, or other means.

(9) As used in this section, "urban core cities" means qualified local governmental units as that term is defined in section 2 of the obsolete property rehabilitation act, 2000 PA 146, MCL 125.2782.

History: Add. 1968, Act 286, Eff. Nov. 15, 1968;—Am. 1976, Act 116, Imd. Eff. May 14, 1976;—Am. 2003, Act 80, Imd. Eff. July 23, 2003.

125.535 Receiver; appointment, termination; purpose; powers; expenses.

Sec. 135. (1) When a suit has been brought to enforce this act against the owner the court may appoint a receiver of the premises.

(2) When the court finds that there are adequate grounds for the appointment of a receiver, it shall appoint the municipality or a proper local agency or officer, or any competent person, as receiver. In the discretion of the court no bond need be required. The receivership shall terminate at the discretion of the court.

(3) The purpose of a receivership shall be to repair, renovate and rehabilitate the premises as needed to make the building comply with the provisions of this act, and where ordered by the court, to remove a building. The receiver shall promptly comply with the charge upon him in his official capacity and restore the premises to a safe, decent and sanitary condition, or remove the building.

(4) Subject to the control of the court the receiver shall have full and complete powers necessary to make the building comply with the provisions of this act. He may collect rents, and other revenue, hold them against the claim of prior assignees of such rents, and other revenue, and apply them to the expenses of making the building comply with the provisions of this act. He may manage and let rental units, issue receivership certificates, contract for all construction and rehabilitation as needed to make the building comply with the provisions of this act, and exercise other powers the court deems proper to the effective administration of the receivership.

(5) When expenses of the receivership are not otherwise provided for, the court may enter an order approving the expenses and providing that there shall be a lien on the real property for the payment thereof. The provisions of subsection (7) of section 134 as to the contents and filing of an order are applicable to the order herein provided for.

History: Add. 1968, Act 286, Eff. Nov. 15, 1968.

125.536 Additional remedies; occupant's action; concurrent remedies.

Sec. 136. (1) When the owner of a dwelling regulated by this act permits unsafe, unsanitary or unhealthful conditions to exist unabated in any portion of the dwelling, whether a portion designated for the exclusive use and occupation of residents or a part of the common areas, where such condition exists in violation of this act, any occupant, after notice to the owner and a failure thereafter to make the necessary corrections, shall have an action against the owner for such damages he has actually suffered as a consequence of the condition. When the condition is a continuing interference with the use and occupation of the premises, the occupant shall also have injunctive and other relief appropriate to the abatement of the condition.

(2) Remedies under this section shall be in addition to such other relief as may be obtained by seeking enforcement of the section authorizing suits by a local enforcement agency. The remedies shall be concurrent. When several remedies are available hereunder, the court may order any relief not inconsistent with the objectives of this act, and calculated to achieve compliance with it.

125.538 Dangerous building prohibited.

Sec. 138. It is unlawful for any owner or agent thereof to keep or maintain any dwelling or part thereof which is a dangerous building as defined in section 139.

History: Add. 1969, Act 61, Eff. Sept. 1, 1969.

125.539 “Dangerous building” defined.

Sec. 139. As used in sections 138 to 142, “dangerous building” means a building or structure that has 1 or more of the following defects or is in 1 or more of the following conditions:

(a) A door, aisle, passageway, stairway, or other means of exit does not conform to the approved fire code of the city, village, or township in which the building or structure is located.

(b) A portion of the building or structure is damaged by fire, wind, flood, deterioration, neglect, abandonment, vandalism, or other cause so that the structural strength or stability of the building or structure is appreciably less than it was before the damage and does not meet the minimum requirements of this act or a building code of the city, village, or township in which the building or structure is located for a new building or structure, purpose, or location.

(c) A part of the building or structure is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

(d) A portion of the building or structure has settled to an extent that walls or other structural portions of the building or structure have materially less resistance to wind than is required in the case of new construction by this act or a building code of the city, village, or township in which the building or structure is located.

(e) The building or structure, or a part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fall or give way.

(f) The building, structure, or a part of the building or structure is manifestly unsafe for the purpose for

which it is used.

(g) The building or structure is damaged by fire, wind, or flood, is dilapidated or deteriorated and becomes an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals, or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful or immoral act.

(h) A building or structure used or intended to be used for dwelling purposes, including the adjoining grounds, because of dilapidation, decay, damage, faulty construction or arrangement, or for other reason, is unsanitary or unfit for human habitation, is in a condition that the health officer determines is likely to cause sickness or disease, or is likely to injure the health, safety, or general welfare of people living in the dwelling.

(i) A building or structure is vacant, dilapidated, and open at door or window, leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

(j) A building or structure remains unoccupied for a period of 180 consecutive days or longer, and is not listed as being available for sale, lease, or rent with a real estate broker licensed under article 25 of the occupational code, 1980 PA 299, MCL 339.2401 to 339.2518. For purposes of this subdivision, "building or structure" includes, but is not limited to, a commercial building or structure. This subdivision does not apply to either of the following:

(*i*) A building or structure if the owner or agent does both of the following:

(A) Notifies a local law enforcement agency in whose jurisdiction the building or structure is located that the building or structure will remain unoccupied for a period of 180 consecutive days. The notice shall be given to the local law enforcement agency by the owner or agent not more than 30 days after the building or structure becomes unoccupied.

(B) Maintains the exterior of the building or structure and adjoining grounds in accordance with this act or a building code of the city, village, or township in which the building or structure is located.

(*ii*) A secondary dwelling of the owner that is regularly unoccupied for a period of 180 days or longer each year, if the owner notifies a local law enforcement agency in whose jurisdiction the dwelling is located that the dwelling will remain unoccupied for a period of 180 consecutive days or more each year. An owner who has given the notice prescribed by this subparagraph shall notify the law enforcement agency not more than 30 days after the dwelling no longer qualifies for this exception. As used in this subparagraph, "secondary dwelling" means a dwelling, including, but not limited to, a vacation home, hunting cabin, or summer home, that is occupied by the owner or a member of the owner's family during part of a year.

125.540 Notice of dangerous building; contents; hearing officer; service.

Sec. 140. (1) Notwithstanding any other provision of this act, if a building or structure is found to be a dangerous building, the enforcing agency shall issue a notice that the building or structure is a dangerous building.

(2) The notice shall be served on the owner, agent, or lessee that is registered with the enforcing agency under section 125. If an owner, agent, or lessee is not registered under section 125, the notice shall be served on each owner of or party in interest in the building or structure in whose name the property appears on the last local tax assessment records.

(3) The notice shall specify the time and place of a hearing on whether the building or structure is a dangerous building. The person to whom the notice is directed shall have the opportunity to show cause at the hearing why the hearing officer should not order the building or structure to be demolished, otherwise made safe, or properly maintained.

(4) The hearing officer shall be appointed by the mayor, village president, or township supervisor to serve at his or her pleasure. The hearing officer shall be a person who has expertise in housing matters including, but not limited to, an engineer, architect, building contractor, building inspector, or member of a community housing organization. An employee of the enforcing agency shall not be appointed as hearing officer. The enforcing agency shall file a copy of the notice that the building or structure is a dangerous building with the hearing officer.

(5) The notice shall be in writing and shall be served upon the person to whom the notice is directed either personally or by certified mail, return receipt requested, addressed to the owner or party in interest at the address shown on the tax records. If a notice is served on a person by certified mail, a copy of the notice shall also be posted upon a conspicuous part of the building or structure. The notice shall be served upon the owner or party in interest at least 10 days before the date of the hearing included in the notice.

125.541 Hearing; testimony; determination to close proceedings or order building or structure demolished, made safe, or properly maintained; failure to appear or noncompliance with order; hearing; enforcement; reimbursement and notice of cost; lien; remedies.

Sec. 141. (1) At a hearing prescribed by section 140, the hearing officer shall take testimony of the enforcing agency, the owner of the property, and any interested party. Not more than 5 days after completion of the hearing, the hearing officer shall render a decision either closing the proceedings or ordering the building or structure demolished, otherwise made safe, or properly maintained.

(2) If the hearing officer determines that the building or structure should be demolished, otherwise made safe, or properly maintained, the hearing officer shall enter an order that specifies what action the owner, agent, or lessee shall take and sets a date by which the owner, agent, or lessee shall comply with the order. If the building is a dangerous building under section 139(j), the order may require the owner or agent to maintain the exterior of the building and adjoining grounds owned by the owner of the building including, but not limited to, the maintenance of lawns, trees, and shrubs.

(3) If the owner, agent, or lessee fails to appear or neglects or refuses to comply with the order issued under subsection (2), the hearing officer shall file a report of the findings and a copy of the order with the legislative body of the city, village, or township not more than 5 days after the date for compliance set in the order and request that necessary action be taken to enforce the order. If the legislative body of the city, village, or township has established a board of appeals under section 141c, the hearing officer shall file the report of the findings and a copy of the order with the board of appeals and request that necessary action be taken to enforce the order. A copy of the findings and order of the hearing officer shall be served on the owner, agent, or lessee in the manner prescribed in section 140.

(4) The legislative body or the board of appeals of the city, village, or township, as applicable, shall set a date not less than 30 days after the hearing prescribed in section 140 for a hearing on the findings and order of the hearing officer. The legislative body or the board of appeals shall give notice to the owner, agent, or lessee in the manner prescribed in section 140 of the time and place of the hearing. At the hearing, the owner, agent, or lessee shall be given the opportunity to show cause why the order should not be enforced. The legislative body or the board of appeals of the city, village, or township shall either approve, disapprove, or modify the order. If the legislative body or board of appeals approves or modifies the order, the legislative body shall take all necessary action to enforce the order. If the order is approved or modified, the owner, agent, or lessee shall comply with the order within 60 days after the date of the hearing under this subsection. For an order of demolition, if the legislative body or the board of appeals of the city, village, or township determines that the building or structure has been substantially destroyed by fire, wind, flood, deterioration, neglect, abandonment, vandalism, or other cause, and the cost of repair of the building or structure will be greater than the state equalized value of the building or structure, the owner, agent, or lessee shall comply with the order of demolition within 21 days after the date of the hearing under this subsection. If the estimated cost of repair exceeds the state equalized value of the building or structure to be repaired, a rebuttable presumption that the building or structure requires immediate demolition exists.

(5) The cost of demolition includes, but is not limited to, fees paid to hearing officers, costs of title searches or commitments used to determine the parties in interest, recording fees for notices and liens filed with the county register of deeds, demolition and dumping charges, court reporter attendance fees, and costs of the collection of the charges authorized under this act. The cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure or grounds adjoining the building or structure incurred by the city, village, or township to bring the property into conformance with this act shall be reimbursed to the city, village, or township by the owner or party in interest in whose name the property appears.

(6) The owner or party in interest in whose name the property appears upon the last local tax assessment records shall be notified by the assessor of the amount of the cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure or grounds adjoining the building or structure by first class mail at the address shown on the records. If the owner or party in interest fails to pay the cost within 30 days after mailing by the assessor of the notice of the amount of the cost, the city, village, or township shall have a lien for the cost incurred by the city, village, or township to bring the property into conformance with this act. The lien shall not take effect until notice of the lien has been filed or recorded as provided by law. A lien provided for in this subsection does not have priority over previously filed or recorded liens and encumbrances. The lien for the cost shall be collected and treated in the same manner as provided for property tax liens under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157.

(7) In addition to other remedies under this act, the city, village, or township may bring an action against

the owner of the building or structure for the full cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure or grounds adjoining the building or structure. A city, village, or township shall have a lien on the property for the amount of a judgment obtained under this subsection. The lien provided for in this subsection shall not take effect until notice of the lien is filed or recorded as provided by law. The lien does not have priority over prior filed or recorded liens and encumbrances.

History: Add. 1969, Act 61, Eff. Sept. 1, 1969;—Am. 1992, Act 113, Eff. Mar. 31, 1993;—Am. 1992, Act 144, Eff. Mar. 31, 1993;—Am. 2003, Act 55, Imd. Eff. July 14, 2003.

125.541a Enforcement of judgment against other assets; lien; effectiveness; priority.

Sec. 141a. (1) A judgment in an action brought pursuant to section 141(7) may be enforced against assets of the owner other than the building or structure.

(2) A city, village, or township shall have a lien for the amount of a judgment obtained pursuant to section 141(7) against the owner's interest in all real property located in this state that is owned in whole or in part by the owner of the building or structure against whom the judgment is obtained. A lien provided for in this section does not take effect until notice of the lien is filed or recorded as provided by law, and the lien does not have priority over prior filed or recorded liens and encumbrances.

History: Add. 1992, Act 109, Eff. Mar. 31, 1993.

125.541b Noncompliance with order as misdemeanor; penalties; designation of blight violation by municipality.

Sec. 141b. (1) Except as otherwise provided under subsection (2), a person who fails or refuses to comply with an order approved or modified by the legislative body or board of appeals under section 141 within the time prescribed by that section is guilty of a misdemeanor punishable by imprisonment for not more than 120 days or a fine of not more than $1,000.00, or both.

(2) If a legislative body of a municipality formed under the home rule city act, 1909 PA 279, MCL 117.1 to 117.38, has enacted an ordinance that is substantially the same as sections 138 to 142, the municipality may designate the violation of its ordinance as a blight violation in accordance with section 4q of the home rule city act, 1909 PA 279, MCL 117.4q.

125.667 Revenue bonds generally.

Sec. 17. (1) For the purpose of defraying the cost of purchasing, acquiring, constructing, improving, enlarging, extending, or repairing any housing project or combined projects, any borrower may borrow money and issue revenue bonds. The bonds may be awarded before an authorizing ordinance or resolution is adopted; however, the bonds shall not be issued unless and until authorized by an ordinance or resolution setting forth a brief description of the contemplated housing project or combined projects and the site or sites of the project or projects, time and place of payment, and other details in connection with the issuance and sale of the bonds.

(2) Except as otherwise provided by this act, the bonds issued under this act are subject to the revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140. If less than all of the bonds authorized in connection with a project or combined projects are sold to the United States housing authority or a successor agency, the balance of the bonds may also be sold at private sale at an interest cost to the borrower of not more than the interest cost to the borrower of the portion of the bonds sold to the United States of America or any agency or instrumentality of the United States of America.

(3) Notes issued in connection with a housing project or combined projects prior to the issuance of bonds may be accepted in payment of bonds sold in connection with the housing project or combined projects if the notes provide. In a contract for the purchase, acquisition, or construction of any housing facility or for the improvement, enlargement, extension, or repair of the project or projects, provision may be made that payment shall be made in the bonds.

(4) The bonds may be made payable in funds that are on the respective dates of payment of interest and principal upon the bonds, legal tender for debts due the United States of America. All bonds and notes issued under this act, the interest on the bonds and notes, and their transfer are exempt from all taxation by this state or any political subdivisions of this state.

(5) The principal of and interest upon the bonds shall be payable, except as provided in this act, solely from the revenue derived from the operation of the housing project or combined projects, for the purchase, acquisition, construction, improvement, enlargement, extension, or repair of which the bonds are issued, and from contributions received for or in aid of the project or combined projects, from whatever source derived. The contributions may be pledged to the payment of any or all bonds issued in connection with the project or combined projects, as the borrower may provide. Bonds issued pursuant to this act shall not constitute an indebtedness of a borrower within the meaning of state constitutional provisions or statutory limitations. There shall be plainly stated on the face of each bond substantially as follows:

"This bond is a revenue bond and the principal of and interest on this bond are exempt from any and all state, county, city, village, or other taxation under the laws of this state and are secured by the statutory lien created by 1933 (Ex Sess) PA 18, MCL 125.651 to 125.709c, and payable solely from contributions received for or in aid of the project or combined projects in connection with which the bonds are issued or from the revenues of the project or combined projects or from both the revenues and contributions, as the case may be, and are not a general obligation of the borrower."

(6) The bonds shall have all the qualities of negotiable instruments under the uniform commercial code, 1962 PA 174, MCL 440.1101 to 440.11102. The authorizing ordinance or resolution may provide that the bonds shall be issued under a trust indenture, the authorized form of which shall be set forth in the ordinance

or resolution, and any provision required or permitted by this act to appear in the authorizing ordinance or resolution shall be considered to be included in the ordinance or resolution if set forth in the trust indenture.

If bonds are issued for the purposes of cooperative financing, holders of the bonds also have a statutory first lien on the specific portion of the annual contributions payable to the cooperating borrowers or their agencies and authorized to be pledged to the payment of bonds and the interest thereon, pursuant to certain contracts between the cooperating borrowers or their agents and the United States which contracts shall be described in any ordinance authorizing any such bonds and are herein collectively called the "annual contributions contract". Sec. 27. (1) It is hereby declared to be the policy of this state that each commission shall manage and operate, or cause to be managed and operated, its housing projects in an efficient manner so as to enable it to fix the rentals for dwelling accommodations at the lowest possible rates consistent with its providing decent, safe, and sanitary dwelling accommodations, and that no commission shall construct or operate any project for profit. To this end, the commission shall fix the rentals for dwellings in projects at no higher rates than it finds to be necessary in order to produce revenues which, together with all other money, revenues, income, and receipts from whatever sources derived available for such purposes, will be sufficient to do the following:

The rental receipts attributable to this subsection may be used by the commission for any purpose for which bonds or notes may be issued under this act or to secure bonds or notes issued by the borrower pursuant to this act for other projects of the commission.

125.693 Immediate necessity.

Sec. 43. The necessity for the immediate effective date of this act lies in the fact that, whereas there is a demand in congested sections of Michigan for housing of families of low income and for the reconstruction of slum areas, and whereas no existing laws or charters of the state of Michigan provide for the organization and operation of public housing commissions as contemplated in the National Industrial Recovery Act which would enable Michigan cities and villages to secure grants and loans from the United States government for the purpose of providing housing for families of low income, and whereas such laws are in existence in other states, which will enable such states to obtain a grant and borrow money from the United States government, and whereas such funds secured from the United States government by public housing commissions will make possible the beginning immediately of building projects which will furnish employment of Michigan citizens. Therefore, this act is hereby declared to be immediately necessary for the preservation of the public peace, health, safety, convenience and welfare of the people of the state of Michigan.

Act 250 of 1941

AN ACT to provide for the creation of urban redevelopment corporations for the purpose of clearing, replanning, rehabilitating, modernizing, beautifying, and reconstructing substandard and insanitary areas; to provide for the powers and duties of urban redevelopment corporations and certain local units of government; to grant limited tax exemptions and powers of condemnation; and to provide for certain regulations and control by public agencies.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—Am. 1945, Act 102, Eff. Sept. 6, 1945;—Am. 1968, Act 325, Imd. Eff. July 3, 1968;—Am. 1992, Act 138, Imd. Eff. July 15, 1992.

The People of the State of Michigan enact:

125.901 Urban redevelopment corporations law; short title; applicability to townships.

Sec. 1. (1) This act shall be known and may be cited as the "urban redevelopment corporations law."

(2) This act applies to townships in the same manner and to the same extent as it applies to cities. However, the development area in a township shall be limited to property that was used for a state office, hospital, prison, institution of higher education, or other state facility.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.901;—Am. 1992, Act 138, Imd. Eff. July 15, 1992.

Compiler's note: The catchlines following the act section numbers were incorporated as part of the act as enacted.

125.902 Legislative findings; policy of state; purpose of act.

Sec. 2. It is declared that in the cities of the state substandard and insanitary areas exist which have resulted from inadequate planning, excessive land coverage, lack of proper light, air, and open space, pollution, neglect, defective design and arrangement of buildings, lack of proper sanitary facilities, and the existence of buildings, which, by reason of age, obsolescence, inadequate or outmoded design, or physical deterioration, have become economic or social liabilities, or both; that such conditions are prevalent in areas where substandard, insanitary, outworn or outmoded industrial, commercial or residential buildings and polluted and neglected water courses prevail, and are conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, crime and poverty; that such conditions impair the economic value of large areas, infecting them with economic blight, and that such areas are characterized by depreciated values, impaired investments, and reduced capacity to pay taxes; that such conditions are chiefly in areas which are so subdivided into small parcels in divided ownerships and frequently with defective titles, that their assembly for purposes of clearance, replanning, rehabilitation and reconstruction is difficult and costly; that the existence of such conditions and the failure to clear, replan, rehabilitate or reconstruct these areas result in a loss of population in some areas, and congestion and over-crowding in other areas and further deterioration, accompanied by added costs to the communities for creation of new public facilities and services elsewhere; that it is difficult and uneconomic for individual owners independently to undertake to remedy such conditions; that it is desirable to encourage owners of property or holders of claims thereon in such areas to join together and with outsiders in corporate groups for the purpose of the clearance, replanning, rehabilitation, modernization, improvement and reconstruction of such areas by joint action; that it is necessary to create, with proper safeguards, inducements and opportunities for the employment of private investment and equity capital in the clearance, replanning, rehabilitation, modernization, improvement and reconstruction of such areas; that such conditions require the employment of such capital on an investment rather than a speculative basis, allowing, however, the widest latitude in the amortization of any indebtedness created thereby; that such conditions further require the acquisition at fair prices of adequate areas, the gradual clearance of such areas through demolition of existing obsolete, inadequate, unsafe and insanitary buildings and the redevelopment of such areas under proper supervision with appropriate planning, land use and construction policies; that the clearance, replanning, rehabilitation, modernization, improvement and reconstruction of such areas on a large scale basis are necessary for the public welfare; that the clearance, replanning, reconstruction, modernization, improvement and rehabilitation of such areas are public uses and purposes for which private property may be acquired; that such substandard and insanitary areas constitute a menace to the health, safety, morals, welfare and reasonable comfort of the citizens of the state; that such conditions require the creation of the agencies, instrumentalities and corporations hereinafter described, which are hereby declared to be agencies and instrumentalities of the state, for the purpose of attaining the ends herein recited; that the protection and promotion of the health, safety, morals, welfare and reasonable comfort of the citizens of the state are matters of public concern; and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

Subsequent stages shall be stated by brief general description in the original redevelopment plan, and in reasonable detail in amendments to the redevelopment plan made pursuant to subsection 5 of this section;

(h) A description of the means through which persons displaced by the redevelopment shall have priority in occupying any new housing in the redevelopment area, if they meet reasonable requirements of responsibility.

2. No development shall be initiated until certificates of approval of the development plan therefor shall have been issued by both the planning commission and the supervising agency.

3. A planning commission may approve a development plan, but no certificate of approval thereof shall be issued by it unless and until an application for approval has been filed with it, together with the development plan, and unless and until the planning commission shall determine:

(a) That the area within which the development area is included is substandard or insanitary or is polluted or neglected and that the redevelopment of the development area in accordance with the development plan is necessary or advisable to effectuate the public purposes declared in section 2;

(b) That the development plan is in accord with the master plan, or city map, if any, of the city;

(c) That the development area is of sufficient size to allow its redevelopment in an efficient and economically satisfactory manner;

(d) That the various stages, if any, by which the development is proposed to be constructed or undertaken, as stated in the development plan, are practicable and in the public interest;

(e) That public facilities, including, but not limited to school, fire, police, transportation, park, playground and recreation, are presently adequate, or will be adequate, at the time that the development is ready for use, to service the development area;

influences and for the city as a whole;

(g) Upon data submitted by or on behalf of the redevelopment corporation, or upon data otherwise available to the planning commission, that there will be available for occupation by families, if any, then occupying dwelling accommodations in the development area similar accommodations at substantially similar rentals in the development area or elsewhere in a suitable location in the city, and that the carrying into effect of the development plan will not cause undue hardship to such families.

Any such determination shall be conclusive evidence of the facts so determined except upon proof of fraud or wilful misfeasance. In arriving at such determination, the planning commission shall consider only those elements of the development plan relevant to such determination under subparagraphs (a) through (g) of this paragraph 3 of section 4 and to the type of development which is physically desirable for the development area concerned from a city planning viewpoint, and from a neighborhood unit viewpoint if the development plan provides that the development area is to be primarily residential. Upon approval of a development plan by the planning commission, it shall forthwith issue a certificate of approval thereof.

A planning commission may state general standards of city and neighborhood unit planning to which a development plan should conform to be approved by it. Such standards, however, shall be as flexible as possible and only for the guidance of prospective proponents of development plans. Variations therefrom shall be freely allowed upon a showing of their advisability, to the end that individual initiative be encouraged.

4. A supervising agency may approve a development plan, but no certificate of approval thereof shall be issued by it unless and until the planning commission shall first have approved thereof and there has been filed with the supervising agency the development plan, the certificate of approval by the planning commission and an application for approval by the supervising agency, and unless and until the supervising agency shall determine:

(a) That the proposed method of financing the development is feasible and that it is probable that the redevelopment corporation will be able to finance or arrange to finance the development;

(b) That the persons who it is proposed will be active in or associated with the management of the redevelopment corporation during a period of at least 1 year from the date of the approval of the development plan have sufficient ability and experience to cause the development to be undertaken, consummated and managed in a satisfactory manner.

Any such determination shall be conclusive evidence of the facts so determined except upon proof of fraud or wilful misfeasance. In considering whether or not a certificate of approval of the development plan shall be issued, the supervising agency shall consider only those elements of the development plan relevant to such determination under subparagraphs (a) and (b) of this paragraph 4 of section 4. Upon approval of a development plan by the supervising agency, it shall forthwith issue a certificate of approval thereof.

5. The planning commission and the supervising agency may approve an amendment or amendments to a development plan, but no such amendment to a development plan which has theretofore been approved by the planning commission and the supervising agency shall be approved unless and until an application therefor has been filed with the planning commission or the supervising agency by the redevelopment corporation containing that part of the material required by paragraph 1 of this section 4 which shall be relevant to the proposed amendment, and unless and until the planning commission or the supervising agency, as the case may be, shall make the determinations required by paragraph 3 or 4 of this section 4 which shall be relevant to the proposed amendment.

6. The planning commission and the supervising agency may each adopt a schedule of fees to be paid upon the filing of the development plan, amendments thereto and other instruments in connection therewith. The amount of these fees shall not exceed the reasonable cost of the examining, inspectional and supervisory services required under this act.

125.905 Supervising agency; appointment.

Sec. 5. The local legislative body of a city is hereby authorized by general ordinance or local law to appoint, establish or designate the chief financial officer of the city or some other official or bureau, commission or agency as the person or body to exercise the powers and perform the duties held by or incumbent upon a supervising agency pursuant to this act.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.905;—Am. 1968, Act 325, Imd. Eff. July 3, 1968.

125.906 Redevelopment corporation; organization; articles; forfeiture of rights; name.

Sec. 6. 1. At any time 1 or more natural persons, corporations or partnerships may incorporate a redevelopment corporation on making, subscribing, acknowledging and filing in the corporation and

securities commission a certificate pursuant to the general corporation law, which shall be entitled and endorsed "certificate of incorporation of ..... redevelopment corporation, pursuant to the general corporation law," the blank space being filled in with the remainder of the name of the corporation. Such certificate shall contain the provisions required in, and may contain any provisions consistent with the provisions of this act permitted in, a certificate of incorporation filed pursuant to the general corporation law, except that:

(a) Included among the purposes for which the corporation is formed shall be the formulation, obtaining the approval of, and putting into effect of a development plan, the acquisition of real property in a development area, and the construction, maintenance and operation of a development pursuant to this act;

(b) The duration of the corporation shall not be less than 20 years;

(c) The certificate may provide for the issuance of income debentures, in which case the holders of such debentures may be allowed such voting rights as shall be specified therein;

(d) The certificate may provide that the corporation shall have the power to cooperate with and participate in any programs of the federal or state governments which have been or may be enacted for purposes of the development or redevelopment of areas of cities which are substandard, insanitary, polluted or neglected.

(e) The certificate may provide that the corporation shall have the power to guarantee, purchase, hold, sell, assign, transfer, mortgage, pledge or otherwise dispose of any bonds, securities or evidence of indebtedness created by any person or other legal entity related to properties or businesses located in the redevelopment area.

(f) The certificate shall contain a declaration that the redevelopment corporation has been organized to serve a public purpose, and that it shall be subject to supervision and control as provided in this act. A copy of such certificate shall be filed with the planning commission and the supervising agency having jurisdiction within 10 days of its being filed in the corporation and securities commission.

2. At any time any domestic corporation which is not a redevelopment corporation, but which has been incorporated pursuant to the general corporation law may become a redevelopment corporation by filing an appropriate certificate or certificates pursuant to the general corporation law changing the provisions of its certificate of incorporation to eliminate any provisions therein inconsistent with the provisions of this act and adding or substituting the provisions required by this section by changing its name to a name corresponding to the form "..... redevelopment corporation," and making all the other changes necessary to enable it to conform with all of the provisions of this act. Any such certificate shall be prepared and filed pursuant to the general corporation law, except that in addition to citing such law in the title of such certificate, the title shall also state that it is being made pursuant to section 6.

3. If a redevelopment corporation shall not have obtained the certificates of approval of its development plan required by section 4 within 12 months of the date upon which it became a redevelopment corporation, or shall not substantially comply with the development plan within the time limit for the completion of each stage thereof as therein stated, reasonable delays caused by unforeseen difficulties excepted, then upon the filing in the department of state of a certified copy of the order of the court establishing such failure to obtain such certificate or substantially so to comply, obtained pursuant to section 14, such redevelopment corporation shall cease to have the special rights, powers and privileges granted to, or be subject to the special duties, liabilities and restrictions imposed upon, a redevelopment corporation by this act, and shall thereafter change its name to remove the word "redevelopment" therefrom. In such event, however, such corporation may thereafter continue in existence as a corporation, subject to the general corporation law. In the event that a certified copy of such order shall be so filed, all real property acquired by or for such redevelopment corporation by condemnation shall be disposed of, either alone or in conjunction with additional real property not so acquired, within a reasonable time by bona fide sale conducted in such a manner as may be prescribed by ordinance of the local legislative body. All amounts received by the redevelopment corporation for such real property in excess of an amount equal to that portion of the development cost allocable to the real property being disposed of, shall be paid to the city.

4. No corporation now organized under the laws of the state shall change its name to a name, and no such corporation hereafter organized shall have a name, containing the word "redevelopment" as a part thereof, unless and until such corporation is or becomes a redevelopment corporation. No foreign corporation now authorized to do business in the state shall change its name to a name, and no such corporation shall hereafter be authorized to do business in the state with a name, containing the word "redevelopment" as a part thereof.

2. Change, alter, amend, add to or depart from the development plan within 20 years of the issuance of the certificates of approval required by section 4 of this act, until the planning commission or the supervising agency, as the case may be, has issued a certificate of approval of that portion of such change, alteration, amendment, addition or departure relevant to the determination required to be made by it as set forth in section 4 of this act;

3. After a development has been commenced, sell, transfer or assign any real property in the development area without first obtaining the consent of the supervising agency;

9. Make any guarantee without obtaining the approval of the supervising agency;

10. Dissolve without obtaining the approval of the supervising agency, which may be given upon such conditions as the supervising agency may deem necessary or appropriate to the protection of the interest of the city in the proceeds of the sale of the real property acquired by condemnation as provided in paragraph 3 of section 6 of this act, such approval to be endorsed on the certificate of dissolution and such certificate not to be filed in the department of state in the absence of such endorsement;

Sec. 8. Application of other corporation laws to redevelopment corporations. The provisions of the general corporation law as presently in effect and as hereafter from time to time amended, shall apply to redevelopment corporations, except where such provisions are in conflict with the provisions of this act. In the event that any action with respect to which the holders of income debentures shall have the right to vote is proposed to be taken, then notice of any meeting at which such action is proposed to be taken shall be given to such holders in the same manner and to the same extent as if they were stockholders entitled to notice of and to vote at such meeting, and any certificate filed pursuant to law in the department of state with respect to any such action, whether taken with or without meeting, and any affidavit required by law to be annexed to such certificate shall contain the same statements or recitals, and such certificate shall be subscribed and acknowledged, and such affidavit shall be made, in the same manner as if such holders were stockholders holding shares of an additional class of stock entitled to vote on such action, or with respect to the proceedings provided for in such certificate.

125.910 Determination of development cost; procedure.

Sec. 10. 1. Upon the completion of a development, a redevelopment corporation shall, or upon the completion of a principal part of a development, a redevelopment corporation may, file with the supervising agency an audited statement of the development cost thereof. Within a reasonable time after the filing of such statement, the supervising agency shall determine the development cost applicable to the development or such portion thereof and shall issue to the redevelopment corporation a certificate stating the amount thereof as so determined.

2. A redevelopment corporation may, at any time, whether prior or subsequent to the undertaking of any contract or expense, apply to the supervising agency for a ruling as to whether any particular item of cost

therein may be included in development cost when finally determined by the supervising agency, and the amount thereof. The supervising agency shall, within a reasonable time after such application, not to exceed 60 days, render a ruling thereon, and in the event that it shall be ruled that any item of cost may be included in development cost, or upon failure of the supervising agency to make such ruling within 60 days, the amount thereof as so determined shall be so included in development cost when finally determined.

Any provision of the general corporation law to the contrary notwithstanding, 1 member of the board of directors of a redevelopment corporation shall be a designee of the supervising agency, as long as any of the real property of the redevelopment corporation is entitled to the tax exemption provided for in section 12 of this act.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.911.

125.912 Exemption from increase in assessed value; limitations; development plan; "qualified entity" defined.

Sec. 12. (1) A local legislative body is authorized by the adoption or enactment of an ordinance or local law to exempt real property located within the city or township owned by a redevelopment corporation or a qualified entity during a maximum exemption period that shall not exceed 40 years from any increase in assessed value over the maximum assessed value. After the adoption or enactment of the ordinance or local law, every parcel of real property owned by any redevelopment corporation or a qualified entity in a development shall be exempt during the maximum exemption period from any increase in assessed value over or in excess of the maximum assessed value. An exemption described in this subsection shall not, however, apply to any improvement made upon the real property after the beginning of the maximum exemption period but the local legislative body may, by appropriate legislative action, establish a maximum assessed value and maximum exemption period, not to exceed 40 years, for those subsequent improvements.

(2) For the purpose of fixing the date of commencement of the maximum exemption period for a group of parcels of real property in a development area, the city or township is authorized with the approval of its local legislative body to contract with a redevelopment corporation to place in 1 or more groups the various parcels of real property in a development area. A contract described in this subsection may provide that all the parcels in each group shall be considered to have a common stated date of completion of the development by the redevelopment corporation or qualified entity.

(3) A development plan may include property located in a township only if that property was previously used by this state for an office, hospital, prison, institution of higher education, or other state facility.

(4) For purposes of this section, "qualified entity" means either of the following:

(a) A Michigan nonprofit corporation or a Michigan limited partnership having a Michigan nonprofit corporation as its sole general partner, if 1 or more of the following apply:

(*i*) A majority of each class of stock in the nonprofit corporation is owned by the redevelopment corporation.

(*ii*) A majority of the members of the board of directors of the nonprofit corporation are elected and removable by the redevelopment corporation.

(*iii*) The redevelopment corporation is the sole member of the nonprofit corporation.

(b) A for-profit corporation, partnership, or limited liability company formed or incorporated by the redevelopment corporation for the sole purpose of syndicating historic tax credits or low-income housing tax credits in connection with the redevelopment of a property that has been owned by the redevelopment corporation, if the redevelopment corporation maintains oversight responsibility for the management and operation of the property for which historic tax credits or low-income housing tax credits were syndicated and the for-profit entity does not engage in any other business activity unrelated to the property.

(b) Serve as a shareholder or member of a qualified nonprofit corporation organized under the laws of this state.

(c) Authorize, approve, execute, and file with the Michigan department of consumer and industry services those documents that are appropriate to form and continue 1 or more nonprofit corporations.

Sec. 12b. (1) Funds for the operation of a redevelopment corporation may be loaned or granted by the city or township, this state, the federal government, or any agency or political subdivision of this state or the federal government. The city or township, through its local legislative body, may condition the provision of funds to the redevelopment corporation upon an agreement that the redevelopment corporation shall as soon as possible reimburse the city or township for all money expended by it for the redevelopment corporation from revenues received from other sources.

(2) A redevelopment corporation may solicit, accept, and enter into agreements relating to grants from any public or private source, including this state, the federal government, or any agency or political subdivision of this state or the federal government, and may carry out any federal or state program related to the purposes for which the redevelopment corporation is created.

125.913 Return on income debentures and stock; limitations.

Sec. 13. Limited return on income debentures and stock.

1. No redevelopment corporation shall pay any interest on its income debentures or dividends on its stock during any dividend year, unless there shall exist at the time of any such payment no default under any amortization requirements with respect to its indebtedness.

2. No redevelopment corporation shall pay or declare as interest on its income debentures and as dividends on its stock during any dividend year during any portion of which there shall exist pursuant to section 12 of this act any exemption from local taxation on any of its real property, in an amount in excess of the maximum dividend, except as provided in paragraphs 3 and 4 of this section 13.

3. In the event that in any dividend year the maximum exemption period with respect to some of the parcels of real property held by a redevelopment corporation shall have expired, and with respect to some such parcels shall not have expired, then that portion of its net earnings which may be paid or declared as interest on its income debentures and as dividends on its stock during such dividend year shall be determined as follows: Multiply the net earnings of the corporation subject to payment or declaration as such interest or dividends, by a fraction the numerator of which is the total of the maximum assessed valuation of all real property for which the maximum exemption period has not expired and the denominator of which is the total of the maximum assessed valuation of all the real property of the corporation; and the result will be the apportioned net earnings restricted as to payment as such interest or dividends; compute the amount of the maximum dividend as though no apportionment of the same were to be affected and multiply the amount so arrived at by the same fraction; and the result will be the apportioned maximum dividend; only that portion of such apportioned net earnings which does not exceed such apportioned maximum dividend may be paid or declared as such interest or dividends; and that portion of the net earnings obtained by subtracting from total net earnings such apportioned net earnings restricted as to payment as such interest and dividends may be paid or declared without restriction as such interest or dividends.

4. In the event that in any 1 or more prior dividend years the total amount paid or declared as interest on the corporation's income debentures or as dividends on its stock shall have been less than the amounts allowable pursuant to paragraphs 2 and 3 of this section 13, then cumulative interest and dividends equal to the difference may be paid out of any net income applicable thereto in any subsequent dividend year despite the limitation imposed by paragraph 2 of this section 13.

125.914 Proceedings against redevelopment corporations; parties.

Sec. 14. Enforcement proceedings against redevelopment corporations. Whenever a redevelopment corporation shall not have obtained the certificates of approval of its development plan required by section 4 of this act within 12 months of the date upon which it became a redevelopment corporation, or shall not have substantially complied with its development plan within the time limits for the completion of each stage thereof as therein stated, reasonable delays caused by unforeseen difficulties excepted, or shall do, permit to be done or fail or omit to do anything contrary to or required of it, as the case may be, by this act, or shall be about so to do, permit to be done or fail or omit to have done, as the case may be, then any such fact may be certified by the planning commission or the supervising agency, whichever shall have supervision thereof, to the chief legal officer of the city, who may thereupon commence a proceeding in the circuit court of the county in which such city is located in its name for the purpose of having such action, failure or omission, or threatened action, failure or omission, established by order of the court for the purpose stated in paragraph 3 of section 6 of this act, or stopped, prevented or otherwise rectified by mandamus, injunction or otherwise. Such proceedings shall be commenced by a petition to the circuit court alleging the violation complained of and praying for appropriate relief. It shall thereupon be the duty of the court to specify the time, not exceeding 20 days after service of a copy of the petition, within which the redevelopment corporation complained of must answer the petition. The court shall, immediately after a default in answering or after answer, as the case may be, inquire into the facts and circumstances in such manner as the court shall direct without other or formal proceedings, and without respect to any technical requirements. Such other persons or corporations as it shall seem to the court necessary or proper to join as parties in order to make its orders or judgment effective may be joined as parties. The final judgment or order in any such action or proceeding shall dismiss the action or proceeding or establish the failure complained of or direct that a mandamus order, or an injunction, or both, issue, or grant such other relief as the court may deem appropriate.

125.915 Real estate; transfer to redevelopment corporations.

Sec. 15. Transfer of real property to redevelopment corporation. Notwithstanding any requirement of law to the contrary or the absence of direct provision therefor in the instrument under which a fiduciary is acting, every executor, administrator, trustee, guardian or any other person, holding trust funds or acting in a fiduciary capacity, unless the instrument under which such fiduciary is acting expressly forbids, the state, its subdivisions, cities, all other public bodies, all public officers, corporations organized under or subject to the provisions of the banking law (including savings banks, savings and loan associations, trust companies, private bankers and private banking corporations), the commissioner of the banking department as conservator, liquidator or rehabilitator of any such person, partnership or corporation, persons, partnerships and corporations organized under or subject to the provisions of the insurance law, the commissioner of insurance as conservator, liquidator or rehabilitator of any such person, partnership or corporation, any of which owns or holds any real property within a development area, may grant, sell, lease or otherwise transfer any such real property to a redevelopment corporation, and receive and hold any cash, stocks, income debentures, mortgages, or other securities or obligations, secured or unsecured, exchanged therefor by such redevelopment corporation, and may execute such instruments and do such acts as may be deemed necessary or desirable by them or it and by the redevelopment corporation in connection with the development and the development plan.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.915.

125.916 Acquisition of real estate; methods; condemnation.

Sec. 16. 1. A redevelopment corporation may, whether before or after the certificates of approval of its development plan required by section 4 have been issued, acquire real property or secure options in its own name or in the name of nominees to acquire real property, by gift, grant, lease, purchase or otherwise.

2. A city may, upon request by a redevelopment corporation, and after a certificate of approval of condemnation with respect to the real property in question has been issued pursuant to sections 17 and 17a, acquire, or obligate itself to acquire, for such redevelopment corporation any real property included in such certificate of approval of condemnation, by condemnation. Real property acquired by a city for a redevelopment corporation shall be conveyed by such city to the redevelopment corporation upon payment to the city of all sums expended or required to be expended by the city in the acquisition of such real property, together with all costs which may have been incurred by the city.

3. The provisions of this act with respect to the condemnation of real property by a city for a redevelopment corporation shall prevail over the provisions of any other general, special or local law.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.916;—Am. 1968, Act 325, Imd. Eff. July 3, 1968.

125.917 Condemnation; proceedings; damages; compensation.

Sec. 17. 1. When it is desired that any real property in a development area be acquired by condemnation, there shall be presented to the supervising agency by the redevelopment corporation a verified petition requesting the issuance of a certificate of approval of condemnation of such real property which shall contain, among other things:

(a) A metes and bounds description or other legal description of the real property involved and a statement of the estate, interest, privileges, franchise or right therein or appurtenant thereto to be condemned;

(b) Proof that such real property is within the development area;

(c) Proof that certificates of approval of the development plan required by section 4 have been issued.

The supervising agency shall determine within a reasonable time thereafter the truth or sufficiency of the statements and proof contained in such petition, and, if such determination shall be in the affirmative, the supervising agency shall issue to the petitioner a certificate of approval of condemnation. Such certificate shall contain a description of the real property proposed to be condemned, the facts so determined with respect thereto, and a statement that the real property proposed to be condemned is required for a public use and that its acquisition for such use is necessary. No condemnation proceeding to acquire real property in a development area, by a city for a redevelopment corporation, shall be commenced until such a certificate of approval of condemnation shall have been issued.

2. Condemnation proceedings for a redevelopment corporation shall be initiated by a petition to the city to institute proceedings to acquire for the redevelopment corporation any real property in the development area. Such petition shall be granted or rejected by the local legislative body, and the resolution or resolutions granting such petition shall contain a requirement that the redevelopment corporation shall pay to the city all sums expended or required to be expended by the city in the acquisition of such real property, together with all costs incurred by the city, and the time of payment and manner of securing payment thereof, and may require that the city shall receive, before proceeding with the acquisition of such real property, such assurances as to payment or reimbursement by the redevelopment corporation, or otherwise, as the city may deem advisable. Upon the passage of a resolution or resolutions by the local legislative body, granting the petition, the redevelopment corporation shall cause to be made 3 copies of surveys or maps of the real property described in the petition, 1 of which shall be filed in the office of the redevelopment corporation, 1 in the office of the corporation counsel or chief law officer of the city, and 1 in the office in which instruments affecting real property in the county are recorded. The filing of such copies of surveys or maps shall constitute the acceptance by the redevelopment corporation of the terms and conditions contained in such ordinance or ordinances. The city shall proceed under any provision of any general, special or local law applicable to the condemnation of real property for public improvements. When title to the real property shall have vested in the city, it shall convey the same to the redevelopment corporation upon payment by the redevelopment corporation of the sums and the giving of the security required by the resolution granting the petition. As soon as title shall have vested in the city, the redevelopment corporation may, upon the authorization of the local legislative body enter upon the real property taken, take over and dispose of existing improvements, and carry out the terms of the development plan with respect thereto.

3. The following provisions shall apply to any proceedings for the assessment of compensation and damages for real property in a development area taken or to be taken by condemnation for a redevelopment corporation:

(a) Evidence of the price and other terms upon any sale, offer to sell, or the rent received or reserved, whichever is less, and other terms upon any sales option, lease or tenancy relating to any of the real property taken or to be taken or to any comparable real property in the vicinity when the option, sale, offer or lease was given, occurred or the tenancy existed, within a reasonable time of the trial, shall be admissible on direct examination;

(b) Any time during the pendency of such action or proceeding, the redevelopment corporation, the city or any owner may apply to the court for an order directing any owner, the redevelopment corporation, or the city, as the case may be, to show cause why further proceedings should not be expedited, and the court may upon such application make an order requiring that the hearings proceed and that any other steps be taken with all possible expedition;

(c) For the purposes of this act, the award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of this act of the real property in the development area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of the proceedings to condemn such property;

(d) Evidence shall be admissible bearing upon the insanitary, unsafe or substandard condition of the premises, or the illegal use thereof, or the enhancement of rentals from such illegal use, and such evidence may be considered in fixing the compensation to be paid, notwithstanding that no steps to remedy or abate such conditions have been taken by the department or officers having jurisdiction. If a violation order is on file against the premises in any such department, it shall constitute prima facie evidence of the existence of the condition specified in such order;

(e) If any of the real property in the development area which is to be acquired by condemnation has, prior to such acquisition, been devoted to another public use, it may nevertheless be acquired provided that no real property belonging to the city or to any other governmental body, or agency or instrumentality thereof, corporate or otherwise, may be acquired without its consent;

(f) Upon the trial, evidence of the price and other terms upon a sale or assignment or of a contract for the sale or assignment of a mortgage, award, proposed award, transfer of a tax lien or lien of a judgment relating to property taken, shall be relevant, material and competent, upon the issue of value or damage and shall be admissible on direct examination;

(g) Upon the trial a statement, affidavit, deposition, report, transcript of testimony in an action or proceeding, or appraisal made or given by any owner or prior owner of the premises taken, or by any person on his behalf, to any court, governmental bureau, department or agency respecting the value of the real property for tax purposes, shall be relevant, material and competent upon the issue of value of damage and shall be admissible on direct examination;

(h) The term "owner," as used in this section, shall include a person having an estate, interest or easement in the real property to be acquired or a lien, charge or encumbrance thereon.

125.917a Condemnation, law applicable.

Sec. 17a. Notwithstanding the provisions of section 17, condemnation proceedings under this act shall be pursuant to Act No. 149 of the Public Acts of 1911, as amended, being sections 213.21 to 213.41 of the Compiled Laws of 1948.

125.918 Leasing of property of corporation; termination of tenancy.

Sec. 18. Temporary use or occupation of real property taken by condemnation. When title to real property has vested in a redevelopment corporation or city by gift, grant, devise, purchase or in condemnation proceedings or otherwise, the redevelopment corporation or city, as the case may be, may agree with the previous owners of such property, or any tenants continuing to occupy or use it, or any other persons who may occupy or use or seek to occupy or use such property, that such former owner, tenant or other persons may occupy or use such property upon the payment of a fixed sum of money for a definite term or upon the payment periodically of an agreed sum of money. Such occupation or use shall not be construed as a tenancy from month to month, nor require the giving of notice by the redevelopment corporation or the city, as the case may be, for the termination of such occupation or use or the right to such occupation or use, but immediately upon the expiration of the term for which payment has been made the redevelopment corporation or city, as the case may be, shall be entitled to possession of the real property and may maintain summary proceedings, obtain a writ of assistance, and shall be entitled to such other remedy as may be provided by law for obtaining immediate possession thereof. A former owner, tenant or other person occupying or using such property shall not be required to give notice to the redevelopment corporation or city, as the case may be, at the expiration of the term for which he has made payment for such occupation or use, as a condition to his cessation of occupation or use and termination of liability therefor.

In the event that a city has acquired real property for a redevelopment corporation, the city shall, in transferring title to the redevelopment corporation, deduct from the consideration or other moneys which the redevelopment corporation has become obligated to pay to the city for such purpose, and credit the redevelopment corporation with the amounts received by the city as payment for temporary occupation and use of the real property by a former owner, tenant, or other person, as in this section 18 provided, less the cost and expense incurred by the city for the maintenance and operation of such real property.

125.919 Mortgages of corporation; provisions governing.

Sec. 19. Mortgages.

1. Any redevelopment corporation may borrow funds and secure the repayment thereof by mortgage. Every such mortgage shall contain reasonable amortization provisions and shall be a lien upon no other real

property except that forming the whole or a part of a single development area.

2. Certificates, bonds and notes, or part interests therein, or any part of an issue thereof, which are secured by a first mortgage on the real property in a development area, or any part thereof, shall be securities in which all the following persons, partnerships or corporations and public bodies or public officers may legally invest the funds within their control: Provided, That the principal amount secured by such mortgage shall not exceed the limits, if any, imposed by law for such investments by the person, partnership, corporation, public body or public officer making the same:

Every executor, administrator, trustee, guardian, committee or other person or corporation holding trust funds or acting in a fiduciary capacity; the state, its subdivisions, cities, all other public bodies, all public officers; persons, partnerships and corporations organized under or subject to the provisions of the banking law (including savings banks, savings and loan associations, trust companies, private bankers and private banking corporations); the commissioner of the banking department as conservator, liquidator or rehabilitator of any such person, partnership or corporation; persons, partnerships or corporations organized under or subject to the provisions of the insurance law; fraternal benefit societies; and the commissioner of insurance as conservator, liquidator or rehabilitator of any such person, partnership or corporation.

3. Any mortgage on the real property in a development area, or any part thereof, may create a first lien, or a second or other junior lien, upon such real property.

4. The limits as to principal amount secured by mortgage referred to in paragraph 2 of this section 19 shall not apply to certificates, bonds and notes, or part interests therein, or any part of an issue thereof, which are secured by first mortgage on real property in a development area, or any part thereof, which the federal housing administrator has insured or has made a commitment to insure under the national housing act. Any such person, partnership, corporation, public body or public officer may receive and hold any debentures, certificates or other instruments issued or delivered by the federal housing administrator, pursuant to the national housing act, in compliance with the contract of insurance of a mortgage on real property in the development area, or any part thereof.

125.920 Sale or lease of real estate by a city to corporation.

Sec. 20. Sale or lease of real property by a city to a redevelopment corporation.

1. The local legislative body may by resolution determine that real property, title to which is held by the city, specified and described in such resolution, is not required for use by the city and may authorize the city to convey, sell, or lease such real property to a redevelopment corporation: Provided, however, That the title of the city to such real property be not declared inalienable by charter of the city, or other similar law or instrument.

2. Notwithstanding the provisions of any general, special or local law or ordinance, such sale or lease may be made without appraisal, public notice or public bidding for such price or rental and upon such terms (and, in case of a lease, for such term not exceeding 50 years with a right to 1 renewal term of 30 years) as may be agreed upon between the city and the redevelopment corporation.

3. Before any sale or lease to a redevelopment corporation shall be authorized, a public hearing shall be held by the local legislative body to consider the proposed sale or lease.

4. Notice of such hearing shall be published at least 10 days before the date set for the hearing in such publication and in such manner as may be designated by the local legislative body.

5. The deed or lease of such real property shall be executed in the same manner as a deed or lease by the city of other real property owned by it and may contain appropriate conditions and provisions to enable the city to reenter the real property in the event of a violation by the redevelopment corporation of any of the provisions of this act relating to such redevelopment corporation or of the conditions or provisions of such deed or lease.

6. A redevelopment corporation purchasing or leasing real property from a city shall not, without the written approval of the city, use such real property for any purpose except in connection with its development. The deed shall contain a condition that the redevelopment corporation will devote the real property granted only for the purposes of its development subject to the restrictions of this act, for each of which the city shall have the right to reenter and repossess itself of the real property.

History: 1941, Act 250, Imd. Eff. June 16, 1941;—CL 1948, 125.920.

125.921 Provisions of lease.

Sec. 21. Provisions of lease.

If real property of a city be leased to a redevelopment corporation:

(1) The lease may provide that all improvements shall be the property of the lessor;

(2) The lessor may grant to the redevelopment corporation the right to mortgage the fee of such property and thus enable the redevelopment corporation to give as security for its notes or bonds a first lien upon the land and improvements;

(3) The execution of a lease shall not impose upon the lessor any liability or obligation in connection with or arising out of the financing, construction, management or operation of a development involving the land so leased. The lessor shall not, by executing such lease, incur any obligation or liability with respect to such leased premises other than may devolve upon the lessor with respect to premises not owned by it. The lessor, by consenting to the execution by a redevelopment corporation of a mortgage upon the leased land, shall not thereby assume, and such consent shall not be construed as imposing upon the lessor, any liability upon the note or bond secured by the mortgage;

(4) The lease may reserve such easements or other rights in connection with the real property as may be deemed necessary or desirable for the future planning and development of the city and the extension of public facilities therein (including the construction of subways and conduits, the widening and change of grades of streets); and it may contain such other provisions for the protection of the parties as are not inconsistent with the provisions of this act.

Act 208 of 1949

AN ACT to authorize cities, villages and townships of this state to designate neighborhood areas for the purpose of planning and carrying out local public improvements for the prevention of blight within such areas; to authorize assistance in carrying out plans for local improvements by the acquisition and disposal of real property in such areas; to provide for the combining of neighborhood improvements that benefit the entire neighborhood into 1 improvement project; to provide for the establishment of local assessment districts coterminous with the neighborhood boundaries; to prescribe the methods of financing the exercise of these powers, and to declare the effect of this act.

History: 1949, Act 208, Eff. Sept. 23, 1949;—Am. 1957, Act 298, Eff. Sept. 27, 1957.

The People of the State of Michigan enact:

125.941 Neighborhood areas in municipalities; improvement, declared to be public use and public purpose.

Sec. 1. It is hereby found and declared that many residential neighborhood areas in the municipalities of this state are in danger of becoming blighted, with the consequent impairment of taxable values upon which in large part, municipal revenues depend; that such areas can prove detrimental or inimical to the health, safety, morals and general welfare of the citizens and to the economic welfare of the municipality; that in order to improve and maintain the general character of the municipality, it may be necessary to improve, or better, such areas; that the conditions found in such areas cannot be efficiently and economically remedied, with due regard to the general welfare of the public, without public participation in the planning, property acquisition and disposal, and the financing thereof; that the purposes of this act are to improve such areas by acquiring and developing properties within such areas for the protection of the health, safety, morals and general welfare of the municipality, to preserve existing values of other properties within or adjacent to such areas, and to preserve the taxable value of the property within such areas; and the necessity in the public interest for provisions herein enacted is hereby declared as a matter of legislative determination to be a public use and a public purpose.

History: 1949, Act 208, Eff. Sept. 23, 1949.

125.983 District project as public improvement.

Sec. 3. A district project as authorized under this chapter is a public improvement. The use in this chapter of the term “public improvement” does not prevent the levying of a special assessment for the cost of a part of a district project that represents special benefits.

125.984 Development or redevelopment of district; single improvement.

Sec. 4. The development or redevelopment of a district, including the various phases of the development or redevelopment, is 1 project and, in the discretion of the governing body of the local governmental unit, may be financed as a single improvement.

125.985 Special assessments; levy; installment payments; maximum annual amounts; adjustment; special assessment bonds; full faith and credit; maturity; statutory or charter provisions; review; marketing and development plan.

Sec. 5. (1) If a local governmental unit elects to levy special assessments to defray all or part of the cost of the district project, then the special assessments shall be levied pursuant to applicable statutory or charter provisions or, if there are no applicable statutory or charter provisions, pursuant to statutory or charter provisions applicable to local governmental unit street improvements. If a local governmental unit charter does not authorize special assessments for the purposes set forth in this chapter, the charter provisions authorizing special assessments for street improvements are made applicable to the purposes set forth in this chapter, without amendment to the charter. The total amount assessed for district purposes may be made payable in not more than 20 annual installments as determined by the governing body of the local governmental unit, the first installment to be payable in not more than 18 months after the date of the confirmation of the special assessment roll.

(2) A special assessment shall be levied against assessable property on the basis of the special benefits to

that parcel from the total project. There is a rebuttable presumption that a district project specially benefits all assessable property located within the district.

(3) This subsection applies to a principal shopping district only if the principal shopping district is designated by the governing body of a local governmental unit after July 14, 1992. The special assessments annually levied on a parcel under this chapter shall not exceed the product of $10,000.00 and the number of businesses on that parcel. A business located on a single parcel shall not be responsible for a special assessment in excess of $10,000.00 annually. When the special assessment district is created, a lessor of a parcel subject to a special assessment may unilaterally revise an existing lease to a business located on that parcel to recover from that business all or part of the special assessment, as is proportionate considering the portion of the parcel occupied by the business.

(4) The $10,000.00 maximum amounts in subsection (3) shall be adjusted each January 1, beginning January 1, 1994, pursuant to the annual average percentage increase or decrease in the Detroit consumer price index for all items as reported by the United States department of labor. The adjustment for each year shall be made by comparing the Detroit consumer price index for the 12-month period ending the preceding October 31 with the corresponding Detroit consumer price index of 1 year earlier. The percentage increase or decrease shall then be multiplied by the current amounts under subsection (3) authorized by this section. The product shall be rounded up to the nearest multiple of 50 cents and shall be the new amount.

(5) The local governmental unit may issue special assessment bonds in anticipation of the collection of the special assessments for a district project and, by action of its governing body, may pledge its full faith and credit for the prompt payment of the bonds. Special assessment bonds issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The last maturity on the bonds shall be not later than 2 years after the due date of the last installment on the special assessments. Special assessment bonds may be issued pursuant to statutory or charter provisions applicable to the issuance by the local governmental unit of special assessment bonds for the improvement or, if there are no applicable statutory or charter provisions, pursuant to statutory or charter provisions applicable to the issuance by the local governmental unit of special assessment bonds for street improvements.

(6) If a district project in a district designated by the governing body of a local governmental unit after July 14, 1992 is financed by special assessments, the governing body of the local governmental unit shall review the special assessments every 5 years, unless special assessment bonds are outstanding.

(7) Before a local governmental unit levies a special assessment under this chapter that benefits property within a business improvement district, the business improvement district board shall develop a marketing and development plan that details all of the following:

(a) The scope, nature, and duration of the business improvement district project or projects.

(b) The different classes of property owners who are going to be assessed and the projected amount of the special assessment on the different classes.

(8) A local governmental unit that levies a special assessment under this chapter that benefits property within a business improvement district is considered to have approved the marketing and development plan described in subsection (7).

125.986 Special assessments; off-street parking lots or structures.

Sec. 6. If off-street parking lots or structures are essential to the principal shopping district project, if 1 or more off-street parking lots or structures are already owned by the local governmental unit and were acquired through the issuance of revenue bonds, and if the remaining parking lots or structures are to be financed in whole or in part by special assessments and special assessment bonds, then the local governmental unit, to place all parking lots or structures on the same basis, may include as a part of the cost of parking lots or structures for the project the amount necessary to retire all or any part of the outstanding revenue bonds, inclusive of any premium not exceeding 5% necessary to be paid upon the redemption or purchase of those outstanding bonds. From the proceeds of the special assessments or from the sale of bonds issued in anticipation of the payment of the special assessments, the local governmental unit shall retire by redemption or purchase the outstanding revenue bonds. This section does not authorize the refunding of noncallable bonds without the consent of the holders of the bonds.

The question to be voted on by the property owners is the adoption of the zone plan and the establishment of the business improvement zone, including the identity of the initial board.

(2) Votes of property owners shall be weighted in proportion to the amount that the taxable value of their respective real property for the preceding calendar year bears to the taxable value of all assessable property in the zone area, but in no case shall the total number of votes assigned to any 1 property owner be equal to more than 25% of the total number of votes eligible to be cast in the election.

(3) A zone plan and the proposal for the establishment of a business improvement zone, including the identity of the initial board, shall be considered adopted upon the approval of more than 60% of the property owners voting in the election, with votes weighted as provided in subsection (2).

(4) Upon acceptance or rejection of a business improvement zone and zone plan by the property owners, the resulting business improvement zone or the person filing the petition under section 10c shall, at the request of the city or village, reimburse the city or village for all or a portion of the reasonable expenses incurred to comply with this chapter. The governing body of the city or village may forgive and choose not to collect all or a portion of the reasonable expenses incurred to comply with this chapter.

(5) Adoption of a business improvement zone and zone plan under this section authorizes the creation of the business improvement zone and the implementation of the zone plan for the 7-year period.

(6) Adoption of a business improvement zone and zone plan under this section and the creation of the business improvement zone does not relieve the business improvement zone from following, or does not waive any rights of the city or village to enforce, any applicable laws, statutes, or ordinances. A business improvement zone created under this chapter shall comply with all applicable state and federal laws.

125.990h Assessments.

Sec. 10h. (1) A business improvement zone may be funded in whole or in part by 1 or more assessments on assessable property, as provided in the zone plan. An assessment under this chapter shall be in addition to any taxes or special assessments otherwise imposed on assessable property.

(2) An assessment shall be imposed against assessable property only on the basis of the benefits to assessable property afforded by the zone plan. There is a rebuttable presumption that a zone plan and any project specially benefits all assessable property in a zone area.

(3) If a zone plan provides for an assessment, the treasurer of the city or village in which the zone area is located as an agent of the business improvement zone shall collect the assessment imposed by the board under the zone plan on all assessable property within the zone area in the amount authorized by the zone plan.

(4) Except as provided in subsection (7), assessments shall be collected by the treasurer of the city or village as an agent of the business improvement zone from each property owner and remitted promptly to the business improvement zone. Assessment revenue is the property of the business improvement zone and not the city or village in which the business improvement zone is located. The business improvement zone may, at the option and under the direction of the treasurer, assist the treasurer of the city or village in collecting the assessment to keep the expenses of collecting the assessment at a minimum.

(5) The business improvement zone may institute a civil action to collect any delinquent assessment and interest.

Delinquent assessments shall be collected by the business improvement zone. Delinquent assessments shall accrue interest at a rate of 1.5% per month until paid.

All money collected under section 10h shall be deposited in a financial institution in the name of the business improvement zone. Assessment revenues may be deposited in an interest generating account. The business improvement zone shall use the funds only to implement the zone plan.

(3) All expenditures by a business improvement zone shall be audited annually by a certified public accountant. The audit shall be completed within 9 months of the close of the fiscal year of the business improvement zone. Within 30 days after completion of an audit, the certified public accountant shall transmit a copy of the audit to the board and make copies of the audit available to the property owners and the public.

125.1253a Programs of water and air pollution control for industries and public utilities; water and air pollution control equipment; powers of municipality.

Sec. 3a. There exists in this state the continuing need for programs of water and air pollution control and solid waste disposal facilities for industries and public utilities in order to protect the public health, safety, and welfare of the residents of the state, and it is necessary to promote and encourage the acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving, repairing, operation, and maintenance of adequate and proper water and air pollution control equipment and solid waste disposal facilities for industrial buildings and the facilities of public utilities now or hereafter located in this state. The authority and powers conferred by this act, including the powers conferred with respect to the acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving, repairing, operation, and maintenance of pollution control facilities and the financing thereof whether by purchase, sale, lease, or otherwise, including pollution control

facilities heretofore acquired, under construction, placed in operation, or completed by any person, firm, corporation, or public utility, and the issuance of bonds for the purpose of refunding outstanding bonds, constitutes such a necessary program and serves a valid public purpose. A municipality may do any or all of the following:

(a) Construct, acquire by gift or purchase, reconstruct, improve, enlarge, maintain, remodel, repair, or operate and maintain any pollution control facilities or portion thereof within or without the municipality whether the pollution control facilities have been or are operating, are under construction, or are completed. The interest of the municipality in the pollution control facilities leased or sold to a public utility may be subject or may be made subject to a mortgage, lien, security interest, or encumbrance given or made by a public utility from which the municipality acquired its interest or which, under an agreement made pursuant to subdivision (c), has or may acquire an interest in the pollution control facilities.

(b) Issue revenue bonds under, subject to, and in accordance with this act to finance, in whole or in part, the costs of acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving, or repair of pollution control facilities referred to in subdivision (a), or to refund outstanding bonds, or partly to finance, in whole or in part, the costs of acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving or repair of pollution control facilities referred to in subdivision (a) and partly to refund outstanding bonds. The revenue bonds may be issued by a municipality to finance the costs of the acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving, or repair of pollution control facilities located or to be located in 1 or more places within or without the municipality issuing the revenue bonds. Revenue bonds issued pursuant to this section may be issued solely for the acquisition, purchase, construction, reconstruction, enlarging, remodeling, improving, or repair of pollution control facilities referred to in subdivision (a), notwithstanding that the municipality does not own or propose to own the industrial buildings or public utility facilities, including lands or interests in lands therefor in or near to which the pollution control facilities are or are to be located.

(c) Enter into a lease, lease-purchase agreement, or installment sales contract with any person, firm, corporation, or public utility for the use or sale of pollution control facilities referred to in subdivision (a). The agreement shall provide that the rents to be charged for the use or the sums to be paid under the installment sales contract shall be fixed so as to produce income and revenues therefrom sufficient to pay promptly when due the interest upon and the principal of all bonds issued payable therefrom after provision has been made for the payment of operation and maintenance costs, if the costs of operation and maintenance are required to be paid under the agreement by the municipality. An agreement may provide for conveyance of the pollution control facilities to the lessee or purchaser under the agreement after provision has been made for the retirement in full of all bonds issued therefor under terms and conditions provided in the agreement or, with respect to pollution control facilities leased or sold to a public utility, at any time where the obligation of the lessee or purchaser to make the payments prescribed by the preceding sentence of this subdivision shall remain fixed as therein provided notwithstanding the conveyance. The agreement shall specify that the pollution control facilities shall remain in or near the industrial building or plant or facility of the person, firm, corporation, or public utility until provision has been made for the retirement in full of all bonds issued therefor unless the pollution control facilities are conveyed by the municipality as authorized by this subdivision or are replaced without cost to the municipality with machinery and equipment of at least equivalent value or utility. Where the pollution control facilities are sold pursuant to an installment sales contract, the terms "lease,""leased,""lessee," or words of similar import used in this act shall be construed respectively to mean "installment sales contract,""sold,""purchaser," or words of similar import as the context may require, and the term "rent" or words of similar import as used in this act shall be construed to mean "purchase installments" or words of similar import as the context may require.

(d) Mortgage or create security interest in any pollution control facilities referred to in subdivision (a), or in any lease, lease-purchase agreement, or installment sales contract referred to in subdivision (c), or in the rents, revenues, or sums to be paid thereunder, in favor of the holders of the revenue bonds issued therefor. A mortgage or security interest in pollution control facilities leased or sold to a public utility may be subject, or may be made subject, to a mortgage, lien, security interest, or encumbrance to which the interest of the municipality may be subject to pursuant to the provisions of subdivision (a) or to a future mortgage, lien, security interest, or other encumbrance which may be created in any pollution control facilities by the lessee or purchaser.

(e) Sell and convey the pollution control facilities referred to in subdivision (a) owned by the municipality, including without limitation the sale and conveyance thereof subject to a mortgage or security interest referred to in subdivision (d) for such price and at such time as the governing body may determine. A sale or conveyance shall not be made in any manner as to impair the rights or interests of the holders of any revenue bonds previously issued therefor or the rights or interests of any lessee or the purchaser thereof under any

agreement with the municipality for the lease or purchase thereof.

Sec. 4. (1) For the purpose of defraying the cost of the industrial building, the site for the building, and industrial machinery and equipment, a municipality may borrow money and issue its negotiable bonds for that purpose. The bonds shall be serial bonds or term bonds or a combination of these and if serial bonds they shall be payable either semiannually or annually with the first maturity date not more than 5 years from the date of issuance. The last maturity date of the bonds, whether term or serial, shall be not more than 40 years from the date of issuance. A maturity date shall not fall due after the estimated period of usefulness of the industrial building, or, if the industrial machinery and equipment represent more than 2/3 of the total cost of the project, after the average estimated period of usefulness of said industrial machinery and equipment. The bonds shall bear a rate of interest as specified therein not to exceed the maximum rate permitted by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, payable semiannually, except that the first coupon may be for any number of months not exceeding 10. The bonds and coupons shall be substantially in the form provided in the authorizing resolution and shall be executed in the manner prescribed in this act, which as to coupons may be by facsimile signature. The bonds and coupons shall be payable in lawful money of the United States, and shall be exempt from taxation by this state or by any taxing authority within this state. The principal and interest of the bonds shall be payable from the net revenues derived from the industrial building and site and industrial machinery and equipment, from the proceeds of the sale of bonds issued to refund outstanding bonds, from the investment earnings of the proceeds, or from any combination of these sources. A bond or coupon issued pursuant to this act shall not be a general obligation of the issuer nor constitute a debt of the issuer within the meaning of the constitutional or statutory limitation. Bonds may be made registerable as to principal or principal and interest under terms and conditions as may be determined by the governing body of the municipality.

(2) Bonds issued under this act are not subject to the revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140.

The mortgage or deed of trust may contain such

covenants and agreements to properly safeguard the bonds as may be provided for in the resolution authorizing the bonds but not inconsistent with this act and shall be executed in the manner provided in the resolution. The resolution may provide for the appointment of 1 or more trustees for bondholders, and any such trustee may be an individual or corporation domiciled or located within or without the state and may be given appropriate powers whether with or without the execution of a mortgage or deed of trust covering the industrial building or site or industrial machinery and equipment.

125.1259 Additional bonds; refunding bonds.

Sec. 9. (1) If the governing body finds that the bonds originally authorized will be insufficient to accomplish the purpose desired, additional bonds, only in the amount necessary to complete the project as originally approved, may be authorized and issued in the same manner as the original bonds. Additional bonds may be issued to defray the cost of 1 or more of the following:

The People of the State of Michigan enact:

125.1401 Legislative determinations and findings.

Sec. 1. (1) The legislature hereby determines that there exists in the state a seriously inadequate supply of, and a pressing need for, safe and sanitary dwelling accommodations within the financial means of low income or moderate income families or persons, including those families and persons displaced by the clearing of slums and blighted areas or by other public programs; that there exists in this state a high incidence of residential real property occupied by persons of low and moderate income which is not safe, sanitary, or adequate and that there is a pressing need for rehabilitation of that property; that large areas in municipalities have become blighted or, through programs to remove blight, have become vacant, resulting in the impairment or loss of taxable values upon which municipal revenue largely depends; that large numbers of middle and upper income persons and families have left municipalities which have high concentrations of low income persons and families resulting in a high demand for municipal services notwithstanding a low potential for generating revenues necessary to pay for those services; that the existence of blight, the inability to redevelop cleared areas, and the lack of economic integration is detrimental to the general welfare of the citizens of this state and the economic welfare of municipalities in this state; that the financing of housing for persons and families without regard to income will assist in preserving existing values of property within or adjacent to blighted or cleared areas; that economic integration will promote the financial and social stability of housing for families and persons of low and moderate income; that in order to improve and maintain the general character of municipalities having the aforesaid characteristics, it is necessary to promote the development of housing for persons and families without regard to income; that to increase the availability of safe and sanitary housing generally it is necessary to facilitate the purchase of existing housing by making financing for the purchase of existing housing available at affordable interest rates; that there are inadequate social, recreational, commercial, and communal facilities in residential areas inhabited by low income or moderate income families or persons and in areas blighted or vacant because of slum clearance, and that housing financed pursuant to this act will not be viable without adequate social, recreational, commercial, and communal facilities in the surrounding area; and that it is a valid public purpose to finance the acquisition and rehabilitation of existing housing or the construction of additional housing for those low or moderate income families and persons who would otherwise be unable to obtain adequate and affordable dwellings, to finance the rehabilitation of residential real property occupied or to be occupied by persons and families of low and moderate income who would otherwise be unable to afford the purchase or rehabilitation of residential real property which is safe, sanitary, or adequate, to finance housing for persons and families without regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight which are predominately populated by low and moderate income persons and families, to finance social, recreational, commercial, and communal facilities to serve those families or persons, to enhance authority-financed housing, to establish and provide acceleration and foreclosure procedures for authority-financed housing, and to acquire land for present or future development including that housing and social, recreational, commercial, and communal facilities; that it is a valid public purpose to finance safe, sanitary, and adequate mobile homes, mobile home parks, and mobile home condominium projects for persons and families of low and moderate income in order to facilitate the provision of affordable housing for such persons, to finance mobile homes, mobile home parks, and mobile home condominium projects without

regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight which are predominately populated by low and moderate income persons and families, and to finance social, recreational, commercial, and communal facilities in mobile home parks and mobile home condominium projects, the financing of mobile homes, mobile home parks, and mobile home condominium projects being necessary to fill a gap in the housing market.

(2) It is further determined that the supply of low and moderate cost housing available for occupancy by certain persons with disabilities and certain elderly persons is being eroded through greatly increasing rental rates, and the conversion of low and moderate cost rental units into condominium units which are then sold at prices and under financing terms which are not affordable to those persons with disabilities and elderly persons. It is further determined that it is a proper public purpose to prevent the erosion of the supply of existing low and moderate cost housing available for occupancy by certain persons with disabilities and elderly persons by taking appropriate action to prevent the displacement of those persons with disabilities and elderly persons from existing low and moderate cost housing, including the making of loans enabling those persons with disabilities and elderly persons to continue to rent the units in which they reside.

(3) It is further determined that to assure an adequate supply of safe and sanitary housing for families of low and moderate income within the financial means of those families, it is necessary to facilitate the purchase of safe and sanitary existing housing by those families; that, in addition, new single-family housing construction is inhibited by the inability of prospective purchasers to sell existing single-family residences, and that those conditions result in the reduction of the number of safe and sanitary dwellings which would otherwise be made available to persons of low and moderate income; and that the depressed economy and decreased employment in this state are detrimental to the general welfare of the citizens of this state. It is further determined that it is necessary in order to alleviate those conditions and is a valid public purpose to provide for the financing or refinancing, with the assistance of the authority, of the purchase of existing single-family residences for occupancy by low and moderate income families and families without regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight and which are predominately populated by low and moderate income persons and families.

(4) It is further determined that there exists in this state a high incidence of residential rental property which is not safe, sanitary, adequate, or energy efficient, and that there is a pressing need for the rehabilitation of residential rental property in order to preserve and improve the state's existing housing stock. It is further determined that it is necessary in order to alleviate those conditions and is a valid public purpose to provide for the financing, with the assistance of the authority, of the rehabilitation of existing residential rental property without regard to the income of the persons or entities owning the property or of the tenants of the property.

(5) It is further determined that there is a statewide pressing need for programs to alleviate and prevent conditions of unemployment in the housing industry, to preserve existing jobs and create new jobs to meet the employment demands of population growth, to promote the development of construction related business enterprises, to revitalize and diversify the Michigan economy in general, and to achieve the goals of economic growth and full employment.

(6) It is further determined that the construction and rehabilitation of safe and sanitary dwellings are necessary to the creation and retention of jobs in the state.

(7) It is further determined that the retention, promotion, and development of the housing industry require additional means of financing to help existing business enterprises expand more rapidly, to promote the location of additional business enterprises in this state, and to alleviate and prevent conditions of unemployment.

(8) It is further determined that economic conditions and single-family home mortgage market standards, activities, and practices, including forms of predatory and abusive mortgage loan financing, have resulted in an increase in the incidence of mortgage loan default and mortgage foreclosure in the state, and that there is a pressing need for the creation of programs to assist low and moderate income individuals and families with the refinancing of single-family mortgages in this state, which programs will prevent families from losing their homes and help to stabilize the housing market in this state.

(9) The legislature finds that the conditions described in subsections (1) to (8) cannot be remedied by the ordinary operation of private enterprise without supplementary public participation and that the authority and powers conferred by this act constitute a necessary program and serve a valid public purpose.

Administrative rules: R 125.101 et seq. of the Michigan Administrative Code.

125.1412 Liberal construction.

Sec. 12. This act, being necessary for and to secure the public health, safety, convenience, and welfare of the citizens of the state, shall be liberally construed to effect its public purposes.

History: Add. 1987, Act 180, Imd. Eff. Nov. 25, 1987.

125.1415 Repealed. 1968, Act 334, Imd. Eff. July 14, 1968.

Compiler's note: The repealed section pertained to nonprofit housing corporation tax exemption and payments in lieu of taxes.

125.1415a Exemption of housing project from taxes; filing certified notification of exemption with local assessing authority; annual service charge; amount; duration of exemption; distribution of payments for public services; exceptions; payment of service charge equal to full amount of taxes; reduced housing charges; "low income persons and families" defined; rules; reimbursement prohibited.

Sec. 15a. (1) If a housing project owned by a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is financed with a federally-aided or authority-aided mortgage or advance or grant from the authority, then, except as provided in this section, the housing project is exempt from all ad valorem property taxes imposed by this state or by any political subdivision, public body, or taxing district in which the project is located. The owner of a housing project eligible for the exemption shall file with the local assessing officer a notification of the exemption, which shall be in an affidavit form as provided by the authority. The completed affidavit form first shall be submitted to the authority for certification by the authority that the project is eligible for the exemption. The owner then shall file the certified notification of the exemption with the local assessing officer before November 1 of the year preceding the tax year in which the exemption is to begin.

(2) The owner of a housing project exempt from taxation under this section shall pay to the municipality in which the project is located an annual service charge for public services in lieu of all taxes. Subject to subsection (6), the amount to be paid as a service charge in lieu of taxes shall be for new construction projects the greater of, and for rehabilitation projects the lesser of, the tax on the property on which the project is located for the tax year before the date when construction or rehabilitation of the project was commenced or 10% of the annual shelter rents obtained from the project. A municipality, by ordinance, may establish or change, by any amount it chooses, the service charge to be paid in lieu of taxes by all or any class of housing projects exempt from taxation under this act. However, the service charge shall not exceed the taxes that would be paid but for this act.

(3) The exemption from taxation granted by this section shall remain in effect for as long as the federally-aided or authority-aided mortgage or advance or grant from the authority is outstanding, but not more than 50 years. The municipality may establish by ordinance a different period of time for the exemption to remain in effect.

(4) Except as otherwise provided in this subsection, any payments for public services received by a municipality in lieu of taxes under this section shall be distributed by the municipality to the several units levying the general property tax in the same proportion as prevailed with the general property tax in the previous calendar year. For payments in lieu of taxes collected after June 30, 1994, the distribution to the several units shall be made as if the number of mills levied for local school district operating purposes were equal to the number of mills levied for those purposes in 1993 minus the number of mills levied under the state education tax act, Act No. 331 of the Public Acts of 1993, being sections 211.901 to 211.906 of the Michigan Compiled Laws, for the year for which the distribution is calculated. For tax years after 1993, the amount of payments in lieu of taxes to be distributed to a local school district for operating purposes under this subsection shall not be distributed to the local school district but instead shall be paid to the state treasury and credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(5) Notwithstanding subsection (1), a municipality may provide by ordinance that the tax exemption established in subsection (1) shall not apply to all or any class of housing projects within its boundaries to which subsection (1) applies. If the municipality makes that provision, the tax exemption established in subsection (1) shall not apply to the class of housing projects designated in the ordinance. If the ordinance so provides, the ordinance shall be effective with respect to housing projects for which an exemption has already been granted on December 31 of the year in which the ordinance is adopted, but not before. A municipality that has adopted an ordinance described in this subsection may repeal that ordinance, and the repeal shall become effective on the date designated in the repealing ordinance.

(6) Notwithstanding subsection (2), the service charge to be paid each year in lieu of taxes for that part of a housing project that is tax exempt under subsection (1) and that is occupied by other than low income persons or families shall be equal to the full amount of the taxes that would be paid on that portion of the project if the project were not tax exempt. The benefits of any tax exemption granted under this section shall be allocated by the owner of the housing project exclusively to low income persons or families in the form of reduced housing charges.

(7) For purposes of this section only, "low income persons and families" means, with respect to any housing project that is tax exempt, persons and families eligible to move into that project. For purposes of this subsection, the authority may promulgate rules to redefine low income persons or families for each municipality on the basis of conditions existing in that municipality.

(8) This state shall not reimburse any unit of government for a tax exemption granted to any housing project under this section.

Compiler's note: Section 2 of Act No. 363 of the Public Acts of 1994 provides:

"The provisions of this amendatory act, providing that the exemption from taxes provided in section 15a of this act be limited to ad valorem property taxes, are curative expressing the original intent of the legislature that the exemption extends only to ad valorem property taxes and does not apply to the other taxes levied under Michigan law."

CHAPTER 2

125.1421 Michigan state housing development authority; creation; composition; appointment, qualifications, and terms of members; vacancy; expenses; certificate of appointment or reappointment; designated resident members; powers vested in members; quorum; actions of authority; findings of fact; meetings; chairperson and vice-chairperson; officers, agents, and employees; delegation of powers and duties; relationship to department of consumer and industry services; "section 8" defined.

Sec. 21. (1) There is created a public body corporate and politic to be known as the "Michigan state housing development authority". The authority shall consist of 3 heads of principal departments of the executive branch of the state government and 4 persons appointed by the governor with the advice and consent of the senate. Excluding the 3 heads of principal departments of the executive branch of state government and the designated resident member described in subsection (2), not more than 2 of the persons appointed shall be members of the same political party. Upon completion of each term, a person shall be appointed for a term of 4 years, except that a vacancy shall be filled for the unexpired term. A member of the authority shall not receive compensation for services but is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of the member's duties. Each member shall hold office until a successor has been appointed and has qualified. A certificate of appointment or reappointment of a member shall be filed with the authority and this certificate shall be conclusive evidence of the proper appointment of that member.

(2) If federal law requires designation of a resident member on the authority, the number of gubernatorially appointed members, in addition to the 3 heads of principal departments, increases from 4 to 5. One of the 5 gubernatorially appointed members shall be the designated resident member. The resident member shall meet both of the following requirements:

(a) The person is an individual directly assisted by a federal housing program administered through the authority. As used in this subdivision, "directly assisted" means residing in federally-supported public housing or receiving section 8 tenant-based assistance. Directly assisted does not include a state-financed housing assistance program, section 8 project-based assistance, or section 8 new construction assistance.

(b) The person is an eligible resident. As used in this subdivision, "eligible resident" means a person whose name appears on the lease of the assisted housing who is 18 years of age or older.

(3) A person who no longer meets either requirement of subsection (2)(a) or (b) is removed from the authority for cause upon the appointment of another person as the resident member position.

(4) The powers of the authority shall be vested in the members in office. A majority of the members of the authority constitutes a quorum for the purpose of conducting the authority's business, for exercising the authority's powers, and for other purposes, notwithstanding the existence of any vacancies. Action may be taken by the authority upon a vote of a majority of the members present, unless the bylaws of the authority require a larger number, except that to the extent required by federal law, the resident member shall only take part in, vote on, and exercise the powers of the authority concerning decisions related to the administration, operation, and management of federal public housing programs and section 8 tenant-based assistance programs. The resident member shall not take part in, vote on, or exercise the powers of the authority in a matter that uniquely applies to the resident member and is not generally applicable to all residents. In the absence of fraud, a determination of the authority with respect to findings of fact made by the authority acting within the scope of its powers is conclusive, except with respect to the approval of the municipal finance commission or its successor agency as required by law.

(5) Meetings of the members of the authority may be held anywhere in this state. The business that the authority may perform shall be conducted at a public meeting of the authority held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(6) The authority shall elect a chairperson and vice-chairperson. The authority shall employ an executive director, legal and technical experts, and other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation. The authority may delegate to 1 or more agents or employees those powers or duties as the authority considers proper.

(7) The authority shall be within the department of consumer and industry services and shall exercise the authority's prescribed statutory powers, duties, and functions independently of the head of that department. However, the budgeting, procurement, and related functions of the authority shall be performed under the direction and supervision of the director of consumer and industry services.

(8) As used in this section, "section 8" means section 8 of the United States housing act of 1937, chapter 896, 88 Stat. 662, 42 U.S.C. 1437f.

History: 1966, Act 346, Eff. Mar. 10, 1967;—Am. 1968, Act 343, Imd. Eff. July 19, 1968;—Am. 1970, Act 129, Imd. Eff. July 29, 1970;—Am. 1977, Act 161, Imd. Eff. Nov. 8, 1977;—Am. 1979, Act 49, Imd. Eff. July 7, 1979;—Am. 1981, Act 173, Imd. Eff. Dec. 10, 1981;—Am. 1983, Act 49, Imd. Eff. May 16, 1983;—Am. 2000, Act 257, Imd. Eff. June 29, 2000.

Compiler's note: For transfer of powers and duties of Michigan state housing development authority from department of energy, labor, and economic growth to department of treasury, see E.R.O. No. 2010-2, compiled at MCL 124.194.

Transfer of powers: See MCL 16.732.

125.1422 Powers of authority.

Sec. 22. The authority possesses all powers necessary or convenient to carry out this act, including the following powers in addition to other powers granted by other provisions of this act:

(a) To sue and to be sued; to have a seal and to alter the seal at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; and to make, amend, and repeal bylaws and rules.

(b) To undertake and carry out studies and analyses of housing needs within this state and ways of meeting those needs, including data with respect to population and family groups, the distribution of population and family groups according to income, and the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, and other factors affecting housing needs and the meeting of housing needs; to make the results of those studies and analyses available to the public and the housing and supply industries; and to engage in research and disseminate information on housing.

(c) To agree and comply with conditions attached to federal financial assistance.

(d) To survey and investigate housing conditions and needs, both urban and rural, throughout this state and make recommendations to the governor and the legislature regarding legislation and other measures necessary or advisable to alleviate any existing housing shortage in this state.

(e) To establish and collect fees and charges in connection with the sale of the authority's publications and the authority's loans, commitments, and servicing, including, but not limited to, the reimbursement of costs of financing by the authority, service charges, and insurance premiums as the authority determines to be reasonable and as approved by the authority. Fees and charges shall be determined by the authority and shall not be considered to be interest. The authority may use any accumulated fees and charges and interest income for achieving any of the corporate purposes of the authority, to the extent that the fees, charges, and interest income are not pledged to the repayment of bonds and notes of the authority or the interest on those bonds and notes.

(f) To encourage community organizations to assist in initiating housing projects as provided in this act.

(g) To encourage the salvage of all possible usable housing scheduled for demolition because of highway, school, urban renewal, or other programs by seeking authority for the sponsors of the programs to use funds provided for the demolition of the buildings, to be allocated to those sponsors approved by the authority to defray moving and rehabilitation costs of the buildings.

(h) To engage and encourage research in, and to formulate demonstration projects to develop, new and better techniques and methods for increasing the supply of housing for persons eligible for assistance as provided in this act; and to provide technical assistance in the development of housing projects and in the development of programs to improve the quality of life for all the people of this state.

(i) To make or purchase loans, including loans for condominium units as defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, and including loans to mortgage lenders, which are unsecured or the repayments of which are secured by mortgages, security interests, or other forms of security; to purchase and enter into commitments for the purchase of securities, certificates of deposits, time deposits, or mortgage loans from mortgage lenders; to participate in the making or purchasing of unsecured or secured loans and undertake commitments to make or purchase unsecured or secured loans; to sell mortgages, security interests, notes, and other instruments or obligations evidencing or securing loans, including certificates evidencing interests in 1 or more loans, at public or private sale; in connection with the sale of an instrument or obligation evidencing or securing 1 or more loans, to service, guarantee payment on, or repurchase the instrument or obligation, whether or not it is in default; to modify or alter mortgages and security interests; to foreclose on any mortgage, security interest, or other form of security; to finance housing units; to commence an action to protect or enforce a right conferred upon the authority by law, mortgage, security agreement, contract, or other agreement; to bid for and purchase property that was the subject of the mortgage, security interest, or other form of security, at a foreclosure or at any other sale, and to acquire or take possession of the property. Upon acquiring or taking possession of the property, the authority may complete, administer, and pay the principal and interest of obligations incurred in connection with the property, and may dispose of and otherwise deal with the property in any manner necessary or desirable to protect the interests of the authority in the property. If the authority or an entity that provides mortgage insurance to the authority acquires property upon the default of a borrower, the authority may make a mortgage loan to a subsequent purchaser of that property even if the purchaser does not meet otherwise applicable income limitations and purchase price limits.

(j) To set standards for housing projects that receive loans under this act and to provide for inspections to determine compliance with those standards. The standards for construction and rehabilitation of mobile homes, mobile home parks, and mobile home condominium projects shall be established jointly by the authority and the mobile home commission, created in section 3 of the mobile home commission act, 1987 PA 96, MCL 125.2303. However, financing standards shall be established solely by the authority.

(k) To accept gifts, grants, loans, appropriations, or other aid from the federal, state, or local government, from a subdivision, agency, or instrumentality of a federal, state, or local government, or from a person, corporation, firm, or other organization.

(*l*) To acquire or contract to acquire from a person, firm, corporation, municipality, or federal or state agency, by grant, purchase, or otherwise, leaseholds or real or personal property, or any interest in a leasehold or real or personal property; to own, hold, clear, improve, and rehabilitate and to sell, assign, exchange, transfer, convey, lease, mortgage, or otherwise dispose of or encumber any interest in a leasehold or real or personal property. This act shall not impede the operation and effect of local zoning, building, and housing ordinances, ordinances relating to subdivision control, land development, or fire prevention, or other ordinances having to do with housing or the development of housing.

(m) To procure insurance against any loss in connection with the property and other assets of the authority.

(n) To invest, at the discretion of the authority, funds held in reserve or sinking funds, or money not required for immediate use or disbursement, in obligations of this state or of the United States, in obligations the principal and interest of which are guaranteed by this state or the United States, or in other obligations as may be approved by the state treasurer.

(o) To promulgate rules necessary to carry out the purposes of this act and to exercise the powers expressly granted in this act pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(p) To enter into agreements with nonprofit housing corporations, consumer housing cooperatives, limited dividend housing corporations, mobile home park corporations, and mobile home park associations that provide for regulation by the authority of the planning, development, and management of any housing project undertaken by nonprofit housing corporations, consumer housing cooperatives, limited dividend housing corporations, mobile home park corporations, and mobile home park associations and that provide for the disposition of the property and franchises of those corporations, cooperatives, and associations.

(q) To appoint to the board of directors of a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association, a number of new directors sufficient to constitute a majority of the board notwithstanding other provisions of the articles of incorporation or other provisions of law. Directors appointed under this subsection need not be stockholders or members or meet other qualifications that may be described by the certificate of incorporation or bylaws. In the absence of fraud or bad faith, directors appointed under this subsection shall not be personally liable for debts, obligations, or liabilities of the corporation or association. The authority may appoint directors under this subsection only if 1 or more of the following occur:

(*i*) The nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association has received a loan or advance, as provided for in this act, and the authority determines that the loan or advance is in jeopardy of not being repaid.

(*ii*) The nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association received a loan or advance as provided for in this act and the authority determines that the proposed housing project for which the loan or advance was made is in jeopardy of not being constructed.

(*iii*) The authority determines that some part of the net income or net earnings of the nonprofit housing corporation is inuring to the benefit of a private individual, firm, corporation, partnership, or association; the authority determines that an unreasonable part of the net income or net earnings of the consumer housing cooperative is inuring to the benefit of a private individual, firm, corporation, partnership, or association; or the authority determines that some part of the net income or net earnings of the limited dividend housing corporation, in excess of that permitted by other provisions of this act, is inuring to the benefit of a private individual, firm, corporation, partnership, or association.

(*iv*) The authority determines that the nonprofit corporation or consumer housing cooperative is in some manner controlled by, under the direction of, or acting in the substantial interest of a private individual, firm, corporation, partnership, or association seeking to derive benefit or gain from, or seeking to eliminate or minimize losses in any dealings or transactions with, the nonprofit corporation or consumer housing cooperative. However, this subparagraph shall apply to individual cooperators in consumer housing cooperatives only in circumstances defined by the authority in its rules.

(*v*) The authority determines that the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is in violation of the rules promulgated under this section.

(*vi*) The authority determines that the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is in violation of 1 or more agreements entered into with the authority that provide for regulation by the authority of the planning, development, and management of a housing project undertaken by the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association or that provide for the disposition of the property and franchises of the corporation, cooperative, or association.

(r) To give approval or consent to the articles of incorporation submitted to the authority by a corporation seeking approval as a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, or mobile home park corporation under chapter 4, 5, 6, or 8; to give approval or consent to the partnership agreement, joint venture agreement, trust agreement, or other document of basic organization of a limited dividend housing association under chapter 7 or mobile home park association under chapter 9.

(s) To engage the services of private consultants on a contract basis for rendering professional and technical assistance and advice.

(t) To lease real or personal property and to accept federal funds for, and participate in, federal programs of housing assistance.

(u) To review and approve rental charges for authority-financed housing projects and require whatever

changes the authority determines to be necessary. The changes shall become effective after not less than 30 days' written notice is given to the residents of the affected authority-financed housing projects.

(v) To set forth in the various loan documents of the authority those restrictions on the sale, conveyance by land contract, or transfer of residential real property, housing projects, or housing units for which a note is held by the authority and restrictions on the assumption by subsequent purchasers of loans originated by and held by, or originated for purchase by and held by, the authority as the authority determines to be necessary in order to comply with requirements of federal statutes, federal rules or regulations promulgated under 5 USC 551 to 559, state statutes, or state rules promulgated under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, or to obtain and maintain the tax exempt status of authority bonds and notes. However, the authority shall not use a due on sale or acceleration clause solely for the purpose of renegotiating the interest rate on a loan made with respect to an owner-occupied single-family housing unit. Without limiting the authority's power to establish other restrictions, as provided in this section, on the sale, conveyance by land contract, or transfer of residential real property, housing projects, or housing units for which a note is held by the authority and the assumption by subsequent purchasers of loans made or purchased by the authority, the authority shall provide in its loan documents relating to a single family loan that the single family loan may be assumed by a new purchaser only when the new purchaser qualifies under the authority income limitations rules, unless such a restriction diminishes or precludes the insurance or a guarantee by an agency of the federal government with respect to the single family loan. A loan made for a mobile home that the borrower does not intend to permanently affix to real property shall become immediately due and payable if the mobile home is moved out of the state. Any restrictions on conveyance by sale, conveyance by land contract, or transfer that are authorized in this section shall apply only to loans originated by and held by, or originated for purchase by and held by, the authority and may, at the option of the authority, be enforced by accelerating and declaring immediately due and payable all sums evidenced by the note held by the authority. An acceleration and declaration of all sums to be due and payable on conveyance by sale, land contract, or transfer is not an unreasonable restraint on alienation. An acceleration and declaration, unless otherwise prohibited in this subdivision, of all sums to be due and payable under this subdivision is enforceable in any court of competent jurisdiction. This subdivision is applicable to secured and unsecured loans. This subdivision is also applicable to loan documents utilized in conjunction with an authority-operated program of residential rehabilitation by an entity cooperating or participating with the authority under section 22a(4), if the loans are originated with the intent to sell those loans to the authority.

(w) To set forth in the various loan documents of the authority remedies for the making of a false statement, representation, or pretense or a material misstatement by a borrower during the loan application process. Without limiting the authority's power to pursue other remedies, the authority shall provide in its loan documents that, if a borrower makes a false statement, representation, or pretense or a material misstatement during the loan application process, the authority, at its option, may accelerate and declare immediately due and payable all sums evidenced by the note held by the authority. An acceleration and declaration of all sums to be due and payable as provided in this subdivision is enforceable in any court of competent jurisdiction. This subdivision is applicable to secured and unsecured loans.

(x) To collect interest on a real estate loan, the primary security for which is not a first lien on real estate, at the rate of 15% or less per annum on the unpaid balance. This subdivision does not impair the validity of a transaction or rate of interest that is lawful without regard to this subdivision.

(y) To encourage and engage or participate in programs to accomplish the preservation of housing in this state available for occupancy by persons and families of low or moderate income.

(z) To verify for the state treasurer statements submitted by a city, village, township, or county as to exempt properties under section 7d of the general property tax act, 1893 PA 206, MCL 211.7d.

(aa) For the purpose of more effectively managing its debt service, to enter into an interest rate exchange or swap, hedge, or similar agreement with respect to its bonds or notes on the terms and payable from the sources and with the security, if any, as determined by a resolution of the authority.

(bb) To make working capital loans to contractors or subcontractors on housing projects financed by the authority. The authority shall submit an annual report to the legislature containing the amount, recipient, duration, circumstance, and other related statistics for each capital loan made to a contractor or subcontractor under this subdivision. The authority shall include in the report statistics related to the cost of improvements made to adapt property for use by disabled individuals as provided in section 32b or 44.

(cc) Subject to rules of the civil service commission, to adopt a code of ethics with respect to its employees that requires disclosure of financial interests, defines and precludes conflicts of interest, and establishes reasonable post-employment restrictions for a period of up to 1 year after an employee terminates employment with the authority.

(dd) To impose covenants running with the land in order to satisfy requirements of applicable federal law

with respect to housing assisted or to be assisted through federal programs such as the low income housing tax credit program or the home investment partnerships program. These covenants shall be imposed by executing and recording regulatory agreements between the authority, or a municipality or other entity designated by the authority, and the person or entity to be bound. The covenants shall run with the land and be effective with respect to the parties making the covenants and other intended beneficiaries of the covenants, even though there is no privity of estate or privity of contract between the authority and the persons or entities to be bound.

(ee) To impose covenants running with the land in order to satisfy requirements of applicable state or federal law with respect to housing financed by the authority. These covenants shall be imposed by executing and recording regulatory agreements between the authority and the person or entity to be bound. The covenants shall run with the land and be effective with respect to the parties making the covenants and other intended beneficiaries of the covenants, even though there is no privity of estate or privity of contract between the authority and the persons or entities to be bound. With respect to any applicable environmental laws, this subdivision does not grant to the authority any additional rights, privileges, or immunities not otherwise afforded to a private lender that is not in the chain of title for the land.

(ff) To participate in programs designed to assist persons and families whose incomes do not exceed 115% of the greater of statewide median gross income or the area median gross income become homeowners where loans are made by private lenders for purchase by the government national mortgage association, federal national mortgage association, federal home loan mortgage corporation, or other federally chartered organizations. Participation may include providing or funding homeownership counseling and providing some or all of a reserve fund to be used to pay for losses in excess of insurance coverage.

(gg) To invest, under the conditions prescribed in this subdivision and without the consent of the escrow depositors, up to 20% of funds held, by or for the authority, in escrow accounts for the benefit of the authority or mortgagors of authority-financed housing. The investments under this subdivision shall be made in loans originated or purchased by the authority for construction or rehabilitation of multifamily housing developments for occupancy by persons or families without regard to income. In connection with loans described in this subdivision, the authority may charge and retain fees in amounts similar to those charged with respect to similar loans for which the source of funding does not come from escrow accounts. For purposes of this subdivision, "escrow account" means any account or reserve held by the authority and established in a mortgage or a regulatory agreement to which the authority is a party or which has been assigned to the authority. However, for purposes of this subdivision, escrow account does not include any account labeled in the associated regulatory agreement as "development cost escrow principal" or "operating assurance reserve". For purposes of this subdivision, "multifamily housing development" means a development in which not less than 50% of the floor space is used primarily for residential purposes. The investment authorized by this subdivision shall not be made unless both of the following requirements are met:

(*i*) The return on the loan is approximately equivalent to that which could be obtained from investments of substantially similar credit quality and maturity, as determined by the authority.

(*ii*) The authority agrees to pay with its own funds the principal balance of any loan, made with the escrow funds, that becomes delinquent in excess of 30 days. This subdivision does not obligate the authority to purchase a delinquent loan so long as with respect to that loan the authority pays to the escrow funds from its own funds the amount of the delinquent payments. The authority's election to pay the delinquent payments to the escrow funds does not in any manner abate or cure the delinquency of the loan and the authority may resort to any remedies that would exist in the absence of that payment.

(hh) To acquire, develop, rehabilitate, own, operate, and enter into contracts with respect to the management and operation of real and personal property to use as office facilities by the authority and to enter into leases with respect to facilities not immediately necessary for the activities of the authority.

(ii) To make loans to certain qualified buyers and resident organizations and to make grants to resident organizations as provided in the following:

(*i*) The urban homestead act, 1999 PA 127, MCL 125.2701 to 125.2709.

(*ii*) The urban homesteading on vacant land act, 1999 PA 129, MCL 125.2741 to 125.2748.

(*iii*) The urban homesteading in single-family public housing act, 1999 PA 128, MCL 125.2761 to 125.2770.

(*iv*) The urban homesteading in multifamily public housing act, 1999 PA 84, MCL 125.2721 to 125.2734.

(jj) To implement and administer a housing and community development program as described in this act.

(kk) To implement, administer, or execute administrative, substantive, or supervisory powers pursuant to the individual or family development account program act, 2006 PA 513, MCL 206.901 to 206.911.

(2) In connection with the loans, grants, and deferred payment loans the authority may do any of the following:

(a) Sell mortgages and security interests at public or private sale.

(b) Modify or alter mortgages and security interests.

(c) Foreclose on a mortgage, security interest, or other form of security.

(d) Commence an action to protect or enforce a right conferred upon it by law, mortgage, security agreement, contract, or other agreement.

(4) The authority may participate or cooperate with a governing body, or a subdivision or agency or instrumentality of a governing body, or any other private or public organization in planning or implementing programs of residential rehabilitation involving the purchase, making, or participation in loans, grants, or deferred payment loans to persons and families of low and moderate income. The participation or cooperation may involve a concentration of loan, grant, and deferred payment loan activity in particular neighborhoods. Before engaging in that participation or cooperation with a governing body or a subdivision or agency or instrumentality of a governing body, the authority shall receive from the governing body to be involved in the program a plan embracing the entire geographical area of the governing body. The plan shall do the following:

(a) Address by neighborhood the need for housing conservation, rehabilitation, and redevelopment.

(b) Indicate a substantial degree of coordination between the program to be instituted pursuant to this section and other governmental and private programs then in operation which may assist in conserving, rehabilitating, or redeveloping neighborhoods.

(c) Indicate to the extent possible the nature and source of revenues which are or are projected to be available to implement the plan.

(d) Indicate priorities in implementing the plan.

125.1422b Designation of authority as housing credit agency; purpose; amount of housing credit ceiling; qualification of applicant; allocation plan; distribution; setting aside allocable amounts; reapportionment of unallocated credit amounts; applications for low income housing tax credit; fees; "rural housing projects" defined.

Sec. 22b. (1) The authority is designated as the housing credit agency for the state for the purpose of allocating and administering the low income housing credit established under section 42 of the internal revenue code of 1986.

(2) The state's housing credit ceiling applicable for a calendar year shall be an amount equal to the sum of all of the following:

(a) One dollar and twenty-five cents multiplied by the state's population, unless a different amount is authorized by section 42 of the internal revenue code of 1986. The state's population shall be determined by the most recent census estimates of the state's population published by the United States bureau of census before the beginning of the calendar year or by another method as authorized by the internal revenue code of 1986.

(b) The unused state housing credit ceiling, if any, of the state for the preceding calendar year, for years subsequent to 1989.

(c) The amount of state housing credit ceiling returned in the calendar year, for years subsequent to 1989.

(d) The amount, if any, allocated to the state under section 42(h)(3)(D) of the internal revenue code of 1986.

(3) An applicant for an allocation of low income housing tax credit shall be qualified to receive the credit pursuant to the requirements of the internal revenue code of 1986 and the regulations, guidelines, rulings, and interpretations issued by the United States treasury department or the internal revenue service, that controls in the event of conflict with a requirement of this section.

(4) The state's low income housing tax credit is allocable pursuant to a qualified allocation plan prepared by the authority, submitted to the legislature, and approved by the governor after notice to the public and public hearing. The plan shall set forth criteria to be used to determine housing priorities of the state, and shall give the highest priority to those projects in which the highest percentage of the housing credit dollar amount is to be used for project costs other than the cost of intermediaries, unless granting such priority would impede the development of projects in hard-to-develop areas. In allocating low income housing tax credit dollar amounts among selected projects, the allocation plan shall give preference to projects serving the lowest income tenants and projects obligated to serve qualified tenants for the longest periods, and shall provide a procedure that the authority will follow in notifying the internal revenue service of noncompliance with the provisions of section 42 of the internal revenue code of 1986 of which the authority becomes aware. The plan shall set forth the process for selecting eligible projects and may be amended from time to time in accordance with its terms and the requirements of section 42 of the internal revenue code of 1986. The selection criteria in the qualified allocation plan shall include those set forth in section 42 of the internal revenue code of 1986.

(5) The state's low income housing tax credit authority shall be distributed in accordance with the qualified allocation plan. Amounts allocable under subsection (2) shall be set aside as follows:

(a) Qualified nonprofit organizations as required by section 42 of the internal revenue code of 1986 - not less than 10%.

(b) Rural housing projects - not less than 5%.

(c) Housing projects in eligible distressed areas - not less than 30%.

(d) Housing projects for the elderly - not less than 10%. Projects counted in 1 category shall not count in another category towards meeting the minimum set-aside requirements.

(6) Except for the amount for qualified nonprofit organizations, if the low income housing tax credit set aside under subsection (5) is not allocated before October 1 of the year in which that credit amount is authorized under subsection (2)(a), the authority may reapportion the unallocated credit amounts in a reasonable manner pursuant to the state's qualified allocation plan.

(7) All applications for low income housing tax credit shall be on the authority's prescribed forms and shall include information necessary pursuant to the qualified allocation plan and section 42 of the internal revenue code of 1986.

(8) The authority may charge applicants reasonable fees under the low income housing tax credit program.

(9) For the purposes of this section, "rural housing projects" means proposed or existing housing projects that fall into 1 or more of the following categories:

(a) Located in an area other than a metropolitan county.

(b) Funded by a federal program for the development of rural housing.

(c) Financed by a loan guaranteed by rural housing services or a successor agency.

125.1422c Subsidiary nonprofit housing corporation.

Sec. 22c. (1) The authority may incorporate 1 or more nonprofit housing corporations for 1 or more of the following purposes:

(a) Owning, holding, maintaining, improving, completing, receiving subsidy payments for, or transferring ownership of a housing project or housing unit either acquired through foreclosure or deed in lieu of foreclosure or over which the authority has, following a declaration of default, otherwise obtained control.

(b) Acquiring housing projects or an interest in the ownership of 1 or more housing projects and owning, holding, maintaining, or improving the housing projects, if regulatory or contractual restrictions assuring occupancy of some or all of the units in 1 or more of the housing projects by families and persons of low or moderate income are subject to termination within a 2-year period following the acquisition of the housing project. A nonprofit housing corporation incorporated under this subsection may acquire a housing project only if all of the following requirements are met:

(*i*) At least 6 months have passed since the eighteenth anniversary of the commencement of amortization of the project's permanent mortgage loan on the housing project.

(*ii*) The authority by resolution determines all of the following:

(A) The tenants residing in the housing project have been notified of the opportunity to acquire the housing project in accordance with the Cranston-Gonzalez national affordable housing act, Public Law 101-625, 104 Stat. 4079.

(B) No tenant organization that the authority determines to have the legal, financial, and managerial capabilities to acquire the housing project has developed and submitted to the housing project owners an acquisition proposal with respect to which negotiations are ongoing.

(C) No local or statewide nonprofit housing corporation that the authority determines to have the legal, financial, and managerial capabilities to acquire the project has submitted to the housing project owners an acquisition proposal with respect to which negotiations are ongoing.

(*iii*) The nonprofit housing corporation incorporated pursuant to this section contracts with a private firm for the management of the housing project.

(c) Carrying out programs and oversight responsibilities on behalf of or in conjunction with the United States department of housing and urban development with respect to federal housing programs.

(2) A subsidiary nonprofit housing corporation may sue and be sued in its own name, and the circuit court of Ingham county has exclusive jurisdiction over all actions brought against a subsidiary nonprofit housing corporation, except if jurisdiction over the action is in the supreme court, the court of appeals, or the court of claims.

(3) A subsidiary nonprofit housing corporation is a separate legal entity. The authority is not liable for the debts or obligations or for any actions or inactions of the subsidiary nonprofit housing corporation unless it expressly agrees otherwise. A member, officer, or employee of a subsidiary nonprofit housing corporation is not individually liable for actions undertaken or failure to act on behalf of the subsidiary nonprofit housing corporation so long as the individual is acting or reasonably believes he or she is acting within the scope of his or her authority as a member, officer, or employee of the subsidiary nonprofit housing corporation.

(4) The authority may make loans or grants to a subsidiary nonprofit housing corporation to enable the subsidiary nonprofit housing corporation to carry out any of its purposes.

125.1423 Housing development fund; creation; payments into fund.

Sec. 23. (1) There is created and established under the jurisdiction and control of the authority a revolving fund to be known as the “housing development fund”.

(2) There shall be paid into the housing development fund (a) any moneys appropriated and made available by the state for the purposes of the fund; (b) any moneys which the authority receives in repayment of advances made from the fund, and (c) any other moneys which may be made available to the authority for the purpose of the fund from any other source or sources.

History: 1966, Act 346, Eff. Mar. 10, 1967.

125.1424 Housing development fund; advances; grants; transfer of moneys.

Sec. 24. (1) The authority may use the moneys held in the fund to make interest-bearing or noninterest-bearing advances, in compliance with this act, to nonprofit housing corporations and consumer

housing cooperatives for development costs of proposed housing projects. Advances may not be made unless the authority reasonably anticipates that a federally-aided or authority-aided mortgage may be obtained by the nonprofit housing corporation or consumer housing cooperative for the permanent financing of a housing project pursuant to section 44.

(2) The proceeds of the advance may be used only to defray the development costs of the housing project. Each advance shall be repaid in full to the authority by the nonprofit housing corporation or consumer housing cooperative concurrent with receipt of the portion of the mortgage loan paid under the initial indorsement of the federally-aided or authority-aided mortgage or construction loan, unless the authority extends the period for the repayment of the advances. The time of repayment shall not be extended later than the date of receipt of the portion of the mortgage loan paid on final indorsement of the federally-aided or authority-aided mortgage or construction loan.

(3) The authority may use the moneys held in the fund to make grants to local communities, as defined by the authority in rules promulgated under this act, the office of services to the aging established in section 5 of the older Michiganians act, Act No. 180 of the Public Acts of 1981, being section 400.585 of the Michigan Compiled Laws, or public or private nonprofit organizations or local governmental agencies organized to provide assistance to persons and families of low or moderate income. The grants may be in any amounts as the authority determines, not to exceed the net costs, exclusive of any federal aid or assistance, incurred by the recipient in planning for or implementing housing assistance or community or housing development. Examples of permissible community or housing development include land and building acquisition; housing rehabilitation; capital improvements or modifications, including streets, open space, utilities, recreation or community centers, and parking facilities; and the provision of necessary supportive services.

(4) The authority may transfer the moneys held in the housing development fund to the land acquisition and development fund or to the rehabilitation fund in amounts which the authority determines necessary.

Administrative rules: R 125.101 et seq. of the Michigan Administrative Code.

125.1424a Land acquisition and development fund; creation; payment of moneys into fund.

Sec. 24a. (1) A fund to be known as the "land acquisition and development fund" is created and established under the jurisdiction and control of the authority.

(2) There shall be paid into the land acquisition and development fund: any moneys appropriated and made available by the state for the purposes of this fund; any moneys which the authority receives from the sale or rental of real property purchased by the authority with moneys from this fund; and any other moneys which may be made available to or by the authority and designated by the authority for the purpose of this fund from any other source including unpledged accumulated fees and charges and unpledged interest income of the authority. As used in this section, "real property" means an interest, including fee or leasehold interest, in land or improvements to land or a portion thereof.

History: Add. 1970, Act 129, Imd. Eff. July 29, 1970;—Am. 1976, Act 410, Imd. Eff. Jan. 9, 1977.

125.1424b Land acquisition and development fund; use of moneys; acquisition and exchange of real property; improvements to real property; costs; conveyance of real property.

Sec. 24b. (1) The authority may use the money held in the land acquisition and development fund to lease, acquire, or contract to acquire real property by grant, purchase, or otherwise from any person, firm, partnership, corporation, municipality, county, or federal or state agency, upon determining that the real property may be suitable for a future housing development or housing project; or is located in a residential area where the authority has financed or has planned to finance housing and the proposed use of the real property will improve the quality of the residential area by eliminating blight or provide needed public or commercial facilities; or is so situated that the present or future use of the real property, if not acquired by the authority, will adversely affect the value or marketability of the authority financed housing project. The authority may acquire real property in its own name or through and in the name of an agent by means of land contract, option, or other form of deferred payment agreement, or subject to mortgages or other encumbrances, if the authority reserves money in this fund or authorization to issue notes and bonds, the aggregate amount of which equals the unpaid principal balance on the land contracts, options, mortgages, or other encumbrances or deferred payment agreements plus any anticipated carrying charges, including insurance premiums, interest, maintenance expenses, and property taxes. The authority may exchange real property purchased with money from this fund for other real property, if the authority determines that the real

property will be acquired for a purpose for which real property can be purchased with money from this fund. Money received by the authority in connection with the exchange and any money received from the sale or rental of the real property shall be deposited in the land acquisition and development fund.

(2) The authority may contract for and use money held in the land acquisition and development fund for the following types of improvements to real property purchased or otherwise acquired for the purposes of this fund:

(a) Improvements that are necessary to place the real property in a safe, sanitary, and decent condition, including demolition, excavation, and landscaping.

(b) Improvements to real property which is to be dedicated for the public use and enjoyment, including the installation of recreational facilities, benches, shelters, lighting, and walkways.

(c) Improvements that are necessary to insure the planned development of the real property, including the installation of roads, sidewalks, sewers, and utilities. The authority may contract for and use money held in the land acquisition and development fund for services needed in connection with the acquisition, disposition, planning, development, and maintenance of real property.

(3) The authority may use the money held in the land acquisition and development fund to pay the following costs on real property purchased or being purchased with money from this fund or acquired by gift, grant, or exchange for the purposes of this fund:

(a) The costs of property taxes, insurance premiums, interest, maintenance expenses, and other carrying charges on real property notwithstanding the provisions of section 42, during the period when real property is owned or is being purchased by the authority or its agent, the authority shall pay all property taxes levied against the real property unless a taxing jurisdiction exempts the real property from property taxes. The assessed valuation of the real property while it is owned or being purchased by the authority or its agent shall not be increased by any taxing jurisdiction, except to reflect the state equalization valuation process.

(b) The costs of planning the development of the real property, including, but not limited to, the costs of economic feasibility studies, land use studies, site development planning, architectural and engineering design, market analysis and all related analyses, studies and planning services.

(c) The costs incurred in the transfer of real property, including brokerage and appraisal fees, recording expenses, and the costs of surveys and title insurance.

(d) The costs of the improvements to real property permitted by subsection (2).

(4) Real property may be conveyed by the authority to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, mobile home park association, or municipality for the purpose of constructing housing projects at such price and on such terms and conditions as shall be determined by the authority. Real property may be conveyed by the authority to the state or federal government, or any county or municipality for the use and enjoyment of the public upon such terms and conditions as shall be determined by the authority. Real property may be sold by the authority to an individual, firm, partnership, corporation, county, municipality, authority, or federal or state agency for any purpose at a price, equal to or greater than the lesser of the fair market value of the property at the time of sale or the price paid by the authority to acquire, hold, and improve the real property, which conveyance shall be subject to terms and conditions determined by the authority. 125.1431 Notes and bonds; liability of state.

Sec. 31. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state. The notes and bonds shall contain on the face thereof a statement to such effect.

History: 1966, Act 346, Eff. Mar. 10, 1967.

125.1432 Capital reserve fund; definitions; federal housing subsidy programs; recommendations; priority; program of loans for mobile homes; program of loans for consumer housing cooperatives; notice of public hearing or proposed rule change; rules; identification of housing production goals; report to governor and committees; review of loans, financial instruments, and lines of credit; confidentiality.

Sec. 32. (1) The authority may create and establish 1 or more special funds called capital reserve funds to secure notes and bonds of the authority. The authority shall pay into a capital reserve fund money appropriated and made available by this state for the purposes of the fund, the proceeds of the sale of notes or bonds to the extent provided in the resolution of the authority authorizing the issuance of the notes or bonds,

and other money that is made available to the authority for the purpose of a fund from any other source. In addition to, or in lieu of, depositing money in a capital reserve fund, the authority may obtain and pledge letters of credit and, effective retroactively as of June 1, 1993, insurance policies, surety bonds, guarantees, or other security arrangements if those other security arrangements are approved by the state treasurer, for the purposes of the capital reserve fund. The amount available under letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements pledged to a capital reserve fund shall be credited toward the satisfaction of a capital reserve fund requirement. All money and proceeds under letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements held in a capital reserve fund, except as specifically provided, shall be used as required solely for the payment of the principal of notes or bonds of the authority secured in whole or in part by the capital reserve fund, for the purchase or redemption of notes or bonds, for the payment of interest on the notes or bonds, or for the payment of a redemption premium required to be paid when the notes or bonds are redeemed prior to maturity. However, the authority shall not use the capital reserve fund for an optional purchase or optional redemption of notes or bonds if the use would reduce the total of the money on deposit in the capital reserve fund and amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to a capital reserve fund to less than the capital reserve fund requirement established for the fund. Income or interest earned by, or increment to, a capital reserve fund from the investment of the money in the capital reserve fund may be transferred by the authority to other funds or accounts of the authority to the extent that the transfer does not reduce the total of the amount of money in a capital reserve fund and amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to the capital reserve fund below the capital reserve fund requirement for the fund.

(2) The authority shall not issue notes or bonds secured in whole or in part by a capital reserve fund if, upon the issuance of the notes or bonds, the amount in the capital reserve fund, including the amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to the capital reserve fund, would be less than the capital reserve fund requirement for the fund, unless the authority, at the time of issuance of the notes or bonds, deposits in the fund from the proceeds of the notes or bonds to be issued, or from other sources, an amount that, together with the amount then in the fund, is not less than the capital reserve fund requirement for the fund, or obtains a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement in an amount that, together with the amount then in the fund, is not less than the capital reserve fund requirement for the fund. For the purposes of this section, "capital reserve fund requirement" means the amount required in the resolution of the authority authorizing the notes or bonds with respect to which the fund is established, which amount shall not exceed the maximum amount of principal and interest maturing and becoming due in a succeeding calendar year on the notes or bonds of the authority secured in whole or part by the fund.

(3) The authority has, before January 9, 1977, in connection with its housing development bonds issued pursuant to a bond resolution dated June 10, 1971, established within the capital reserve fund relating to housing development bonds, a capital reserve account and a capital reserve capital account. This capital reserve account constitutes a capital reserve fund under this act. Money in this capital reserve account shall secure only housing development bonds issued pursuant to the June 10, 1971 bond resolution. Unless otherwise provided by the authority, money in the capital reserve capital account shall secure all bonds and notes of the authority. In determining whether the capital reserve fund requirement established for a capital reserve fund has been met, the authority shall not include or take into account money in the capital reserve capital account.

(4) The authority has, before January 9, 1977, in connection with its insured mortgage revenue bonds issued pursuant to a bond resolution dated May 11, 1976, established a bond reserve fund. This bond reserve fund constitutes a capital reserve fund under this act.

(5) The authority may issue notes and bonds subject to the following limitations:

(a) The authority shall not have outstanding at any time bonds and notes for any of its corporate purposes in an aggregate principal amount exceeding $4,200,000,000.00, excluding all of the following:

(*i*) The principal amount of bonds and notes issued to refund outstanding bonds and notes.

(*ii*) The principal amount of bonds and notes that appreciate in principal amount, except to the extent of the principal amount of these bonds and notes payable at such time.

(*iii*) The principal amount of notes and bonds representing original issue discount, if any.

(b) After November 1, 2014, the limitation on the aggregate principal amount of notes and bonds provided in subdivision (a) is $3,400,000,000.00, excluding all of the following:

(*i*) The exclusions provided in subdivision (a)(*i*), (*ii*), and (*iii*).

(*ii*) The aggregate principal amount of bonds and notes issued on or before November 1, 2014, that is outstanding on November 1, 2014, and that exceeds $3,400,000,000.00.

(6) Subject to the limitation in subsection (5), that portion of the state ceiling to be used for qualified mortgage bonds, mortgage credit certificates, or bonds to finance qualified residential rental projects shall be allocated to the authority unless the authority elects by resolution to allow another issuer to issue qualified mortgage bonds, mortgage credit certificates, or bonds to finance qualified residential rental projects. As used in this subsection:

(a) "Mortgage credit certificate" means that term as defined in section 25 of the internal revenue code, 26 USC 25.

(b) "Qualified mortgage bond" means that term as defined in section 143 of the internal revenue code, 26 USC 143.

(c) "Qualified residential rental project" means that term as defined in section 142 of the internal revenue code, 26 USC 142.

(d) "State ceiling" means the aggregate amount of certain private activity bonds, including qualified mortgage bonds, that may be issued in any calendar year in this state pursuant to section 146 of the internal revenue code, 26 USC 146.

(7) To ensure the continued operation and solvency of the authority for the carrying out of the public purposes of this act, the authority shall accumulate in each capital reserve fund an amount equal to the capital reserve fund requirement for that fund. If at any time the capital reserve fund requirement for a capital reserve fund exceeds the amount of the capital reserve fund, the authority shall transfer to this fund from the capital reserve capital account established by the authority's June 10, 1971 bond resolution the amount necessary to restore the capital reserve fund to an amount equal to the capital reserve fund requirement. If a deficiency exists in more than 1 capital reserve fund and the amount in the capital reserve capital account is not sufficient to fully restore the capital reserve funds, the money in the capital reserve capital account shall be allocated between the deficient capital reserve funds pro rata according to the amounts of the deficiencies. If at any time the capital reserve capital account has been exhausted and the capital reserve fund requirement for a capital reserve fund exceeds the amount of the capital reserve fund, the chairperson of the authority on or before September 1 shall certify to the governor and budget director the amount, if any, necessary to restore a capital reserve fund to an amount equal to the capital reserve fund requirement. The governor and the budget director shall include in the annual budget the amount certified by the chairperson of the authority.

(8) In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of the fund is invested shall be valued at par. If the securities are purchased at other than par, the securities may be valued at their cost to the authority, as adjusted by amortization of the discount or premium paid upon purchase of the securities on a pro rata basis to the maturity date of the securities.

(9) To the extent possible and consistent with sound fiscal management and good housing development planning, the authority shall make full use of available federal housing subsidy programs. The authority shall recommend programs and legislation to better maintain and improve existing housing stock.

(10) The authority shall require that not less than 15% of the multifamily dwelling units financed by mortgage loans from the authority in a calendar year under federal government subsidy programs, subject to applicable federal regulations, be offered on a priority basis to low income families and persons receiving their primary incomes from social security programs or state and federal public assistance programs.

(11) The authority shall implement a program of loans for mobile homes as soon as is reasonably feasible. The authority shall develop a program for financing the construction or rehabilitation of mobile home parks and mobile home condominium projects within 24 months after December 31, 1982, subject to a determination of feasibility by the authority and the authority's ability to sell bonds.

(12) The authority shall implement a program of loans for consumer housing cooperatives as soon as is reasonably feasible. The authority shall develop a program for financing the construction or rehabilitation of consumer housing cooperative projects within 12 months after July 10, 1984, subject to a determination of feasibility by the authority and the authority's ability to sell bonds.

(13) When processing rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, the authority shall furnish to each member of the legislature a copy of a notice of a public hearing or proposed rule change at least 10 days before the public hearing and at least 20 days before the adoption of the rule.

(14) Before October 1 of each year, the authority shall identify housing production goals for housing projects financed with bonds and notes issued under the limitations provided in section 32a. The authority shall identify a goal for the authority as a whole and a specific goal for each program. The authority shall submit those goals in an annual report to the governor and to the house committee on urban affairs and the senate committee on finance, or their successor committees.

(15) Within 6 months after the legislature enacts or the authority adopts a new program, the authority shall submit an interim report to the same persons to whom an annual report is submitted. If both the legislature

and the authority establish a program, the authority shall submit the interim report within 6 months after the effective date of the act establishing the program. The authority shall include in an interim report all of the information required in an annual report that is specific to that program.

(16) After the initial or an interim report, the authority shall include in an annual report all of the following for each program:

(a) Whether the production goals for the previous 12-month period have been met. If those production goals have not been met, the authority shall explain in the report the reasons why those production goals have not been met.

(b) Any significant obstacles to the development of housing for low and moderate income persons that have been encountered by the authority.

(c) The estimated economic and social benefits of these housing projects to the immediate neighborhoods in which the housing projects have been constructed.

(d) The estimated economic and social benefits of these housing projects to the municipalities in which the housing projects have been constructed.

(e) The extent of displacement, direct and indirect, of lower income persons caused by these housing projects, and steps taken by the authority and other governmental and private parties to ameliorate the displacement, and the results of those efforts.

(f) The estimated extent of additional reinvestment activities by private lenders attributable to the authority's financing of these housing projects.

(g) The age, race, family size, median income, and average income of the tenants of these housing projects.

(h) The estimated economic impact of these housing projects, including the number of construction jobs created, wages paid, and taxes and payments in lieu of taxes paid.

(i) The progress in developing mobile home parks and mobile home condominium projects, in financing the construction or rehabilitation of consumer housing cooperative projects, and in financing the construction or rehabilitation of nonprofit housing corporation projects.

(j) A report on the neighborhood preservation program under section 44f. The report shall include information about the progress in developing the program, the neighborhoods identified as eligible for the program, the neighborhoods or municipalities that have applied for the program, the neighborhoods that have received funds from the program, and the reasons that neighborhoods or municipalities have been denied funds from the program.

(k) A report on the status of federal programs that provide assistance to low income tenants displaced as the result of prepayments of federally and authority assisted loans.

(*l*) A report on the low income housing tax credit program under section 22b. The report shall include information regarding the amount of tax credits allocated to the state under each of the subdivisions of section 22b(2); the projects that have received tax credits; and the reasons why projects have been denied tax credits under the program; a geographical description of the distribution of those tax credits; and a description of amendments to the allocation plan made during that year.

(m) A report on education and training opportunities provided by the authority under section 17. The report shall indicate the types of education and training opportunities made available and the amount of funding committed to these activities.

(n) For any programs or projects involving refinancings, the number of refinancings undertaken by the authority and the total dollar amount of all refinancings undertaken by the authority.

(17) The authority shall conduct an annual review of all loans, financial instruments that require repayment, or lines of credit with the Michigan broadband development authority created in section 4 of the Michigan broadband development authority act, 2002 PA 49, MCL 484.3204. The review shall contain an analysis of the Michigan broadband development authority's ability to repay all loans, financial instruments that require repayment, and lines of credit with the authority and the amount and payment schedule of all current loans, financial instruments that require payment, and lines of credit with the authority. The review shall also contain an analysis of the number of authority-assisted or -financed developments and homes purchasing high-speed internet connections at substantially reduced rates as a direct result of loans from the Michigan broadband development authority, as specified in the memorandum of understanding between the authority and the Michigan broadband development authority.

(18) The authority shall ensure that the income characteristics of individuals served by an authority program are provided in a manner that ensures each individual's confidentiality. The authority shall also ensure that proprietary information in its reports under this section concerning an individual, corporation, cooperative, or association is not released without the permission of that individual, corporation, cooperative, or association.

125.1432a Issuance of bonds to finance single family homes; previous ownership interest; publicizing program; report to legislature; section inapplicable to refinancing single family homes.

Sec. 32a. With respect to bonds, other than refunding bonds, issued to finance single family homes after November 1, 1989, for the first 60 days following the announcement of a program funded by the proceeds of those bonds, 50% of the proceeds of those bonds available to make loans, as determined by the preliminary information obtained by originating lenders at the time a reservation is submitted, shall be reserved for applicants with gross annual incomes at or below 60% of the statewide median gross income. The authority may, by resolution, waive this requirement. The authority shall advise the house of representatives and senate standing committees with jurisdiction over housing issues 5 days prior to adopting a resolution waiving this requirement. With respect to bonds, other than refunding bonds, issued to finance single family homes after November 1, 1989, not more than 50% of the proceeds of those bonds may be used to finance single family homes for homebuyers who previously have had an ownership interest in a residence. For purposes of this section, a previous ownership interest in a mobile home shall not be considered to be an ownership interest in a residence. The authority may rely on the applicant's affidavit to determine whether or not the applicant has had a prior ownership interest in a residence. The authority shall publicize the programs funded under this section by using all reasonable means available, including, but not limited to, public interest announcements in the media, and announcements to lending institutions, community groups, and real estate organizations. The authority shall submit a report annually to the legislature containing all statistics necessary to indicate its compliance with this section. This section does not apply to bonds issued to refinance single family homes.

Sec. 32b. (1) The authority is designated as the administrator of the mortgage credit certificate program for this state permitted under section 25 of the internal revenue code, 26 USC 25.

(2) The authority shall prepare guidelines that would allow for the implementation of a mortgage credit certificate program through mortgage lenders.

(3) For a borrower to qualify for receipt of a mortgage credit certificate with respect to the acquisition of a new or existing housing unit, including a residential condominium or mobile home, both of the following requirements shall be met:

(a) The purchase price with respect to the new or existing unit shall not exceed the limits established in section 44 for newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, for which the authority may make loans to individual purchasers for acquisition and long-term financing or refinancing.

(b) The borrower's family income does not exceed the following, as applicable:

(*i*) The limits established in section 44 for individual purchasers to whom the authority may make loans for the acquisition and long-term financing or refinancing of newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units.

(*ii*) For eligible distressed areas, $69,800.00 until June 1, 2006, $72,250.00 until November 1, 2007, and

$74,750.00 on and after November 1, 2007 but before the effective date of the 2012 amendatory act that amended this section.

(*iii*) For any other area, $60,700.00 until June 1, 2006, $62,800.00 until November 1, 2007, and $65,000.00 on and after November 1, 2007 but before the effective date of the 2012 amendatory act that amended this section.

(4) The authority may increase the purchase price limit in subsection (3) to cover the cost of improvements to adapt the property for use by disabled individuals or unexpected cost increases during construction. The amount of the increase shall be the amount of the costs described in this subsection or $3,500.00, whichever is less.

(5) To qualify for receipt of a mortgage credit certificate with respect to the improvement or rehabilitation of an existing housing unit, including a residential condominium or mobile home, the borrower's family income shall not exceed the limits established in section 44a for persons and families of low and moderate income.

(6) If an income or purchase price limit prescribed by subsection (3), (4), or (5) exceeds an applicable limit prescribed by the internal revenue code, 26 USC 1 to 9834, the internal revenue code limit applies. Except with respect to newly constructed housing units, the authority may at any time by resolution establish, for a length of time it considers appropriate, maximum borrower income or purchase price limits more restrictive than those maximum limitations set forth in this section. The authority shall advise the appropriate house and senate standing committees 5 days prior to the adoption of a resolution establishing more restrictive income or purchase price limits.

(7) The changes made by 1995 PA 186 to purchase price limits in the subsections that at the time were designated subsections (3) and (4) were retroactive, effective as of October 29, 1993.

125.1444 Loans; purposes; conditions; amount; eligibility; sales and resales; long-term financing or refinancing; securing and repaying loans; interest rate; misrepresentation of income; time period for refinancing; loans for newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units; definitions.

Sec. 44. (1)(a) The authority may make loans to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, or mobile home park association or to a public body or agency for the construction or rehabilitation, and for the long-term financing, of the following:

(*i*) Housing for low income or moderate income persons.

(*ii*) For the period beginning May 1, 1984, and ending November 1, 1987, housing projects in which not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of the internal revenue code of 1954; not less than 60% of the dwelling units are available to persons and families whose gross household income does not exceed 125% of the higher of either the median income for a family in this state or the median income for a family within the nonmetropolitan county or metropolitan statistical area in which the housing project is located, as determined by the authority; and not more than 20% of the dwelling units are available for occupancy without regard to income. The enactment of this subparagraph or the expiration of the authority granted by it does not affect rules in effect before July 10, 1984, or promulgated after July 9, 1984, to define low or moderate income persons.

(*iii*) For the period of time beginning May 1, 1984, and ending November 1, 1987, housing projects in eligible distressed areas in which housing projects not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of the internal revenue code of 1954, not less than 60% of the dwelling units are available to persons and families whose gross household income does not exceed 150% of the higher of either the median income for a family in this state or the median income for a family within the nonmetropolitan county or metropolitan statistical area in which the housing project is located, as determined by the authority, and not more than 20% of the dwelling units are available for occupancy without regard to income.

(*iv*) Beginning November 1, 1987, multifamily housing projects that meet the 20-50 or 40-60 test established in section 142 of the internal revenue code, 26 USC 142, and, in addition, in which the remaining dwelling units are available for occupancy without regard to income.

(*v*) Social, recreational, commercial, or communal facilities necessary to serve and improve the residential area in which an authority-financed housing project is located or is planned to be located thereby enhancing the viability of the housing.

(b) Notwithstanding the other provisions of this subsection, the authority may establish by resolution higher income limits that it considers necessary to achieve sustained occupancy of a housing project financed under subdivision (a) if the authority determines both of the following:

(*i*) The owner of the housing project exercised reasonable efforts to rent the dwelling units to persons and families whose incomes did not exceed the income limitations originally applicable.

(*ii*) For an annual period after the first tenant has occupied the housing project, the owner of the housing project has been unable to attain and sustain at least a 95% occupancy level at the housing project.

(c) A loan under this subsection shall not exceed 90% of the project cost as approved by the authority. For purposes of this section, the term "project cost" includes all items included in the definition of a project cost in section 11 and also includes a builder's fee equal to an amount up to 5% of the amount of the construction contract, developer overhead allowance and fee of 5% of the amount of the project cost, the cost of furnishings, and a sponsor's risk allowance equal to 10% of the project cost. A loan shall not be made under this section unless a market analysis has been conducted that demonstrates a sufficient market exists for the housing project.

(d) After November 1, 1987, the authority may continue to finance multifamily housing projects for families or persons whose incomes do not exceed the limits provided in subsection (1)(a)(*ii*) or (*iii*) or (1)(b), until funds derived from the proceeds of bonds or notes issued before November 2, 1987, for that purpose, including the proceeds of prepayments or recovery payments with respect to these multifamily housing projects, have been expended. Multifamily housing projects or single family housing units in an eligible distressed area that are financed by proceeds of notes or bonds issued before June 30, 1984, and that the authority has designated for occupancy by persons and families without regard to income pursuant to this act shall remain eligible for occupancy by families and persons without regard to income until the authority's mortgage loan issued with respect to these multifamily housing projects is fully repaid.

(e) Notwithstanding the expiration of lending authority under subsection (1)(a)(*ii*), (*iii*), (*iv*), or (*v*), multifamily housing projects financed under those subparagraphs may continue to remain eligible for occupancy by persons and families whose incomes do not exceed the limits provided in those subparagraphs or subsection (1)(b).

(f) For purposes of this subsection:

(*i*) "Gross household income" means gross income of a household as those terms are defined in rules of the authority.

(*ii*) "Median income for a family in this state" and "median income for a family within the nonmetropolitan county or metropolitan statistical area" mean those income levels as determined by the authority.

(2)(a) The authority may make loans to a nonprofit housing corporation, limited dividend housing

corporation, mobile home park corporation, or mobile home park association for the construction or rehabilitation of housing units, including residential condominium units as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, for sale to individual purchasers of low or moderate income or to individual purchasers without regard to income when the housing units are located in an eligible distressed area. A loan under this subsection shall not exceed 100% of the project cost as approved by the authority in the case of a nonprofit housing corporation or individual purchaser, and shall not exceed 90% of the project cost as approved by the authority in the case of a limited dividend housing corporation, mobile home park corporation, or mobile home park association.

(b) While a loan under this subsection is outstanding, a sale by a nonprofit housing corporation or limited dividend housing corporation or a subsequent resale is subject to approval by the authority. The authority may provide in its rules concerning these sales and resales that the price of the housing unit sold, the method of making payments after the sale, the security afforded, and the interest rate, fees, and charges to be paid shall at all times be sufficient to permit the authority to make the payments on its bonds and notes and to meet administrative or other costs of the authority in connection with the transactions. Housing units shall be sold under terms that provide for monthly payments including principal, interest, taxes, and insurance.

(c) While a loan under this subsection is outstanding, the authority, before the approval of sale by a nonprofit housing corporation, limited dividend housing corporation, mobile home park corporation, or mobile home park association, shall determine that the sale is to persons of low or moderate income if the housing unit is not located in an eligible distressed area, or to persons without regard to income if the housing unit is located in an eligible distressed area.

(3) The authority may make, purchase, or participate in loans made to individual purchasers for acquisition and long-term financing or refinancing of newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104. All of the following apply to making, purchasing, or participating in a loan under this subsection:

(a) The borrower's family income shall not exceed The income requirements established in section 143 of the internal revenue code, 26 USC 143. If those income requirements are repealed, the borrower's family income shall not exceed the income requirements that were in effect immediately before the repeal.

(b) The purchase price or, in the case of a refinancing, the appraised value shall not exceed the following:

(*i*) With respect to a 1- or 2-family unit, $224,500.00.

(*ii*) With respect to a 3-family unit, $261,625.00.

(*iii*) With respect to a 4-family unit, $299,000.00.

(c) For unexpected cost increases during construction or improvements to adapt new or existing property for use by disabled individuals, the authority may increase the purchase price limit by an amount sufficient to cover these cost increases, but not to exceed $3,500.00.

(d) If a purchase price limit prescribed by this subsection exceeds an applicable limit prescribed by the internal revenue code, the internal revenue code limit applies if the loan will be financed with the proceeds of a tax-exempt bond.

(e) Except with respect to newly constructed housing units, the authority may by resolution establish, for a length of time the authority considers appropriate, maximum borrower income or purchase price limits more restrictive than those maximum limitations set forth in this subsection. The authority shall advise the appropriate house and senate standing committees 5 days prior to adopting a resolution establishing more restrictive maximum borrower income or purchase price limits.

(f) Before the authority makes a loan under this section, authority staff shall determine that the borrower has the ability to repay the loan.

(g) A loan made or purchased to finance the acquisition of an existing housing unit may include funds for rehabilitation.

(h) If the loan made is a loan for refinancing of a 1- to 4-unit housing unit, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, the authority shall determine that 1 of the units is occupied by the borrower.

(4) A loan under this section shall be secured in a manner and be repaid in a period, not exceeding 50 years, as may be determined by the authority. A loan shall bear interest at a rate determined by the authority.

(5) A person who, for purposes of securing a loan under this act, misrepresents his or her income, including taking a leave of absence from his or her employment for purposes of diminishing his or her income, is not eligible for a loan under this act.

(6) With regard to refinancing, the authority shall not make, purchase, or commence participation in loans to individual purchasers pursuant to subsection (3) after April 3, 2011.

(7)(a) The authority may make, purchase, or participate in a loan for acquisition and long-term financing of

newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, if all of the following requirements are met:

(*i*) The loan is made to an individual purchaser or purchasers, whose income does not exceed the income requirements established in section 143 of the internal revenue code, 26 USC 143. In addition, upon repayment of a loan made, purchased, or participated in under this section, the authority may withdraw the amount deposited in the reserve in connection with that loan, reduced by amounts withdrawn as loan repayments in connection with the loan, and may apply the amounts to any of the authority's corporate purposes. Income or interest earned by or increment to the reserve due to the investment of the money in the reserve may, at the times determined by the authority, be transferred by the authority to other funds or accounts of the authority and applied to any of

the authority's corporate purposes. A loan under this section shall bear interest at a rate and be repaid in the period, not exceeding 30 years, as determined by the authority and under additional terms and conditions as determined by the authority.

125.1444b Loans to mortgage lenders; authorized purchases and commitments; requirements and conditions; report.

Sec. 44b. (1) The authority may make and contract to make loans to mortgage lenders, and may purchase and enter into commitments for the purchase of securities, certificates of deposit, time deposits, or mortgage loans from mortgage lenders, on terms and conditions it determines are reasonably related to protecting the security of the authority's investment and to implementing the purposes of financing housing projects. Mortgage lenders are authorized to borrow from the authority pursuant to this section.

(2) The authority shall require as a condition of a loan to a mortgage lender that, within a reasonable period after receipt of the loan proceeds as the authority determines, the mortgage lender enter into written commitments to make new mortgage or secured loans and, within a reasonable period after entering into those commitments as the authority determines, disburse the loan proceeds in new mortgage or secured loans to borrowers eligible under this act in an aggregate principal amount of not less than the amount of the loan to the mortgage lender.

(3) To assure compliance with this section, the authority, through its members, employees, or agents, may inspect the books and records of a mortgage lender. As a condition of a loan to a mortgage lender, the authority may require agreement by the mortgage lender to the payment of penalties to the authority for violation by the mortgage lender of its agreement with the authority.

(4) The authority shall require that a mortgage lender receiving a loan pursuant to this section shall issue and deliver to the authority evidence of its indebtedness to the authority which evidence shall constitute a general obligation of the mortgage lender and shall bear a date, mature at a time, be subject to prepayment, and contain other provisions consistent with this section and related to protecting the security of the authority's investment, as the authority determines.

(5) The authority may require that the interest rate and other terms of loans to mortgage lenders made from the proceeds of an issue of bonds or notes of the authority shall be at least sufficient to assure the payment of the bonds or notes and the interest on them as they become due. In addition, the authority may require that loans to mortgage lenders are additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security by special escrow funds or other forms of guarantees and in amounts and forms as the authority determines by resolution to be necessary to assure the payment of the loans and the interest as they become due.

(6) The authority may establish additional requirements it considers necessary with respect to the pledging, assigning, setting aside, or holding of collateral; the making of substitutions for or additions to the collateral; and the disposition of income and receipts from the collateral.

(7) The authority may require as a condition of a loan to a mortgage lender any representations and warranties it determines are necessary to secure the loans and carry out the purposes of this section.

(8) The authority may make loans to mortgage lenders under this section to finance loans for the construction of housing projects or rehabilitation of existing structures for housing projects and for social, recreational, commercial, or communal facilities necessary to serve and improve the residential area in which a housing project is located or is planned to be located thereby enhancing the viability of such housing project.

(9) The authority shall require that any housing project assisted under this section comply with the income limitations established under section 44, 44a, or 44c together with any additional income limitations required to maintain the tax exemption of notes or bonds issued to provide the financing.

(10) The authority may require additional conditions regarding the planning, development, and management of projects to be financed by the mortgage lender from the proceeds of the authority notes or bonds and may provide for the disposition of the property and franchises of the borrower.

(11) The authority shall submit a report to the governor and the legislature on its progress in implementing loans to mortgage lenders pursuant to section 44b at 6-month intervals from the effective date of this subsection.

History: Add. 1984, Act 215, Imd. Eff. July 10, 1984.

125.1444c Use of proceeds of notes or bonds; qualification as rehabilitation; establishment of higher income limits; eligibility for occupancy; application; issuance of 6-month commitment to loan funds; limitation on outstanding loan commitments; fees; direct or indirect loan; sale, refinancing, or resyndication; allowable distributions; report to authority; authority-aided mortgage; monitoring compliance; remedies; regulation; liability; priority consideration; unified volume cap not as impairment; student housing project.

Sec. 44c. (1) If the resolution authorizing the issuance of notes or bonds provides that the notes or bonds are limited and not general obligations of the authority, are not secured by the capital reserve capital account, and are secured solely by revenues and property derived from or obtained in connection with the housing project, the authority shall use the proceeds of those notes or bonds to make loans directly, or indirectly by a loan through a mortgage lender, to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, mobile home park association, or public body or agency for the construction, rehabilitation, long-term financing or any combination of construction, rehabilitation, or long-term financing of any of the following:

(a) Multifamily housing projects for students or low income or moderate income persons.

(b) Beginning May 1, 1984, multifamily housing projects in which not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of the internal revenue code of 1954 and in which not more than 80% of the dwelling units are available for occupancy without regard to income.

(c) Social, recreational, commercial, or communal facilities to serve and improve the residential area in which an authority-financed multifamily housing project is located or is planned to be located, thereby enhancing the viability of such housing.

(2) To qualify as rehabilitation under this section, the rehabilitation expenditures with respect to the project must equal or exceed 30% of the portion of the cost of acquiring the building and equipment financed with the proceeds of the notes or bonds issued to acquire and rehabilitate the project. For a project located in an eligible distressed area, the amount of rehabilitation may be less than the 30% requirement if the authority determines by resolution that the likely benefit to the community or the proposed residents of the project merits the use of this financing source. This subsection does not apply to a project for which the authority has authorized a loan commitment under this section before December 18, 1985. The authority shall not provide long-term financing for a project under this section unless the project is constructed or rehabilitated in anticipation of authority financing, the construction or rehabilitation is undertaken with authority financing, long-term financing is being provided with respect to a housing project for which regulatory or contractual restrictions assuring occupancy of some or all of the units by families or persons of low or moderate income are subject to termination within a 2-year period following the acquisition of the housing project, or a housing project which is to be owned and operated by a nonprofit housing corporation which is qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3).

(3) Notwithstanding the provisions of this section, the authority shall establish by resolution higher income limits for a housing project financed under either subsection (1)(a) or (b) if the authority determines all of the following:

(a) The owner of the housing project exercised reasonable efforts to rent the dwelling units to persons and

families whose incomes did not exceed the originally applicable income limitations.

(b) For any annual period after the first tenant has occupied the housing project, the owner of the housing project has been unable to attain and sustain at least a 95% occupancy level at the housing project.

(4) Notwithstanding the expiration of lending authority under this section, multifamily housing projects financed under this section may continue to remain eligible for occupancy by persons and families whose incomes do not exceed the limits provided in subsection (1) or (3).

(5) A borrower seeking to qualify for a loan under this section shall file an application with the authority which includes the following:

(a) A description of the proposed credit enhancement. The proposed credit enhancement may be in the form of a letter of credit, bonding, guarantee, mortgage insurance, or other appropriate security in an amount sufficient to assure the authority that repayment of notes or bonds issued by the authority is reasonably secure.

(b) An undertaking to pay all costs of issuing the notes or bonds and to provide compensation for, as considered appropriate by the borrower and at no cost to the authority, any underwriters, trustees, counsel, and other professionals as are necessary to complete the financing.

(c) An application fee equal to the greater of $4,000.00 or 0.0005 multiplied by the principal amount of notes or bonds for which issuance is requested. For a project located in an eligible distressed area, the fee required by this subdivision is refundable if the notes or bonds are not delivered or may be waived by the authority if the owner of the housing project is or will be a nonprofit housing corporation qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), or a limited dividend housing association wholly owned and controlled by 1 or more nonprofit corporations qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3). In all other cases, the fee is nonrefundable.

(6) So long as there is uncommitted bonding capability under the limitations of section 32, the authority shall issue a 6-month commitment to loan funds, subject to sale by the authority of its notes and bonds in compliance with applicable law and pursuant to terms and conditions which permit the funding of such loan, either directly or indirectly by a loan through a mortgage lender, to the borrower in the amount of the total development cost of the proposed multifamily housing project or $25,000,000.00, whichever is less, or if the proposed multifamily housing project is located in an eligible distressed area, in the amount of the total development cost of the proposed project or $50,000,000.00, whichever is less, upon the determination by the authority of all of the following:

(a) The housing project is eligible for financing under this section.

(b) The borrower is an eligible borrower under this act.

(c) The requirements of subsection (5) have been met.

(d) The borrower has provided evidence of a commitment to issue a credit enhancement in the form of a letter of credit, bonding, guarantee, mortgage insurance, or other appropriate security in a form and amount sufficient to assure the authority that the repayment of notes or bonds issued by the authority for purposes of making a loan to the borrower is reasonably secure. If the authority determines that repayment of the notes or bonds will be reasonably secure, the authority's review of the credit enhancement shall take the place of the authority's normal underwriting and feasibility review.

(e) If the loan is made indirectly by a loan through a mortgage lender, the requirements of section 44b have been met.

(7) Unless a borrower is either a nonprofit housing corporation qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), or a limited dividend housing association that is wholly owned and controlled by 1 or more nonprofit corporations qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), and may borrow money from the authority without an allocation of the state volume limitation, a borrower and any person who is a related person to the borrower as defined in section 144(a)(3) of the internal revenue code, 26 USC 144(a)(3), shall not have outstanding loan commitments under this section which total more than the greater of $25,000,000.00 or the amount of financing approved for a single project under subsection (6). Once a loan has been made under this section, the commitment made with respect to the loan shall no longer be considered to be outstanding.

(8) Simultaneously with the issuance of the loan commitment by the authority, the borrower shall pay a commitment fee established by the authority in the amount of not more than 0.1% of the principal amount of notes or bonds to be issued. The authority shall credit the amount paid by the borrower as an application fee under subsection (5) against this commitment fee. The authority shall extend a 6-month loan commitment issued under subsection (6) for an additional 6 months upon payment by the borrower of a nonrefundable extension fee of $5,000.00, which fee shall not be credited against any other fee or payment to the authority.

(9) Within the period during which the commitment is effective, the authority, upon a determination that the terms and conditions of the commitment have been satisfied, shall make its loan directly, or indirectly through a loan to a mortgage lender, to the borrower.

(10) Except as otherwise provided in this subsection, upon issuance of any notes or bonds to finance a housing project under this section, the borrower shall pay when the notes or bonds are issued, in addition to any commitment or extension fee paid under subsection (8), a fee established by the authority of either not more than 0.9% of the principal amount of the notes or bonds for a loan made for a project located in an eligible distressed area or not more than 1.9% of the principal amount of the notes or bonds for a loan made for a project located in other than an eligible distressed area. If notes or bonds have been issued under this section for a project owned by the borrower located in an eligible distressed area within 180 days before the issuance of notes or bonds for the next project financed by that borrower, which next project is located in other than an eligible distressed area, the fee under this subsection shall be not more than 0.9% of the principal amount of the notes or bonds. If notes or bonds have been issued under this section for a project located in other than an eligible distressed area and the borrower has paid the 1.9% fee, the authority shall not charge a fee under this subsection for the next project financed by that borrower if that next project is located in an eligible distressed area and if the notes or bonds are issued within 180 days after the notes or bonds were issued for the project located in other than an eligible distressed area. In addition to the fee to be paid to the authority when notes or bonds are issued under this section, the authority may, at its sole discretion, establish an annual fee, or other administrative fees, to be paid by the borrower during the term of the loan. All or any portion of the fees due to the authority under this subsection shall be paid by the borrower to the authority in annual or semiannual installments, as the authority shall determine, after the date on which notes or bonds are issued to finance the related housing project.

(11) Subject to any rights of the holders of any notes or bonds issued to finance a multifamily housing project under this section, if the owner of a multifamily housing project financed under this section provides evidence satisfactory to the authority that a prospective new owner of the multifamily housing project is an eligible borrower under this act and the exemption from federal income taxation of interest on the notes or bonds issued to finance the multifamily housing project will not be impaired as a result of a sale, refinancing, or resyndication, the borrower may sell, refinance from a source other than the authority, or resyndicate that housing project at any time. A prepayment penalty or fee shall not be required for the sale, refinancing, or resyndication other than any prepayment penalty or fee owing to the holders of notes or bonds issued to finance a housing project under this section, except that the owner shall pay all fees of the authority described in subsection (10) before or concurrent with the sale, refinancing, or resyndication. For student housing, a transfer of ownership shall be approved by a resolution of the college or university board of trustees for the college or university that approved the initial financing under this section.

(12) A borrower is allowed distributions equal to a 12% return on the borrower's investment in a multifamily housing project financed under this section for the first 12 months of operation of the housing project following substantial completion. The allowable return shall be increased by 1% for each 12-month period after the first 12 months. The maximum allowable return for a housing project located in other than an eligible distressed area is 25%. Any return less than the allowable rate in any preceding period may be received in any subsequent period on a cumulative basis.

(13) Before September 1 of each year, the owner of a housing project financed under this section shall report to the authority all of the following, which the authority shall include in the report required by section 32(14):

(a) The incomes of the tenants residing in that housing project in a manner that preserves the anonymity of those tenants.

(b) The estimated economic and social benefits of that housing project to the immediate neighborhoods in which it has been constructed.

(c) The estimated economic and social benefits of that housing project to the city in which it has been constructed.

(d) Information requested by the authority about that housing project that is needed so that the authority can report the extent of displacement, direct and indirect, of lower income persons caused by housing projects financed under this section, the steps taken by governmental and private parties to ameliorate the displacement, and the results of those efforts.

(e) Information requested by the authority about that housing project that is needed so that the authority can report the estimated extent of additional reinvestment activities by private lenders attributable to the authority's financing of housing projects financed under this section.

(f) Except for housing for students, the age, race, family size, and average income of the tenants of these housing projects.

(g) The estimated economic impact of these housing projects, including the number of construction jobs created, wages paid, and taxes and payments in lieu of taxes paid.

(14) Mortgages securing loans made under this section are authority-aided mortgages.

(15) The authority may inspect and audit projects and records of projects financed under this section in order to monitor compliance with the requirements of this section. If there is noncompliance, the authority, pursuant to the provisions of the financing and organizational documents applicable to the transaction, may pursue the remedies that the authority considers appropriate. Except as is required to ensure compliance with this section or section 46 or otherwise required by purchasers of, or a third party credit enhancement provider with respect to, notes or bonds issued to finance a multifamily housing project under this section, the authority shall not regulate, in any manner, a multifamily housing project financed under this section. This section does not preclude the authority from regulating a multifamily housing project in consideration for other types of program benefits, incentives, or concessions provided by the authority in addition to the financing made available under this section.

(16) Notwithstanding any other provision of this section, there shall not be any liability on the part of the authority or its members, officers, employees, or agents, and the assets of the authority shall not be subject to any liability, as a result of any act or failure to act under this section on the part of the authority or its members, officers, employees, or agents.

(17) If notes or bonds have been issued under this section for a project located in an eligible distressed area within 180 days before the submission, by the same borrower or a borrower having the same general partners, of a commitment for credit enhancement, that borrower's application shall be given priority over the other applications submitted under this section to finance projects located in other than eligible distressed areas, except for projects for which the authority has authorized loan commitments. The principal amount of notes or bonds issued to finance a project given priority under this subsection shall not exceed 10 times the principal amount of the notes or bonds issued to finance the distressed area project that qualifies the borrower for priority consideration.

(18) Except for housing projects for which the authority has adopted an inducement resolution on or before April 1, 1991, loans shall not be made under this section unless the authority determines that use of the state's unified volume cap for a project will not impair the ability of the authority to carry out programs or finance housing developments or housing units which are targeted to lower income persons.

(19) Beginning January 3, 2005, a person or entity who proposes a student housing project shall cooperate with the college or university from which the majority of tenants are proposed to be drawn by using its best efforts to communicate with the college or university regarding the location of and the need for the project. If, in the judgment of the authority, the person or entity proposing the project does not communicate with the college or university and the unit of local government where the project is located regarding the location of and need for the project, the authority may deny financing for the project. The authority shall not make a financing commitment for a housing project unless the board of trustees of the college or university from which a majority of students are anticipated to be residents of the housing project adopts a resolution in support of the proposed development.

125.1444f Loan for housing project in effectively treatable area; demonstration of community support; return on investment.

Sec. 44f. (1) The authority may make a loan to any person or entity, whether for profit or not for profit, for predevelopment costs, or for the construction or rehabilitation, and for the long-term financing, of a 2 to 49 unit housing project located in an effectively treatable area, which project meets the 20-50 or 40-60 test established in section 142 of the internal revenue code, 26 USC 142. The plan shall establish as a goal that at least 75% of the property in the area will be brought to a safe and sanitary condition and shall enable the authority to determine that available private, public, and authority resources will be combined in such a manner as to assure that a majority of the housing in the area will be brought to a safe and sanitary condition. To qualify as an effectively treatable area, the area shall be in a qualified local governmental unit as defined in section 2 of the obsolete properties rehabilitation act, 2000 PA 146, MCL 125.2782, or a county seat and either be within a census tract having a serious housing need or in an area that meets all of the following criteria:

(d) The percentage of overcrowded or underutilized housing units in the area is greater than the municipality-wide average.

The municipality or neighborhood organization that submits the plan shall demonstrate that community support exists and that the provision of a loan under this section will contribute to the larger effort to revitalize the area.

(4) The return on investment to the owner of a project financed under this section is not restricted as long as the housing remains in compliance with all applicable state and local codes and ordinances.

Sec. 48j. The court may make provision in any judgment of foreclosure for the adding to the amount determined in the judgment to be due, any sum or sums paid at any time after the foreclosure and prior to the expiration of the period of redemption, as taxes assessed against the property or the portion of the premium of any insurance policy covering any buildings located on the premises as is required to keep the policy in force until the expiration of the period of redemption or both the taxes assessed the property and the portion of the premium of any insurance policy covering any buildings located on the premises as is required to keep the policy in force until the expiration of the period of redemption, if under the terms of the mortgage it would have been the duty of the defendants determined to be personally liable to have paid the taxes or insurance premium had the mortgage not been foreclosed. In case of any such payment made after the entry of the order, proof of the payment may be made by filing with the register of deeds with whom the deed of sale is deposited, an affidavit of payment by the purchaser or someone in his or her behalf having knowledge of the facts together with a receipt evidencing the payment of the taxes, or, in case of insurance premiums, an affidavit of an agent of the insurance company stating the making of the payment and also what portion of the payment covers the premium for the period prior to the expiration of the period of redemption. In case the property is not redeemed, the taxes or premiums paid after the confirmation of sale shall not be added to or included in the deficiency judgment.

125.1448n Sale of premises; default subsequent to judgment.

Sec. 48n. (1) If the defendant does not bring into the court the amount due, with costs, or if for any other cause a judgment is entered for the authority, and if it appears that the premises can be sold, in parcels, without injury to the interests of the parties, the judgment shall direct as much of the premises subject to the mortgage or land contract held by the authority to be sold as is sufficient to pay the amount then due on the mortgage or land contract, with costs, and the judgment shall remain as security for any subsequent default.

(2) If there is any default subsequent to the judgment, in the payment of any portion or installment of the principal or of any interest due upon the mortgage or land contract held by the authority, the court may, upon the petition of the authority, by a further order founded upon the first judgment, direct a sale to be made of as much of the premises subject to the mortgage or land contract as is sufficient to satisfy the amount due, with costs of the petition and subsequent proceedings on it, and the same proceedings may be had as often as a default happens.

(3) If it appears to the court that the premises subject to the mortgage or land contract held by the authority are so situated that a sale of the whole premises will be most beneficial to the parties, the judgment shall be entered for the sale of the whole premises in the first instance. In this case the proceeds of the sale shall be applied to the interest and each portion or installment of the principal due as well as towards the whole or residue of the sum secured by the mortgage or land contract and not due and payable at the time of the sale. If the residue does not bear interest, the court may direct that the residue be paid with a rebate of the legal interest for the time during which the residue will not be due and payable; or the court may direct that the balance of the proceeds of the sale, after paying the sum due with costs, be put out at interest for the benefit of the authority, to be paid to the authority as the installments or portions of the principal, or the interest become due, and the surplus for the benefit of the defendant or his or her representatives or assigns, to be paid to the defendant or his or her representatives on the order of the court.

(2) If it appears to the court at the trial, either by the production in evidence of the original mortgage, land contract, or note to secure the payment of which the mortgage was given, or by any other competent evidence, that the debt secured by the mortgage or land contract has been fully paid both in principal and interest; or if it appears to the court by competent evidence that the debt has been past due for 15 years, or that 15 years have elapsed since the last payment was made on the debt and that no action or proceeding has been commenced to foreclose or perfect the mortgage or land contract, the court shall enter judgment to that effect which contains within it the names of the witnesses and the nature of the evidence by which the facts have been made to appear. A minute of this shall be entered in the court's journal. The purchaser may include in the affidavit the

The designee may charge a fee as stated in the affidavit and may be authorized by the purchaser to receive redemption funds. The purchaser shall accept the amount computed by the designee.

(2) If, following the sale, the purchaser pays any taxes assessed against the property or insurance premiums covering any buildings located on the property which under the terms of the mortgage were the duty of the mortgagor and are necessary to keep the policy in force until the expiration of the period of redemption, and the purchaser or a representative of the purchaser having knowledge of the facts may make an affidavit of the payment showing the amount and items paid, together with the receipt of payment of the taxes or insurance premiums, together with an affidavit of an insurance agent of the insurance company stating the making of the payment and also what portion of the policy covers the premium for the period before the expiration of the period of redemption, the affidavits and the receipt shall be filed with the register of deeds with whom the deed is deposited, who shall endorse on the deed the time the affidavits and receipt were received. The register of deeds shall record the affidavit of the purchaser only and file the recorded affidavit, together with the tax and insurance receipts and insurance agent's affidavit, until expiration of the period of redemption.

(3) After the purchaser's affidavit is recorded under this section, redemption shall only be made upon payment of the sum specified in subsections (1) and (2), with interest on the amount, from the date of the payment to the date of redemption, at the interest rate specified in the mortgage.

(5) In the case of a mortgage executed on residential property not exceeding 4 units and not more than 3 acres in size, if the amount claimed to be due on the mortgage at the date of the notice of foreclosure is more than 66-2/3% of the original indebtedness secured by the mortgage, the redemption period is 6 months.

(7) In the case of any mortgage on residential property not exceeding 4 units and not more than 3 acres in size, if the amount claimed to be due on the mortgage at the date of the notice of foreclosure is more than 66-2/3% of the original indebtedness secured by the mortgage and the property is abandoned as determined under section 49k, the redemption period is 1 month.

(8) If the property is abandoned as determined under section 49v, the redemption period is 30 days.

Sec. 49u. If, in the foreclosure of a mortgage by advertisement under this section and sections 49 to 49v, a sale of real property has been made or is made by the authority, at which the authority has become or becomes the purchaser, or takes or has taken title to the real property at the sale either directly or indirectly, and the authority sues for and undertakes to recover a deficiency judgment against the mortgagor or other maker of the obligation or any other person liable on the obligation, the defendant against whom such deficiency judgment is sought may allege and show, as a matter of defense and set-off to the extent only of the amount of the authority's claim, that the property sold was fairly worth the amount of the debt secured by it at the time and place of sale or that the amount bid was substantially less than its true value. (b) The mortgagee has posted a notice at the time of making the personal inspection and has mailed by certified mail, return receipt requested, a notice to the mortgagor at the mortgagor's last known address, which notices state that the mortgagee considers the premises abandoned and that the mortgagor will lose all rights of ownership 30 days after the foreclosure sale unless the mortgagor; the mortgagor's heirs, executor, or administrator; or a person lawfully claiming from or under 1 of them provides the notice described in subdivision (c).

(c) Within 15 days after receipt of a notice required by subdivision (b), the mortgagor; the mortgagor's heirs, executor, or administrator; or a person lawfully claiming from or under 1 of them does not give written notice by first-class mail to the mortgagee at an address provided by the mortgagee in the notices required by subdivision (b) stating that the premises are not abandoned.

Compiler's note: Enacting section 1 of Act 456 of 2008 contained tie bars to House Bills 5437 and 5438. House Bill 5437 was filed with the Secretary of State January 9, 2009, and became 2008 PA 454, Imd. Eff. Jan. 9, 2009. House Bill 5438 was not enacted by the legislature of the 2008 regular session; it was not presented to the governor and did not become a public act.

Enacting section 1 of Act 127 of 2009 repealed enacting section 1 of Act 456 of 2008, thereby removing the tie bars. Act 456 of 2008

became effective October 29, 2009.

The authority shall not accept any affidavits filed with it for certification on or after November 1 of any year. The authority shall certify property as supportive housing property on a first-come, first-served basis. The authority shall not certify more than 250 individual living units in each year, and not more than 62 units certified as supportive housing property for a year can be in a single county. This certification shall be on a first-come, first-served basis, based on affidavits filed with the authority before November 1 of that year, but after the county involved reached the 62-unit limit. If not all of the affidavits can be certified without reaching the 250-unit limit, and the date and time of the filing of those affidavits does not establish which were filed earliest, the authority shall select and certify affidavits within that group randomly, keeping a balance of certified units among counties that have more than 62 certified units.

125.1508a Applicability of act and state construction code.

Sec. 8a. (1) This act and the code apply throughout the state.

(2) Within 10 days after the effective date of this subsection, the director shall provide a notice of intent form to all governmental subdivisions administering and enforcing a nationally recognized model code other than the code established by the commission under this act. This form shall set forth the date return receipt is required, which date shall not be less than 60 days after receipt. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall administer and enforce the code and transmit this notice to the director within the

prescribed period. If a governmental subdivision fails to submit a notice of intent to administer and enforce the code within the date set forth in the notice, the director shall send a notice by registered mail to the clerk of that governmental subdivision. The registered notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to administer and enforce the code. If the governmental subdivision does not respond by the end of the 15 additional days, it shall be conclusively presumed that the governmental subdivision does not intend to administer and enforce the code, and the director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code. Governmental subdivisions may provide by agreement for joint enforcement of the code.

(3) A governmental subdivision that has elected to assume responsibility for the administration and enforcement of this act and the code, and has submitted a notice of intent to continue to administer and enforce the code to the director pursuant to section 8b, after the effective date of this subsection, may reverse that election.

(4) A governmental subdivision that, before the effective date of this subsection, has elected to exempt itself pursuant to section 8(1) may reverse that election, making itself subject to the act and the code. However, that action shall not take effect until 60 days after passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

(5) A governmental subdivision that, before the effective date of this subsection, has not administered and enforced either this act and the code or another nationally recognized model code may elect to enforce this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after the effective date of this subsection shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce that code within its jurisdiction. This application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer and enforce the code and all related acts and rules, that agency personnel are provided as necessary, administrative services are provided, plan review services are provided, and timely field inspection services shall be provided. The director shall seek additional information if the director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce the code that has been adopted and transmit its findings to that governmental subdivision within 90 days of receipt of the application. The commission shall document its reasons if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of the code, the governmental subdivision shall administer and enforce the code within its jurisdiction pursuant to the provisions of its approved application.

(6) The code or any of its sections shall take effect 6 months after the code's initial promulgation. The 6-month delay does not apply to rules promulgated to implement sections 13a, 13b, 13c, 19, and 21 and the requirements of barrier free design and energy conservation of this act and code. The 6-month delay does not apply to amendments to the code or any of the code's sections after the initial promulgation.

(7) The standards for premanufactured housing shall not be less than the standards required for nonpremanufactured housing, except that manufactured homes labeled pursuant to the national manufactured housing construction and safety standards act of 1974, title VI of the housing and community development act of 1974, Public Law 93-383, 42 U.S.C. 5401 to 5426, shall be considered to have complied with this requirement.

(8) The commission may limit the application of a part of the code to include or exclude the following:

(a) Specified classes or types of buildings or structures, according to use, or other distinctions as may make differentiation or separate classification or regulation necessary, proper, or desirable. The commission shall consider the specific problems of the construction or alteration of a single family, owner-occupied recreational dwelling that is located in a sparsely populated area and that is to be occupied on a part-time basis.

(b) Specified areas of the state based on size, population density, special conditions prevailing in the area, or other factors as may make differentiation or separate classification or regulation necessary, proper, or desirable.

(9) A building or structure that has baby changing stations in the women's restrooms shall have baby changing stations in the men's restrooms.

(10) The code shall provide, where appropriate, for standards involving location and construction of ratwalls that are not less than those standards in existence on the effective date of this section.

125.1508b Administration and enforcement of act and state construction code.

Sec. 8b. (1) Except as otherwise provided in this section, the director is responsible for administration and enforcement of this act and the code. A governmental subdivision may by ordinance assume responsibility for administration and enforcement of this act within its political boundary. A county ordinance adopted pursuant to this act shall be adopted by the county board of commissioners and shall be signed by the chairperson of the county board of commissioners and certified by the county clerk.

(2) A governmental subdivision that has assumed the responsibility for administering and enforcing this act and the code may, through its chief legal officer, issue a complaint and obtain a warrant for a violation of this act or the code and prosecute the violation with the same power and authority it possesses in prosecuting a local ordinance violation. If pursuant to section 23, a governmental subdivision has by ordinance designated a violation of the act or code as a municipal civil infraction, the governmental subdivision may issue a citation or municipal ordinance violation notice pursuant to chapter 87 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8701 to 600.8735, for a violation of the act or code. Unless otherwise provided by local law or ordinance, the legislative body of a governmental subdivision responsible for administration and enforcement of this act and the code shall designate an enforcing agency that shall discharge the responsibilities of the governmental subdivision under this act. Governmental subdivisions may provide by agreement for joint enforcement of this act.

(3) Subject to the other provisions of this act, an enforcing agency is any official or agent of a governmental subdivision that is registered under the building officials and inspectors registration act, 1986 PA 54, MCL 338.2301 to 338.2313, qualified by experience or training to perform the duties associated with construction code administration and enforcement.

(4) Before December 28, 1999, the director shall provide each governmental subdivision administering and enforcing this act and the code with a notice of intent form. This form shall set forth the date return receipt is required, which date shall not be less than 60 days. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall continue to administer and enforce this act and the code and transmit this notice to the director within the prescribed period. If a governmental subdivision fails to submit a notice of intent to continue to administer and enforce this act and the code within the date set forth in the notice, the director shall send a notice by registered mail to the clerk of that governmental subdivision. This notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to continue to administer and enforce this act and the code. If the governmental subdivision does not respond by the end of the 15 additional days, it shall be conclusively presumed that the governmental subdivision does not intend to continue to administer and enforce this act and the code and the director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which the governmental subdivision is located submits a notice of intent to continue to administer and enforce this act and the code.

(5) A county that is administering and enforcing this act and the code on December 28, 1999 and that submits a notice of intent to continue to administer and enforce this act and the code pursuant to subsection (4) is responsible for the administration and enforcement of this act and the code for each governmental subdivision within the county that does not submit a notice of intent to continue to administer and enforce this act and the code. The director shall notify the county of those governmental subdivisions that do not submit a notice of intent.

(6) A governmental subdivision that, before December 28, 1999, did not administer and enforce this act and the code may elect to assume the responsibility for the administration and enforcement of this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after December 28, 1999 shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce this act and the code within its jurisdiction. This

application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer and enforce this act and the code and all related acts and rules, that agency personnel are provided as necessary, that administrative services are provided, that plan review services are provided, and that timely field inspection services will be provided. The director shall seek additional information if the director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce this act and the code and transmit its findings to the governmental subdivision within 90 days of receipt of the application. The commission shall document its reasons, if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of this act and the code, the governmental subdivision shall administer and enforce this act and the code within its jurisdiction pursuant to the provisions of this act and the application.

(7) A governmental subdivision that elects to administer and enforce this act and the code within its jurisdiction by the adoption of an ordinance may rescind that ordinance and transfer the responsibility for the administration and enforcement of this act and the code to the director. The director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce the code. However, that action shall not take effect until 12 months after the passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

(8) The director is responsible for administration and enforcement of this act and the code for buildings and structures that are not under the responsibility of an enforcing agency in those governmental subdivisions that elect to administer and enforce this act and the code. A building or structure owned by the state shall not be erected, remodeled, or reconstructed in the state, except school buildings or facilities or institutions of higher education as described in section 4 of article VIII of the state constitution of 1963, until written approval of the plans and specifications has been obtained from the bureau of construction codes and safety located within the department indicating that the state owned facilities shall be designed and constructed in conformance with the state construction code. The bureau of construction codes and safety shall be the lead agency in the coordination and implementation of this subsection. The bureau of construction codes and safety shall perform required plan reviews and inspections as required by the state construction code. Each department shall secure required plan approvals and permits from the bureau. Fees charged by the bureau for permits shall be in accordance with the commission's approved schedule of fees. State departments and institutions may allow local inspectors to inspect the construction of state owned facilities. However, an inspection conducted by a local inspector shall be of an advisory nature only.

(9) This section does not affect the responsibilities of the commission for administration and enforcement of this act under other sections of this act, or responsibilities under the fire prevention code, 1941 PA 207, MCL 29.1 to 29.33; 1937 PA 306, MCL 388.851 to 388.855a; the firefighters training council act of 1966, 1966 PA 291, MCL 29.361 to 29.377; 1942 (1st Ex Sess) PA 9, MCL 419.201 to 419.205; parts 215 and 217 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21799e; and section 58 of the social welfare act, 1939 PA 280, MCL 400.58.

(10) Pursuant to parts 215 and 217 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21799e, the director shall develop consistent construction standards for hospitals and nursing homes. These standards shall ensure that consistent, uniform, and equitable construction requirements and state supervision of the requirements are achieved. This subsection does not preclude a state agency or a governmental subdivision from conducting plan reviews or inspections necessary to ensure compliance with approved construction plans.

(11) Except as otherwise provided in this act, this act does not limit or restrict existing powers or authority of governmental subdivisions, and this act shall be enforced by governmental subdivisions in the manner prescribed by local law or ordinance. To the extent not inconsistent with this act, local laws and ordinances relating to administration and enforcement of construction regulations enacted before the effective date of the code by or for a governmental subdivision are applicable to administration and enforcement of the code in that governmental subdivision.

125.1509b Performance evaluation of enforcing agency.

Sec. 9b. (1) The director, as prescribed in this section, may conduct a performance evaluation of an enforcing agency to assure that the administration and enforcement of this act and the code is being done pursuant to either section 8a or 8b. A performance evaluation may only be conducted either at the request of the local enforcing agency or upon the receipt of a written complaint. If a performance evaluation is to be conducted upon the receipt of a written complaint, the director shall first refer the written complaint to the affected enforcing agency requesting a written response within 10 days. If the local enforcing agency fails to provide a written response, or if the response is considered inadequate, the director shall consult with the commission and request approval to conduct the performance evaluation. The director shall submit a written recommendation to the commission and shall send a copy to the affected enforcing agency, along with a reasonable notice of the commission meeting at which the recommendation will be presented. The decision of the commission to proceed with a performance evaluation shall be made at a public meeting. This decision shall be mailed to the enforcing agency 10 days in advance of conducting the performance evaluation.

(2) When conducting a performance evaluation of an enforcing agency, the director may request that the

local enforcing agency accompany the director or other state inspectors on inspections. The inspections shall be for the enforcement of this act and the code. The enforcing agency shall maintain all official records and documents relating to applications for permits, inspection records including correction notices, orders to stop construction, and certificates of use and occupancy. The enforcing agency shall make available for review all official records between 8 a.m. and 5 p.m. on business days.

(3) Upon completion of a performance evaluation, the director shall report the findings and any recommendations to the commission and the local enforcing agency. The commission may issue a notice of intent to withdraw the responsibility for the administration and enforcement of this act and the code from a governmental subdivision after receiving the results of a performance evaluation. The notice shall include the right to appeal within 30 business days after receipt of the notice of intent to withdraw the responsibility. The notice shall also include the findings of the director, after completion of a performance evaluation, that the enforcing agency of that governmental subdivision has failed to follow the duties recognized under this act, the code, or its ordinance. Failure by the enforcing agency or the chief elected official of that governmental subdivision to request a hearing within 30 business days after receipt of the notice of intent to withdraw the responsibility shall be considered to exhaust the enforcing agency's administrative remedies and the notice shall be considered a final order of the commission under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The director shall assume responsibility for the administration and enforcement of this act and the code, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code, when the notice is considered a final order of the commission. A structure commenced under an effective code shall be completed under that code.

(4) If an enforcing agency or the chief elected official of the governmental subdivision transmits an appeal of the notice of intent to withdraw the responsibility issued under subsection (3), the commission chairperson shall request appointment of a hearings officer. The hearings officer shall conduct a hearing of the appeal pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, and issue a proposed decision which shall be sent to the affected parties. The proposed decision shall become the final order issued by the commission, unless exceptions are filed by a party within 30 days after receipt of the proposed decision. The commission shall review the proposed decision when exceptions are filed.

(5) The commission in reviewing a proposed decision may affirm, modify, reverse, or remand the proposed decision. When the commission affirms, modifies, reverses, or remands a proposed decision, the decision of the commission shall be in writing and contain the findings of fact and conclusions of law upon which its decision is based. Other than in a case of remand, the period for seeking judicial review of the commission's decision under section 104 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.304, shall begin to run upon receipt by the parties of the commission's written decision.

An application shall not be removed from the custody of the enforcing agency after a building permit has been issued.

(6) This section shall be construed to allow the imposition of requirements in the code, or in other laws or ordinances, for additional permits for particular kinds of work, including plumbing and electrical, or in other specified situations. The requirements of the code may provide for issuance of construction permits for certain

of the systems of a structure and allow construction to commence on those systems approved under that permit even though the design and approval of all the systems of the structure have not been completed and subsequent construction permits have not been issued.

(7) Notwithstanding this section, a building permit is not required for ordinary repairs of a building and structure.

(8) Notwithstanding this section, a building permit is not required for a building incidental to the use for agricultural purposes of the land on which the building is located if it is not used in the business of retail trade.

125.1511 Building permit; examination and approval of application; issuance; changes in plans; commencement of construction; compliance with application; suspension, revocation, or cancellation.

Sec. 11. (1) The enforcing agency shall examine an application for a building permit. If the application conforms to this act, the code and the requirements of other applicable laws and ordinances, the enforcing agency shall approve the application and issue a building permit to the applicant. An application shall be granted, in whole or in part, or denied within 10 business days, except that in case of an unusually complicated building or structure, action shall be taken within 15 business days. Failure by an enforcing agency to grant, in whole or in part, or deny an application within these periods of time shall be deemed a denial of the application for purposes of authorizing the institution of an appeal to the appropriate board of appeals. The enforcing agency shall approve changes in plans and specifications previously approved by it, if the changes require approval and if the plans and specifications when so changed remain in conformity with law. Except as otherwise provided in this act or the code, the construction or alteration of a building or structure shall not be commenced until a building permit has been issued. The construction of a building or structure shall comply with the approved application for a building permit, and the enforcing agency shall insure such compliance in the manner provided in section 12 and in any other way it deems appropriate.

(2) The enforcing agency may suspend, revoke or cancel a building permit in case of failure or neglect to comply with the provisions of this act or the code, or upon a finding by it that a false statement or representation has been made in the application for the building permit.

125.1512 Inspection of construction; consent; time; inspectors; notice of violation; stop order; injunction.

Sec. 12. (1) An enforcing agency shall periodically inspect all construction undertaken pursuant to a building permit issued by it to insure that the construction is performed in accordance with conditions of the building permit and is consistent with requirements of the code and other applicable laws and ordinances.

(2) The owner of premises on which a building or structure is being constructed is deemed to have consented to inspection by the enforcing agency and the commission of the entire premises and of any construction being performed on it until a certificate of use and occupancy has been issued. An inspector, or team of inspectors, on presentation of proper credentials, may enter and inspect the premises and construction thereon, for purposes of insuring compliance with the building permit, the code and other applicable laws and regulations. An inspection shall be made between 8 a.m. and 6 p.m. on business days, or when construction is actually being undertaken, except if the enforcing agency has probable cause to believe that an immediate danger to life, limb or property exists, or except with permission of an owner, or his agent, architect, engineer or builder. An inspection pursuant to this section shall be solely for purposes of enforcing this act and other laws and ordinances related to construction of buildings and structures. A person other than the owner, his agent, architect, engineer or builder shall not accompany an inspector or team of inspectors on an inspection, unless his presence is necessary for the enforcement of this act, or other laws and ordinances related to construction of the building or structure, or except with the consent of an owner, or his agent, architect, engineer or builder.

(3) If construction is being undertaken contrary to a building permit, this act, or other applicable laws or

ordinances, the enforcing agency shall give written notice to the holder of the building permit, or if a permit has not been issued then to the person doing the construction, notifying him of the violation of this act, or other applicable laws and ordinances, and to appear and show cause why the construction should not be stopped. If the person doing the construction is not known, or cannot be located with reasonable effort, the notice may be delivered to the person in charge of, or apparently in charge of, the construction. If the holder of the permit or the person doing the construction fails to appear and show good cause within 1 full working day after notice is delivered, the enforcing agency shall cause a written order to stop construction to be posted on the premises. A person shall not continue, or cause or allow to be continued, construction in violation of a stop construction order, except with permission of the enforcing agency to abate the dangerous condition or remove the violation, or except by court order. If an order to stop construction is not obeyed, the enforcing agency may apply to the circuit court for the county in which the premises are located for an order enjoining the violation of the stop construction order. This remedy is in addition to, and not in limitation of, any other remedy provided by law or ordinance, and does not prevent criminal prosecution for failure to obey the order.

(4) Without limitation on other available remedies, an interested person may apply for an order, enjoining the continuation of construction undertaken in violation of a building permit, this act, the code or other applicable laws or ordinances, to the circuit court for the county in which the premises are located.

125.1513 Certificate of use and occupancy; issuance; contents; application; fee; temporary certificate; notice of final inspection.

Sec. 13. A building or structure hereafter constructed shall not be used or occupied in whole or in part until a certificate of use and occupancy has been issued by the appropriate enforcing agency. A building or structure hereafter altered in whole or in part shall not be used or occupied until such a certificate has been issued, except that a use or occupancy in an already existing building or structure that was not discontinued during its alteration may be continued for 30 days after completion of the alteration without issuance of a certificate of use and occupancy. A certificate of use and occupancy shall be issued by the enforcing agency when the work covered by a building permit has been completed in accordance with the permit, the code and other applicable laws and ordinances. On request of a holder of a building permit the enforcing agency may issue a temporary certificate of use and occupancy for a building or structure, or part thereof, before the entire work covered by the building permit has been completed, if the parts of the building or structure to be covered by the certificate may be occupied before completion of all the work in accordance with the permit, the code and other applicable laws and ordinances, without endangering the health or safety of the occupants or users. When a building or structure is entitled thereto, the enforcing agency shall issue a certificate of use and occupancy within 5 business days after receipt of a written application therefor on a form to be prescribed by the enforcing agency and payment of the fee to be established by it. The certificate of use and occupancy shall certify that the building or structure has been constructed in accordance with the building permit, the code and other applicable laws and ordinances. The application for a certificate of use and occupancy for a new dwelling with a unit or units for rent shall set forth the information required in an application for a certificate of compliance for such a dwelling pursuant to the state housing law, and the certificate of use and occupancy for such a dwelling shall be deemed its initial certificate of compliance. The enforcing agency shall give the owner of the building or structure or his agent at least 12 hours' notice of the time of any final inspection, by the enforcing agency of the work covered by the building permit, pursuant to the application for a certificate of use and occupancy.

125.1513c Definitions; minimum standards for board and room facilities; inspection; noncompliance; order; penalty; hearing; payment and recovery of civil penalty; applicability of section.

Sec. 13c. (1) As used in this section:

(a) "Board and room facility" means a residential building that does not provide separate cooking facilities for individual occupants and that is arranged for primarily nontransient shelter and sleeping accommodations for 3 or more adults. Board and room facility does not include any of the following:

(*i*) A residential facility for students attending a college or university.

(*ii*) A facility operated, licensed, or regulated by the state or the federal government.

(*iii*) A bed and breakfast regulated under section 4b.

(*iv*) A hotel or motel.

(*v*) A private dwelling as that term is defined in section 2 of the housing law of Michigan, Act No. 167 of the Public Acts of 1917, being section 125.402 of the Michigan Compiled Laws.

(b) "Operator" means a person who has charge, care, control, or management of a board and room facility.

(c) "Owner" means a person who knows that a residential building in which that person has a legal or equitable interest is being used as a board and room facility, regardless of whether the person has possession of the facility. Owner includes an executor, administrator, trustee, or guardian of the estate of an owner of a residential building if the executor, administrator, trustee, or guardian knows that the residential building is being used as a board and room facility.

(d) "Person" means an individual, partnership, corporation, association, governmental entity, or other legal entity.

(2) A board and room facility shall comply with the minimum property maintenance standards set forth in this act and in the BOCA national property maintenance code, 1993 edition, as published by the building officials and code administrators international, inc., or the uniform housing code, 1991 edition, as published by the international conference of building officials, which codes are adopted by reference and made a part of

this section as if fully set out in this section. In addition, a board and room facility shall comply with all of the following:

(a) Interior stairways shall be enclosed by fire separation assemblies having a 1-hour fire resistance rating with all openings protected with smoke-actuated automatic-closing or self-closing doors having a fire resistance comparable to that required for the enclosure.

(b) Vertical openings shall be protected so that no primary exit route is exposed to an unprotected vertical opening. The vertical opening is protected if the opening is cut off and enclosed in a manner that provides a smoke and fire resisting capability of not less than 1 hour. Any doors or openings shall have fire and smoke resisting capability equivalent to that of the enclosure and shall be automatic-closing on detection of smoke or shall be self-closing.

(c) A fire alarm system shall be installed in accordance with the building code, except in buildings that have a smoke detection system meeting or exceeding the requirements of subdivision (f) if that detection system includes at least 1 manual fire alarm station per floor arranged to initiate the smoke detection alarm.

(d) Initiation of the required fire protective signaling system shall be by manual means as provided by the building code, except in buildings protected throughout with an approved fire suppression system installed in accordance with the building code, with initiation upon actuation of the extinguishing system operation.

(e) Occupant notification of a fire shall be provided automatically, without delay by internal audible alarm in accordance with the building code. Presignal systems are prohibited.

(f) Approved single station or multiple station smoke detectors powered by the building electrical service shall be installed in accordance with the building code on every level. In addition, approved single station smoke detectors powered by the building electrical service shall be provided in each sleeping room, except that existing battery powered detectors shall be accepted if, in the opinion of the code official, they are in operating condition.

(g) Portable fire extinguishers shall bear the label of an approved agency, be of an approved type, and be installed in a visible and accessible location on each occupied floor and basement.

(h) Fire exit drills shall be conducted at least once every 2 months in each facility. Each occupant shall be provided with a written evacuation plan filed with the local authority having jurisdiction. An egress plan shall be posted in each sleeping room showing the building diagram, the room location, and the location of exits.

(i) The interior finish on wall and ceilings and trim materials shall be a minimum class III, tested in accordance with ASTM E-84.

(3) An enforcing agency shall inspect a board and room facility after receiving a complaint alleging a violation by that board and room facility of the minimum standards described in subsection (2), and shall determine whether the board and room facility is in compliance with this act.

(4) If, following an inspection described in subsection (3), an enforcing agency determines that a board and room facility is not in compliance with this act, the enforcing agency shall issue an order to remedy the noncompliance and may issue an order to vacate the premises. The enforcing agency shall serve the order or orders upon the operator of the board and room facility and, if known, the owner of the residential building in which the board and room facility is situated.

(5) This section prescribes minimum standards for board and room facilities. It does not invalidate ordinances or regulations that impose higher standards or stricter requirements.

(6) The enforcing agency may adopt a schedule of monetary civil penalties, not to exceed $500.00 for each violation or day that a violation continues, which may be assessed for a violation of this section. If the enforcing agency believes that an owner or operator has violated this section, it may issue a citation after discovery of the alleged violation. The citation shall be written and shall state with particularity the nature of the violation, the civil penalty established for the violation, and the right to appeal the citation pursuant to subsection (7). The citation shall be delivered or sent by registered mail to the alleged violator.

(7) Not later than 20 days after receipt of the citation, the alleged violator may petition the enforcing agency for an administrative hearing, which shall be held within 60 days after the enforcing agency receives the petition. The administrative hearing may be conducted by a hearing officer, who may affirm, dismiss, or modify the citation. The decision of the hearing officer is final and is not subject to appeal.

(8) A civil penalty assessed by the issuance of a citation under subsection (6) becomes final if a petition is not received within the time specified in subsection (7). A civil penalty imposed shall be paid to the governmental subdivision that has the responsibility of enforcing this section. A civil penalty may be recovered in a civil action brought by the governmental subdivision in the county in which the violation occurred or the defendant resides.

(9) This section applies to a board and room facility constructed or converted for use as a board and room facility after the effective date of this section. Beginning 6 months after the effective date of this section, this section also applies to a board and room facility constructed or converted for use as a board and room facility

before the effective date of this section.

Sec. 13d. (1) Notwithstanding any provision in this act and until the promulgation of the complete building code update after October 15, 1999, a governmental subdivision shall not enforce a requirement for stairwell geometry in occupancies in use group R-3 structures and within dwelling units in occupancies in use group R-2 structures that differs from the stairwell geometry described in this section.

(2) As used in this section:

(a) "Stairwell geometry" refers to the configuration of a stairwell of a building in which the maximum riser height is 8-1/4 inches (210 mm), the minimum tread depth is 9 inches (229 mm), and a 1-inch (25 mm) nosing on stairwells with solid risers.

(b) "Use group R-2 structures" means all multiple-family dwellings having more than 2 dwelling units including, but not limited to, boarding houses and similar buildings arranged for shelter and sleeping accommodations in which the occupants are primarily not transient in nature and dormitory facilities that accommodate more than 5 persons over 2-1/2 years of age.

(c) "Use group R-3 structures" means all buildings arranged for occupancy as 1-family or 2-family dwelling units including, but not limited to, not more than 5 lodgers or boarders per family; multiple single-family dwellings where each unit has an independent means of egress and is separated by a 2-hour fire separation assembly; and a child care facility that accommodates 5 or less children of any age.

Sec. 14. (1) A construction board of appeals for each governmental subdivision enforcing the code shall be created consisting of not less than 3 nor more than 7 members, as determined by the governing body of the governmental subdivision. Unless otherwise provided by local law or ordinance, the members of the board of appeals shall be appointed for 2-year terms by the chief executive officer of a city, village, or township and the chairperson of the county board of commissioners of a county. A member of the board of appeals shall be qualified by experience or training to perform the duties of members of the board of appeals. A person may serve on the board of appeals of more than 1 governmental subdivision. If an enforcing agency refuses to grant an application for a building permit, or if the enforcing agency makes any other decision pursuant or related to this act, or the code, an interested person, or the person's authorized agent, may appeal in writing to the board of appeals. The board of appeals shall hear the appeal and render and file its decision with a statement of reasons for the decision with the enforcing agency from whom the appeal was taken not more than 30 days after submission of the appeal. Failure by the board of appeals to hear an appeal and file a decision within the time limit is a denial of the appeal for purposes of authorizing the institution of an appeal to the commission. A copy of the decision and statement of the reasons for the decision shall be delivered or mailed, before filing, to the party taking the appeal.

(2) This act does not prevent a governmental subdivision from granting its board of appeals additional powers or duties not inconsistent with this act, or from establishing procedures to be followed by its board of appeals insofar as the procedures do not conflict with this act. Except as otherwise provided by this act, or by other laws or ordinances, a board of appeals may by rules establish its own procedures.

(3) The business which the board of appeals may perform shall be conducted at a public meeting of the board of appeals held in compliance with Act No. 267 of the Public Acts of 1976. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976.

(4) A record of decisions made by the board of appeals, properly indexed, and any other writing prepared, owned, used, in the possession of, or retained by the board of appeals in the performance of an official function shall be made available to the public in compliance with Act No. 442 of the Public Acts of 1976.

125.1515 Specific variance from code; requirements; breach of condition; permissible variance.

Sec. 15. (1) After a public hearing a board of appeals may grant a specific variance to a substantive requirement of the code if the literal application of the substantive requirement would result in an exceptional, practical difficulty to the applicant, and if both of the following requirements are satisfied:

(a) The performance of the particular item or part of the building or structure with respect to which the variance is granted shall be adequate for its intended use and shall not substantially deviate from performance required by the code of that particular item or part for the health, safety and welfare of the people of this state.

(b) The specific condition justifying the variance shall be neither so general nor recurrent in nature as to make an amendment of the code with respect to the condition reasonably practical or desirable.

(2) A board of appeals may attach in writing any condition in connection with the granting of a variance that in its judgment is necessary to protect the health, safety and welfare of the people of this state. The breach of a condition shall automatically invalidate the variance and any permit, license and certificate granted on the

basis of it. In no case shall more than minimum variance from the code be granted than is necessary to alleviate the exceptional, practical difficulty.

125.1516 Appeal to commission; time; hearing; quorum; effect of decision; copy of decision and statement of reasons; record of decisions; public inspection; referral of certain appeals to appropriate board; review of board's decision; petition.

Sec. 16. (1) An interested person, or the interested person's authorized agent, may appeal a decision of a board of appeals to the commission within 10 business days after filing of the decision with the enforcing agency or, in case of an appeal because of failure of a board of appeals to act within the prescribed time, at any time before filing of the decision. The hearing of an appeal based on the denial of a request for a variance by a board of appeals is within the sole discretion of the commission. If deciding an appeal, the commission may act either as a whole or by a panel of 3 or more of the commission members designated by the commission's chairperson to hear and decide the appeal. A majority of a panel constitutes a quorum and a decision by a panel requires concurrence of at least a majority of the panel's members. If an appeal has been presented to the commission within the time prescribed, the appeal shall be heard de novo by the commission. The commission may affirm, modify, or reverse a decision of the board of appeals or the enforcing agency. Except if modified or reversed by a court of competent jurisdiction, a decision of the commission made under this section is binding on the applicant and the affected board of appeals and enforcing agency. An appeal to the commission shall be decided within 30 days after receipt of the appeal by the commission. A copy of the decision and a statement of reasons for the decision shall be sent to the applicant and filed with the affected board of appeals and enforcing agency within 5 business days after the making of the decision. A record of decisions made by the commission under this section, properly indexed, shall be kept in the office of the commission, and be open to public inspection during business hours in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(2) Notwithstanding subsection (1), the executive director of the commission shall refer an appeal to the commission under subsection (1) which in the executive director's judgment relates principally to a mechanical, plumbing, electrical, or barrier free design matter to the appropriate board. The board shall hear and decide the appeal in the same manner as an appeal is heard and decided by the commission under this section, except that a board shall meet as a whole and not in a panel. A person aggrieved by a decision of a board on any appeal under this subsection may petition the commission to review the decision. The commission shall act on the petition within 5 business days after receipt, and may grant the petition at the commission's discretion except that the commission shall grant the petition if it appears that the appeal involves a question of major significance to the people of this state and that the case of the appellant has substantial merit. If the commission grants the petition, the commission acting as a whole shall review the decision in accordance with a procedure established by the commission's rules.

125.1519 Premanufactured units; certificate of acceptability; rules; building permit; fee; objections; hearing.

Sec. 19. (1) The department shall promulgate rules establishing a procedure by which a premanufactured unit intended for use in this state may be issued a certificate of acceptability by the department at its place of manufacture.

(2) The procedure shall require that the manufacturer submit to the department detailed plans and specifications for the premanufactured unit for approval as in compliance with the code. The department may require that the manufacturer submit test results on the premanufactured unit or its components, any material or information the department considers relevant, or 1 or more of the premanufactured units for testing and evaluation by the department.

(3) Each premanufactured unit shall be inspected by the department, or a qualified person approved by the department, to determine that the premanufactured unit has been manufactured in accordance with plans and specifications submitted under subsection (2). The department may issue a certificate of acceptability for a premanufactured unit that bears the approved label of an independent, nationally recognized body having follow-up inspection service satisfactory to the commission, certifying that the premanufactured unit complies with plans and specifications submitted under subsection (2).

(4) Plans and specifications for 1- and 2-family dwelling premanufactured units may be reviewed by the department or by an independent entity approved by the commission under rules promulgated by the department. The department shall establish submission procedures for plans and specifications reviewed by an independent entity approved by the commission.

(5) A local enforcing agency may also inspect a premanufactured unit at its place of manufacture to determine that it has been manufactured in accordance with plans and specifications submitted under subsection (2) and shall advise the state inspector and the commission in writing of any deviations found.

(6) An approved independent entity shall not conduct in-plant inspections of units for which it performed plan reviews. However, the manufacturer may request a variance from the commission if the literal application of the requirements of this section would result in an exceptional, practical difficulty relating to inspection of specific units. For purposes of this subsection, “exceptional, practical difficulty” includes, but is not limited to, a geographic distance between the manufacturing facility where the units are manufactured and the primary business location of the independent entity that conducts in-plant inspections on behalf of the manufacturer of more than 250 miles and is located in another state.

(7) If an application for a building permit specifying use of a premanufactured unit with a certificate of acceptability is submitted to an enforcing agency, and if the application, except for the part calling for use of a premanufactured unit with a certificate of acceptability, complies with applicable construction regulations, zoning laws, and local ordinances, the enforcing agency shall issue the building permit within the time specified in this act.

(8) At the time of installation, a premanufactured unit with a certificate of acceptability is subject only to the nondestructive tests approved by the department necessary to determine that it has not been damaged in transit or installation, and that it has been installed in accordance with the building permit and construction regulations.

(9) The fees established for a building permit when the application specifies use of a premanufactured unit with a certificate of acceptability, or for inspection of the installation of the premanufactured unit shall bear a reasonable relation to the costs incurred by the enforcing agency in issuing a permit or performing an inspection.

(10) Notwithstanding any other provision of this section, an enforcing agency may object to use of a premanufactured unit with a certificate of acceptability on the basis that the premanufactured unit does not comply with the code. If an enforcing agency on receipt of an application for a building permit specifying the

use of a premanufactured unit does object, it may set forth its objections in writing to the department before issuance of a building permit and within 10 business days after receipt of the application. Within 10 business days after receipt of the objections, the commission, or a panel of 3 or more members designated for that purpose by its chairman, shall hold a hearing on the objections in accordance with rules promulgated by the department. After the hearing, the commission, or its panel, within 3 business days shall determine 1 of the following:

(a) The premanufactured unit does not comply with the code and order that the certificate of acceptability be voided.

(b) The premanufactured unit requires additional testing and evaluation in which case the testing and evaluation shall be conducted in accordance with this section.

(c) The objections are not valid and order the enforcing agency to issue the building permit within 3 business days.

(11) A certificate of acceptability issued by the department shall not be used for advertising purposes.

A petition shall not be rejected if the application is in proper form and the fees are paid, and if performance of the particular material, product, method of manufacture, or method or manner of construction or installation is adequate for its intended use and consistent with reasonable requirements for the health, safety and welfare of the people of this state. The commission may attach any condition it deems appropriate to a certificate of acceptability. A material, product, method of manufacture, or method or manner of construction or installation shall be acceptable for use throughout this state in accordance with the terms of a certificate of acceptability issued with respect to it. A copy of each certificate of acceptability shall be sent or delivered by the commission to each governmental subdivision, however, failure of the commission to comply with this requirement does not prevent or delay effectiveness of a certificate of acceptability. Sec. 3. (1) To assure proper performance of a construction contract by the contractor, a public agency may retain a portion of each progress payment otherwise due as provided in this section.

(2) The retainage shall be limited to the following:

(a) Not more than 10% of the dollar value of all work in place until work is 50% in place.

(b) After the work is 50% in place, additional retainage shall not be withheld unless the public agency determines that the contractor is not making satisfactory progress, or for other specific cause relating to the contractor's performance under the contract. If the public agency so determines, the public agency may retain not more than 10% of the dollar value of work more than 50% in place.

(3) The retained funds shall not exceed the pro rata share of the public agency's matching requirement under the construction contract and shall not be commingled with other funds of the public agency and shall be deposited in an interest bearing account in a regulated financial institution in this state wherein all such retained funds are kept by the public agency which shall account for both retainage and interest on each construction contract separately. A public agency is not required to deposit retained funds in an interest bearing account if the retained funds are to be provided under a state or federal grant and the retained funds have not been paid to the public agency.

(4) Except as provided in section 4(7) and (8), retainage and interest earned on retainage shall be released to a contractor together with the final progress payment.

(5) At any time after 94% of work under the contract is in place and at the request of the original contractor, the public agency shall release the retainage plus interest to the original contractor only if the original contractor provides to the public agency an irrevocable letter of credit in the amount of the retainage plus interest, issued by a bank authorized to do business in this state, containing terms mutually acceptable to the contractor and the public agency.

Sec. 4. (1) The construction contract shall contain an agreement to submit those matters described in subsection (3) to the decision of an agent at the option of the public agency.

(2) If a dispute regarding a matter described in subsection (3) arises, the contractor and the public agency shall designate an agent who has background, training, and experience in the construction of facilities similar to that which is the subject of the contract, as follows:

(a) In an agreement reached within 10 days after a dispute arises.

(b) If an agreement cannot be reached within 10 days after a dispute arises, the public agency shall designate an agent who has background, training, and experience in the construction of facilities similar to that which is the subject of the contract and who is not an employee of the agency.

(3) The public agency may request dispute resolution by the agent regarding the following:

(a) At any time during the term of the contract, to determine whether there has been a delay for reasons that were within the control of the contractor, and the period of time that delay has been caused, continued, or aggravated by actions of the contractor.

(b) At any time after 94% of work under the contract is in place, whether there has been an unacceptable delay by the contractor in the performance of the remaining 6% of work under the contract. The agent shall consider the terms of the contract and the procedures normally followed in the industry and shall determine

whether the delay was for failure to follow reasonable and prudent practices in the industry for completion of the project.

(4) This dispute resolution process shall be used only for the purpose of determining the rights of the parties to retained funds and interest earned on retained funds and is not intended to alter, abrogate, or limit any rights with respect to remedies that are available to enforce or compel performance of the terms of the contract by either party.

(5) The agent may request and shall receive all pertinent information from the parties and shall provide an opportunity for an informal meeting to receive comments, documents, and other relevant information in order to resolve the dispute. The agent shall determine the time, place, and procedure for the informal meeting. A written decision and reasons for the decision shall be given to the parties within 14 days after the meeting.

(6) The decision of the agent shall be final and binding upon all parties. Upon application of either party, the decision of the agent may be vacated by order of the circuit court only upon a finding by the court that the decision was procured by fraud, duress, or other illegal means.

(7) If the dispute resolution results in a decision:

(a) That there has been a delay as described in subsection (3)(a), all interest earned on retained funds during the period of delay shall become the property of the public agency.

(b) That there has been unacceptable delay as described in subsection (3)(b), the public agency may contract with a subsequent contractor to complete the remaining 6% of work under the contract, and interest earned on retained funds shall become the property of the public agency. A subsequent contractor under this subdivision shall be paid by the public agency from the following sources until each source is depleted, in the order listed below:

(*i*) The dollar value of the original contract, less the dollar value of funds already paid to the original contractor and the dollar value of work in place for which the original contractor has not received payment.

(*ii*) Retainage from the original contractor, or funds made available under a letter of credit provided under section 3(5).

(*iii*) Interest earned on retainage from the original contractor, or funds made available under a letter of credit provided under section 3(5).

The amount of the final progress payment to the original contractor shall not include interest earned on retained funds. The public agency may deduct from the final progress payment all expenses of contracting with the subsequent contractor. Sec. 2. There exists in this state the continuing need for programs to alleviate and prevent conditions of unemployment, and the legislature finds that it is accordingly necessary to assist and retain local industrial and commercial enterprises, including employee-owned corporations, to strengthen and revitalize the economy of this state and its municipalities; that accordingly it is necessary to provide means and methods for the encouragement and assistance of industrial and commercial enterprises, including employee-owned corporations, in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and in its municipalities; and that it is also necessary to encourage the location and expansion of industrial and commercial enterprises, including employee-owned corporations, to more conveniently provide needed services and facilities of the industrial and commercial enterprises to municipalities and the residents of the municipalities. It is also necessary to promote economic activity in the forestry and agricultural sectors by providing incentives to combat inflation, to reduce energy consumption, to retain the family farm unit, to reduce the rate at which urban sprawl has been devouring our productive farm lands, and to provide our farmers and foresters with a more favorable export market; all this to be accomplished by reducing costs of production. It is also necessary to encourage the development of facilities designed to produce energy from renewable resources. Therefore, the powers granted in this act constitute the performance of essential public purposes and functions for this state and its municipalities.

Sec. 1a. The legislature finds all of the following:

(a) That there exists in this state conditions of property value deterioration detrimental to the state economy and the economic growth of the state and its local units of government.

(b) That government programs are desirable and necessary to eliminate the causes of property value deterioration thereby benefiting the economic growth of the state.

(c) That it is appropriate to finance these government programs by means available to the state and local units of government in the state, including tax increment financing.

(d) That tax increment financing is a government financing program that contributes to economic growth and development by dedicating a portion of the increase in the tax base resulting from economic growth and development to facilities, structures, or improvements within a development area thereby facilitating economic growth and development.

(e) That it is necessary for the legislature to exercise its power to legislate tax increment financing as authorized in this act and in the exercise of this power to mandate the transfer of tax increment revenues by city, village, township, school district, and county treasurers to authorities created under this act in order to effectuate the legislative government programs to eliminate property value deterioration and to promote economic growth.

(f) That halting property value deterioration and promoting economic growth in the state are essential governmental functions and constitute essential public purposes.

(g) That economic development strengthens the tax base upon which local units of government rely and

that government programs to eliminate property value deterioration benefit local units of government and are for the use of the local units of government.

(h) That the provisions of this act are enacted to provide a means for local units of government to eliminate property value deterioration and to promote economic growth in the communities served by those local units of government.

125.1653 Resolution of intent to create and provide for operation of authority; public hearing on proposed ordinance creating authority and designating boundaries of downtown district; notice; exemption of taxes from capture; adoption, filing, and publication of ordinance; altering or amending boundaries; agreement with adjoining municipality; agreement with qualified township.

Sec. 3. (1) When the governing body of a municipality determines that it is necessary for the best interests of the public to halt property value deterioration and increase property tax valuation where possible in its business district, to eliminate the causes of that deterioration, and to promote economic growth, the governing body may, by resolution, declare its intention to create and provide for the operation of an authority.

(2) In the resolution of intent, the governing body shall set a date for the holding of a public hearing on the adoption of a proposed ordinance creating the authority and designating the boundaries of the downtown district. Notice of the public hearing shall be published twice in a newspaper of general circulation in the municipality, not less than 20 or more than 40 days before the date of the hearing. Not less than 20 days before the hearing, the governing body proposing to create the authority shall also mail notice of the hearing to the property taxpayers of record in the proposed district and for a public hearing to be held after February 15, 1994 to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Beginning June 1, 2005, the notice of hearing within the time frame described in this subsection shall be mailed by certified mail to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Failure of a property taxpayer to receive the notice shall not invalidate these proceedings. Notice of the hearing shall be posted in at least 20 conspicuous and public places in the proposed downtown district not less than 20 days before the hearing. The notice shall state the date, time, and place of the hearing, and shall describe the boundaries of the proposed downtown district. A citizen, taxpayer, or property owner of the municipality or an official from a taxing jurisdiction with millage that would be subject to capture has the right to be heard in regard to the establishment of the authority and the boundaries of the proposed downtown district. The governing body of the municipality shall not incorporate land into the downtown district not included in the description contained in the notice of public hearing, but it may eliminate described lands from the downtown district in the final determination of the boundaries.

(3) Not more than 60 days after a public hearing held after February 15, 1994, the governing body of a taxing jurisdiction levying ad valorem property taxes that would otherwise be subject to capture may exempt its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of the municipality proposing to create the authority. The resolution takes effect when filed with that clerk and

remains effective until a copy of a resolution rescinding that resolution is filed with that clerk.

(4) Not less than 60 days after the public hearing, if the governing body of the municipality intends to proceed with the establishment of the authority, it shall adopt, by majority vote of its members, an ordinance establishing the authority and designating the boundaries of the downtown district within which the authority shall exercise its powers. The adoption of the ordinance is subject to any applicable statutory or charter provisions in respect to the approval or disapproval by the chief executive or other officer of the municipality and the adoption of an ordinance over his or her veto. This ordinance shall be filed with the secretary of state promptly after its adoption and shall be published at least once in a newspaper of general circulation in the municipality.

(5) The governing body of the municipality may alter or amend the boundaries of the downtown district to include or exclude lands from the downtown district pursuant to the same requirements for adopting the ordinance creating the authority.

(6) A municipality that has created an authority may enter into an agreement with an adjoining municipality that has created an authority to jointly operate and administer those authorities under an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

(7) A municipality that has created an authority may enter into an agreement with a qualified township to operate its authority in a downtown district in the qualified township under an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512. The interlocal agreement between the municipality and the qualified township shall provide for, but is not limited to, all of the following:

(a) Size and makeup of the board.

(b) Determination and modification of downtown district, business district, and development area.

(c) Modification of development area and development plan.

(d) Issuance and repayment of obligations.

Sec. 13b. (1) If the amount of tax increment revenues lost as a result of the reduction of taxes levied by local school districts for school operating purposes required by the millage limitations under section 1211 of the school code of 1976, 1976 PA 451, MCL 380.1211, reduced by the amount of tax increment revenues received from the capture of taxes levied under or attributable to the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, will cause the tax increment revenues received in a fiscal year by an authority under section 15 to be insufficient to repay an eligible advance or to pay an eligible obligation, the legislature shall appropriate and distribute to the authority the amount described in subsection (5).

(2) Not less than 30 days before the first day of a fiscal year, an authority eligible to retain tax increment revenues from taxes levied by a local or intermediate school district or this state or to receive a distribution under this section for that fiscal year shall file a claim with the department of treasury. The claim shall include the following information:

(a) The property tax millage rates levied in 1993 by local school districts within the jurisdictional area of the authority for school operating purposes.

(b) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(c) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority.

(d) The tax increment revenues the authority estimates it would have received for that fiscal year if property taxes were levied by local school districts within the jurisdictional area of the authority for school operating purposes at the millage rates described in subdivision (a) and if no property taxes were levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(e) A list and documentation of eligible obligations and eligible advances and the payments due on each of those eligible obligations or eligible advances in that fiscal year, and the total amount of all the payments due on those eligible obligations and eligible advances in that fiscal year.

(f) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation or the repayment of an eligible advance. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development project.

(g) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(h) A list and documentation of other protected obligations and the payments due on each of those other protected obligations in that fiscal year, and the total amount of all the payments due on those other protected obligations in that fiscal year.

(3) For the fiscal year that commences after September 30, 1993 and before October 1, 1994, an authority may make a claim with all information required by subsection (2) at any time after March 15, 1994.

(4) After review and verification of claims submitted pursuant to this section, amounts appropriated by the state in compliance with this act shall be distributed as 2 equal payments on March 1 and September 1 after receipt of a claim. An authority shall allocate a distribution it receives for an eligible obligation issued on behalf of a municipality to the municipality.

(5) Subject to subsections (6) and (7), the aggregate amount to be appropriated and distributed pursuant to this section to an authority shall be the sum of the amounts determined pursuant to subdivisions (a) and (b) minus the amount determined pursuant to subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if property taxes were levied by local school districts for school operating purposes at the millage rates described in subsection (2)(a) and if no property taxes were levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported pursuant to subsection (2)(g) that had not previously increased a distribution.

(c) An excess amount required to be reported pursuant to subsection (2)(g) that had not previously decreased a distribution.

(6) The amount distributed under subsection (5) shall not exceed the difference between the amount described in subsection (2)(e) and the sum of the amounts described in subsection (2)(c) and (f).

(7) If, based upon the tax increment financing plan in effect on August 19, 1993, the payment due on eligible obligations or eligible advances anticipates the use of excess prior year tax increment revenues permitted by law to be retained by the authority, and if the sum of the amounts described in subsection (2)(c) and (f) plus the amount to be distributed under subsections (5) and (6) is less than the amount described in subsection (2)(e), the amount to be distributed under subsections (5) and (6) shall be increased by the amount of the shortfall. However, the amount authorized to be distributed pursuant to this section shall not exceed that portion of the cumulative difference, for each preceding fiscal year, between the amount that could have been distributed pursuant to subsection (5) and the amount actually distributed pursuant to subsections (5) and (6) and this subsection.

(8) A distribution under this section replacing tax increment revenues pledged by an authority or a municipality is subject to the lien of the pledge, whether or not there has been physical delivery of the distribution.

(9) Obligations for which distributions are made pursuant to this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(10) Not later than July 1 of each year, the authority shall certify to the local tax collecting treasurer the amount of the distribution required under subsection (5), calculated without regard to the receipt of tax increment revenues attributable to local or intermediate school district taxes or attributable to taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(11) Calculations of distributions under this section and claims reports required to be made under subsection (2) shall be made on the basis of each development area of the authority.

(12) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

If the application for approval is approved or modified by the department of treasury, the local tax collecting treasurer shall retain and pay to the authority the amount described in subsection (5) as approved by the department. If the department of treasury denies the authority's application for approval, the local tax collecting treasurer shall not retain or pay to the authority the taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. An approval by the department does not prohibit a subsequent audit of taxes retained in accordance with the procedures currently authorized by law.

(4) Each year the legislature shall appropriate and distribute an amount sufficient to pay each authority the following:

(a) If the amount to be retained and paid under subsection (3) is less than the amount calculated under subsection (5), the difference between those amounts.

(b) If the application for approval is denied by the department of treasury, an amount verified by the department equal to the amount calculated under subsection (5).

(5) Subject to subsection (6), the aggregate amount under this section shall be the sum of the amounts determined under subdivisions (a) and (b) minus the amount determined under subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received and retained for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if the personal property tax exemptions described in subsection (1) were not in effect, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported under subsection (2)(f) that had not previously increased a distribution.

(c) An excess amount required to be reported under subsection (2)(f) that had not previously decreased a distribution.

(6) A distribution or taxes retained under this section replacing tax increment revenues pledged by an authority or a municipality are subject to any lien of the pledge described in subsection (1), whether or not there has been physical delivery of the distribution.

(7) Obligations for which distributions are made under this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(8) Not later than September 15 of each year, the authority shall provide a copy of the application for approval approved by the department of treasury to the local tax collecting treasurer and provide the amount of the taxes retained and paid to the authority under subsection (5).

(9) Calculations of amounts retained and paid and appropriations to be distributed under this section shall be made on the basis of each development area of the authority.

(10) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

(11) It is the intent of the legislature that, to the extent that the total amount of taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are allowed to be retained under this section and section 11b of the local development financing act, 1986 PA 281, MCL 125.2161b, section 15a of the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2665a, and section 12b of the tax increment financing act, 1980 PA 450, MCL 125.1812b, exceeds the difference of the total school aid fund revenue for the tax year minus the estimated amount of revenue the school aid fund would have received for the tax year had the tax exemptions described in subsection (1) and the earmark created by section 515 of the Michigan business tax act, 2007 PA 36, MCL 208.1515, not taken effect, the general fund shall reimburse the school aid fund the difference.

125.1664 Tax increment financing plan; preparation and contents; limitation; definition; public hearing; fiscal and economic implications; recommendations; agreements; modification of plan.

Sec. 14. (1) When the authority determines that it is necessary for the achievement of the purposes of this act, the authority shall prepare and submit a tax increment financing plan to the governing body of the municipality. The plan shall include a development plan as provided in section 17, a detailed explanation of

the tax increment procedure, the maximum amount of bonded indebtedness to be incurred, and the duration of the program, and shall be in compliance with section 15. The plan shall contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the development area is located. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(2) The percentage of taxes levied for school operating purposes that is captured and used by the tax increment financing plan shall not be greater than the plan's percentage capture and use of taxes levied by a municipality or county for operating purposes. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county or charter county purposes under the property tax limitation act, Act No. 62 of the Public Acts of 1933, being sections 211.201 to 211.217a of the Michigan Compiled Laws. For purposes of this subsection, tax increment revenues used to pay bonds issued by a municipality under section 16(1) shall be considered to be used by the tax increment financing plan rather than shared with the municipality. The limitation of this subsection does not apply to the portion of the captured assessed value shared pursuant to an agreement entered into before 1989 with a county or with a city in which an enterprise zone is approved under section 13 of the enterprise zone act, Act No. 224 of the Public Acts of 1985, being section 125.2113 of the Michigan Compiled Laws.

(3) Approval of the tax increment financing plan shall be pursuant to the notice, hearing, and disclosure provisions of section 18. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(4) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions levying taxes subject to capture to meet with the governing body. The authority shall fully inform the taxing jurisdictions of the fiscal and economic implications of the proposed development area. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the district.

(5) A tax increment financing plan may be modified if the modification is approved by the governing body upon notice and after public hearings and agreements as are required for approval of the original plan.

125.1666 General obligation bonds and tax increment bonds; qualified refunding obligation.

Sec. 16. (1) The municipality may by resolution of its governing body authorize, issue, and sell general obligation bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan and shall pledge its full faith and credit for the payment of the bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 11. The bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. Before the municipality may authorize the borrowing, the authority shall submit an estimate of the anticipated tax increment revenues and other revenue available under section 11 to be available for payment of principal and interest on the bonds, to the governing body of the municipality. This estimate shall be approved by the governing body of the municipality by resolution adopted by majority vote of the members of the governing body in the resolution authorizing the bonds. If the governing body of the municipality adopts the resolution authorizing the bonds, the estimate of the anticipated tax increment revenues and other revenue available under section 11 to be available for payment of principal and interest on the bonds shall be conclusive for purposes of this section. The bonds issued under this subsection shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2801.

(2) By resolution of its governing body, the authority may authorize, issue, and sell tax increment bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan. The tax increment bonds issued by the authority under this subsection shall pledge solely the tax increment revenues of a development area in which the project is located or a development area from which tax increment revenues may be used for this project, or both. In addition or in the alternative, the bonds issued by the authority pursuant to this subsection may be secured by any other revenues identified in section 11 as sources of financing for activities of the authority that the authority shall specifically pledge in the resolution. However, the full faith and credit of the municipality shall not be pledged to secure bonds issued pursuant to this subsection. The bond issue may include a sum sufficient to pay interest on the tax increment bonds until full development of tax increment revenues from the project and also a sum to provide a reasonable reserve for payment of principal and interest on the bonds. The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution. Bonds issued under this subsection that pledge revenue received under section 11 for repayment of the bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) Notwithstanding any other provision of this act, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 13b by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.

Sec. 3. (1) If the governing body of a municipality determines that it is in the best interests of the public to halt a decline in property values, increase property tax valuation, eliminate the causes of the decline in property values, and to promote growth in an area in the municipality, the governing body of that municipality may declare by resolution its intention to create and provide for the operation of an authority.

(2) In the resolution of intent, the governing body shall set a date for the holding of a public hearing on the adoption of a proposed resolution creating the authority and designating the boundaries of the authority district. Notice of the public hearing shall be published twice in a newspaper of general circulation in the municipality, not less than 20 nor more than 40 days before the date of the hearing. Notice shall also be mailed to the property taxpayers of record in the proposed authority district not less than 20 days before the hearing. Failure to receive the notice shall not invalidate these proceedings. The notice shall state the date, time, and place of the hearing, and shall describe the boundaries of the proposed authority district. At that hearing, a citizen, taxpayer, or property owner of the municipality has the right to be heard in regard to the establishment of the authority and the boundaries of the proposed authority district. The governing body of the municipality shall not incorporate land into the authority district not included in the description contained in the notice of public hearing, but it may eliminate described lands from the authority district in the final determination of the boundaries.

The adoption of the resolution is subject to any applicable statutory or charter provisions with respect to the approval or disapproval by the chief executive or other officer of the municipality and the adoption of a resolution over his or her veto. This resolution shall be filed with the secretary of state promptly after its adoption and shall be published at least once in a newspaper of general circulation in the municipality.

(4) The governing body may alter or amend the boundaries of the authority district to include or exclude lands from the authority district in accordance with the same requirements prescribed for adopting the resolution creating the authority.

(5) The validity of the proceedings establishing an authority shall be conclusive unless contested in a court of competent jurisdiction within 60 days after the last of the following takes place:

(a) Publication of the resolution as adopted.

(b) Filing of the resolution with the secretary of state.

Sec. 12a. (1) If the amount of tax increment revenues lost as a result of the reduction of taxes levied by local school districts for school operating purposes required by the millage limitations under section 1211 of the revised school code, 1976 PA 451, MCL 380.1211, reduced by the amount of tax increment revenues received from the capture of taxes levied under or attributable to the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, will cause the tax increment revenues received in a fiscal year by an authority under section 14 to be insufficient to repay an eligible advance or to pay an eligible obligation, the legislature shall appropriate and distribute to the authority the amount described in subsection (5).

(2) Not less than 30 days before the first day of a fiscal year, an authority eligible to retain tax increment revenues from taxes levied by a local or intermediate school district or this state, or to receive a distribution under this section for that fiscal year shall file a claim with the department of treasury. The claim shall include the following information:

(a) The property tax millage rates levied in 1993 by local school districts within the jurisdictional area of the authority for school operating purposes.

(b) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(c) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(d) The tax increment revenues the authority estimates it would have received for that fiscal year if property taxes were levied by local school districts within the jurisdictional area of the authority for school operating purposes at the millage rates described in subdivision (a) and if no property taxes were levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(e) A list and documentation of eligible obligations and eligible advances and the payments due on each of those eligible obligations or eligible advances in that fiscal year, and the total amount of all the payments due on those eligible obligations and eligible advances in that fiscal year.

(f) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation or the repayment of an eligible advance. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development project.

(g) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(h) A list and documentation of other protected obligations and the payments due on each of those other protected obligations in that fiscal year, and the total amount of all the payments due on those other protected obligations in that fiscal year.

(3) For the fiscal year that commences after September 30, 1993 and before October 1, 1994, an authority may make a claim with all information required by subsection (2) at any time after March 15, 1994.

(4) After review and verification of claims submitted pursuant to this section, amounts appropriated by the state in compliance with this act shall be distributed as 2 equal payments on March 1 and September 1 after receipt of a claim. An authority shall allocate a distribution it receives for an eligible obligation issued on behalf of a municipality to the municipality.

(5) Subject to subsections (6) and (7), the aggregate amount to be appropriated and distributed pursuant to this section to an authority shall be the sum of the amounts determined pursuant to subdivisions (a) and (b) minus the amount determined pursuant to subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received for the fiscal year, if property taxes were levied by local school districts on property, including property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated, for school operating purposes at the millage rates described in subsection (2)(a) and if no property taxes were levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, exceed the sum of tax increment revenues the authority actually received for the fiscal year plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(b) A shortfall required to be reported pursuant to subsection (2)(g) that had not previously increased a distribution.

(c) An excess amount required to be reported pursuant to subsection (2)(g) that had not previously decreased a distribution.

(6) The amount distributed under subsection (5) shall not exceed the difference between the amount described in subsection (2)(e) and the sum of the amounts described in subsection (2)(c) and (f).

(7) If, based upon the tax increment financing plan in effect on August 19, 1993, the payment due on eligible obligations or eligible advances anticipates the use of excess prior year tax increment revenues permitted by law to be retained by the authority, and if the sum of the amounts described in subsection (2)(c) and (f) plus the amount to be distributed under subsections (5) and (6) is less than the amount described in subsection (2)(e), the amount to be distributed under subsections (5) and (6) shall be increased by the amount of the shortfall. However, the amount authorized to be distributed pursuant to this section shall not exceed that portion of the cumulative difference, for each preceding fiscal year, between the amount that could have been distributed pursuant to subsection (5) and the amount actually distributed pursuant to subsections (5) and (6) and this subsection.

(8) A distribution under this section replacing tax increment revenues pledged by an authority or a municipality is subject to the lien of the pledge, whether or not there has been physical delivery of the distribution.

(9) Obligations for which distributions are made pursuant to this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(10) Not later than July 1 of each year, the authority shall certify to the local tax collecting treasurer the amount of the distribution required under subsection (5), calculated without regard to the receipt of tax increment revenues attributable to local or intermediate school district taxes or attributable to taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(11) Calculations of distributions under this section and claims reports required to be made under subsection (2) shall be made on the basis of each development area of the authority.

(12) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

If the application for approval contains the information required under subsection (2)(a) through (f) and appears to be in substantial compliance with the provisions of this section, then the department of treasury shall approve the application. If the application is denied by the department of treasury, then the department of treasury shall provide the opportunity for a representative of the authority to discuss the denial within 21 days after the denial occurs and shall sustain or modify its decision within 30 days after receiving information from the authority. If the application for approval is approved or modified by the department of treasury, the local tax collecting treasurer shall retain and pay to the authority the amount described in subsection (5) as approved by the department. If the department of treasury denies the authority's application for approval, the local tax collecting treasurer shall not retain or pay to the authority the taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. An approval by the department does not prohibit a subsequent audit of taxes retained in accordance with the procedures currently authorized by law.

(4) Each year, the legislature shall appropriate and distribute an amount sufficient to pay each authority the following:

(a) If the amount to be retained and paid under subsection (3) is less than the amount calculated under subsection (5), the difference between those amounts.

(5) Subject to subsection (6), the aggregate amount under this section shall be the sum of the amounts determined under subdivisions (a) and (b) minus the amount determined under subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received and retained for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if the personal property tax exemptions described in subsection (1) were not in effect, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported under subsection (2)(f) that had not previously increased a distribution.

(c) An excess amount required to be reported under subsection (2)(f) that had not previously decreased a distribution.

(6) A distribution or taxes retained under this section replacing tax increment revenues pledged by an authority or a municipality are subject to any lien of the pledge described in subsection (1), whether or not there has been physical delivery of the distribution.

(7) Obligations for which distributions are made under this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(8) Not later than September 15 of each year, the authority shall provide a copy of the application for approval approved by the department of treasury to the local tax collecting treasurer and provide the amount of the taxes retained and paid to the authority under subsection (5).

(9) Calculations of amounts retained and paid and appropriations to be distributed under this section shall be made on the basis of each development area of the authority.

(10) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

(11) It is the intent of the legislature that, to the extent that the total amount of taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are allowed to be retained under this section and section 11b of the local development financing act, 1986 PA 281, MCL 125.2161b, section 15a of the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2665a, and section 13c of 1975 PA 197, MCL 125.1663c, exceeds the difference of the total school aid fund revenue for the tax year minus the estimated amount of revenue the school aid fund would have received for the tax year had the tax exemptions described in subsection (1) and the earmark created by section 515 of the Michigan business tax act, 2007 PA 36, MCL 208.1515, not taken effect, the general fund shall reimburse the school aid fund the difference.

125.1813 Preparation and submission of tax increment financing plan; contents and approval of plan; public hearing; taxing jurisdictions.

Sec. 13. (1) When the authority determines that it is necessary for the achievement of the purposes of this act, the authority shall prepare and submit a tax increment financing plan to the governing body. The plan shall be in compliance with section 14 and shall include a development plan as provided in section 16. The plan shall also contain the following:

(a) A statement of the reasons that the plan will result in the development of captured assessed value that could not otherwise be expected. The reasons may include, but are not limited to, activities of the municipality, authority, or others undertaken before formulation or adoption of the plan in reasonable anticipation that the objectives of the plan would be achieved by some means.

(b) An estimate of the captured assessed value for each year of the plan. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used shall be clearly stated in the plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation. The percentage of taxes levied for school operating purposes that is captured and used by the plan shall not be greater than the plan's percentage capture and use of taxes levied by a municipality or county for operating purposes. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county or charter county purposes under the property tax limitation act, Act No. 62 of the Public Acts of 1933, being sections 211.201 to 211.217a of the Michigan Compiled Laws. This limitation does not apply to the portion of the captured assessed value shared pursuant to an agreement entered into before 1989 with a county or with a city in which an enterprise zone is approved under section 13 of the enterprise zone act, Act No. 224 of the Public Acts of 1985, being section 125.2113 of the Michigan Compiled Laws.

(c) The estimated tax increment revenues for each year of the plan.

(d) A detailed explanation of the tax increment procedure.

(e) The maximum amount of bonded indebtedness to be incurred.

(f) The amount of operating and planning expenditures of the authority and municipality, the amount of advances extended by or indebtedness incurred by the municipality, and the amount of advances by others to be repaid from tax increment revenues.

(g) The costs of the plan anticipated to be paid from tax increment revenues as received.

(h) The duration of the development plan and the tax increment plan.

(i) An estimate of the impact of tax increment financing on the revenues of all taxing jurisdictions in which the development area is located.

(2) Approval of the tax increment financing plan shall be in accordance with the notice, hearing, disclosure, and approval provisions of sections 17 and 18. When the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(3) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions in which the development is located to express their views and recommendations regarding the tax increment financing plan. The authority shall fully inform the taxing jurisdictions about the fiscal and economic implications of the proposed tax increment financing plan. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the district.

Sec. 14. (1) The municipal and county treasurers shall transmit to the authority tax increment revenues.

(2) The authority shall expend the tax increment revenues received for the development program only in accordance with the tax increment financing plan. These revenues shall not be used to circumvent existing property tax laws or a local charter that provides a maximum authorized rate for levy of property taxes. The governing body may abolish the tax increment financing plan when it finds that the purposes for which the plan was established are accomplished. However, the tax increment finance plan shall not be abolished until the principal of and interest on bonds issued pursuant to section 15 have been paid or funds sufficient to make the payment have been segregated.

(3) The authority shall submit annually to the governing body and the state tax commission a financial report on the status of the tax increment financing plan. The report shall include the following:

The bonds issued under this section shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34,

MCL 141.2101 to 141.2821.

(2) The municipality by majority vote of the members of its governing body may pledge its full faith and credit for the payment of the principal of and interest on the authority's tax increment bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 11.

(3) Notwithstanding any other provision of this act, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 12a by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.

The People of the State of Michigan enact:

CHAPTER 1

125.2001 Legislative finding and declaration.

Sec. 1. The legislature hereby finds and declares the following problems and objectives:

(a) The economy of the state of Michigan is at present recovering from a recession and action is needed to encourage increased employment and business expansion in this state.

(b) The economy of the state of Michigan is undergoing a long-term transition requiring new and innovative policies from state government and greater coordination of existing policies and programs related to jobs and economic development.

(c) It is necessary to provide a mechanism to foster greater coordination of state policies and to make available public and private development finance opportunities to agriculture, forestry, business, and industry, and to communities within the state, in order to expand the number of jobs in the state and to help agriculture, forestry, business, and industry prosper in the state.

(d) There exists a need to leverage private sector investment in new and innovative products, in entrepreneurial activity, and in economic development finance; therefore, state assistance for development finance should reflect a leveraging investment strategy.

(e) There is a statewide pressing need for programs to alleviate and prevent conditions of unemployment; to preserve existing jobs and create new jobs to meet the employment demands of population growth and population shifts; to promote the development of existing business enterprises and to meet the growing competition among states and nations for business enterprises; to revitalize and diversify the Michigan economy in general to achieve the goals of long-term economic growth and full employment, and to provide a solid tax base for the state and its local units of government to provide funds for needed public services.

(f) The goals of long-term economic growth and full employment can best be provided by the promotion, attraction, stimulation, retention, rehabilitation, and revitalization of business enterprises and worker-owned enterprises and by actions to lower the costs of business and production.

(g) The retention, promotion, diversification, and development of business enterprises and the lowering of costs of business and production require additional means of financing, including economic development finance mechanisms that support private capital resources, to help existing business enterprises expand more rapidly, and to promote the location of additional business enterprises in Michigan.

(h) It is necessary to provide means and methods for the encouragement and assistance of industrial and commercial development projects, including but not limited to providing aid to development enterprises utilizing new or experimental technologies in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its local units of government.

(i) The retention and expansion of existing business enterprise and the acquiring of new business enterprises to Michigan requires the availability of energy supplies and that, to this end, known sources of energy in Michigan should be developed to the fullest extent possible consistent with environmental protection and ecological preservation.

(j) To conserve the public benefits of nonrenewable oil, gas, and mineral resources which are now subject to increasing development and depletion it is necessary to apply the proceeds of such resources to the encouragement of capital growth and the financing of self-sustaining sources of economic activity.

(k) It is necessary to promote economic activity in the forestry and agricultural sectors by providing incentives to reduce energy consumption, to retain agricultural and forestry enterprises, to reduce the rate at which urban sprawl has been devouring productive farm and forestry lands, and to provide our farmers and foresters with a more favorable export market. It is also necessary to encourage the development of facilities designed to produce energy from renewable resources.

(*l*) For the preservation and betterment of the health, safety, and general welfare of the people of Michigan, it is necessary to promote and develop new and adequate water and air pollution control and solid waste disposal facilities for business enterprises and public utilities located in this state, which equipment or facilities need not be incidental to an industrial building, but may serve the general public.

(m) It is necessary for a sound economy of the state for the local units of government of the state to provide quality services and this requires an adequate and modern infrastructure in the local units of government which makes it necessary for such units to finance local improvements in an economical manner which in many cases can be best done through assistance by the state.

(n) The lending and investment of funds to develop and improve the economy of the state requires specialized and unique knowledge, skills, and experience.

125.2004 Definitions.

Sec. 4. As used in this act:

(a) "Board" means the board of directors of the Michigan strategic fund, except where the context clearly requires a different definition.

(b) "Economic development project" means an endeavor related to industrial, commercial, or agricultural enterprise. Economic development project includes, but is not limited to, a theme or recreation park; agricultural or forestry production, harvesting, storage, or processing facilities or equipment; and the use of

equipment or facilities designed to produce energy from renewable resources. Economic development project does not include that portion of an endeavor devoted to the sale of goods at retail, except that, as used in relation to the fund insuring a transaction entered into by a depository institution, and as used in relation to a loan by the fund to a minority owned business, an economic development project may include that portion of an endeavor devoted to the sale of goods at retail. Economic development project does not include that portion of an endeavor devoted to housing or a program or activity authorized under chapter 8A.

(c) "Financial institution" means a state or nationally chartered bank or a state or federally chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and that maintains a principal office or branch office in this state under the laws of this state or the United States.

(d) "Fund" means the Michigan strategic fund created under section 5, except where the context clearly requires a different definition.

(e) "Green chemistry" means chemistry and chemical engineering to design chemical products or processes that reduce or eliminate the use or generation of hazardous substances, while producing high-quality products through safe and efficient manufacturing processes. Green chemistry is guided by the following 12 principles:

(*i*) Prevent waste: Design chemical syntheses to prevent waste, leaving no waste to treat or clean up.

(*ii*) Design safer chemicals and products: Design chemical products to be fully effective, yet have little or no toxicity.

(*iii*) Design less hazardous chemical syntheses: Design syntheses to use and generate substances with little or no toxicity to humans and the environment.

(*iv*) Use renewable feedstocks: Use raw materials and feedstocks that are renewable rather than depleting. Renewable feedstocks are often made from agricultural products or are the wastes of other processes; depleting feedstocks are made from fossil fuels, including petroleum, natural gas, or coal, or are mined.

(*v*) Use catalysts, not stoichiometric reagents: Minimize waste by using catalytic reactions. Catalysts are used in small amounts and can carry out a single reaction many times. They are preferable to stoichiometric reagents, which are used in excess and work only once.

(*vi*) Avoid chemical derivatives: Avoid using blocking or protecting groups or any temporary modifications if possible. Derivatives use additional reagents and generate waste.

(*vii*) Maximize atom economy: Design syntheses so that the final product contains the maximum proportion of the starting materials. There should be few, if any, wasted atoms.

(*viii*) Use safer solvents and reaction conditions: Avoid using solvents, separation agents, or other auxiliary chemicals. If these chemicals are necessary, use innocuous chemicals.

(*ix*) Increase energy efficiency: Run chemical reactions at ambient temperature and pressure whenever possible.

(*x*) Design chemicals and products to degrade after use: Design chemical products to break down to innocuous substances after use so that they do not accumulate in the environment.

(*xi*) Analyze in real-time to prevent pollution: Include in-process real-time monitoring and control during syntheses to minimize or eliminate the formation of by-products.

(*xii*) Minimize the potential for accidents: Design chemicals and their forms, including solid, liquid, or gas, to minimize the potential for chemical accidents, including explosions, fires, and releases to the environment.

(f) "Michigan economic development corporation" or "MEDC" means the Michigan economic development corporation, the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement effective April 5, 1999, and subsequently amended, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the fund.

(g) "Municipality" means a county, city, village, township, port district, development organization, institution of higher education, community or junior college, or subdivision or instrumentality of any of the legal entities listed in this subdivision.

(h) "Person" means an individual, sole proprietorship, partnership, limited partnership, limited liability partnership, limited liability company, joint venture, profit or nonprofit corporation including a public or private college or university, public utility, municipality, local industrial development corporation, economic development corporation, or other association of persons organized for agricultural, commercial, or industrial purposes.

(i) "Project" means an economic development project and, in addition, means the acquisition, construction, reconstruction, conversion, or leasing of an industrial, commercial, retail, agricultural, or forestry enterprise, or any part of these, to carry out the purposes and objectives of this act and of the fund, including, but not limited to, acquisition of land or interest in land, buildings, structures, or other planned or existing planned

improvements to land including leasehold improvements, machinery, equipment, or furnishings which include, but are not limited to, the following: research parks; office facilities; engineering facilities; research and development laboratories; warehousing facilities; parts distribution facilities; depots or storage facilities; port facilities; railroad facilities, including trackage, right of way, and appurtenances; airports; water and air pollution control equipment or waste disposal facilities; theme or recreational parks; equipment or facilities designed to produce energy from renewable resources; farms, ranches, forests, and other agricultural or forestry commodity producers; agricultural harvesting, storage, transportation, or processing facilities or equipment; grain elevators; shipping heads and livestock pens; livestock; warehouses; wharves and dock facilities; water, electricity, hydro electric, coal, petroleum, or natural gas provision facilities; dams and irrigation facilities; sewage, liquid, and solid waste collection, disposal treatment, and drainage services and facilities. Project does not include a program or activity authorized under chapter 8A.

(j) "Private sector" means other than the fund, a state or federal source, or an agency of a state or the federal government.

125.2153 Authority; establishment by municipality; establishment by next Michigan development corporation; limitation; powers.

Sec. 3. (1) Except as otherwise provided by subsection (2), a municipality may establish not more than 1 authority under the provisions of this act. An authority established under this subsection shall exercise its powers in all authority districts.

(2) In addition to an authority established under subsection (1), a municipality may join with 1 or more other municipalities located within the same county to establish an authority under this act. An authority created under this subsection may only exercise its powers in a certified technology park designated in an agreement made under section 12a or 12b or in a certified alternative energy park designated in an agreement under section 12c. A municipality shall not establish more than 1 authority under this subsection.

(3) A next Michigan development corporation may establish not more than 1 authority under the provisions of this act. An authority established under this subsection shall exercise its powers within its authority district and in all next Michigan development areas. The authority district in which the authority may exercise its powers shall include all or part of the territory of a next Michigan development corporation, as determined by the governing body of the next Michigan development corporation.

(4) The authority shall be a public body corporate which may sue and be sued in any court of this state. The authority possesses all the powers necessary to carry out the purpose of its incorporation. The enumeration of a power in this act shall not be construed as a limitation upon the general powers of the authority. The powers granted in this act to an authority may be exercised notwithstanding that bonds are not issued by the authority.

History: 1986, Act 281, Eff. Feb. 1, 1987;—Am. 2000, Act 248, Imd. Eff. June 29, 2000;—Am. 2009, Act 162, Imd. Eff. Dec. 14, 2009;—Am. 2010, Act 276, Imd. Eff. Dec. 15, 2010;—Am. 2012, Act 290, Imd. Eff. Aug. 1, 2012.

125.2154 Resolution of intent; notice of public hearing; hearing; resolution exempting taxes from capture; resolution establishing authority and designating boundaries; filing and publication; alteration or amendment of boundaries; validity of proceedings; establishment of authority by 2 or more municipalities; procedures to be followed by next Michigan development corporation.

Sec. 4. (1) The governing body of a municipality may declare by resolution adopted by a majority of its members elected and serving its intention to create and provide for the operation of an authority.

(2) In the resolution of intent, the governing body proposing to create the authority shall set a date for holding a public hearing on the adoption of a proposed resolution creating the authority and designating the boundaries of the authority district or districts. Notice of the public hearing shall be published twice in a newspaper of general circulation in the municipality, not less than 20 nor more than 40 days before the date of the hearing. Except as otherwise provided in subsection (8), not less than 20 days before the hearing, the governing body proposing to create the authority shall also mail notice of the hearing to the property taxpayers of record in a proposed authority district and, for a public hearing to be held after February 15, 1994, to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the

authority is established and a tax increment financing plan is approved. Beginning June 1, 2005, the notice of hearing within the time frame described in this subsection shall be mailed by certified mail to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Failure of a property taxpayer to receive the notice shall not invalidate these proceedings. The notice shall state the date, time, and place of the hearing, and shall describe the boundaries of the proposed authority district or districts. At that hearing, a resident, taxpayer, or property owner from a taxing jurisdiction in which the proposed district is located or an official from a taxing jurisdiction with millage that would be subject to capture has the right to be heard in regard to the establishment of the authority and the boundaries of that proposed authority district. The governing body of the municipality in which a proposed district is to be located shall not incorporate land into an authority district not included in the description contained in the notice of public hearing, but it may eliminate lands described in the notice of public hearing from an authority district in the final determination of the boundaries.

(3) Except as otherwise provided in subsection (8), not more than 60 days after a public hearing held after February 15, 1994, the governing body of a taxing jurisdiction with millage that would otherwise be subject to capture may exempt its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of the municipality proposing to create the authority. However, a resolution by a governing body of a taxing jurisdiction to exempt its taxes from capture is not effective for the capture of taxes that are used for a certified technology park or a certified alternative energy park. The resolution takes effect when filed with that clerk and remains effective until a copy of a resolution rescinding that resolution is filed with that clerk.

(4) Except as otherwise provided in subsection (8), not less than 60 days after the public hearing or a shorter period as determined by the governing body for a certified technology park or a certified alternative energy park, if the governing body creating the authority intends to proceed with the establishment of the authority, it shall adopt, by majority vote of its members elected and serving, a resolution establishing the authority and designating the boundaries of the authority district or districts within which the authority shall exercise its powers. The adoption of the resolution is subject to any applicable statutory or charter provisions with respect to the approval or disapproval of resolutions by the chief executive officer of the municipality and the adoption of a resolution over his or her veto. This resolution shall be filed with the secretary of state promptly after its adoption and shall be published at least once in a newspaper of general circulation in the municipality.

(5) The governing body may alter or amend the boundaries of an authority district to include or exclude lands from that authority district or create new authority districts pursuant to the same requirements prescribed for adopting the resolution creating the authority.

(6) The validity of the proceedings establishing an authority shall be conclusive unless contested in a court of competent jurisdiction within 60 days after the last of the following takes place:

(a) Publication of the resolution creating the authority as adopted.

(b) Filing of the resolution creating the authority with the secretary of state.

(7) Except as otherwise provided by this subsection, if 2 or more municipalities desire to establish an authority under section 3(2), each municipality in which the authority district will be located shall comply with the procedures prescribed by this act. The notice required by subsection (2) may be published jointly by the municipalities establishing the authority. The resolutions establishing the authority shall include, or shall approve an agreement including, provisions governing the number of members on the board, the method of appointment, the members to be represented by governmental units or agencies, the terms of initial and subsequent appointments to the board, the manner in which a member of the board may be removed for cause before the expiration of his or her term, the manner in which the authority may be dissolved, and the disposition of assets upon dissolution. An authority described in this subsection shall not be considered established unless all of the following conditions are satisfied:

(a) A resolution is approved and filed with the secretary of state by each municipality in which the authority district will be located.

(b) The same boundaries have been approved for the authority district by the governing body of each municipality in which the authority district will be located.

(c) The governing body of the county in which a majority of the authority district will be located has approved by resolution the creation of the authority.

(8) For an authority created under section 3(3), except as otherwise provided by this subsection, the next Michigan development corporation shall comply with the procedures prescribed for a municipality by subsections (1) and (2) and this subsection. The provisions of subsections (3) and (4) shall not apply to an authority exercising its powers under section 3(3). The notice required by subsection (2) may be published by the next Michigan development corporation in a newspaper or newspapers of general circulation within the

municipalities which are constituent members of the next Michigan development corporation, and notice shall not be required to be mailed to the property taxpayers of record in the proposed authority district. The governing body of the next Michigan development corporation shall be the governing body of the authority. A taxing jurisdiction levying ad valorem taxes within the authority district that would otherwise be subject to capture which is not a party to the intergovernmental agreement may exempt its taxes from capture by adopting a resolution to that effect and filing a copy not more than 60 days after the public hearing with the recording officer of the next Michigan development corporation. The next Michigan development corporation shall mail notice of the public hearing to the governing body of each taxing jurisdiction which is not a party to the intergovernmental agreement not less than 20 days before the hearing. Following the public hearing, the governing body of the next Michigan development corporation shall adopt a resolution designating the boundaries of the authority district within which the authority shall exercise its powers, which may include any certified technology park within the proposed authority district in accordance with this subsection and may include property adjacent to or within 1,500 feet of a road classified as an arterial or collector according to the federal highway administration manual "Highway Functional Classification - Concepts, Criteria and Procedures" or of another road in the discretion of the next Michigan development corporation, and property adjacent to that property within the territory of the next Michigan development corporation, as provided in the resolution. The resolution shall be effective when adopted, shall be filed with the secretary of state and the president of the Michigan strategic fund promptly after its adoption, and shall be published at least once in a newspaper of general circulation in the territory of the next Michigan development corporation. If an authority district designated under this subsection or subsequently amended includes a certified technology park which is within the authority district of another authority and which is subject to an existing development plan or tax increment financing plan, then that certified technology park may be considered to be under the jurisdiction of the authority established under section 3(3) if so provided in a resolution of the authority established under section 3(3) and if approved by resolution of the governing body of the municipality which created the other authority, and by the president of the Michigan strategic fund. If so provided and approved, then the development plan and tax increment financing plan applicable to the certified technology park, including all assets and obligations under the plans, shall be considered assigned and transferred from the other authority to the authority created under section 3(3), and the initial assessed value of the certified technology park prior to the transfer shall remain the initial assessed value of the certified technology park following the transfer. The transfer shall be effective as of the later of the effective date of the resolution of the authority established under section 3(3), the resolution approved by the governing body of the municipality which created the other authority, and the approval of the president of the Michigan strategic fund.

However, those additional members shall only vote on matters relating to authority districts located within their respective local unit of government. Of the members first appointed, an equal number, as near as possible, shall have terms designated by the governing body creating the authority of 1 year, 2 years, 3 years, and 4 years. An appointment to fill a vacancy shall be made in the same manner as the original appointment. An appointment to fill an unexpired term shall be for the unexpired portion of the term only. Members of the board shall serve without compensation, but shall be reimbursed for actual and necessary expenses.

(2) The chairperson of the board shall be elected by the board.

(3) Before assuming the duties of office, a member shall qualify by taking and subscribing to the constitutional oath of office.

(4) The board shall adopt rules governing its procedure and the holding of regular meetings, subject to the approval of the governing body. The director shall be the chief executive officer of the authority. Subject to the approval of the board, the director shall supervise and be responsible for the preparation of plans and the performance of the functions of the authority in the manner authorized by this act. Sec. 11a. (1) If the amount of tax increment revenues lost as a result of the reduction of taxes levied by local school districts for school operating purposes required by the millage limitations under section 1211 of the revised school code, 1976 PA 451, MCL 380.1211, reduced by the amount of tax increment revenues received from the capture of taxes levied under or attributable to the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, will cause the tax increment revenues received in a fiscal year by an authority under section 13 to be insufficient to repay an eligible advance or to pay an eligible obligation, the legislature shall appropriate and distribute to the authority the amount described in subsection (5).

(2) Not less than 30 days before the first day of a fiscal year, an authority eligible to retain tax increment revenues from taxes levied by a local or intermediate school district or this state or to receive a distribution under this section for that fiscal year shall file a claim with the department of treasury. The claim shall include the following information:

(a) The property tax millage rates levied in 1993 by local school districts within the jurisdictional area of the authority for school operating purposes.

(b) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(c) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(d) The tax increment revenues the authority estimates it would have received for that fiscal year if property taxes were levied by local school districts within the jurisdictional area of the authority for school operating purposes at the millage rates described in subdivision (a) and if no property taxes were levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(e) A list and documentation of eligible obligations and eligible advances and the payments due on each of those eligible obligations or eligible advances in that fiscal year, and the total amount of all the payments due on those eligible obligations and eligible advances in that fiscal year.

(f) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation or the repayment of an eligible advance. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development project.

(g) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(h) A list and documentation of other protected obligations and the payments due on each of those other protected obligations in that fiscal year, and the total amount of all the payments due on those other protected obligations in that fiscal year.

(3) For the fiscal year that commences after September 30, 1993 and before October 1, 1994, an authority may make a claim with all information required by subsection (2) at any time after March 15, 1994.

(4) After review and verification of claims submitted pursuant to this section, amounts appropriated by the state in compliance with this act shall be distributed as 2 equal payments on March 1 and September 1 after receipt of a claim. An authority shall allocate a distribution it receives for an eligible obligation issued on behalf of a municipality to the municipality.

(5) Subject to subsections (6) and (7), the aggregate amount to be appropriated and distributed pursuant to this section to an authority shall be the sum of the amounts determined pursuant to subdivisions (a) and (b) minus the amount determined pursuant to subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received for the fiscal year, if property taxes were levied by local school districts on property, including property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated, for school operating purposes at the millage rates described in subsection (2)(a) and if no property taxes were levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, exceed the sum of tax increment revenues the authority actually received for the fiscal year plus any tax increment revenues the authority would have received for the fiscal year from property that is exempt from taxation pursuant to the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696, based on the property's taxable value at the time the zone is designated.

(b) A shortfall required to be reported pursuant to subsection (2)(g) that had not previously increased a distribution.

(c) An excess amount required to be reported pursuant to subsection (2)(g) that had not previously decreased a distribution.

(6) The amount distributed under subsection (5) shall not exceed the difference between the amount described in subsection (2)(e) and the sum of the amounts described in subsection (2)(c) and (f).

(7) If, based upon the tax increment financing plan in effect on August 19, 1993, the payment due on eligible obligations or eligible advances anticipates the use of excess prior year tax increment revenues permitted by law to be retained by the authority, and if the sum of the amounts described in subsection (2)(c) and (f) plus the amount to be distributed under subsections (5) and (6) is less than the amount described in subsection (2)(e), the amount to be distributed under subsections (5) and (6) shall be increased by the amount of the shortfall. However, the amount authorized to be distributed pursuant to this section shall not exceed that portion of the cumulative difference, for each preceding fiscal year, between the amount that could have been distributed pursuant to subsection (5) and the amount actually distributed pursuant to subsections (5) and (6) and this subsection.

(8) A distribution under this section replacing tax increment revenues pledged by an authority or a municipality is subject to the lien of the pledge, whether or not there has been physical delivery of the distribution.

(9) Obligations for which distributions are made pursuant to this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(10) Not later than July 1 of each year, the authority shall certify to the local tax collecting treasurer the amount of the distribution required under subsection (5), calculated without regard to the receipt of tax increment revenues attributable to local or intermediate school district operating taxes or attributable to taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(11) Calculations of distributions under this section and claims reports required to be made under subsection (2) shall be made on the basis of each development area of the authority.

(12) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

Sec. 11b. (1) If the amount of tax increment revenues lost as a result of the personal property tax exemptions provided by section 1211(4) of the revised school code, 1976 PA 451, MCL 380.1211, section 3 of the state education tax act, 1993 PA 331, MCL 211.903, section 14(4) of 1974 PA 198, MCL 207.564, and

section 9k of the general property tax act, 1893 PA 206, MCL 211.9k, will reduce the allowable school tax capture received in a fiscal year, then, notwithstanding any other provision of this act, the authority, with approval of the department of treasury under subsection (3), may request the local tax collecting treasurer to retain and pay to the authority taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, to be used for the following:

(a) To repay an eligible advance.

(b) To repay an eligible obligation.

(c) To repay an other protected obligation.

(d) To pay an advance or an obligation identified in a development plan, or an amendment to that plan for property located in a certified technology park approved by board of the authority not later than 90 days after July 19, 2010 if the plan contains all of the following and the plan for the capture of school taxes has been approved within 1 year after July 19, 2010:

(*i*) A detailed description of the project.

(*ii*) A statement of the estimated cost of the project.

(*iii*) The specific location of the project.

(*iv*) The name of any developer of the project.

(e) To pay an advance or an obligation identified in a development plan, or an amendment to that plan for property located in a certified alternative energy park approved by the board of the authority if the plan contains all of the following and the plan for the capture of school taxes has been approved not later than December 31, 2012:

(*i*) A detailed description of the project.

(*ii*) A statement of the estimated cost of the project.

(*iii*) The specific location of the project.

(*iv*) The name of any developer of the project.

(2) Not later than June 15, 2008, not later than September 30, 2009, and not later than June 1 of each subsequent year, an authority eligible under subsection (1) to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section, shall apply for approval with the department of treasury. The application for approval shall include the following information:

(a) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(b) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority.

(c) The tax increment revenues the authority estimates it would have received for that fiscal year if the personal property tax exemptions described in subsection (1) were not in effect.

(d) A list of eligible obligations, eligible advances, other protected obligations, and advances and obligations described in subsection (1)(d) for expenditures authorized in a certified technology park or described in subsection (1)(e) for expenditures authorized in a certified alternative energy park; the payments due on each of those in that fiscal year; and the total amount of payments due on all of those in that fiscal year.

(e) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation, the repayment of an eligible advance, the payment of another protected obligation, the payment of obligations or advances described in subsection (1)(d) for expenditures authorized in a certified technology park, or the payment of obligations or advances described in subsection (1)(e) for expenditures authorized in a certified alternative energy park. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development plan.

(f) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(3) Not later than August 15, 2008; for 2009 only, not later than 30 days after the effective date of the amendatory act that amended this sentence; and not later than August 15 of each subsequent year, based on the calculations under subsection (5), the department of treasury shall approve, modify, or deny the application for approval to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section. If the application for approval contains the information required under subsection (2)(a) through (f) and appears to be in substantial compliance with the

provisions of this section, then the department of treasury shall approve the application. If the application is denied by the department of treasury, then the department of treasury shall provide the opportunity for a representative of the authority to discuss the denial within 21 days after the denial occurs and shall sustain or modify its decision within 30 days after receiving information from the authority. If the application for approval is approved or modified by the department of treasury, the local tax collecting treasurer shall retain and pay to the authority the amount described in subsection (5) as approved by the department. If the department of treasury denies the authority's application for approval, the local tax collecting treasurer shall not retain or pay to the authority the taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. An approval by the department does not prohibit a subsequent audit of taxes retained in accordance with the procedures currently authorized by law.

(4) Each year, the legislature shall appropriate and distribute an amount sufficient to pay each authority the following:

(a) If the amount to be retained and paid under subsection (3) is less than the amount calculated under subsection (5), the difference between those amounts.

(b) If the application for approval is denied by the department of treasury, an amount verified by the department equal to the amount calculated under subsection (5).

(5) Subject to subsection (6), the aggregate amount under this section shall be the sum of the amounts determined under subdivisions (a) and (b) minus the amount determined under subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received and retained for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if the personal property tax exemptions described in subsection (1) were not in effect, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported under subsection (2)(f) that had not previously increased a distribution.

(c) An excess amount required to be reported under subsection (2)(f) that had not previously decreased a distribution.

(6) A distribution or taxes retained under this section replacing tax increment revenues pledged by an authority or a municipality are subject to any lien of the pledge described in subsection (1), whether or not there has been physical delivery of the distribution.

(7) Obligations for which distributions are made under this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(8) Not later than September 15 of each year, the authority shall provide a copy of the application for approval approved by the department of treasury to the local tax collecting treasurer and provide the amount of the taxes retained and paid to the authority under subsection (5).

(9) Calculations of amounts retained and paid and appropriations to be distributed under this section shall be made on the basis of each development area of the authority.

(10) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

(11) It is the intent of the legislature that, to the extent that the total amount of taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are allowed to be retained under this section and section 15a of the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2665a, section 12b of the tax increment financing act, 1980 PA 450, MCL 125.1812b, and section 13c of 1975 PA 197, MCL 125.1663c, exceeds the difference of the total school aid fund revenue for the tax year minus the estimated amount of revenue the school aid fund would have received for the tax year had the tax exemptions described in subsection (1) and the earmark created by section 515 of the Michigan business tax act, 2007 PA 36, MCL 208.1515, not taken effect, the general fund shall reimburse the school aid fund the difference.

125.2162 Tax increment financing plan.

Sec. 12. (1) If the board determines that it is necessary for the achievement of the purposes of this act, the board shall prepare and submit a tax increment financing plan to the governing body. The plan shall be in compliance with section 13 and shall include a development plan as provided in section 15. The plan shall also contain the following:

(a) A statement of the reasons that the plan will result in the development of captured assessed value that could not otherwise be expected. The reasons may include, but are not limited to, activities of the

municipality, authority, or others undertaken before formulation or adoption of the plan in reasonable anticipation that the objectives of the plan would be achieved by some means.

(b) An estimate of the captured assessed value for each year of the plan. The plan may provide for the use of part or all of the captured assessed value or, subject to subsection (3), of the tax increment revenues attributable to the levy of any taxing jurisdiction, but the portion intended to be used shall be clearly stated in the plan. The board or the municipality creating the authority may exclude from captured assessed value a percentage of captured assessed value as specified in the plan or growth in property value resulting solely from inflation. If excluded, the plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(c) The estimated tax increment revenues for each year of the plan.

(d) A detailed explanation of the tax increment procedure.

(e) The maximum amount of note or bonded indebtedness to be incurred, if any.

(f) The amount of operating and planning expenditures of the authority and municipality, the amount of advances extended by or indebtedness incurred by the municipality, and the amount of advances by others to be repaid from tax increment revenues.

(g) The costs of the plan anticipated to be paid from tax increment revenues as received.

(h) The duration of the development plan and the tax increment plan.

(i) An estimate of the impact of tax increment financing on the revenues of all taxing jurisdictions in which the eligible property is or is anticipated to be located.

(j) A legal description of the eligible property to which the tax increment financing plan applies or shall apply upon qualification as eligible property.

(k) An estimate of the number of jobs to be created as a result of implementation of the tax increment financing plan.

(*l*) The proposed boundaries of a certified technology park to be created under an agreement proposed to be entered into pursuant to section 12a, or of a certified alternative energy park to be created under an agreement proposed to be entered into pursuant to section 12c, or of a next Michigan development area designated under section 12e, an identification of the real property within the certified technology park, the certified alternative energy park, or the next Michigan development area to be included in the tax increment financing plan for purposes of determining tax increment revenues, and whether personal property located in the certified technology park, the certified alternative energy park, or the next Michigan development area is exempt from determining tax increment revenues.

(2) Except as provided in subsection (7), a tax increment financing plan shall provide for the use of tax increment revenues for public facilities for eligible property whose captured assessed value produces the tax increment revenues or, to the extent the eligible property is located within a business development area or a next Michigan development area, for other eligible property located in the business development area or the next Michigan development area. Public facilities for eligible property include the development or improvement of access to and around, or within the eligible property, of road facilities reasonably required by traffic flow to be generated by the eligible property, and the development or improvement of public facilities that are necessary to service the eligible property, whether or not located on that eligible property. If the eligible property identified in the tax increment financing plan is property to which section 2(p)(*iv*) applies, the tax increment financing plan shall not provide for the use of tax increment revenues for public facilities other than those described in the development plan as of April 1, 1991. Whether or not provided in the tax increment financing plan, if the eligible property identified in the tax increment financing plan is property to which section 2(s)(*iv*) applies, then to the extent that captured tax increment revenues are utilized for the costs of cleanup of identified soil and groundwater contamination, the captured tax increment revenues shall be first credited against the shares of responsibility for the total costs of cleanup of uncollectible parties who are responsible for the identified soil and groundwater contamination pursuant to law, and then shall be credited on a pro rata basis against the shares of responsibility for the total costs of cleanup of other parties who are responsible for the identified soil and groundwater contamination pursuant to law.

(3) The percentage of taxes levied for school operating purposes that is captured and used by the tax increment financing plan and the tax increment financing plans under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, and the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, shall not be greater than the percentage capture and use of taxes levied by a municipality or county for operating purposes under the tax increment financing plan and tax increment financing plans under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, and the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county

or charter county purposes under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a.

(4) Except as otherwise provided by this subsection, approval of the tax increment financing plan shall be in accordance with the notice, hearing, disclosure, and approval provisions of sections 16 and 17. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together. For a plan submitted by an authority established by 2 or more municipalities under sections 3(2) and 4(7) or by an authority established by a next Michigan development corporation under sections 3(3) and 4(8), the notice required by section 16 may be published jointly by the municipalities in which the authority district is located or by the next Michigan development corporation. For a plan submitted by an authority exercising its powers under sections 3(2) and 4(7), the plan shall not be considered approved unless each governing body in which the authority district is located makes the determinations required by section 17 and approves the same plan, including the same modifications, if any, made to the plan by any other governing body. A plan submitted by an authority exercising its powers under sections 3(3) and 4(8) shall be approved if the governing body of the next Michigan development corporation makes the determinations required by section 17.

(5) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions levying taxes subject to capture to express their views and recommendations regarding the tax increment financing plan. The authority shall fully inform the taxing jurisdictions about the fiscal and economic implications of the proposed tax increment financing plan. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the authority district is located to share a portion of the captured assessed value of the district or to distribute tax increment revenues among taxing jurisdictions. Upon adoption of the plan, the collection and transmission of the amount of tax increment revenues, as specified in this act, shall be binding on all taxing units levying ad valorem property taxes or specific local taxes against property located in the authority district.

(6) Property qualified as a public facility under section 2(ff)(*ii*) that is acquired by an authority may be sold, conveyed, or otherwise disposed to any person, public or private, for fair market value or reasonable monetary consideration established by the authority with the concurrence of the Michigan economic development corporation and the municipality in which the eligible property is located based on a fair market value appraisal from a fee appraiser only if the property is sold for fair market value. Unless the property acquired by an authority was located within a certified business park, a certified technology park, a certified alternative energy park, or a next Michigan development area at the time of disposition, an authority shall remit all monetary proceeds received from the sale or disposition of property that qualified as a public facility under section 2(ff)(*ii*) and was purchased with tax increment revenues to the taxing jurisdictions. Proceeds distributed to taxing jurisdictions shall be remitted in proportion to the amount of tax increment revenues attributable to each taxing jurisdiction in the year the property was acquired. If the property was acquired in part with funds other than tax increment revenues, only that portion of the monetary proceeds received upon disposition that represent the proportion of the cost of acquisition paid with tax increment revenues is required to be remitted to taxing jurisdictions. If the property is located within a certified business park, a certified technology park, or a certified alternative energy park, or a next Michigan development area at the time of disposition, the monetary proceeds received from the sale or disposition of that property may be retained by the authority for any purpose necessary to further the development program for the certified business park, certified technology park, certified alternative energy park, or next Michigan development area in accordance with the tax increment financing plan.

(7) The tax increment financing plan may provide for the use of tax increment revenues from a certified technology park for public facilities for any eligible property located in the certified technology park. The tax increment financing plan may provide for the use of tax increment revenues from a certified alternative energy park for public facilities for any eligible property located in the certified alternative energy park. The tax increment financing plan may provide for the use of tax increment revenues within or without the development area from which the tax increment revenues are derived, provided that the tax increment revenues shall be used for public facilities within a next Michigan development area within the municipality whose levy has contributed to the tax increment revenues except as otherwise provided in the interlocal agreement creating the next Michigan development corporation that established the authority.

(8) If title to property qualified as a public facility under section 2(ff)(*ii*) and acquired by an authority with tax increment revenues is sold, conveyed, or otherwise disposed of pursuant to subsection (6) for less than fair market value, the authority shall enter into an agreement relating to the use of the property with the person to whom the property is sold, conveyed, or disposed of, which agreement shall include a penalty provision addressing repayment to the authority if any interest in the property is sold, conveyed, or otherwise disposed

of by the person within 12 years after the person received title to the property from the authority. This subsection shall not require enforcement of a penalty provision for a conveyance incident to a merger, acquisition, reorganization, sale-lease back transaction, employee stock ownership plan, or other change in corporate or business form or structure.

(9) The penalty provision described in subsection (8) shall not be less than an amount equal to the difference between the fair market value of the property when originally sold, conveyed, or otherwise disposed of and the actual consideration paid by the person to whom the property was originally sold, conveyed, or otherwise disposed of.

(3) An authority and a municipality that incorporated the authority may enter into an agreement with the Michigan economic development corporation establishing the terms and conditions governing the certified technology park. Upon designation of the certified technology park pursuant to the terms of the agreement, the subsequent failure of any party to comply with the terms of the agreement shall not result in the termination or rescission of the designation of the area as a certified technology park. The agreement shall include, but is not limited to, the following provisions:

(a) A description of the area to be included within the certified technology park.

(b) Covenants and restrictions, if any, upon all or a portion of the properties contained within the certified technology park and terms of enforcement of any covenants or restrictions.

(f) The public facilities to be developed for the certified technology park.

(g) The costs approved for public facilities under section 2(dd).

(5) If public facilities developed pursuant to an agreement entered into under this section are conveyed or leased at less than fair market value or at below market rates, the terms of the conveyance or lease shall include legal and equitable remedies and rights to assure the public facilities are used as eligible property. Legal and equitable remedies and rights may include penalties and actual or liquidated damages.

However, the Michigan economic development corporation may enter into an agreement with a municipality after December 31, 2002 and on or before December 31, 2005 if that municipality has adopted a resolution of interest to create a certified technology park before December 31, 2002.

(7) The Michigan economic development corporation shall market the certified technology parks and the certified business parks. The Michigan economic development corporation and an authority may contract with each other or any third party for these marketing services.

(8) Except as otherwise provided in subsections (9), (10), and (11), the Michigan economic development corporation shall not designate more than 10 certified technology parks. For purposes of this subsection only, 2 certified technology parks located in a county that contains a city with a population of more than 750,000, shall be counted as 1 certified technology park. Not more than 7 of the certified technology parks designated under this section may not include a firm commitment from at least 1 business engaged in a high technology activity creating a significant number of jobs.

(9) The Michigan economic development corporation may designate an additional 5 certified technology parks after November 1, 2002 and before December 31, 2007. (11) The Michigan economic development corporation may designate an additional 3 certified technology

(12) The Michigan economic development corporation shall give priority to applications that include new business activity.

(13) For an authority established by 2 or more municipalities under sections 3(2) and 4(7), each municipality in which the authority district is located by a majority vote of the members of its governing body may make a limited tax pledge to support the authority's tax increment bonds issued under section 14 or, if authorized by the voters of the municipality, may pledge its full faith and credit for the payment of the principal of and interest on the bonds. The municipalities that have made a pledge to support the authority's tax increment bonds may approve by resolution an agreement among themselves establishing obligations each may have to the other party or parties to the agreement for reimbursement of all or any portion of a payment made by a municipality related to its pledge to support the authority's tax increment bonds.

(14) Not including certified technology parks designated under subsection (8), but for certified technology parks designated under subsections (9), (10), and (11) only, this state shall do all of the following:

The agreement shall include, but is not limited to, the following provisions:

The excess tax increment revenues not so used shall revert proportionately to the respective taxing jurisdictions. The bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The authority may pledge for debt service requirements the tax increment revenues to be received from an eligible property. The bonds issued under this section shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) The municipality by majority vote of the members of its governing body may make a limited tax pledge to support the authority's tax increment bonds or, if authorized by the voters of the municipality, pledge its full faith and credit for the payment of the principal of and interest on the authority's tax increment bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 10.

(3) Bonds and notes issued by the authority and the interest on and income from those bonds and notes are exempt from taxation by the state or a political subdivision of this state.

(4) Notwithstanding any other provision of this act, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 11a by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.

(1) Except as provided in subsection (7), a local government that proposes a standard related to mobile home parks or seasonal mobile home parks, or related to mobile homes located within a mobile home park or a seasonal mobile home park, that is higher than the standard provided in this act or the code, or that proposes a standard related to the business, sales, and service practices of mobile home dealers, or the business of mobile home installers and repairers, that is higher than the standard provided in this act or the code, shall file the proposed standard with the commission. Except as provided in subsection (7), the commission may promulgate rules to establish the criteria and procedure for implementation of higher standards by a local government. The commission shall review and approve the proposed standard unless the standard is unreasonable, arbitrary, or not in the public interest. If the commission does not approve or disapprove the proposed standard within 60 days after it is filed with the commission, the standard shall be considered approved unless the local government grants the commission additional time to consider the standard. After the proposed standard is approved, the local government may adopt the standard by ordinance. The ordinance shall relate to a specific section of the code.

(2) A local government standard related to mobile homes not located within a mobile home park or seasonal mobile home park need not be filed with the mobile home commission, unless the standard relates to the business, sales, and service practices of mobile home dealers, or the business of mobile home installers and repairers.

(3) A local government ordinance shall not be designed as exclusionary to mobile homes generally whether the mobile homes are located inside or outside of mobile home parks or seasonal mobile home parks.

(6) A local government ordinance shall not contain roof configuration standards or special use zoning requirements that apply only to, or excludes, mobile homes. A local government ordinance shall not contain a manufacturing or construction standard that is incompatible with, or is more stringent than, a standard promulgated by the federal department of housing and urban development pursuant to the national manufactured housing construction and safety standards act of 1974, 42 USC 5401 to 5426. A local government ordinance may include reasonable standards relating to mobile homes located outside of mobile home parks or seasonal mobile home parks which ensure that mobile homes compare aesthetically to site-built housing located or allowed in the same residential zone.

(7) Notwithstanding anything in section 17 that may be to the contrary, a local government may adopt an ordinance to inspect mobile homes for safety within a mobile home park, a seasonal mobile home park, or mobile homes located outside a mobile home park or a seasonal mobile home park if the mobile home being inspected is being rented to a tenant by the owner of the mobile home. The local government may propose a means to determine which mobile homes located within its jurisdiction are being rented to tenants by the owner, including, but not limited to, imposition of a registration or a licensing requirement for renting mobile

homes to tenants. A local government may inspect mobile homes rented to tenants by the owner for safety if the safety inspection ordinance applies to all other rental housing within the local governmental unit. If a local government inspects mobile homes rented to tenants by the owner for safety, the period between inspections shall not be less than 3 years unless the local government is responding to a complaint from a tenant. An inspection shall not be conducted on a mobile home for which an occupancy permit has been issued by the local government in the preceding 3 years unless the local government is responding to a complaint from a tenant. Inspections for safety shall not require enforcement of any mobile home construction standards that are greater than those applicable to the mobile home under the national manufactured housing construction and safety standards act of 1974, 42 USC 5401 to 5426, or standards or codes to which the mobile home was constructed if it was constructed before application of the national manufactured housing construction and safety standards act of 1974, 42 USC 5401 to 5426. However, the adjusted fees shall not exceed the fees stated in sections 16, 21, 30a, and 30c.

(6) To accomplish the objectives of this act, a mobile home code fund is created. Fees established by the act for the issuance of licenses, plans approval, permits, certificates of title, and affidavits of affixture are intended to bear a reasonable relation to the cost, including overhead, of the service. The state treasurer is the custodian of the fund and may invest the surplus of the fund in investments that in the state treasurer's judgment are in the best interest of the fund. Earnings from those investments shall be credited to the fund. (a) The age or size of a mobile home shall not be used as the sole basis for refusing to allow an on-site, in-park sale or for refusing to allow the mobile home to remain on-site. The burden of going forward in a suit against the mobile home park owner or operator for violation of this subdivision is on the resident.

(4) If, after termination of a resident's tenancy for just cause as provided in chapter 57a of the revised judicature act of 1961, Act No. 236 of the Public Acts of 1961, being sections 600.5771 to 600.5785 of the Michigan Compiled Laws, the resident of a mobile home park sells his or her mobile home to the owner or operator of the mobile home park, or to any entity in which the owner or operator has any interest, the resident shall have the right to have the mobile home's value appraised and, if so appraised, the sale price of the mobile home shall not be less than the appraised value.

(5) Except as provided in subsection (1)(a), a mobile home park owner or operator, or both, has the burden of going forward to show compliance with subsection (1).

A rule prohibiting children, or additional children, shall not be enforced against persons who were residents of the mobile home park at the time the rule was adopted until after 1 year's notice to those persons.

Sec. 30a. (1) An owner of a mobile home which is subject to the certificate of title provisions of this act shall make application to the department for the issuance of a certificate of title for the mobile home upon the appropriate form furnished by the department, accompanied by a fee of $90.00 or any lesser amount established pursuant to section 9(5). The application shall bear the signature of the owner written in ink, shall be acknowledged by the owner before a person authorized to take acknowledgments, and shall contain:

(a) The name and address of the owner.

(b) A description of the mobile home, including the name of the manufacturer, the year and model, and the manufacturer's serial number or, in the absence of a serial number, a number assigned by the department. (c) A statement of the names and addresses of the holders of any security interests in the mobile home, in the order of their priority.

(d) Further information as may reasonably be required by the department to enable it to determine whether the owner of the mobile home is entitled to a certificate of title for the mobile home.

(2) If the department is not satisfied as to the ownership of the mobile home, before issuing a certificate of title for it, the department may require the applicant to file a properly executed surety bond in a form prescribed by the department, executed by the applicant and a company authorized to conduct a surety business in this state. The bond shall be in an amount equal to twice the value of the mobile home as determined by the department and shall be conditioned to indemnify or reimburse the department, any prior owner, any holder of a security interest in the mobile home, and any subsequent purchaser of the mobile home, and their successors in interest, against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of a certificate of title to the mobile home or on account of any defect in the right, title, or interest of the applicant in and to the mobile home. Each interested person has a right of action to recover on the bond for a breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of 5 years, or before 5 years if the currently valid certificate of title is surrendered to the department, unless the department has received notification of the pendency of an action to recover on the bond.

(3) The department shall examine and determine the genuineness, regularity, and legality of an application for a certificate of title for a mobile home and of any other application lawfully made to the department, and may in all cases make investigation or require additional information as may be considered necessary, and shall reject any application if not satisfied of the genuineness, regularity, or legality of it or the truth of any statement contained in it, or for any other reason, when authorized by law.

The certificate shall bear the seal of the department.

(1) If the owner of a mobile home transfers or assigns the owner's title or interest to the mobile home, the owner shall indorse an assignment of the mobile home with warranty of title with a statement of all security interests in the mobile home, and shall cause the certificate to be mailed or delivered to the department or to the purchaser or transferee at the time of the delivery to the purchaser or transferee of the mobile home.

(2) Upon the delivery of a mobile home and the transfer, sale, or assignment of the title or interest in a mobile home, the effective date of the transfer of title or interest shall be the date of execution of either the application for title or the certificate of title.

(3) The purchaser or transferee, unless the purchaser or transferee is a licensed dealer, shall cause to be presented to the department the certificate of title accompanied by the applicable fee, as follows:

(a) Except as provided in subdivision (b) or (c), $90.00.

(b) Except as provided in subdivision (c), $15.00, if the sale, assignment, or other transfer will require the addition or deletion from the certificate of title of any of the following:

(*i*) The owner's spouse.

(*ii*) A person related to the owner within the fourth degree of consanguinity as computed by the civil law method.

(*iii*) A person related to the owner's spouse within the fourth degree of consanguinity as computed by the civil law method.

(c) Any other lesser amount established pursuant to section 9(5).

(4) Upon presentation of the certificate of title accompanied by the applicable fee, a new certificate of title shall be issued. (5) If a security interest is reserved or created at the time of the transfer, the parties shall comply with section 30d.

(6) If the transferee of a mobile home is a mobile home dealer who holds the mobile home for resale, the dealer shall not be required to forward the certificate of title to the department, but the dealer shall retain possession of the assigned certificate of title. Upon transfer of the dealer's title or interest to another person, the dealer shall execute and acknowledge an assignment and warranty of title upon the certificate of title and deliver it to the person to whom the transfer is made if the person is a licensed dealer; otherwise application for a new title shall be made by the transferor as provided in section 30a(1).

125.2330d Creation of security interest in mobile home; assignment of security interest; assignee named as holder of security interest; perfection of security interest; termination statement; issuance of new certificate.

Sec. 30d. (1) All of the following apply if an owner named in a certificate of title creates a security interest in the mobile home described in the certificate:

(a) The owner shall immediately execute an application in the form prescribed by the department showing the name and address of the holder of the security interest and deliver the certificate of title, the application, and a copy of the application which need not be signed, to the holder of the security interest.

(b) The holder of the security interest shall cause the certificate of title, the application, the required fee, and the copy of the application to be mailed or delivered to the department.

(c) The department shall indicate on the copy of the application the date and place of filing of the application and return the copy to the person presenting it.

(d) Upon receipt of the certificate of title, application, and the required fee, the department shall issue a new certificate in the form provided in section 30b, setting forth the name and address of each holder of a security interest in the mobile home for which a termination statement has not been filed and the date on which the application first stating the security interest was filed, and mail the certificate to the owner.

(2) A holder of a security interest may assign, absolutely or otherwise, the security interest to a person other than the owner without affecting the interest of the owner or the validity of the security interest, but a person without notice of the assignment is protected in dealing with the holder of the security interest as the holder of the security interest. The assignee may have its interest as the holder of the security interest shown on the certificate of title by providing the department with a copy of the assignment instrument but the failure of the assignee to do so does not affect the validity of the security interest or the assignment of the security interest.

(3) Receipt by the department of a properly tendered application for a certificate of title on which a security interest in a mobile home is to be indicated, whether the application is tendered under this act, is a condition of perfection of a security interest in the mobile home and is equivalent to filing a financing statement under the uniform commercial code, 1962 PA 174, MCL 440.1101 to 440.11102, with respect to the mobile home. When a security interest in a mobile home is perfected, it has priority over the rights of a lien creditor, as defined in section 9102 of the uniform commercial code, 1962 PA 174, MCL 440.9102.

(4) If there is not an outstanding obligation or commitment to make advances, incur obligations, or otherwise give value, secured or to be secured by a security interest in a mobile home, the secured party shall, within 30 days after satisfaction of the obligation, execute a termination statement in the form prescribed by the department and mail or deliver the termination statement to the owner or other person as the owner may direct. An owner who is not a dealer holding the mobile home for resale shall promptly cause the certificate, all termination statements, and an application for certificate of title to be mailed or delivered to the department. The department shall issue a new certificate.

125.2330e Termination of owner's interest by enforcement of security agreement; duty of transferee; duty of holder of security interest; mailing or delivering certificate; application for new certificate; affidavit; issuance of new certificate; demand for outstanding certificate.

Sec. 30e. (1) If the interest of the owner in a mobile home is terminated by the enforcement of a security agreement, the transferee of the owner's interest shall promptly mail or deliver to the department the last certificate of title, if the transferee has possession of it, an application for a new certificate in the form prescribed by the department, and an affidavit made by or on behalf of the holder of the security interest so enforced that the mobile home was repossessed, that the interest of the owner was lawfully terminated by enforcement of the security agreement, and whether the holder has delivered the last certificate of title to the transferee of the owner's interest, naming the transferee, or if not, the reason delivery was not made and the then location of the certificate of title so far as known to the holder. If the holder of the security interest succeeds to the interest of the owner and holds the mobile home for resale, the holder shall not be required to secure a new certificate of title but, upon transfer to another person, shall promptly mail or deliver to the transferee or to the department the certificate, if in the holder's possession, the affidavit, and other documents required to be sent to the department by the transferee.

(2) If the interest of the owner in a mobile home is terminated by sale pursuant to a levy of execution, attachment, or other process of a court, the transferee of the owner's interest shall promptly mail or deliver to the department the last certificate of title, if the transferee has possession of it, an application for a new certificate of title in the form prescribed by the department and an affidavit, upon a form prescribed by the department, made by the officer of the court who conducted the sale, setting forth the date of the sale, and the name of the purchaser and whether the officer has delivered the certificate of title to the purchaser and if not, the reason delivery was not made and the then location of the certificate of title so far as known to the officer.

(3) A person holding a certificate of title where the interest of the owner named in the certificate has been terminated in the manner provided by subsection (1) or (2) shall mail or deliver the certificate to the department upon its request. The delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate, and the action of the department in issuing a new certificate of title is not conclusive upon any rights of an owner or holder of a security interest named in the old certificate.

(4) The department, upon receipt of an application for a new certificate of title by a transferee in the manner provided by subsection (1) or (2), with proof of the transfer, the required fee, and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner, setting forth all security interests noted on the last certificate of title as having priority over the security agreement so enforced and shall mail or deliver the new certificate to the owner. If the outstanding certificate of title is not delivered, the department shall make demand for the outstanding certificate of title from the holder.

(a) If the department is satisfied that the certificate of title was fraudulently or erroneously issued.

(b) If the department determines that the holder of the certificate has made or is making an unlawful use of the certificate.

(c) If the department determines that the required fee has not been paid and the fee is not paid upon reasonable notice or demand.

(d) If the department is authorized under any other provision of this act.

(e) Upon receipt of notification from another state or foreign country that a certificate of title issued by the department has been surrendered by the owner in conformity with the laws of the other state or foreign country.

(f) If it is shown by satisfactory evidence that delivery of a mobile home in the possession of a dealer was not made to the applicant to whom the certificate was issued.

(2) Before a cancellation under subsection (1)(a), (b), or (d) is made, the person affected shall be given notice and an opportunity to be heard.

125.2469 Authority board; plans and estimate for improvement; filing; availability for public examination; resolution of intent to make improvement; designating special assessment district; notice; hearing; supplemental petition; actual incremental cost increase exceeding estimated incremental cost increase by 10%; notice; hearing; service of notice of proceedings.

Sec. 19. (1) Upon receipt of a petition supporting an improvement or upon determination of the authority board if a petition is not required under section 18, the authority board, if it desires to proceed with an improvement, shall cause to be prepared plans describing the improvement and the location of the improvement with an estimate of the cost of the improvement on a fixed or periodic basis, as appropriate. Upon receipt of the plans and estimate for an improvement, the authority board shall file a copy of the plans and estimate with the township clerk of each township where the authority district is located. Each such township clerk and the authority board shall keep the plans and estimates on file and available for public examination in their respective offices.

(2) If, after the receipt of the plans and estimate, the authority board desires to proceed with the improvement, the authority board by resolution shall tentatively declare its intention to make the improvement and tentatively designate the special assessment district against which the cost of the improvement is to be assessed. For each improvement carried out by the authority board, there may be a separate procedure under the special assessment provisions of this act, resulting in separate special assessment districts. Special assessment districts that are separate may be coterminous.

(3) The authority board shall fix a time and place to meet and hear any objections to the petition supporting the improvement, if such a petition was required, to the improvement, and to the special assessment district. The authority board shall cause notice of the hearing to be given as provided in section 20. The notice shall set forth all of the following:

(a) That the plans and estimates are on file in the offices of the township clerk of each township where the

authority district is located and of the authority board for public examination. The notice shall set forth the address and hours of those offices.

(b) A description of the special assessment district.

(c) If periodic redeterminations of cost will be necessary without a change in the special assessment district, that those redeterminations may be made without further notice to record owners or parties in interest in the property.

(4) At the hearing or any adjournment of the hearing, which may be without further notice, the authority board shall hear any objections to the petition supporting the improvement, if such a petition was required, to the improvement, and to the special assessment district. The authority board may then revise the plans, estimate of cost, or special assessment district.

(5) Property shall not be added to the special assessment district unless notice is given as provided in section 20 to the record owners of the property in the entire special assessment district, and a hearing is afforded to the record owners. If a petition supporting the improvement is required because property is added to the special assessment district that makes the original petition supporting the improvement insufficient, then a supplemental petition shall be filed containing sufficient additional signatures of record owners.

(6) If, due to the nature of the improvement to be made, a periodic redetermination of costs will be necessary without a change in the special assessment district boundaries, the authority board shall include in its estimate of costs any projected incremental increases. If at any time during the term of the special assessment district an actual incremental cost increase exceeds the estimated incremental cost increase by 10% or more, notice shall be given as provided in section 20 and a hearing afforded to the record owners of property to be assessed.

(7) Railroad companies shall file in writing with the secretary of state the name and post office address of the person upon whom may be served notice of any proceedings under this act. After the name and address has been filed, notice in addition to the notice by publication shall be given to the person by registered mail, or personally, not more than 5 days after the first publication of the notice. An affidavit of the service shall be filed by the authority board with the proof of publication of the notice.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2470 Notice of hearings in special assessment proceedings; effect of failure to give notice.

Sec. 20. (1) If an authority specially assesses property, notice of hearings in the special assessment proceedings shall be given as provided in this section.

(2) Notice of hearings in special assessment proceedings shall be given to the township clerk of each township where the authority district is located by first-class mail, not less than 10 days before the date of the hearing. Notice of hearings in special assessment proceedings shall also be given to each record owner of, or party in interest in, property to be assessed whose name appears upon the last township tax assessment records by first-class mail addressed to the record owner or party in interest at the address shown on the tax records, not less than 10 days before the date of the hearing. The last township tax assessment records means the last assessment roll for ad valorem tax purposes that was reviewed by the township board of review, as supplemented by any subsequent changes in the names or the addresses of the record owners or parties in interest listed on that roll. If a record owner's name does not appear on the township tax assessment records, notice shall be given by first-class mail addressed to the record owner at the address shown by the records of the county register of deeds not less than 10 days before the date of the hearing. Notice shall also be published twice before the hearing in a newspaper circulating in the township. The first publication shall be not less than 10 days before the date of the hearing.

(3) If a person claims an interest in real property and his or her name and correct address do not appear upon the last township tax assessment records, that person shall file immediately his or her name and address with the township supervisor of the township where the property is located. This filing is effective only for the purpose of establishing a record of the names and addresses of those persons entitled to notice of hearings in the special assessment proceedings. The supervisor shall immediately enter on the tax assessment records any changes in the names and addresses of record owners or parties in interest filed with the supervisor and at all times shall keep the tax assessment records current, complete, and available for public inspection.

(4) An authority officer whose duty is to give notice of hearings in special assessment proceedings may rely upon the last township tax assessment records and any filings under subsection (3) in giving notice of the hearing by mail. The method of giving notice by mail as provided in this section is the method that is reasonably certain to inform those to be assessed of the special assessment proceedings.

(5) Failure to give notice as required in this section does not invalidate an entire assessment roll but only the assessment on property affected by the lack of notice. A special assessment is not invalid as to any

property if the record owner or the party in interest of that property actually received notice, waived notice, or paid any part of the assessment. If an assessment is declared void by court judgment, a reassessment against the property may be made.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2471 Authority board; proceeding with improvement; approval or determination; special assessment roll; limitations on total amount assessed.

Sec. 21. (1) If, after the hearing provided for in section 19, the authority board desires to proceed with an improvement, the authority board shall approve or determine by resolution all of the following:

(a) The carrying out of the improvement.

(b) The plans and estimate of cost as originally presented or as revised.

(c) The sufficiency of the petition supporting the improvement, if such a petition was required. After this determination, the sufficiency of the petition is not subject to attack except in an action brought in a court of competent jurisdiction not more than 30 days after the adoption of the resolution determining the sufficiency.

(d) The boundaries of the special assessment district and the term of the special assessment district's existence.

(e) If the nature of an improvement is such that a periodic redetermination of cost will be necessary without a change in the special assessment district boundaries, the dates upon which the redeterminations shall be made. A redetermination of cost is subject to subsection (3).

(2) After satisfying the requirements of subsection (1), the authority board shall prepare a special assessment roll in which are entered and described all the parcels of land to be assessed in that township, with the names of the respective record owners of each parcel, if known, and, subject to subsection (3), the total amount to be assessed against each parcel of land.

(3) The total amount assessed against a parcel of land for an improvement shall not exceed the benefit to that parcel of land from the improvement and shall be the relative portion of the whole sum to be levied against all parcels of land in the special assessment district as the benefit to the parcel of land bears to the total benefit to all parcels of land in the special assessment district, pursuant to the direction of the authority board.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2472 Special assessment roll; filing; notice; hearing; objections; confirmation or annulment; endorsement; notice of special assessment; contents; filing petition to contest assessment with state tax tribunal; full disclosure of information.

Sec. 22. (1) After a special assessment roll is prepared by the authority board, the assessment roll shall be filed in the office of the authority board and the office of the township clerk of each township where the authority district is located. Before confirming the assessment roll, the authority board shall appoint a time and place when it will meet, review, and hear any objections to the assessment roll. The authority board shall give notice of the hearing and the filing of the assessment roll as required by section 20.

(2) A hearing under this section may be adjourned from time to time without further notice. A person objecting to the assessment roll of the authority shall file the objection in writing with the secretary of the authority before the close of the hearing or within such further time as the authority board may grant. After the hearing, the authority board, at the same or at a subsequent meeting, may confirm the special assessment roll as prepared by the authority board or as revised by the authority board or may annul the special assessment roll and provide for the preparation of a new roll.

(3) If a special assessment roll is confirmed, the secretary of the authority shall endorse on the assessment roll the date of the confirmation. Not more than 20 days after confirmation of the special assessment roll, the secretary of the authority shall send notice of the special assessment by first-class mail to each record owner of, or party of interest in, property to be assessed. If the nature of an improvement is such that a periodic redetermination of cost will be necessary without a change in the special assessment district boundaries, the notice shall state those changes may be made without further notice to record owners or parties in interest in the property. After the confirmation of the special assessment roll, all assessments on that assessment roll are final and conclusive unless a petition contesting an assessment is filed with the state tax tribunal pursuant to the tax tribunal act, Act No. 186 of the Public Acts of 1973, being sections 205.701 to 205.779 of the Michigan Compiled Laws.

(4) The authority shall take affirmative steps to provide for the full disclosure of information relating to the financing of improvements and to special assessments relating to real property within the authority district. The disclosure shall state that the amount assessed may not exceed the value of the benefits received from an improvement. The information shall be made available to all prospective residents of the authority district.

125.2473 Special assessment; payment; installments; amount; due date; interest; future due installments; delinquent payments; penalty.

Sec. 23. (1) The authority board may provide that special assessments are payable in 1 or more installments, but the amount of an installment shall not be less than 1/2 of any subsequent installment. The amount of each installment, if there is more than 1 installment, need not be extended upon the special assessment roll until after confirmation of that assessment roll. Except as otherwise provided in section 19(5) or (6), the amount of installments for improvements subject to periodic cost revision may be extended upon the special assessment roll by the authority board without additional public hearings or public notice.

(2) The first installment of a special assessment shall be due on or before the time after confirmation as fixed by the authority board. Subsequent installments are due at intervals of 12 months from the due date of the first installment or from a date fixed by the authority board.

(3) All unpaid installments, before their transfer to the tax roll as provided by this act, bear interest. The interest shall commence on a date fixed by the authority board, be payable annually on each installment due date, and be at a rate to be set by the authority board, not exceeding 1 of the following:

(a) One percent above the average rate of interest borne by special assessment bonds issued by the authority in anticipation of all or part of the unpaid installments.

(b) If the unpaid installments are to be applied to the payment of a contract obligation of an authority established pursuant to this act, to an authority established pursuant to any other law of this state, or to a county or are to be applied to the payment of an assessment obligation of an authority established pursuant to this act to a drainage district, 1 of the following:

(*i*) One percent above the average rate of interest borne by bonds issued by the authority established pursuant to any other law of this state, the county, or the drainage district.

(*ii*) If bonds are not issued by the authority established pursuant to any other law of this state, the county, or the drainage district, 8% annually.

(4) Future due installments of an assessment against any parcel of land may be paid to the township treasurer at any time in full, with interest accrued through the month in which the final installment is paid.

(5) If an installment of a special assessment is not paid when due, then the installment shall be considered to be delinquent and there shall be collected, in addition to interest as provided by this section, a penalty at the rate of not more than 1% for each month, or fraction of a month, that the installment remains unpaid before being reported to the authority board for reassessment upon the township tax roll pursuant to section 25.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2474 Special assessment as lien.

Sec. 24. From the date of confirmation of the roll, special assessments contained in a special assessment roll, including any part of a special assessment deferred as to payment, are a lien upon the respective parcels of land assessed. The lien shall be of the same character and effect as the lien created for township taxes and shall include accrued interest and penalties. A judgment or any act of the authority board vacating a special assessment does not destroy or impair the lien of the authority upon the premises assessed for the amount of the assessment as may be equitably charged against the premises, or as by a regular mode of proceeding might be lawfully assessed on the premises.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2475 Special assessment; collection; warrant; entering on tax roll.

Sec. 25. When a special assessment roll is confirmed, the authority board shall direct the assessments made on the roll to be collected. The secretary of the authority shall then deliver to the township treasurer the special assessment roll, to which he or she shall attach his or her warrant commanding the township treasurer to collect the assessments in accordance with the directions of the authority board. The warrant shall further require the township treasurer on the September 1 following the date when the assessments or any part of the assessments have become due to submit to the authority board a sworn statement setting forth the names of the persons delinquent, if known, a description of the parcels of land upon which there are delinquent assessments, and the amount of the delinquency, including accrued interest and penalties computed to September 1 of that year. Upon receiving the special assessment roll and warrant, the township treasurer shall enter the special assessments directly in a separate column on the next tax roll. The township treasurer shall proceed to collect the several amounts assessed on the roll as those amounts become due.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

township tax roll.

Sec. 26. If, pursuant to section 25, the township treasurer reports as delinquent any assessment or part of an assessment, the authority board shall certify the delinquent sum to the supervisor of the township where the parcel is located. The supervisor shall reassess on the annual township tax roll for the year in a column headed "special assessments" the delinquent sum, with interest and penalties to September 1 of that year, and an additional penalty of 6% of the total amount. The statutes relating to township taxes are applicable to the reassessments.

If a parcel of land is divided after a special assessment on the land is confirmed, and before the special assessment is collected, the authority board may apportion the uncollected amounts between the several divisions of the parcel. Upon confirmation by the authority board, the apportionment is conclusive upon all parties. However, if the interested parties do not agree in writing to the apportionment, then before the confirmation, notice of hearing shall be given to the interested parties, by personal service as provided in section 20 for an original assessment roll.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2479 Special assessment; insufficient or surplus amount collected.

Sec. 29. (1) If the assessments in a special assessment roll are insufficient for any reason, including the noncollection of the assessments, to pay for the improvement for which they were made or to pay the principal and interest on the bonds issued in anticipation of the collection of the special assessments, then the authority board shall make additional pro rata assessments to supply the deficiency, but the total amount assessed against any parcel of land shall not exceed the value of the benefits received from the improvement.

(2) If the total amount collected on assessments is larger than necessary by more than 5% of the original roll, the surplus shall be prorated among the properties assessed in accordance with the amount assessed against each and refunded to the persons who are the respective record owners of the properties on the date of the passage of the resolution ordering the refund. A surplus of 5% or less may be retained by the authority and used for authority purposes or may be prorated and refunded as provided in this section.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2480 Invalid special assessment; effect; proceeding for reassessment and collection.

Sec. 30. If, in the opinion of the authority board, a special assessment is invalid by reason of irregularities or informalities in the proceedings, or if any court or other tribunal of competent jurisdiction adjudges the assessment to be illegal, the authority board, whether the improvement has been made or not and whether any part of the assessment has been paid or not, may proceed from the last step at which the proceedings were legal and cause a new assessment to be made for the same purpose for which the former assessment was made. Proceedings on the reassessment and for the collection of the reassessment shall be conducted in the same manner as provided for the original assessment. If an assessment or any part of the assessment levied upon any premises is so set aside and has been paid and not refunded, the payment so made shall be applied upon the reassessment.

History: 1992, Act 173, Imd. Eff. July 21, 1992.

125.2482 Authority board; bonds and notes; issuance; amount.

Sec. 32. (1) After the special assessment roll for an improvement is confirmed, the authority board may borrow money and issue the bonds and notes of the authority in anticipation of the collection of special

125.2663 Brownfield plan; provisions.

Sec. 13. (1) Subject to section 15, the board may implement a brownfield plan. The brownfield plan may apply to 1 or more parcels of eligible property whether or not those parcels of eligible property are contiguous and may be amended to apply to additional parcels of eligible property. Except as otherwise authorized by this act, if more than 1 eligible property is included within the plan, the tax increment revenues under the plan shall be determined individually for each eligible property. Each plan or an amendment to a plan shall be approved by the governing body of the municipality and shall contain all of the following:

(a) A description of the costs of the plan intended to be paid for with the tax increment revenues or, for a plan for eligible properties qualified on the basis that the property is owned or under the control of a land bank fast track authority, a listing of all eligible activities that may be conducted for 1 or more of the eligible properties subject to the plan.

(b) A brief summary of the eligible activities that are proposed for each eligible property or, for a plan for eligible properties qualified on the basis that the property is owned or under the control of a land bank fast track authority, a brief summary of eligible activities conducted for 1 or more of the eligible properties subject to the plan.

(c) An estimate of the captured taxable value and tax increment revenues for each year of the plan from the eligible property. The plan may provide for the use of part or all of the captured taxable value, including deposits in the local site remediation revolving fund, but the portion intended to be used shall be clearly stated in the plan. The plan shall not provide either for an exclusion from captured taxable value of a portion of the captured taxable value or for an exclusion of the tax levy of 1 or more taxing jurisdictions unless the tax levy is excluded from tax increment revenues in section 2(dd), or unless the tax levy is excluded from capture

under section 15.

(d) The method by which the costs of the plan will be financed, including a description of any advances made or anticipated to be made for the costs of the plan from the municipality.

(e) The maximum amount of note or bonded indebtedness to be incurred, if any.

(f) The duration of the brownfield plan for eligible activities on a particular eligible property which shall not exceed 30 years following the beginning date of the capture of tax increment revenues for that particular eligible property. Each plan amendment shall also contain the duration of capture of tax increment revenues including the beginning date of the capture of tax increment revenues, which beginning date shall be identified in the brownfield plan and which beginning date shall not be later than 5 years following the date of the resolution approving the plan amendment related to a particular eligible property and which duration shall not exceed the lesser of the period authorized under subsections (4) and (5) or 30 years from the beginning date of the capture of tax increment revenues. The date for the beginning of capture of tax increment revenues from a particular eligible property may be amended by the authority but not to a date later than 5 years after the date of the resolution adopting the plan for that eligible property. If a project fails to occur for which eligible activities on a particular eligible property were identified in a plan, the date for the beginning of capture of tax increment revenues from that eligible property may be amended by the authority for eligible activities associated with a new project but not to a date later than 5 years after the date of the resolution amending the plan for that new project. The authority may not amend the date for the beginning of capture of tax increment revenues for a particular eligible property if the authority has begun to reimburse eligible activities from the capture of tax increment revenues from that eligible property. Any tax increment revenues captured from an eligible property before the beginning date of capture of tax increment revenues for that eligible property shall revert proportionately to the respective tax bodies. The authority may not amend the date for the beginning of capture if that amendment would lead to the duration of capture of tax increment revenues being longer than 30 years or the period authorized under subsections (4) and (5). If the date for the beginning of capture of tax increment revenues is amended by the authority and that plan includes the capture of tax increment revenues for school operating purposes, then the authority that amended that plan shall notify the department and the Michigan economic growth authority within 30 days of the approval of the amendment.

(g) An estimate of the impact of tax increment financing on the revenues of all taxing jurisdictions in which the eligible property is located.

(h) A legal description of the eligible property to which the plan applies, a map showing the location and dimensions of each eligible property, a statement of the characteristics that qualify the property as eligible property, and a statement of whether personal property is included as part of the eligible property. If the project is on property that is functionally obsolete, the taxpayer shall include, with the application, an affidavit signed by a level 3 or level 4 assessor, that states that it is the assessor's expert opinion that the property is functionally obsolete and the underlying basis for that opinion.

(i) Estimates of the number of persons residing on each eligible property to which the plan applies and the number of families and individuals to be displaced. If occupied residences are designated for acquisition and clearance by the authority, the plan shall include a demographic survey of the persons to be displaced, a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the condition of those in existence, the number of owner-occupied and renter-occupied units, the annual rate of turnover of the various types of housing and the range of rents and sale prices, an estimate of the total demand for housing in the community, and the estimated capacity of private and public housing available to displaced families and individuals.

(j) A plan for establishing priority for the relocation of persons displaced by implementation of the plan.

(k) Provision for the costs of relocating persons displaced by implementation of the plan, and financial assistance and reimbursement of expenses, including litigation expenses and expenses incident to the transfer of title, in accordance with the standards and provisions of the uniform relocation assistance and real property acquisition policies act of 1970, Public Law 91-646.

(*l*) A strategy for compliance with 1972 PA 227, MCL 213.321 to 213.332.

(m) A description of proposed use of the local site remediation revolving fund.

(n) Other material that the authority or governing body considers pertinent.

(2) The percentage of all taxes levied on a parcel of eligible property for school operating expenses that is captured and used under a brownfield plan and all tax increment finance plans under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, or the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, shall not be greater than the combination of the plans' percentage capture and use of all local taxes levied for purposes other than for the payment of principal of and interest on either obligations approved by the electors or obligations pledging the

unlimited taxing power of the local unit of government. This subsection shall apply only when taxes levied for school operating purposes are subject to capture under section 15.

(3) Except as provided in this subsection and subsections (5), (15), and (16), tax increment revenues related to a brownfield plan shall be used only for costs of eligible activities attributable to the eligible property, the captured taxable value of which produces the tax increment revenues, including the cost of principal of and interest on any obligation issued by the authority to pay the costs of eligible activities attributable to the eligible property, and the reasonable costs of preparing a brownfield plan or a work plan for the eligible property, including the actual cost of the review of the work plan under section 15. For property owned or under the control of a land bank fast track authority, tax increment revenues related to a brownfield plan may be used for eligible activities attributable to any eligible property owned or under the control of the land bank fast track authority, the cost of principal of and interest on any obligation issued by the authority to pay the costs of eligible activities, the reasonable costs of preparing a work plan, and the actual cost of the review of the work plan under section 15. Except as provided in subsection (18), tax increment revenues captured from taxes levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, or taxes levied by a local school district shall not be used for eligible activities described in section 2(m)(*iv*)(E).

(4) Except as provided in subsection (5), a brownfield plan shall not authorize the capture of tax increment revenue from eligible property after the year in which the total amount of tax increment revenues captured is equal to the sum of the costs permitted to be funded with tax increment revenues under this act.

(5) A brownfield plan may authorize the capture of additional tax increment revenue from an eligible property in excess of the amount authorized under subsection (4) during the time of capture for the purpose of paying the costs permitted under subsection (3), or for not more than 5 years after the time that capture is required for the purpose of paying the costs permitted under subsection (3), or both. Excess revenues captured under this subsection shall be deposited in the local site remediation revolving fund created under section 8 and used for the purposes authorized in section 8. If tax increment revenues attributable to taxes levied for school operating purposes from eligible property are captured by the authority for purposes authorized under subsection (3), the tax increment revenues captured for deposit in the local site remediation revolving fund also may include tax increment revenues attributable to taxes levied for school operating purposes in an amount not greater than the tax increment revenues levied for school operating purposes captured from the eligible property by the authority for the purposes authorized under subsection (3). Excess tax increment revenues from taxes levied for school operating purposes for eligible activities authorized under subsection (15) by the Michigan economic growth authority shall not be captured for deposit in the local site remediation revolving fund.

(6) An authority shall not expend tax increment revenues to acquire or prepare eligible property, unless the acquisition or preparation is an eligible activity.

(7) Costs of eligible activities attributable to eligible property include all costs that are necessary or related to a release from the eligible property, including eligible activities on properties affected by a release from the eligible property. For purposes of this subsection, "release" means that term as defined in section 20101 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101.

(8) Costs of a response activity paid with tax increment revenues that are captured pursuant to subsection (3) may be recovered from a person who is liable for the costs of eligible activities at an eligible property. This state or an authority may undertake cost recovery for tax increment revenue captured. Before an authority or this state may institute a cost recovery action, it must provide the other with 120 days' notice. This state or an authority that recovers costs under this subsection shall apply those recovered costs to the following, in the following order of priority:

(a) The reasonable attorney fees and costs incurred by this state or an authority in obtaining the cost recovery.

(b) One of the following:

(*i*) If an authority undertakes the cost recovery action, the authority shall deposit the remaining recovered funds into the local site remediation fund created pursuant to section 8, if such a fund has been established by the authority. If a local site remediation fund has not been established, the authority shall disburse the remaining recovered funds to the local taxing jurisdictions in the proportion that the local taxing jurisdictions' taxes were captured.

(*ii*) If this state undertakes a cost recovery action, this state shall deposit the remaining recovered funds into the revitalization revolving loan fund established under section 20108a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20108a.

(*iii*) If this state and an authority each undertake a cost recovery action, undertake a cost recovery action jointly, or 1 on behalf of the other, the amount of any remaining recovered funds shall be deposited pursuant

to subparagraphs (*i*) and (*ii*) in the proportion that the tax increment revenues being recovered represent local taxes and taxes levied for school operating purposes, respectively.

(9) Approval of the brownfield plan or an amendment to a brownfield plan shall be in accordance with the notice and approval provisions of this section and section 14.

(10) Before approving a brownfield plan for an eligible property, the governing body shall hold a public hearing on the brownfield plan. By resolution, the governing body may delegate the public hearing process to the authority or to a subcommittee of the governing body subject to final approval by the governing body. Notice of the time and place of the hearing shall be given by publication twice in a newspaper of general circulation designated by the municipality, not less than 10 or more than 40 days before the date set for the hearing.

(11) Notice of the time and place of the hearing on a brownfield plan shall contain all of the following:

(a) A description of the property to which the plan applies in relation to existing or proposed highways, streets, streams, or otherwise.

(b) A statement that maps, plats, and a description of the brownfield plan are available for public inspection at a place designated in the notice and that all aspects of the brownfield plan are open for discussion at the public hearing required by this section.

(c) Any other information that the governing body considers appropriate.

(12) At the time set for the hearing on the brownfield plan required under subsection (10), the governing body shall ensure that interested persons have an opportunity to be heard and that written communications with reference to the brownfield plan are received and considered. The governing body shall ensure that a record of the public hearing is made and preserved, including all data presented at the hearing.

(13) Not less than 10 days before the hearing on the brownfield plan, the governing body shall provide notice of the hearing to the taxing jurisdictions that levy taxes subject to capture under this act. The authority shall fully inform the taxing jurisdictions about the fiscal and economic implications of the proposed brownfield plan. At that hearing, an official from a taxing jurisdiction with millage that would be subject to capture under this act has the right to be heard in regard to the adoption of the brownfield plan. Not less than 10 days before the hearing on the brownfield plan, the governing body shall provide notice of the hearing to the department if the brownfield plan involves the use of taxes levied for school operating purposes to pay for eligible activities that require the approval of a work plan by the department under section 15(1)(a) and the Michigan economic growth authority, or its designee, if the brownfield plan involves the use of taxes levied for school operating purposes to pay for eligible activities subject to subsection (15) or (18).

(14) The authority shall not enter into agreements with the taxing jurisdictions and the governing body of the municipality to share a portion of the captured taxable value of an eligible property. Upon adoption of the plan, the collection and transmission of the amount of tax increment revenues as specified in this act shall be binding on all taxing units levying ad valorem property taxes or specific taxes against property located in the zone.

(15) Except as provided by subsection (18), if a brownfield plan includes the capture of taxes levied for school operating purposes approval of a work plan by the Michigan economic growth authority before January 1, 2013 to use taxes levied for school operating purposes and a development agreement or reimbursement agreement between the municipality or authority and an owner or developer of eligible property are required if the taxes levied for school operating purposes will be used for infrastructure improvements that directly benefit eligible property, demolition of structures that is not response activity under part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142, lead or asbestos abatement, site preparation that is not response activity under section 20101 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101, relocation of public buildings or operations for economic development purposes, or acquisition of property by a land bank fast track authority if acquisition of the property is for economic development purposes. The eligible activities to be conducted described in this subsection shall be consistent with the work plan submitted by the authority to the Michigan economic growth authority. The department's approval is not required for the capture of taxes levied for school operating purposes for eligible activities described in this subsection.

(16) The limitations of section 15(1) upon use of tax increment revenues by an authority shall not apply to the following costs and expenses:

(a) In each fiscal year of the authority, the amount described in subsection (19) for the following purposes for tax increment revenues attributable to local taxes:

(*i*) Reasonable and actual administrative and operating expenses of the authority.

(*ii*) Baseline environmental assessments, due care activities, and additional response activities conducted by or on behalf of the authority related directly to work conducted on prospective eligible properties prior to approval of the brownfield plan.

(b) Reasonable costs of preparing a work plan or the cost of the review of a work plan for which tax increment revenues may be used under section 13(3).

(c) For tax increment revenues attributable to local taxes, reasonable costs of site investigations described in section 15(1)(a)(*i*), baseline environmental assessments, and due care activities incurred by a person other than the authority related directly to work conducted on eligible property or prospective eligible properties prior to approval of the brownfield plan, if those costs and the eligible property are included in a brownfield plan approved by the authority.

(17) A brownfield authority may reimburse advances, with or without interest, made by a municipality under section 7(3), a land bank fast track authority, or any other person or entity for costs of eligible activities with any source of revenue available for use of the brownfield authority under this act. If an authority reimburses a person or entity under this section for an advance for the payment or reimbursement of the cost of eligible activities and interest thereon, the authority may capture local taxes for the payment of that interest. If an authority reimburses a person or entity under this section for an advance for the payment or reimbursement of the cost of baseline environmental assessments, due care, and additional response activities and interest thereon included in a work plan approved by the department, the authority may capture taxes levied for school operating purposes and local taxes for the payment of that interest. If an authority reimburses a person or entity under this section for an advance for the payment or reimbursement of the cost of eligible activities that are not baseline environmental assessments, due care, and additional response activities and interest thereon included in a work plan approved by the Michigan economic growth authority, the authority may capture taxes levied for school operating purposes and local taxes for the payment of that interest provided that the Michigan economic growth authority grants an approval for the capture of taxes levied for school operating purposes to pay such interest. An authority may enter into agreements related to these reimbursements and payments. A reimbursement agreement for these purposes and the obligations under that reimbursement agreement shall not be subject to section 12 or the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(18) If a brownfield plan includes the capture of taxes levied for school operating purposes, approval of a work plan by the Michigan economic growth authority in the manner required under section 15(14) to (16) is required in order to use tax increment revenues attributable to taxes levied for school operating purposes for purposes of eligible activities described in section 2(m)(*iv*)(E) for 1 or more parcels of eligible property. The work plan to be submitted to the Michigan economic growth authority under this subsection shall be in a form prescribed by the Michigan economic growth authority. The eligible activities to be conducted and described in this subsection shall be consistent with the work plan submitted by the authority to the Michigan economic growth authority. The department's approval is not required for the capture of taxes levied for school operating purposes for eligible activities described in this section.

(19) In each fiscal year of the authority, the amount of tax increment revenues attributable to local taxes that an authority can use for the purposes described in subsection (16)(a) shall be determined as follows:

(a) For authorities that have 5 or fewer active projects, $100,000.00.

(b) For authorities that have 6 or more but fewer than 11 active projects, $125,000.00.

(c) For authorities that have 11 or more but fewer than 16 active projects, $150,000.00.

(d) For authorities that have 16 or more but fewer than 21 active projects, $175,000.00.

(e) For authorities that have 21 or more but fewer than 26 active projects, $200,000.00.

(f) For authorities that have 26 or more active projects, $300,000.00.

(20) As used in subsection (19), "active project" means a project in which the authority is currently capturing taxes under this act.

125.2664 Brownfield plan as public purpose; determination; amendments to plan; validity of procedure, notice, and findings; presumption.

Sec. 14. (1) Not less than 10 days after notice of the proposed brownfield plan is provided to the taxing jurisdictions, the governing body shall determine whether the plan constitutes a public purpose. If the governing body determines that the plan does not constitute a public purpose, the governing body shall reject the plan. If the governing body determines that the plan constitutes a public purpose, the governing body may then approve or reject the plan, or approve it with modification, by resolution, based on the following

considerations:

(a) Whether the plan meets the requirements of section 13.

(b) Whether the proposed method of financing the costs of eligible activities is feasible and the authority has the ability to arrange the financing.

(c) Whether the costs of eligible activities proposed are reasonable and necessary to carry out the purposes of this act.

(d) Whether the amount of captured taxable value estimated to result from adoption of the plan is reasonable.

(2) Except as provided in this subsection, amendments to an approved brownfield plan must be submitted by the authority to the governing body for approval or rejection following the same notice necessary for approval or rejection of the original plan. Notice is not required for revisions in the estimates of captured taxable value or tax increment revenues.

(3) The procedure, adequacy of notice, and findings with respect to purpose and captured taxable value shall be presumptively valid unless contested in a court of competent jurisdiction within 60 days after adoption of the resolution adopting the brownfield plan. An amendment, adopted by resolution, to a conclusive plan shall likewise be conclusive unless contested within 60 days after adoption of the resolution adopting the amendment. If a resolution adopting an amendment to the plan is contested, the original resolution adopting the plan is not therefore open to contest.

History: 1996, Act 381, Eff. Sept. 16, 1996.

125.2665 Prohibited conduct; work plan; documents to be submitted for approval; written request pertaining to baseline environmental assessment activities or due care activities; additional response activities; denial of work plan as final decision; appeal; reimbursement of costs to review work plan; report; distribution of remaining funds; use of school operating taxes; extension of review period.

Sec. 15. (1) An authority shall not do any of the following:

(a) For eligible activities not described in section 13(15), use taxes levied for school operating purposes captured from eligible property unless the eligible activities to be conducted on the eligible property are eligible activities under part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142, consistent with a work plan approved by the department after July 24, 1996 and before January 1, 2013. However, except as provided in subdivision (e), an authority may use taxes levied for school operating purposes captured from eligible property without the approval of a work plan by the department for the reasonable costs of 1 or more of the following:

(*i*) Site investigation activities required to conduct a baseline environmental assessment and to evaluate compliance with section 20107a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20107a.

(*ii*) Completing a baseline environmental assessment report.

(*iii*) Preparing a plan for compliance with section 20107a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20107a.

(b) For eligible activities not described in section 13(15), other than activities that are exempt from the work plan approval process under subsection (1)(a), use funds from a local site remediation revolving fund that are derived from taxes levied for school operating purposes unless the eligible activities to be conducted are eligible activities under part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142, consistent with a work plan that has been approved by the department after July 24, 1996.

(c) Use funds from a local site remediation revolving fund created pursuant to section 8 that are derived from taxes levied for school operating purposes for the eligible activities described in section 13(15) unless the eligible activities to be conducted are consistent with a work plan approved by the Michigan economic growth authority.

(d) Use taxes captured from eligible property to pay for eligible activities conducted before approval of the brownfield plan except for costs described in section 13(16).

(e) Use taxes levied for school operating purposes captured from eligible property for response activities that benefit a party liable under section 20126 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20126, except that a municipality that established the authority may use taxes levied for school operating purposes captured from eligible property for response activities associated with a landfill.

(f) Use taxes captured from eligible property to pay for administrative and operating activities of the authority or the municipality on behalf of the authority except for costs described in section 13(16) and for the reasonable costs for preparing a work plan for the eligible property, including the actual cost of the review of

the work plan under this section.

(2) To seek department approval of a work plan under subsection (1)(a) or (b), the authority shall submit all of the following for each eligible property:

(a) A copy of the brownfield plan.

(b) Current ownership information for each eligible property and a summary of available information on proposed future ownership, including the amount of any delinquent taxes, interest, and penalties that may be due.

(c) A summary of available information on the historical and current use of each eligible property, including a brief summary of site conditions and what is known about environmental contamination as that term is defined in section 20101 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101.

(d) Existing and proposed future zoning for each eligible property.

(e) A brief summary of the proposed redevelopment and future use for each eligible property.

(f) A separate work plan, or part of a work plan, for each eligible activity to be undertaken.

(3) Upon receipt of a request for approval of a work plan under subsection (2) or a portion of a work plan that pertains to only baseline environmental assessment activities or due care activities, or both, the department shall review the work plan according to subsection (4) and provide 1 of the following written responses to the requesting authority within 60 days:

(a) An unconditional approval.

(b) A conditional approval that delineates specific necessary modifications to the work plan to meet the criteria of subsection (4), including, but not limited to, individual activities to be added or deleted from the work plan and revision of costs.

(c) If the work plan lacks sufficient information for the department to respond under subdivision (a), (b), or (d) for any specific activity, a letter stating with specificity the necessary additions or changes to the work plan to be submitted before that activity will be considered by the department. The department shall respond under subdivision (a), (b), or (d) according to this section for the other activities in the work plan.

(d) A denial if the property is not an eligible property under this act, if the work plan contemplates the use of taxes levied for school operating purposes prohibited by subsection (1)(e), or for any specific activity if the activity is prohibited by subsection (1)(d). The department may also deny any activity in a work plan that does not meet the conditions in subsection (4) only if the department cannot respond under subdivision (b) or (c). The department shall accompany the denial with a letter that states with specificity the reason for the denial. The department shall respond under subdivision (a), (b), or (c) according to this section for any activities in the work plan that are not denied under this subdivision. If the department denies all or a portion of a work plan under this subdivision, the authority may subsequently resubmit the work plan.

(4) The department may approve a work plan if the following conditions have been met:

(a) Whether some or all of the activities constitute due care activities or additional response activities other than activities that are exempt from the work plan approval process under subsection (1)(a).

(b) The due care activities and response activities, other than the activities that are exempt from the work plan approval process under subsection (1)(a), are protective of the public health, safety, and welfare and the environment. The department may approve additional response activities that are more protective of the public health, safety, and welfare and the environment than required by section 20107a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20107a, if those activities provide public health or environmental benefit. In review of a work plan that includes activities that are more protective of the public health, safety, and welfare and the environment, the department's considerations may include, but are not limited to, all of the following:

(*i*) Proposed new land use and reliability of restrictions to prevent exposure to contamination.

(*ii*) Cost of implementation activities minimally necessary to achieve due care compliance, the incremental cost of all additional response activities relative to the cost of all response activities, and the total cost of all response activities.

(*iii*) Long-term obligations associated with leaving contamination in place and the value of reducing or eliminating these obligations.

(c) The estimated costs for the activities as a whole are reasonable for the stated purpose. Except as provided in subdivision (b), the department shall make the determination in this subdivision only after the department determines that the conditions in subdivisions (a) and (b) have been met.

(5) If the department fails to provide a written response under subsection (3) within 60 days after receipt of a request for approval of a work plan, the authority may proceed with the activities as outlined in the work plan as submitted for approval. Except as provided in subsection (6), activities conducted pursuant to a work plan that was submitted to the department for approval but for which the department failed to provide a

written response under subsection (3) shall be considered approved for the purposes of subsection (1). Within 45 days after receiving additional information requested from the authority under subsection (3)(c), the department shall review the additional information according to subsection (4) and provide 1 of the responses described in subsection (3) to the requesting authority for the specific activity. If the department does not provide a response to the requesting authority within 45 days after receiving the additional information requested under subsection (3)(c), the activity is approved under subsection (1).

(6) The department may issue a written response to a work plan more than 60 days but less than 6 months after receipt of a request for approval. If the department issues a written response under this subsection, the authority is not required to conduct individual activities that are in addition to the individual activities included in the work plan as it was submitted for approval and failure to conduct these additional activities shall not affect the authority's ability to capture taxes under subsection (1) for the eligible activities described in the work plan initially submitted under subsection (5). In addition, at the option of the authority, these additional individual activities shall be considered part of the work plan of the authority and approved for purposes of subsection (1). However, any response by the department under this subsection that identifies additional individual activities that must be carried out to satisfy part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142, must be satisfactorily completed for the activities to be considered acceptable for the purposes of compliance with part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142.

(7) If the department issues a written response under subsection (6) to a work plan and if the department's written response modifies an individual activity proposed by the work plan of the authority in a manner that reduces or eliminates a proposed response activity, the authority must complete those individual activities in accordance with the department's response in order for that portion of the work plan to be considered approved for purposes of subsection (1), unless 1 or more of the following conditions apply:

(a) Obligations for the individual activity have been issued by the authority, or by a municipality on behalf of the authority, to fund the individual activity prior to issuance of the department's response.

(b) The individual activity has commenced or payment for the work has been irrevocably obligated prior to issuance of the department's response.

(8) It shall be in the sole discretion of an authority to propose to undertake additional response activities at an eligible property under a brownfield plan. The department shall not require a work plan to include additional response activities.

(9) The department shall review the portion of a work plan that includes additional response activities in accordance with subsection (4).

(10) The department's approval or denial of a work plan submitted under this section constitutes a final decision in regard to the use of taxes levied for school operating purposes but does not restrict an authority's use of tax increment revenues attributable to local taxes to pay for eligible activities under a brownfield plan. If a person is aggrieved by the final decision, the person may appeal under section 631 of the revised judicature act of 1961, 1961 PA 236, MCL 600.631.

(11) The authority shall reimburse the department for the actual cost incurred by the department or a contractor of the department to review a work plan under subsection (1)(a) or (b) under this section. Funds paid to the department under this subsection shall be deposited in the cost recovery subaccount of the cleanup and redevelopment fund created under section 20108 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20108.

(12) The department shall submit a report each year on or before March 1 to each member of the legislature that contains all of the following:

(a) A compilation and summary of all the information submitted under subsection (2).

(b) The amount of tax increment revenues approved by the department in the immediately preceding calendar year, including taxes levied for school operating purposes, to conduct eligible activities.

(13) To seek Michigan economic growth authority approval of a work plan under subsection (1)(c) or section 13(15), the authority shall submit all of the following for each eligible property:

(a) A copy of the brownfield plan.

(b) Current ownership information for each eligible property and a summary of available information on proposed future ownership, including the amount of any delinquent taxes, interest, and penalties that may be due.

(c) A summary of available information on the historical and current use of each eligible property.

(d) Existing and proposed future zoning for each eligible property.

(e) A brief summary of the proposed redevelopment and future use for each eligible property.

(f) A separate work plan, or part of a work plan, for each eligible activity described in section 13(15) to be undertaken.

(g) A copy of the development agreement or reimbursement agreement required under section 13(15), which shall include, but is not limited to, a detailed summary of any and all ownership interests, monetary considerations, fees, revenue and cost sharing, charges, or other financial arrangements or other consideration between the parties.

(14) Upon receipt of a request for approval of a work plan, the Michigan economic growth authority shall provide 1 of the following written responses to the requesting authority within 65 days:

(a) An unconditional approval that includes an enumeration of eligible activities and a maximum allowable capture amount.

(b) A conditional approval that delineates specific necessary modifications to the work plan, including, but not limited to, individual activities to be added or deleted from the work plan and revision of costs.

(c) A denial and a letter stating with specificity the reason for the denial. If a work plan is denied under this subsection, the work plan may be subsequently resubmitted.

(15) In its review of a work plan under subsection (1)(c) or section 13(15), the Michigan economic growth authority shall consider the following criteria to the extent reasonably applicable to the type of activities proposed as part of that work plan when approving or denying a work plan:

(a) Whether the individual activities included in the work plan are sufficient to complete the eligible activity.

(b) Whether each individual activity included in the work plan is required to complete the eligible activity.

(c) Whether the cost for each individual activity is reasonable.

(d) The overall benefit to the public.

(e) The extent of reuse of vacant buildings and redevelopment of blighted property.

(f) Creation of jobs.

(g) Whether the eligible property is in an area of high unemployment.

(h) The level and extent of contamination alleviated by or in connection with the eligible activities.

(i) The level of private sector contribution.

(j) The cost gap that exists between the site and a similar greenfield site as determined by the Michigan economic growth authority.

(k) If the developer or projected occupant of the new development is moving from another location in this state, whether the move will create a brownfield.

(*l*) Whether the project of the developer, landowner, or corporate entity that is included in the work plan is financially and economically sound.

(m) Other state and local incentives available to the developer, landowner, or corporate entity for the project of the developer, landowner, or corporate entity that is included in the work plan.

(n) Any other criteria that the Michigan economic growth authority considers appropriate for the determination of eligibility or for approval of the work plan.

(16) If the Michigan economic growth authority fails to provide a written response under subsection (14) within 65 days after receipt of a request for approval of a work plan, the eligible activities shall be considered approved and the authority may proceed with the eligible activities described in section 13(15) as outlined in the work plan as submitted for approval.

(17) The Michigan economic growth authority's approval of a work plan under section 13(15) is final.

(18) The authority shall reimburse the Michigan economic growth authority for the actual cost incurred by the Michigan economic growth authority or a contractor of the Michigan economic growth authority to review a work plan under this section.

(19) The Michigan economic growth authority shall submit a report each year on or before March 1 to each member of the legislature that contains all of the following:

(a) A compilation and summary of all the information submitted under subsection (13).

(b) The amount of tax increment revenues approved by the Michigan economic growth authority in the immediately preceding calendar year, including taxes levied for school operating purposes, to conduct eligible activities.

(20) All taxes levied for school operating purposes that are not used for eligible activities consistent with a work plan approved by the department or the Michigan economic growth authority or for the payment of interest under section 13 and that are not deposited in a local site remediation revolving fund shall be distributed proportionately between the local school district and the school aid fund.

(21) An authority shall not use taxes levied for school operating purposes captured from eligible property for eligible activities for a qualified facility or for eligible activities for property located in an economic opportunity zone.

(22) The department's approval of a work plan under subsection (3)(a) or (b) does not imply an entitlement to reimbursement of the costs of the eligible activities if the work plan is not implemented as approved.

(23) The applicant and the department can, by mutual agreement, extend the time period for any review described in this section. An agreement described in this subsection shall be documented in writing.

125.2665a Retention and payment of taxes levied under state education tax act; conditions; application for approval by authority; information to be included; approval, modification, or denial of application by department of treasury; appropriation and distribution of amount; calculation of aggregate amount; lien; reimbursement calculations; legislative intent; definitions.

Sec. 15a. (1) If the amount of tax increment revenues lost as a result of the personal property tax exemptions provided by section 1211(4) of the revised school code, 1976 PA 451, MCL 380.1211, section 3 of the state education tax act, 1993 PA 331, MCL 211.903, section 14(4) of 1974 PA 198, MCL 207.564, and section 9k of the general property tax act, 1893 PA 206, MCL 211.9k, will reduce the allowable school tax capture received in a fiscal year, then, notwithstanding any other provision of this act, the authority, with approval of the department of treasury under subsection (3), may request the local tax collecting treasurer to retain and pay to the authority taxes levied within the municipality under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, to be used for the following:

(a) To repay an advance made not later than 1 year after the effective date of the amendatory act that added this section.

(b) To repay an obligation issued or incurred not later than 1 year after the effective date of the amendatory act that added this section.

(c) To pay or reimburse a developer or owner of eligible property or a municipality that created the authority for eligible activities pursuant to a development and reimbursement agreement entered into not later than 1 year after the effective date of the amendatory act that added this section.

(d) To pay for eligible activities identified in a brownfield plan, or an amendment to that plan approved by board of the authority not later than 90 days after the effective date of the amendatory act that added this section if the plan contains all of the following and the work plan for the capture of school taxes has been approved within 1 year after the effective date of the amendatory act that added this section:

(*i*) A detailed description of the project.

(*ii*) A statement of the estimated cost of the project.

(*iii*) The specific location of the project.

(*iv*) The name of any developer of the project.

(2) Not later than June 15 of 2008 and not later than June 1 of each subsequent year, an authority eligible under subsection (1) to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section, shall apply for approval with the department of treasury. The application for approval shall include the following information:

(a) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(b) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority.

(c) The tax increment revenues the authority estimates it would have received for that fiscal year if the personal property tax exemptions described in subsection (1) were not in effect.

(d) A list of advances, obligations, development and reimbursement agreements, and projects included in brownfield plans described in subsection (1), and shall separately identify the payments due on each of those advances, obligations, development agreements, and eligible activities in that fiscal year, and the total amount of all the payments due on all of those in that fiscal year.

(e) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, or would be used for, the repayment of an advance, the payment of an obligation, the payment of eligible activities pursuant to a development and reimbursement agreement, or the payment of eligible activities identified in a brownfield plan described in subsection (1). That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development plan.

(f) The amount of a distribution received pursuant to this act for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(3) Not later than August 15, based on the calculations under subsection (5), the department of treasury shall approve, modify, or deny the application for approval to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section. If the application for approval contains the information required under subsection (2)(a) through (f) and appears to be in substantial compliance with the provisions of this section, then the department of treasury shall approve the application. If the application is denied by the department of treasury, then the department of treasury shall provide the opportunity for a representative of the authority to discuss the denial within 21 days after the denial occurs and shall sustain or modify its decision within 30 days after receiving information from the authority. If the application for approval is approved or modified by the department of treasury, the local tax collecting treasurer shall retain and pay to the authority the amount described in subsection (5) as approved by the department of treasury. If the department of treasury denies the authority's application for approval, the local tax collecting treasurer shall not retain or pay to the authority the taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. An approval by the department does not prohibit a subsequent audit of taxes retained in accordance with the procedures currently authorized by law.

(4) Each year the legislature shall appropriate and distribute an amount sufficient to pay each authority the following:

(a) If the amount to be retained and paid under subsection (3) is less than the amount calculated under subsection (5), the difference between those amounts.

(b) If the application for approval is denied by the department of treasury, an amount verified by the department equal to the amount calculated under subsection (5).

(5) Subject to subsection (6), the aggregate amount under this section shall be the sum of the amounts determined under subdivisions (a) and (b) minus the amount determined under subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received and retained for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if the personal property tax exemptions described in subsection (1) were not in effect, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported under subsection (2)(f) that had not previously increased a distribution.

(c) An excess amount required to be reported under subsection (2)(f) that had not previously decreased a distribution.

(6) A distribution or taxes retained under this section replacing tax increment revenues pledged by an authority or a municipality are subject to any lien of the pledge described in subsection (1), whether or not there has been physical delivery of the distribution.

(7) Obligations for which distributions are made under this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(8) Not later than September 15 of each year, the authority shall provide a copy of the application for approval approved by the department of treasury to the local tax collecting treasurer and provide the amount of the taxes retained and paid to the authority under subsection (5).

(9) Calculations of amounts retained and paid and appropriations to be distributed under this section shall be made on the basis of each development area of the authority.

(10) The state tax commission may provide that the calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

(11) It is the intent of the legislature that, to the extent that the total amount of taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are allowed to be retained under this section and section 11b of the local development financing act, 1986 PA 281, MCL 125.2161b, section 12b of the tax increment financing act, 1980 PA 450, MCL 125.1812b, and section 13c of 1975 PA 197, MCL 125.1663c, exceeds the difference of the total school aid fund revenue for the tax year minus the estimated amount of revenue the school aid fund would have received for the tax year had the tax exemptions described in subsection (1) and the earmark created by section 515 of the Michigan business tax act, 2007 PA 36, MCL 208.1515, not taken effect, the general fund shall reimburse the school aid fund the difference.

(12) As used in this section:

(a) "Advance" means that term as defined in section 1 of 1975 PA 197, MCL 125.1651.

(b) "Obligation" means that term as defined in section 1 of 1975 PA 197, MCL 125.1651.

All surplus funds not deposited in the local site remediation revolving fund of the authority under section 13(5) shall revert proportionately to the respective taxing bodies, except as provided in section 15(20). The governing body may abolish the plan when it finds that the purposes for which the plan was established are accomplished. However, the plan shall not be abolished until the principal and interest on bonds issued under section 17 and all other obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been segregated.

(3) The authority shall submit annually to the governing body and the state tax commission a financial report on the status of the activities of the authority. The report shall include all of the following:

(a) The amount and source of tax increment revenues received.

As part of the performance postaudit, the auditor general shall assess the extent to which the implementation of the program by the department and the Michigan economic growth authority facilitate and affect the redevelopment or reuse of eligible property and identify any factors that inhibit the program's effectiveness. The performance postaudit shall also assess the extent to which the interpretation of statutory language, the development of guidance or administrative rules, and the implementation of the program by the department and the Michigan economic growth authority is consistent with the fundamental objective of facilitating and supporting timely and efficient brownfield redevelopment of eligible properties. Copies of the performance postaudits shall be provided to the governor, the clerk of the house of representatives, the secretary of the senate, and the chairpersons of the senate and house of representatives standing committees on commerce and economic development.

The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds or notes may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution.

(2) The municipality, by majority vote of the members of its governing body, may make a limited tax pledge to support the authority's tax increment bonds or notes or, if authorized by the voters of the

Compiler's note: The following communication was received:

"September 12, 1999
The Honorable John Engler
Capitol Building
Lansing, Michigan
Subject: PA 381 of 1996
Dear Governor Engler:

A review of the Senate and House Journals has revealed an error in Enrolled Senate Bill 923, which was filed with the Secretary of State on July 24, 1996, and assigned Public Act No. 381 of 1996. The bill presented to the Governor on July 17, 1996, did not accurately reflect what was agreed to by both houses of the Legislature. Specifically, Section 17, subsection (1), the third sentence incorrectly stated:

'The terms of the municipal finance act, Act No. 202 of the Public Acts of 1943, apply to bonds issued under this section.'

The sentence agreed to by both houses is:

'Except for the requirement of the municipal finance act, Act No. 202 of the Public Acts of 1943, being sections 131.1 to 139.3 of the Michigan Compiled Laws, that the authority receive the approval or an exception from approval from the department of treasury prior to the issuance of bonds under this subsection, the terms of Act No. 202 of the Public Acts of 1943 shall not apply to bonds issued under this section.'

Therefore, we are presenting a correct Enrolled Senate Bill 923 for your signature and filing with the Secretary of State. Upon filing, the defective Enrolled Senate Bill 923 will be replaced with the correct Enrolled Senate Bill 923 and assigned the same public act number. The effective date of the Public Act No. 381 of 1996 will be the date the correct bill is filed.

This procedure ensures the integrity of the process while providing notification to the public. We apologize for any inconvenience this may have caused you or the citizens of the state of Michigan. If you have any questions, please feel free to contact us.

Sincerely,
Carol Morey Viventi Melvin J. DeStigter
Secretary of the Senate Clerk of the House of Representatives
cc: Candice S. Miller, Secretary of State"

125.2684 Designation of local governmental unit as renaissance zone; application; criteria; additional distinct geographic areas; extension of status.

Sec. 4. (1) One or more qualified local governmental units may apply to the review board to designate the qualified local governmental unit or units as a renaissance zone if all of the following criteria are met:

(a) The geographic area of the proposed renaissance zone is located within the boundaries of the qualified local governmental unit or units that apply.

(b) The application includes a development plan.

(c) The proposed renaissance zone is not more than 5,000 acres in size.

(d) The renaissance zone does not contain more than 10 distinct geographic areas. Except as otherwise provided in this subdivision, the minimum size of a distinct geographic area is not less than 5 acres. A qualified local governmental unit or units may designate not more than 8 distinct geographic areas in each renaissance zone to have no minimum size requirement.

(e) The application includes the proposed duration of renaissance zone status, not to exceed 15 years, except as otherwise provided in this section.

(f) If the qualified local governmental unit has an elected county executive, the county executive's written approval of the application.

(g) If the qualified local governmental unit is a city, that city's mayor's written approval of the application.

(2) A qualified local governmental unit may submit not more than 1 application to the review board for designation as a renaissance zone. A resolution provided by a city, village, or township under section 7(2) does not constitute an application of a city, village, or township for a renaissance zone under this act.

(3) For a distinct geographic area described in subsection (1)(d), a village may include publicly owned land within the boundaries of any distinct geographic area.

(4) Beginning December 1, 2006 through December 31, 2011, a qualified local governmental unit or units in which a renaissance zone was designated under section 8 or 8a(1) or (3) may designate additional distinct geographic areas not to exceed a total of 10 distinct geographic areas upon application to and approval by the board of the Michigan strategic fund if the distinct geographic area is located in an eligible distressed area as defined in section 11 of the state housing development authority act of 1966, 1966 PA 346, MCL 125.1411, or is contiguous to an eligible distressed area, and if the additional distinct geographic area will increase capital investment or job creation. The duration of renaissance zone status for the additional distinct geographic areas shall not exceed 15 years.

(5) Through December 31, 2002, if a qualified local governmental unit or units designate additional distinct geographic areas in a renaissance zone under subsection (4), the qualified local governmental unit or units may extend the duration of the renaissance zone status of 1 or more distinct geographic areas in that renaissance zone until 2017 upon application to and approval by the board.

(6) Through December 31, 2002, a qualified local governmental unit or units in which a renaissance zone was designated under section 8 or 8a may, upon application to and approval by the board, seek to extend the duration of renaissance zone status until 2017. Upon application, the board may extend the duration of renaissance zone status.

The board of the Michigan strategic fund may extend renaissance zone status for 1 or more portions of the renaissance zone under this subsection for a period of time not to exceed 15 years from the date of the application to the board of the Michigan strategic fund under this subsection. However, beginning on the effective date of the amendatory act that added this sentence, if the board of the Michigan strategic fund extends the duration of 1 or more portions of a renaissance zone under this subsection, the board of the Michigan strategic fund may revoke that extension if the board determines that increased capital investment or job creation will not begin within 1 year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the board of the Michigan strategic fund. Only the qualified local governmental unit that is requesting the extension of time may submit the application. If the board of the Michigan strategic fund extends the duration of 1 or more portions of a renaissance zone, the board of the Michigan strategic fund shall enter into a written development agreement with the owner of all real property located within the boundaries of the portions of the renaissance zone whose duration has been extended. The written development agreement shall include, but is not limited to, all of the following:

(a) The duration of the extension.
(b) The conditions under which the extension is granted.
(c) The amount of capital investment.
(d) The number of jobs to be created.
(e) Any other conditions or requirements reasonably required by the board of the Michigan strategic fund.

The aggregate territory of all next Michigan renaissance zones designated for a next Michigan development corporation shall not exceed the lesser of 200 acres times the number of next Michigan renaissance zones designated for a next Michigan development corporation or 1,675 acres. Upon the recommendation of a next Michigan development corporation and subject to subsection (10), the board of the Michigan strategic fund may determine whether an eligible next Michigan business should receive the benefits of a renaissance zone and certify that eligible next Michigan business as a qualified eligible next Michigan business under this act and subject to a written agreement as provided in subsection (8). The board of the Michigan strategic fund shall establish a standard process to evaluate applications for certification as a qualified eligible next Michigan business and shall appoint a committee to review the applications. The standard application process developed by the board of the Michigan strategic fund shall be approved by a resolution of the board of the Michigan strategic fund before an eligible next Michigan business is certified as a qualified eligible next Michigan business. The board of the Michigan strategic fund shall certify or deny the application to certify an eligible next Michigan business as a qualified eligible next Michigan business within 49 days of receipt of the application that is complete in all material respects as determined by the president of the Michigan strategic fund. If the board of the Michigan strategic fund fails to certify or deny the application for certification within 49 days of receipt of the application that is complete in all material respects as determined by the president of the Michigan strategic fund, the application for certification is considered approved. If the board of the Michigan strategic fund denies the application for certification, the applicant may appeal that denial to the board of the Michigan strategic fund for reconsideration. The president of the Michigan strategic fund shall notify the next Michigan development corporation that the Michigan strategic fund has certified a qualified eligible next Michigan business in a next Michigan development district. The next Michigan development corporation shall develop an application process for eligible next Michigan businesses, which process shall be approved by the board of the Michigan strategic fund. A next Michigan development corporation shall not use the incentives provided in this act primarily to recruit an eligible next Michigan business to relocate from a location in this state to another location in this state. A next Michigan development corporation shall not recommend and the board of the Michigan strategic fund shall not certify an eligible next Michigan business as a qualified eligible next Michigan business unless that eligible next Michigan business opens a new location in this state, locates in this state, or is an existing business located in this state that will materially expand its business in this state as determined by the board of the Michigan strategic fund. However, the board of the Michigan strategic fund shall not certify an eligible next Michigan business as a qualified eligible next Michigan business if the principal economic effect of the expansion or location of the eligible next Michigan business into a next Michigan development district is the transfer of employment from 1 or more cities, villages, or townships in this state to the next Michigan development district and each order or resolution certifying an eligible next Michigan business as a qualified eligible next Michigan business shall contain an express finding, based upon competent and material evidence in the record, of compliance with the requirements of this subsection. Any transfer of employment from 1 or more cities, villages, and townships in this state to a next Michigan development district resulting from the expansion or location of an eligible next Michigan business into a next Michigan development district in which the aggregate number of transferred full-time employees is less than 15% of the total number of full-time employees proposed to be located in the next Michigan development district by the eligible next Michigan business shall be conclusively presumed to not be a principal economic effect of the expansion or location. In the event that a transfer of employment will occur resulting from the expansion or location of an eligible next Michigan business into a next Michigan development district, the board of the Michigan strategic fund shall provide written notice of the order or resolution certifying the eligible next Michigan business as a qualifying next Michigan business to the chief executive officer of each county, city, village, and township from which the transfer of employment will occur within 10 days of the order or resolution certifying the qualified eligible next Michigan business. The chief executive officer of each county, city, village, and township notified under this subsection shall have 30 days to file an appeal of the certification with the board of the Michigan strategic fund. The board of the Michigan strategic fund shall decide the appeal within 45 days of the receipt of the appeal. The board of the Michigan strategic fund shall not certify an eligible next Michigan business as a qualified eligible next Michigan business if the business applicant has been convicted of a felony and the board of the Michigan strategic fund has determined that the conviction will have a material impact on the business applicant's

ability to fulfill its obligations under this act. As used in this subsection, the business applicant includes the business entity, affiliates, subsidiaries, officers, directors, managerial employees, and any person who, directly or indirectly, holds a pecuniary interest in that business entity of 20% or more.

(3) Upon request of the next Michigan development corporation, the board of the Michigan strategic fund may modify an existing next Michigan renaissance zone to add additional property under the same terms and conditions as the existing next Michigan renaissance zone if all of the following are met:

(a) The additional real property is located within the boundaries of the next Michigan development district and will be owned or operated by a qualified eligible next Michigan business once it is brought into operation as determined by the board of the Michigan strategic fund.

(b) The next Michigan development corporation and the city, village, or township in which the qualified eligible next Michigan business is located consent to the modification.

(c) The aggregate territory limitations provided in subsection (1) will not be exceeded.

(4) A qualified eligible next Michigan business in a next Michigan renaissance zone shall be granted the benefits of renaissance zone status for a period of up to 15 years.

(5) The board of the Michigan strategic fund may revoke the designation of all or a portion of a next Michigan renaissance zone or the certification of a qualified eligible next Michigan business if the board of the Michigan strategic fund determines 1 or more of the following:

(a) The qualified eligible next Michigan business proposed in the application fails, or a preponderance of businesses proposed in the application fail, to commence operation within 2 years from the date of the certification as a qualified eligible next Michigan business.

(b) The qualified eligible next Michigan business proposed in the application to commence operation within the next Michigan renaissance zone ceases operation, provided that designation shall not be revoked if the qualified eligible next Michigan business has assigned its rights to a successor entity engaged in a qualified eligible next Michigan business.

(c) The qualified eligible next Michigan business proposed in the application to commence operation within the next Michigan renaissance zone fails to commence construction or renovation within 1 year from the date of the certification as a qualified eligible next Michigan business.

(d) The qualified eligible next Michigan business fails to meet jobs and investment criteria set forth in the application and approved as a condition by the president or the board of the Michigan strategic fund.

(e) The local governmental unit in which the qualified eligible next Michigan business is located withdraws from the next Michigan development corporation interlocal agreement, provided that the tax incentives previously granted to the qualified eligible next Michigan business shall remain in full force and effect for the stated term of the tax incentives so long as the qualified eligible next Michigan business satisfies all of the conditions upon which the tax incentives were granted.

(6) If the designation of all or a portion of a next Michigan renaissance zone or the certification of a qualified eligible next Michigan business is revoked, a qualified eligible next Michigan business affected may appeal that revocation to the board of the Michigan strategic fund. The designation may subsequently be restored by the board of the Michigan strategic fund to the same site and in respect of a qualified eligible next Michigan business, but the duration of the restored designation shall not exceed the term of the original designation.

(7) Upon request of the next Michigan development corporation, the board of the Michigan strategic fund may extend the duration of renaissance zone status for 1 or more portions of a next Michigan renaissance zone if the extension will increase capital investment or job creation, and the next Michigan development corporation and the city, village, or township in which that portion of the next Michigan renaissance zone is located consents to extend the duration of renaissance zone status. The board of the Michigan strategic fund may extend renaissance zone status for 1 or more portions of the next Michigan renaissance zone under this subsection for a period of time not to exceed 5 additional years as determined by the board of the Michigan strategic fund.

(8) Before an eligible next Michigan business is certified as a qualified eligible next Michigan business, the board of the Michigan strategic fund shall enter into a written agreement with the next Michigan development corporation and a qualified eligible next Michigan business in respect of the terms and conditions of granting and retaining renaissance zone status, certification as a qualified eligible next Michigan business, and any other related matters. The written agreement also shall contain a remedy provision that includes, but is not limited to, all of the following:

(a) A requirement that all or a portion of the exemptions, deductions, or credits described in section 9 shall be revoked under the procedures set forth in this act if the qualified eligible next Michigan business is determined to be in violation of the provisions of this act or the written agreement or relocates outside the next Michigan development district for a period of years after renaissance zone status expires as set forth in

the written agreement.

(b) A requirement that the qualified eligible next Michigan business may be required to repay all or a portion of the exemptions, deductions, or credits described in section 9 if the qualified eligible next Michigan business is determined to be in violation of the provisions of this act or the written agreement or relocates outside the next Michigan development district for a period of years after renaissance zone status expires as set forth in the written agreement.

(9) Except as otherwise provided in this subsection, the commencement of renaissance zone status under this section shall take effect on January 1 in the year following designation. However, for purposes of the taxes exempted under section 9(2), the commencement of renaissance zone status under this section shall take effect on December 31 in the year immediately preceding the year in which the commencement under this section takes effect.

(10) The board of the Michigan strategic fund shall not certify more than 25 eligible businesses as qualified eligible next Michigan businesses under this act. The board of the Michigan strategic fund shall not certify more than 10 eligible businesses as qualified eligible next Michigan businesses in a next Michigan development district as defined in the next Michigan development act.

125.2859 General obligation bonds; tax increment revenue bonds; issuance; limitations; additional security; resolution; lien.

Sec. 19. (1) The municipality may by resolution of its governing body and subject to voter approval authorize, issue, and sell general obligation bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan and shall pledge its full faith and credit for the payment of the bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality under section 13. The bonds are subject to the revised municipal

finance act, 2001 PA 34, MCL 141.2101 to 141.2821. Before the municipality may authorize the borrowing, the authority shall submit an estimate of the anticipated tax increment revenues and other revenue available under section 13 to be available for payment of principal and interest on the bonds, to the governing body of the municipality. This estimate shall be approved by the governing body of the municipality by resolution adopted by majority vote of the members of the governing body in the resolution authorizing the bonds. However, the full faith and credit of the municipality shall not be pledged to secure bonds issued under this subsection. The bond issue may include a sum sufficient to pay interest on the tax increment bonds until full development of tax increment revenues from the project and also a sum to provide a reasonable reserve for payment of principal and interest on the bonds. The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution. Bonds issued under this subsection that pledge revenue received under section 14 for repayment of the bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

125.2890 Financing development program of tax increment financing plan; authorization, issuance, and sale of general obligation bonds; estimate of anticipated tax increment revenues; resolution; security; lien.

Sec. 20. (1) The municipality may by resolution of its governing body authorize, issue, and sell limited general obligation bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan and shall pledge its full faith and credit for the payment of the bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality under section 14. The bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. Before the municipality may authorize the borrowing, the authority shall submit an estimate of the anticipated tax increment revenues and other revenue available under section 14 to be available for payment of principal and interest on the bonds, to the governing body of the municipality. This estimate shall be approved by the governing body of the municipality by resolution adopted by majority vote of the members of the governing body in the resolution authorizing the bonds. If the governing body of the municipality adopts the resolution authorizing the bonds, the estimate of the anticipated tax increment revenues and other revenue available under section 14 to be available for payment of principal and interest on the bonds shall be conclusive for purposes of this section. The bonds issued under this subsection shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) By resolution of its governing body, the authority may authorize, issue, and sell tax increment bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan. The tax increment bonds issued by the authority under this subsection shall pledge solely the tax increment revenues of a development area in which the project is located or a development area from which tax increment revenues may be used for this project, or both. In addition or in the alternative, the bonds issued by the authority under this subsection may be secured by any other revenues identified in section 14 as sources of financing for activities of the authority that the authority shall specifically pledge in the resolution. However, the full faith and credit of the municipality shall not be pledged to secure bonds issued under this

subsection. The bond issue may include a sum sufficient to pay interest on the tax increment bonds until full development of tax increment revenues from the project and also a sum to provide a reasonable reserve for payment of principal and interest on the bonds. The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution. Bonds issued under this subsection that pledge revenue received under section 15 for repayment of the bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

125.3201 Regulation of land development and establishment of districts; provisions; uniformity of regulations; designations; limitations.

Sec. 201. (1) A local unit of government may provide by zoning ordinance for the regulation of land development and the establishment of 1 or more districts within its zoning jurisdiction which regulate the use of land and structures to meet the needs of the state's citizens for food, fiber, energy, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land, to ensure that use of the land is situated in appropriate locations and relationships, to limit the inappropriate overcrowding of land and congestion of population, transportation systems, and other public facilities, to facilitate adequate and efficient provision for transportation systems, sewage disposal, water, energy, education, recreation, and other public service and facility requirements, and to promote public health, safety, and welfare.

(2) Except as otherwise provided under this act, the regulations shall be uniform for each class of land or buildings, dwellings, and structures within a district.

(3) A local unit of government may provide under the zoning ordinance for the regulation of land development and the establishment of districts which apply only to land areas and activities involved in a special program to achieve specific land management objectives and avert or solve specific land use problems, including the regulation of land development and the establishment of districts in areas subject to damage from flooding or beach erosion.

(4) A local unit of government may adopt land development regulations under the zoning ordinance designating or limiting the location, height, bulk, number of stories, uses, and size of dwellings, buildings, and structures that may be erected or altered, including tents and recreational vehicles.

History: 2006, Act 110, Eff. July 1, 2006.

Sec. 202. (1) The legislative body of a local unit of government may provide by ordinance for the manner in which the regulations and boundaries of districts or zones shall be determined and enforced or amended or supplemented. Amendments or supplements to the zoning ordinance shall be adopted in the same manner as provided under this act for the adoption of the original ordinance.

History: 2006, Act 110, Eff. July 1, 2006;—Am. 2008, Act 12, Imd. Eff. Feb. 29, 2008.

125.3203 Zoning ordinance; plan; incorporation of airport layout plan or airport approach plan; zoning ordinance adopted before or after March 28, 2001; applicability of public transportation facilities.

Sec. 203. (1) A zoning ordinance shall be based upon a plan designed to promote the public health, safety, and general welfare, to encourage the use of lands in accordance with their character and adaptability, to limit the improper use of land, to conserve natural resources and energy, to meet the needs of the state's residents for food, fiber, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land, to ensure that uses of the land shall be situated in appropriate locations and relationships, to avoid the overcrowding of population, to provide adequate light and air, to lessen congestion on the public roads and streets, to reduce hazards to life and property, to facilitate adequate provision for a system of transportation including, subject to subsection (5), public transportation, sewage disposal, safe and adequate water supply, education, recreation, and other public requirements, and to conserve the expenditure of funds for public improvements and services to conform with the most advantageous uses of land, resources, and properties. A zoning ordinance shall be made with reasonable consideration of the character of each district, its peculiar suitability for particular uses, the conservation of property values and natural resources, and the general and appropriate trend and character of land, building, and population development.

(2) If a local unit of government adopts or revises a plan required under subsection (1) after an airport layout plan or airport approach plan has been filed with the local unit of government, the local unit of government shall incorporate the airport layout plan or airport approach plan into the plan adopted under subsection (1).

(3) In addition to the requirements of subsection (1), a zoning ordinance adopted after March 28, 2001 shall be adopted after reasonable consideration of both of the following:

(a) The environs of any airport within a district.

(b) Comments received at or before a public hearing under section 306 from the airport manager of any airport.

(4) If a zoning ordinance was adopted before March 28, 2001, the zoning ordinance is not required to be consistent with any airport zoning regulations, airport layout plan, or airport approach plan. A zoning ordinance amendment adopted or variance granted after March 28, 2001 shall not increase any inconsistency that may exist between the zoning ordinance or structures or uses and any airport zoning regulations, airport layout plan, or airport approach plan. This section does not limit the right to petition for submission of a zoning ordinance amendment to the electors under section 402 or the right to file a protest petition under section 403.

(5) The reference to public transportation facilities in subsection (1) only applies to a plan that is adopted or substantively amended more than 90 days after the effective date of the amendatory act that added this subsection.

125.3204 Single-family residence; instruction in craft or fine art as home occupation.

Sec. 204. A zoning ordinance adopted under this act shall provide for the use of a single-family residence by an occupant of that residence for a home occupation to give instruction in a craft or fine art within the residence. This section does not prohibit the regulation of noise, advertising, traffic, hours of operation, or other conditions that may accompany the use of a residence under this section.

History: 2006, Act 110, Eff. July 1, 2006.

125.3205 Zoning ordinance subject to MCL 460.561 to 460.575; regulation or control of oil or gas wells; prohibition; extraction of valuable natural resource; challenge to zoning decision; serious consequences resulting from extraction; factors; limitations.

(2) A county or township shall not regulate or control the drilling, completion, or operation of oil or gas wells or other wells drilled for oil or gas exploration purposes and shall not have jurisdiction with reference to the issuance of permits for the location, drilling, completion, operation, or abandonment of such wells.

(3) An ordinance shall not prevent the extraction, by mining, of valuable natural resources from any property unless very serious consequences would result from the extraction of those natural resources. Natural resources shall be considered valuable for the purposes of this section if a person, by extracting the natural resources, can receive revenue and reasonably expect to operate at a profit.

(4) A person challenging a zoning decision under subsection (3) has the initial burden of showing that there are valuable natural resources located on the relevant property, that there is a need for the natural resources by the person or in the market served by the person, and that no very serious consequences would result from the extraction, by mining, of the natural resources.

(5) In determining under this section whether very serious consequences would result from the extraction, by mining, of natural resources, the standards set forth in Silva v Ada Township, 416 Mich 153 (1982), shall be applied and all of the following factors may be considered, if applicable:

(a) The relationship of extraction and associated activities with existing land uses.

(b) The impact on existing land uses in the vicinity of the property.

(c) The impact on property values in the vicinity of the property and along the proposed hauling route serving the property, based on credible evidence.

(d) The impact on pedestrian and traffic safety in the vicinity of the property and along the proposed hauling route serving the property.

(e) The impact on other identifiable health, safety, and welfare interests in the local unit of government.

(f) The overall public interest in the extraction of the specific natural resources on the property.

(6) Subsections (3) to (5) do not limit a local unit of government's reasonable regulation of hours of operation, blasting hours, noise levels, dust control measures, and traffic, not preempted by part 632 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.63201 to 324.63223. However,

such regulation shall be reasonable in accommodating customary mining operations.

(7) This act does not limit state regulatory authority under other statutes or rules.

125.3206 Residential use of property; adult foster care facilities; family or group child care homes.

Sec. 206. (1) Except as otherwise provided in subsection (2), a state licensed residential facility shall be considered a residential use of property for the purposes of zoning and a permitted use in all residential zones and is not subject to a special use or conditional use permit or procedure different from those required for other dwellings of similar density in the same zone.

(2) Subsection (1) does not apply to adult foster care facilities licensed by a state agency for care and treatment of persons released from or assigned to adult correctional institutions.

(3) For a county or township, a family child care home is considered a residential use of property for the purposes of zoning and a permitted use in all residential zones and is not subject to a special use or conditional use permit or procedure different from those required for other dwellings of similar density in the same zone.

(4) For a county or township, a group child care home shall be issued a special use permit, conditional use permit, or other similar permit if the group child care home meets all of the following standards:

(*iv*) A community correction center, resident home, halfway house, or other similar facility which houses an inmate population under the jurisdiction of the department of corrections.

(b) Has appropriate fencing for the safety of the children in the group child care home as determined by the local unit of government.

(c) Maintains the property consistent with the visible characteristics of the neighborhood.

(d) Does not exceed 16 hours of operation during a 24-hour period. The local unit of government may limit but not prohibit the operation of a group child care home between the hours of 10 p.m. and 6 a.m.

(e) Meets regulations, if any, governing signs used by a group child care home to identify itself.

(f) Meets regulations, if any, requiring a group child care home operator to provide off-street parking accommodations for his or her employees.

(5) For a city or village, a group child care home may be issued a special use permit, conditional use permit, or other similar permit.

(6) A licensed or registered family or group child care home that operated before March 30, 1989 is not required to comply with the requirements of this section.

(7) The requirements of this section shall not prevent a local unit of government from inspecting and enforcing a family or group child care home for the home's compliance with the local unit of government's zoning ordinance. For a county or township, an ordinance shall not be more restrictive for a family or group child care home than as provided under 1973 PA 116, MCL 722.111 to 722.128.

(8) The subsequent establishment of any of the facilities listed under subsection (4)(a) will not affect any subsequent special use permit renewal, conditional use permit renewal, or other similar permit renewal pertaining to the group child care home.

(9) The requirements of this section shall not prevent a local unit of government from issuing a special use permit, conditional use permit, or other similar permit to a licensed or registered group child care home that does not meet the standards listed under subsection (4).

(10) The distances required under subsection (4)(a) shall be measured along a road, street, or place maintained by this state or a local unit of government and generally open to the public as a matter of right for the purpose of vehicular traffic, not including an alley.

125.3207 Zoning ordinance or decision; effect as prohibiting establishment of land use.

Sec. 207. A zoning ordinance or zoning decision shall not have the effect of totally prohibiting the establishment of a land use within a local unit of government in the presence of a demonstrated need for that land use within either that local unit of government or the surrounding area within the state, unless a location within the local unit of government does not exist where the use may be appropriately located or the use is

unlawful.

History: 2006, Act 110, Eff. July 1, 2006.

This subsection is intended to codify the law as it existed before July 1, 2006 in section 16(1) of the former county zoning act, 1943 PA 183, section 16(1) of the former township zoning act, 1943 PA 184, and section 3a(1) of the former city and village zoning act, 1921 PA 207, as they applied to counties, townships, and cities and villages, respectively, and shall be construed as a continuation of those laws and not as a new enactment.

(2) The legislative body may provide in a zoning ordinance for the completion, resumption, restoration, reconstruction, extension, or substitution of nonconforming uses or structures upon terms and conditions provided in the zoning ordinance. In establishing terms for the completion, resumption, restoration, reconstruction, extension, or substitution of nonconforming uses or structures, different classes of nonconforming uses may be established in the zoning ordinance with different requirements applicable to each class.

(3) The legislative body may acquire, by purchase, condemnation, or otherwise, private property or an interest in private property for the removal of nonconforming uses and structures. The legislative body may provide that the cost and expense of acquiring private property may be paid from general funds or assessed to a special district in accordance with the applicable statutory provisions relating to the creation and operation of special assessment districts for public improvements in local units of government. Property acquired under this subsection by a city or village shall not be used for public housing.

(4) The elimination of the nonconforming uses and structures in a zoning district is declared to be for a public purpose and for a public use. The legislative body may institute proceedings for condemnation of nonconforming uses and structures under 1911 PA 149, MCL 213.21 to 213.25.

(2) The legislative body may appoint a zoning commission for purposes of formulating a zoning ordinance on its own initiative or upon receipt of a petition requesting that action as provided under subsection (3).

(3) Upon receipt of a petition signed by a number of qualified and registered voters residing in the zoning jurisdiction equal to not less than 8% of the total votes cast within the zoning jurisdiction for all candidates for governor at the last preceding general election at which a governor was elected, filed with the clerk of the local unit of government requesting the legislative body to appoint a zoning commission for purposes of formulating a zoning ordinance, the legislative body, at the next regular meeting, may initiate action to formulate a zoning commission and zoning ordinance under this act.

125.3501 Submission and approval of site plan; procedures and requirements.

Sec. 501. (1) The local unit of government may require the submission and approval of a site plan before authorization of a land use or activity regulated by a zoning ordinance. The zoning ordinance shall specify the body or official responsible for reviewing site plans and granting approval.

(2) If a zoning ordinance requires site plan approval, the site plan, as approved, shall become part of the record of approval, and subsequent actions relating to the activity authorized shall be consistent with the approved site plan, unless a change conforming to the zoning ordinance is agreed to by the landowner and the body or official that initially approved the site plan.

(3) The procedures and requirements for the submission and approval of site plans shall be specified in the zoning ordinance. Site plan submission, review, and approval shall be required for special land uses and planned unit developments.

(4) A decision rejecting, approving, or conditionally approving a site plan shall be based upon requirements and standards contained in the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.

(5) A site plan shall be approved if it contains the information required by the zoning ordinance and is in compliance with the conditions imposed under the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.

History: 2006, Act 110, Eff. July 1, 2006;—Am. 2008, Act 12, Imd. Eff. Feb. 29, 2008.

125.3502 Special land uses; review and approval; application; notice of request; public hearing; incorporation of decision in statement of findings and conclusions.

Sec. 502. (1) The legislative body may provide in a zoning ordinance for special land uses in a zoning district. A special land use shall be subject to the review and approval of the zoning commission, the planning commission, an official charged with administering the zoning ordinance, or the legislative body as required by the zoning ordinance. The zoning ordinance shall specify all of the following:

(a) The special land uses and activities eligible for approval and the body or official responsible for reviewing and granting approval.

(b) The requirements and standards for approving a request for a special land use.

(c) The procedures and supporting materials required for the application, review, and approval of a special land use.

(2) Upon receipt of an application for a special land use which requires a discretionary decision, the local unit of government shall provide notice of the request as required under section 103. The notice shall indicate that a public hearing on the special land use request may be requested by any property owner or the occupant of any structure located within 300 feet of the property being considered for a special land use regardless of whether the property or occupant is located in the zoning jurisdiction.

(3) At the initiative of the body or official responsible for approving the special land use or upon the request of the applicant, a real property owner whose real property is assessed within 300 feet of the property, or the occupant of a structure located within 300 feet of the property, a public hearing shall be held before a discretionary decision is made on the special land use request.

(4) The body or official designated to review and approve special land uses may deny, approve, or approve with conditions a request for special land use approval. The decision on a special land use shall be incorporated in a statement of findings and conclusions relative to the special land use which specifies the basis for the decision and any conditions imposed.

History: 2006, Act 110, Eff. July 1, 2006.

125.3503 Planned unit development.

Sec. 503. (1) As used in this section, "planned unit development" includes such terms as cluster zoning, planned development, community unit plan, and planned residential development and other terminology denoting zoning requirements designed to accomplish the objectives of the zoning ordinance through a land development project review process based on the application of site planning criteria to achieve integration of the proposed land development project with the characteristics of the project area.

(2) The legislative body may establish planned unit development requirements in a zoning ordinance that permit flexibility in the regulation of land development, encourage innovation in land use and variety in design, layout, and type of structures constructed, achieve economy and efficiency in the use of land, natural resources, energy, and the provision of public services and utilities, encourage useful open space, and provide better housing, employment, and shopping opportunities particularly suited to the needs of the residents of this state. The review and approval of planned unit developments shall be by the zoning commission, an individual charged with administration of the zoning ordinance, or the legislative body, as specified in the zoning ordinance.

(3) Within a land development project designated as a planned unit development, regulations relating to the use of land, including, but not limited to, permitted uses, lot sizes, setbacks, height limits, required facilities, buffers, open space areas, and land use density, shall be determined in accordance with the planned unit development regulations specified in the zoning ordinance. The planned unit development regulations need not be uniform with regard to each type of land use if equitable procedures recognizing due process principles and avoiding arbitrary decisions are followed in making regulatory decisions. Unless explicitly prohibited by the planned unit development regulations, if requested by the landowner, a local unit of government may approve a planned unit development with open space that is not contiguous with the rest of the planned unit development.

(4) The planned unit development regulations established by the local unit of government shall specify all of the following:

(a) The body or official responsible for the review and approval of planned unit development requests.

(b) The conditions that create planned unit development eligibility, the participants in the review process, and the requirements and standards upon which applicants will be reviewed and approval granted.

(c) The procedures required for application, review, and approval.

(5) Following receipt of a request to approve a planned unit development, the body or official responsible for the review and approval shall hold at least 1 public hearing on the request. A zoning ordinance may provide for preapplication conferences before submission of a planned unit development request and the submission of preliminary site plans before the public hearing. Notification of the public hearing shall be given in the same manner as required under section 103.

(6) Within a reasonable time following the public hearing, the body or official responsible for approving planned unit developments shall meet for final consideration of the request and deny, approve, or approve with conditions the request. The body or official shall prepare a report stating its conclusions, its decision, the basis for its decision, and any conditions imposed on an affirmative decision.

(7) If amendment of a zoning ordinance is required by the planned unit development regulations of a zoning ordinance, the requirements of this act for amendment of a zoning ordinance shall be followed, except that the hearing and notice required by this section shall fulfill the public hearing and notice requirements of section 306.

(8)If the planned unit development regulations of a zoning ordinance do not require amendment of the zoning ordinance to authorize a planned unit development, the body or official responsible for review and approval shall approve, approve with conditions, or deny a request.

(9)Final approval may be granted on each phase of a multiphased planned unit development if each phase contains the necessary components to insure protection of natural resources and the health, safety, and welfare of the users of the planned unit development and the residents of the surrounding area.

(10)In establishing planned unit development requirements, a local unit of government may incorporate by reference other ordinances or statutes which regulate land development. The planned unit development regulations contained in zoning ordinances shall encourage complementary relationships between zoning regulations and other regulations affecting the development of land.

History: 2006, Act 110, Eff. July 1, 2006.

125.3504 Special land uses; regulations and standards; compliance; conditions; record of conditions.

Sec. 504. (1) If the zoning ordinance authorizes the consideration and approval of special land uses or planned unit developments under section 502 or 503 or otherwise provides for discretionary decisions, the regulations and standards upon which those decisions are made shall be specified in the zoning ordinance.

(2) The standards shall be consistent with and promote the intent and purpose of the zoning ordinance and shall insure that the land use or activity authorized shall be compatible with adjacent uses of land, the natural environment, and the capacities of public services and facilities affected by the land use. The standards shall also insure that the land use or activity is consistent with the public health, safety, and welfare of the local unit of government.

(3) A request for approval of a land use or activity shall be approved if the request is in compliance with the standards stated in the zoning ordinance, the conditions imposed under the zoning ordinance, other applicable ordinances, and state and federal statutes.

(4) Reasonable conditions may be required with the approval of a special land use, planned unit development, or other land uses or activities permitted by discretionary decision. The conditions may include conditions necessary to insure that public services and facilities affected by a proposed land use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, to protect the natural environment and conserve natural resources and energy, to insure compatibility with adjacent uses of land, and to promote the use of land in a socially and economically desirable manner. Conditions imposed shall meet all of the following requirements:

(a) Be designed to protect natural resources, the health, safety, and welfare, as well as the social and economic well-being, of those who will use the land use or activity under consideration, residents and landowners immediately adjacent to the proposed land use or activity, and the community as a whole.

(b) Be related to the valid exercise of the police power and purposes which are affected by the proposed use or activity.

(c) Be necessary to meet the intent and purpose of the zoning requirements, be related to the standards established in the zoning ordinance for the land use or activity under consideration, and be necessary to insure compliance with those standards.

(5) The conditions imposed with respect to the approval of a land use or activity shall be recorded in the record of the approval action and remain unchanged except upon the mutual consent of the approving authority and the landowner. The approving authority shall maintain a record of conditions which are changed.

History: 2006, Act 110, Eff. July 1, 2006.

125.3505 Performance guarantee.

Sec. 505. (1) To ensure compliance with a zoning ordinance and any conditions imposed under a zoning ordinance, a local unit of government may require that a cash deposit, certified check, irrevocable letter of credit, or surety bond acceptable to the local unit of government covering the estimated cost of improvements be deposited with the clerk of the legislative body to insure faithful completion of the improvements. The performance guarantee shall be deposited at the time of the issuance of the permit authorizing the activity or project. The local unit of government may not require the deposit of the performance guarantee until it is prepared to issue the permit. The local unit of government shall establish procedures by which a rebate of any

cash deposits in reasonable proportion to the ratio of work completed on the required improvements shall be made as work progresses.

(2) This section shall not be applicable to improvements for which a cash deposit, certified check, irrevocable bank letter of credit, or surety bond has been deposited under the land division act, 1967 PA 288, MCL 560.101 to 560.293.

History: 2006, Act 110, Eff. July 1, 2006.

125.3506 Open space preservation.

Sec. 506. (1) Subject to subsection (4) and section 402, a qualified local unit of government shall provide in its zoning ordinance that land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land than specified in the zoning ordinance, but not more than 50% for a county or township or 80% for a city or village, that could otherwise be developed, as determined by the local unit of government under existing ordinances, laws, and rules on the entire land area, if all of the following apply:

(a) The land is zoned at a density equivalent to 2 or fewer dwelling units per acre or, if the land is served by a public sewer system, 3 or fewer dwelling units per acre.

(b) A percentage of the land area specified in the zoning ordinance, but not less than 50% for a county or township or 20% for a city or village, will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land, as prescribed by the zoning ordinance.

(c) The development does not depend upon the extension of a public sewer or public water supply system, unless development of the land without the exercise of the option provided by this subsection would also depend upon the extension.

(d) The option provided under this subsection has not previously been exercised with respect to that land.

(2) After a landowner exercises the option provided under subsection (1), the land may be rezoned accordingly.

(3) The development of land under subsection (1) is subject to other applicable ordinances, laws, and rules, including rules relating to suitability of groundwater for on-site water supply for land not served by public water and rules relating to suitability of soils for on-site sewage disposal for land not served by public sewers.

(4) Subsection (1) does not apply to a qualified local unit of government if both of the following apply:

(a) On or before October 1, 2001, the local unit of government had in effect a zoning ordinance provision providing for both of the following:

(*i*) Land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land that, as determined by the local unit of government, could otherwise be developed under existing ordinances, laws, and rules on the entire land area.

(*ii*) If the landowner exercises the option provided by subparagraph (*i*), the portion of the land not developed will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land.

(b) On or before December 15, 2001, a landowner exercised the option provided under the zoning ordinance provision referred to in subdivision (a) with at least 50% of the land area for a county or township or 20% of the land area for a city or village, remaining perpetually in an undeveloped state.

(5) The zoning ordinance provisions required by subsection (1) shall be cited as the "open space preservation" provisions of the zoning ordinance.

(6) As used in this section, "qualified local unit of government" means a county, township, city, or village that meets all of the following requirements:

(a) Has adopted a zoning ordinance.

(b) Has a population of 1,800 or more.

(c) Has land that is not developed and that is zoned for residential development at a density described in subsection (1)(a).

History: 2006, Act 110, Eff. July 1, 2006.

125.3507 Purchase of development rights program; adoption of ordinance; limitations; agreements with other local governments.

Sec. 507. (1) As used in this section and sections 508 and 509, "PDR program" means a purchase of development rights program.

(2) The legislative body may adopt a development rights ordinance limited to the establishment, financing, and administration of a PDR program, as provided under this section and sections 508 and 509. The PDR program may be used only to protect agricultural land and other eligible land. This section and sections 508

and 509 do not expand the condemnation authority of a local unit of government as otherwise provided for in this act.

(3) A PDR program shall not acquire development rights by condemnation. This section and sections 508 and 509 do not limit any authority that may otherwise be provided by law for a local unit of government to protect natural resources, preserve open space, provide for historic preservation, or accomplish similar purposes.

(4) A legislative body shall not establish, finance, or administer a PDR program unless the legislative body adopts a development rights ordinance. If the local unit of government has a zoning ordinance, the development rights ordinance may be adopted as part of the zoning ordinance under the procedures for a zoning ordinance under this act. A local unit of government may adopt a development rights ordinance in the same manner as required for a zoning ordinance.

(5) A legislative body may promote and enter into agreements with other local units of government for the purchase of development rights, including cross-jurisdictional purchases, subject to applicable development rights ordinances.

History: 2006, Act 110, Eff. July 1, 2006.

125.3508 PDR program; purchase of development rights by local unit of government; conveyance; notice; requirements for certain purchases.

Sec. 508. (1) A development rights ordinance shall provide for a PDR program. Under a PDR program, the local unit of government purchases development rights, but only from a willing landowner. A development rights ordinance providing for a PDR program shall specify all of the following:

(a) The public benefits that the local unit of government may seek through the purchase of development rights.

(b) The procedure by which the local unit of government or a landowner may by application initiate purchase of development rights.

(c) The development rights authorized to be purchased subject to a determination under standards and procedures required by subdivision (d).

(d) The standards and procedures to be followed by the legislative body for approving, modifying, or rejecting an application to purchase development rights, including the determination of all the following:

(*i*) Whether to purchase development rights.

(*ii*) Which development rights to purchase.

(*iii*) The intensity of development permitted after the purchase on the land from which the development rights are purchased.

(*iv*) The price at which development rights will be purchased and the method of payment.

(*v*) The procedure for ensuring that the purchase or sale of development rights is legally fixed so as to run with the land.

(e) The circumstances under which an owner of land from which development rights have been purchased under a PDR program may repurchase those development rights and how the proceeds of the purchase are to be used by the local unit of government.

(2) If the local unit of government has a zoning ordinance, the purchase of development rights shall be consistent with the plan referred to in section 203 upon which the zoning ordinance is based.

(3) Development rights acquired under a PDR program may be conveyed only as provided under subsection (1)(e).

(4) A county shall notify each township, city, or village, and a township shall notify each village, in which is located land from which development rights are proposed to be purchased of the receipt of an application for the purchase of development rights and shall notify each township, city, or village of the disposition of that application.

(5) A county shall not purchase development rights under a development rights ordinance from land subject to a township, city, or village zoning ordinance unless all of the following requirements are met:

(a) The development rights ordinance provisions for the PDR program are consistent with the plan upon which the township, city, or village zoning is based.

(b) The legislative body of the township, city, or village adopts a resolution authorizing the PDR program to apply in the township, city, or village.

(c) As part of the application procedure for the specific proposed purchase of development rights, the township, city, or village provides the county with written approval of the purchase.

An amendment to a zoning ordinance adopted only to provide such criteria is not subject to a protest petition under section 403.

(7) A local unit of government may authorize a biofuel production facility described in subsection (2) as a permitted use of property not subject to a special land use approval.

If the body or official fails to timely approve or deny the application, the application shall be considered approved and the body or official shall be considered to have made any determination required for approval.

(7) Special land use approval of wireless communications equipment described in subsection (2) may be made expressly conditional only on the wireless communications equipment's meeting the requirements of other local ordinances and of federal and state laws before the wireless communications equipment begins operation.

ARTICLE VI
ZONING BOARD OF APPEALS

125.3601 Zoning board of appeals; appointment; procedural rules; membership; composition; alternate member; per diem; expenses; removal; terms of office; vacancies; conduct of meetings; conflict of interest.

Sec. 601. (1) A zoning ordinance shall create a zoning board of appeals. A zoning board of appeals in existence on June 30, 2006 may continue to act as the zoning board of appeals subject to this act. Subject to subsection (2), members of a zoning board of appeals shall be appointed by majority vote of the members of the legislative body serving.

(2) The legislative body of a city or village may act as a zoning board of appeals and may establish rules to govern its procedure as a zoning board of appeals.

(3) A zoning board of appeals shall be composed of not fewer than 5 members if the local unit of government has a population of 5,000 or more or not fewer than 3 members if the local unit of government has a population of less than 5,000. The number of members of the zoning board of appeals shall be specified in the zoning ordinance.

(4) In a county or township, 1 of the regular members of the zoning board of appeals shall be a member of the zoning commission, or of the planning commission if the planning commission is functioning as the zoning commission. In a city or village, 1 of the regular members of the zoning board of appeals may be a member of the zoning commission, or of the planning commission if the planning commission is functioning as the zoning commission, unless the legislative body acts as the zoning board of appeals under subsection (2). A decision made by a city or village zoning board of appeals before February 29, 2008 is not invalidated by the failure of the zoning board of appeals to include a member of the city or village zoning commission or planning commission, as was required by this subsection before that date.

(5) The remaining regular members of a zoning board of appeals, and any alternate members under subsection (7), shall be selected from the electors of the local unit of government residing within the zoning jurisdiction of that local unit of government or, in the case of a county, residing within the county but outside of any city or village. The members selected shall be representative of the population distribution and of the various interests present in the local unit of government.

(6) Subject to subsection (2), 1 regular or alternate member of a zoning board of appeals may be a member of the legislative body. Such a member shall not serve as chairperson of the zoning board of appeals. An employee or contractor of the legislative body may not serve as a member of the zoning board of appeals.

(7) The legislative body may appoint to the zoning board of appeals not more than 2 alternate members for the same term as regular members. An alternate member may be called as specified in the zoning ordinance to serve as a member of the zoning board of appeals in the absence of a regular member if the regular member will be unable to attend 1 or more meetings. An alternate member may also be called to serve as a member for the purpose of reaching a decision on a case in which the member has abstained for reasons of conflict of interest. The alternate member appointed shall serve in the case until a final decision is made. An alternate member serving on the zoning board of appeals has the same voting rights as a regular member.

(8) A member of the zoning board of appeals may be paid a reasonable per diem and reimbursed for

expenses actually incurred in the discharge of his or her duties.

(9) A member of the zoning board of appeals may be removed by the legislative body for misfeasance, malfeasance, or nonfeasance in office upon written charges and after a public hearing. A member shall disqualify himself or herself from a vote in which the member has a conflict of interest. Failure of a member to disqualify himself or herself from a vote in which the member has a conflict of interest constitutes malfeasance in office.

(10) The terms of office for an appointed member of the zoning board of appeals shall be 3 years, except for a member serving because of his or her membership on the zoning commission or legislative body, whose term shall be limited to the time he or she is a member of that body. When members are first appointed, appointments may be for less than 3 years to provide for staggered terms. A successor shall be appointed not more than 1 month after the term of the preceding member has expired.

(11) A vacancy on the zoning board of appeals shall be filled for the remainder of the unexpired term in the same manner as the original appointment.

(12) A zoning board of appeals shall not conduct business unless a majority of the regular members of the zoning board of appeals are present.

(13) A member of the zoning board of appeals who is also a member of the zoning commission, the planning commission, or the legislative body shall not participate in a public hearing on or vote on the same matter that the member voted on as a member of the zoning commission, the planning commission, or the legislative body. However, the member may consider and vote on other unrelated matters involving the same property.

125.3602 Meetings; call of the chairperson; oaths; attendance of witnesses; record of proceedings.

Sec. 602. (1) Meetings of the zoning board of appeals shall be held at the call of the chairperson and at other times as the zoning board of appeals in its rules of procedure may specify. The chairperson or, in his or her absence, the acting chairperson may administer oaths and compel the attendance of witnesses.

(2) The zoning board of appeals shall maintain a record of its proceedings which shall be filed in the office of the clerk of the legislative body.

History: 2006, Act 110, Eff. July 1, 2006.

125.3603 Zoning board of appeals; powers; concurring vote of majority of members.

Sec. 603. (1) The zoning board of appeals shall hear and decide questions that arise in the administration of the zoning ordinance, including the interpretation of the zoning maps, and may adopt rules to govern its procedures sitting as a zoning board of appeals. The zoning board of appeals shall also hear and decide on matters referred to the zoning board of appeals or upon which the zoning board of appeals is required to pass under a zoning ordinance adopted under this act. It shall hear and decide appeals from and review any administrative order, requirement, decision, or determination made by an administrative official or body charged with enforcement of a zoning ordinance adopted under this act. For special land use and planned unit development decisions, an appeal may be taken to the zoning board of appeals only if provided for in the zoning ordinance.

(2) The concurring vote of a majority of the members of the zoning board of appeals is necessary to reverse an order, requirement, decision, or determination of the administrative official or body, to decide in favor of the applicant on a matter upon which the zoning board of appeals is required to pass under the zoning ordinance, or to grant a variance in the zoning ordinance.

History: 2006, Act 110, Eff. July 1, 2006.

125.3604 Zoning board of appeals; procedures.

Sec. 604. (1) An appeal to the zoning board of appeals may be taken by a person aggrieved or by an officer, department, board, or bureau of this state or the local unit of government. In addition, a variance in the zoning ordinance may be applied for and granted under section 4 of the uniform condemnation procedures act, 1980 PA 87, MCL 213.54, and as provided under this act. The zoning board of appeals shall state the grounds of any determination made by the board.

(2) An appeal under this section shall be taken within such time as prescribed by the zoning board of appeals by general rule, by filing with the body or officer from whom the appeal is taken and with the zoning board of appeals a notice of appeal specifying the grounds for the appeal. The body or officer from whom the appeal is taken shall immediately transmit to the zoning board of appeals all of the papers constituting the

record upon which the action appealed from was taken.

(3) An appeal to the zoning board of appeals stays all proceedings in furtherance of the action appealed. However, if the body or officer from whom the appeal is taken certifies to the zoning board of appeals after the notice of appeal is filed that, by reason of facts stated in the certificate, a stay would in the opinion of the body or officer cause imminent peril to life or property, proceedings may be stayed only by a restraining order issued by the zoning board of appeals or a circuit court.

(4) Following receipt of a written request for a variance, the zoning board of appeals shall fix a reasonable time for the hearing of the request and give notice as provided in section 103.

(5) If the zoning board of appeals receives a written request seeking an interpretation of the zoning ordinance or an appeal of an administrative decision, the zoning board of appeals shall conduct a public hearing on the request. Notice shall be given as required under section 103. However, if the request does not involve a specific parcel of property, notice need only be published as provided in section 103(1) and given to the person making the request as provided in section 103(3).

(6) At a hearing under subsection (5), a party may appear personally or by agent or attorney. The zoning board of appeals may reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination and may issue or direct the issuance of a permit.

(7) If there are practical difficulties for nonuse variances as provided in subsection (8) or unnecessary hardship for use variances as provided in subsection (9) in the way of carrying out the strict letter of the zoning ordinance, the zoning board of appeals may grant a variance in accordance with this section, so that the spirit of the zoning ordinance is observed, public safety secured, and substantial justice done. The ordinance shall establish procedures for the review and standards for approval of all types of variances. The zoning board of appeals may impose conditions as otherwise allowed under this act.

(8) The zoning board of appeals of all local units of government shall have the authority to grant nonuse variances relating to the construction, structural changes, or alteration of buildings or structures related to dimensional requirements of the zoning ordinance or to any other nonuse-related standard in the ordinance.

(9) The authority to grant variances from uses of land is limited to the following:

(a) Cities and villages.

(b) Townships and counties that as of February 15, 2006 had an ordinance that uses the phrase "use variance" or "variances from uses of land" to expressly authorize the granting of use variances by the zoning board of appeals.

(c) Townships and counties that granted a use variance before February 15, 2006.

(10) The authority granted under subsection (9) is subject to the zoning ordinance of the local unit of government otherwise being in compliance with subsection (7) and having an ordinance provision that requires a vote of 2/3 of the members of the zoning board of appeals to approve a use variance.

(11) The authority to grant use variances under subsection (9) is permissive, and this section does not require a local unit of government to adopt ordinance provisions to allow for the granting of use variances.

Sec. 605. The decision of the zoning board of appeals shall be final. A party aggrieved by the decision may appeal to the circuit court for the county in which the property is located as provided under section 606.

History: 2006, Act 110, Eff. July 1, 2006.

125.3606 Circuit court; review; duties.

Sec. 606. (1) Any party aggrieved by a decision of the zoning board of appeals may appeal to the circuit court for the county in which the property is located. The circuit court shall review the record and decision to ensure that the decision meets all of the following requirements:

(a) Complies with the constitution and laws of the state.

(b) Is based upon proper procedure.

(c) Is supported by competent, material, and substantial evidence on the record.

(d) Represents the reasonable exercise of discretion granted by law to the zoning board of appeals.

(2) If the court finds the record inadequate to make the review required by this section or finds that additional material evidence exists that with good reason was not presented, the court shall order further proceedings on conditions that the court considers proper. The zoning board of appeals may modify its findings and decision as a result of the new proceedings or may affirm the original decision. The supplementary record and decision shall be filed with the court. The court may affirm, reverse, or modify the decision.

(3) An appeal from a decision of a zoning board of appeals shall be filed within whichever of the following

deadlines comes first:

(a) Thirty days after the zoning board of appeals issues its decision in writing signed by the chairperson, if there is a chairperson, or signed by the members of the zoning board of appeals, if there is no chairperson.

(b) Twenty-one days after the zoning board of appeals approves the minutes of its decision.

(4) The court may affirm, reverse, or modify the decision of the zoning board of appeals. The court may make other orders as justice requires.

125.3607 Party aggrieved by order, determination, or decision; circuit court review; proper party.

Sec. 607. (1) Any party aggrieved by any order, determination, or decision of any officer, agency, board, commission, zoning board of appeals, or legislative body of any local unit of government made under section 208 may obtain a review in the circuit court for the county in which the property is located. The review shall be in accordance with section 606.

(2) Any person required to be given notice under section 604(4) of the appeal of any order, determination, or decision made under section 208 shall be a proper party to any action for review under this section.

Not less than 15 days before the date of the hearing, notice of the date, time, and place of the hearing shall be sent to that person at that address by mail and shall be published in a newspaper of general circulation in the municipality. Similar notice shall be mailed to the owners of land immediately adjoining the proposed platted land.

(6) A planning commission shall recommend approval, approval with conditions, or disapproval of a plat within 63 days after the plat is submitted to the planning commission. If applicable standards under the land division act, 1967 PA 288, MCL 560.101 to 560.293, and an ordinance or published rules governing the subdivision of land authorized under section 105 of that act, MCL 560.105, are met, the planning commission shall recommend approval of the plat. If the planning commission fails to act within the required period, the plat shall be considered to have been recommended for approval, and a certificate to that effect shall be issued by the planning commission upon request of the proprietor. However, the proprietor may waive this requirement and consent to an extension of the 63-day period. The grounds for any recommendation of disapproval of a plat shall be stated upon the records of the planning commission.

(7) A plat approved by a municipality and recorded under section 172 of the land division act, 1967 PA 288, MCL 560.172, shall be considered to be an amendment to the master plan and a part thereof. Approval of a plat by a municipality does not constitute or effect an acceptance by the public of any street or other open space shown upon the plat.
